If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) *Costs of liquidation and payout for the benefit of the investors*

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of

the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) *Liability*

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) *No authorisation*

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this § 10 "Collateral Secured Instruments (COSI)"	Corresponding definition in these Conditions
investor	Holder
issuer	Issuer
issuing conditions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10**Triparty Collateral Management (TCM)**

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four busi-

ness days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in

particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("**FISA**") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against

the Collateral Provider under the terms of the TCM Security Agreement The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

[insert in the case neither COSI nor TCM is applicable:]

§ 10
(intentionally left blank)]

[in the case of *Tracker Certificates with Cash Settlement (Product No. 14)*, insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) *Currency; Issue Size*

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") issues products without par value (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The number (the "**Number of Products**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.

(2) *Form*

[insert in the case of *Swiss Uncertificated Securities*:

(a) **Uncertificated Securities, Holders**

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the

respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"**Custody Agent**" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art.

973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"Clearing System" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer [*insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated*] [*insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions*][*insert in the case Exercise by the Holder is applicable: or an exercise by the Holder pursuant to § 6 of the Issue Specific Conditions or an ordinary termination by the Issuer pursuant to § 9 of the Issue Specific Conditions*].

§ 2

Status of the Products

[*insert in the case neither COSI nor TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[*insert in the case either COSI or TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3

Definitions

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

[*insert in the case of a share as Underlying or Basket Component: "Share Issuer" means the company that has issued the [Underlying][Basket Component].*]

["**Initial Fixing Level**" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [offi-

cial closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.]

["**Initial Fixing Period**"] means the initial fixing period as specified in **Table 1** in the Annex.]

["**Initial Basket Value**"] means the initial basket value as specified in **Table 1** in the Annex.]

["**Number of Basket Component_(i)**"] [means the [initial] relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): $\text{Number of Basket Component}_{(i)} = \frac{[\text{Denomination}][\text{Initial Basket Value}] * \text{Initial Weighting}_{(i)}}{\text{Initial Fixing Level}_{(i)}}$.] [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex]. [If the Issuer has received ordinary dividend payments between the Initial Fixing Date (exclusive) and the Final Fixing Date [(exclusive)] [(inclusive)] in respect of a Basket Component, the applicable net dividend (i.e. the dividend amount minus taxes) is reinvested in the applicable Basket Component, whereby the amount of the Basket Component for this Basket Component is adjusted ● Business Days after the receipt of the dividend payment by the Issuer.]]

["**Business Day**"] means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in [insert principal financial centre for such currency: ●].]

[insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro

as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.]

[insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [insert currency: •]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]

["**Issue Price**"] means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**"] means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**"] means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Conversion Ratio**"] means [the conversion ratio as specified in **Table 1** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level].][the conversion ratio in respect of the relevant Basket Component as specified in **Table 2** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level] of the respective Basket Component.]] *[insert for Quanto products: [the conversion ratio which is calculated on the Final Fixing Date by dividing the Issue Price with the Final Fixing Level [of the respective Basket Component].] [If the Issuer has received ordinary dividend payments between the Initial Fixing Date (exclusive) and the Final Fixing Date [(exclusive)] [(inclusive)] in respect of the Underlying, the applicable net dividend (i.e. the dividend amount minus taxes) is reinvested, whereby the Conversion Ratio is adjusted • Business Days after the receipt of the dividend payment by the Issuer.]]*

["**Underlying**"] means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"] ["**Share**"] ["**Participation Certificate (Genussschein)**"] ["**Security representing Shares**"] ["**Commodity**"] ["**Currency Exchange Rate**"] ["**Futures Contract**"] ["**Fixed Rate Instrument**"] ["**Derivative Instrument**"] ["**Fund Unit**"] ["**Interest Rate**"] ["**Reference Rate**"]) *[insert in the case of a share as Underlying or Basket Component, as issued by the Share Issuer].]*

["**Underlying Valuation Date**"] means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Basket**"] means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["**Basket Component**"] means, subject to an adjustment, each basket component as specified in **Table**

2 in the Annex.]

["**Basket Performance**" means the sum of the Relevant Performances.]

["**Calculation Agent**" means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**" means the screen page as specified in **Table 2** in the Annex.]

[insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component: "Exchange" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.] [the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.)]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. *[insert in the case of Products with subscription period: In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.]*

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

[insert in the case of an index as Underlying or Basket Component: "Index Sponsor" means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**" [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] *[insert Internet site: ●]*

[or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means [the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor)].[the Final Fixing Level multiplied by the Number of Basket Components and the Exchange Factor.]]

["**Relevant Reference Price**" [of a Basket Component means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] [*insert other method for determining Relevant Exchange Rate: ●*]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg]][the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**" means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**" means, subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or in the case of an exercise by the Holder pursuant to § 6 or an ordinary termination by the Issuer pursuant to § 9 the fifth (5th) Business Day following the Final Fixing Date.] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Worst Performance**" means the worst performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by

division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**TARGET2 System**" means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Exchange Factor**" means 1 if the Reference Currency corresponds to the Settlement Currency. If the Reference Currency does not correspond to the Settlement Currency, Exchange Factor equals the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.]

["**Final Fixing Date**" means [the final fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]].] [In the event (a) of an ordinary termination according to § 9 of the Issue Specific Conditions the Final Fixing Date is the Termination Date and (b) in the event of an exercise according to § 6 of the Issue Specific Conditions the Exercise Date.][In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Management Factor**" means [the conversion of the Management Fee, which depends on the term, and shall be calculated according to the following formula [*insert formula: ●*]. The Management Factor will be commercially rounded to ● decimal places on a daily basis.]

["**Management Fee**" means the [p.a.] management fee as specified in **Table 1** in the Annex.]

["**Scheduled Trading Day**" has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Website**" means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**" means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Rate Performance**" means the quotient of the Exchange Rate_(Final) and the Exchange Rate_(Initial). "**Exchange Rate_(Final)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Refer-

ence Currency][Settlement Currency][*insert other currency: ●*] which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

["**Exchange Rate Sponsor**" means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

§ 4

Redemption

[*insert if either COSI or TCM is applicable:*

(1) *Redemption Amount*

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions, the product of (i) the [Final Fixing Level][Basket Performance], (ii) the Conversion Ratio[,] [and] (iii) the Management Factor [and (iv) the Exchange Factor]. [The result is multiplied by the Exchange Rate Performance.]

The Redemption Amount will be [*insert if Currency Conversion is applicable:* converted into the Settlement Currency in accordance with paragraph (2), as the case may be, and] commercially rounded to two (2) decimal places.

[*insert if Currency Conversion is applicable:*

(2) *Currency exchange, Exchange Factor*

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable:* . The Exchange Factor (the "**Exchange Factor**") equals the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][*insert if Quanto is applicable:* at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").].]

[*insert if neither COSI nor TCM is applicable:*

(1) *Redemption Amount*

The "**Redemption Amount**" in the Settlement Currency per Product equals the product of (i) the [Final Fixing Level][Basket Performance], (ii) the Conversion Ratio[,] [and] (iii) the Management Fac-

tor [and (iv) the Exchange Factor]. [The result is multiplied by the Exchange Rate Performance.]

The Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (2), as the case may be, and] commercially rounded to two (2) decimal places.

[*insert if Currency Conversion is applicable*:

(2) Currency exchange, Exchange Factor

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable*: . The Exchange Factor (the "**Exchange Factor**") equals the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][*insert if Quanto is applicable*: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]

§ 5

Interest, Coupon Payments

The Products bear no interest.

[*insert in the case Exercise by the Holder is applicable*:

§ 6

Exercise by the Holder

(1) Exercise Right

The Products can be exercised by the Holders according to the following provisions, subject to an ordinary or extraordinary termination of the Products by the Issuer pursuant to § 9 of the Issue Specific Conditions or § 13 of the Issue Specific Conditions, on any Exercise Date specified in **Table 1** in the Annex (each an "**Exercise Date**") [or if such date is not a Business Day, on the following Business Day] (the "**Exercise Right**"). With the exercise of the Products on the relevant Exercise Date all rights arising from the exercised Products shall automatically lapse. In the event of an ordinary or extraordinary termination of the Products the Exercise Right shall end on the date of termination. With the exercise of the Products on the relevant Exercise Date all rights arising from the exercised Products shall automatically lapse.

(2) Minimum Exercise Number

Exercise Rights may only be exercised for at least the minimum exercise number as specified in **Table 1** in the Annex (the "**Minimum Exercise Number**") or a whole-number multiple thereof. Any exercise of a lower number of Products is invalid and without effect. Any exercise of a greater number of Products whose number is not fully divisible by the Minimum Exercise Number is deemed to be an exercise of the next smallest number of Products which is fully divisible by the Minimum Exercise Number.

(3) Conditions precedent for effective Exercise

For the effective exercise of the Product rights the Holder must (via the credit institution with which the Holder maintains the relevant securities account):

- (a) submit to the Paying Agent (§ 5 of the General Conditions), at the address or facsimile number as specified in **Table 1** in the Annex, a legally binding, signed exercise notice in writing containing all details required in paragraph 4;
- (b) transfer the Products to the account of the Paying Agent specified in Table 1 in the Annex (the "**Account**") at the Clearing System.

(4) Exercise Notice

The exercise notice (the "**Exercise Notice**") must contain:

- (a) the name and the address of the Holder,
- (b) the description and number of Products for which exercised rights are being exercised, taking into account the Minimum Exercise Number,
- (c) the specification of an appropriate account held with a credit institution to which the Redemption Amount is to be credited if applicable; and
- (d) a declaration that neither the Holder nor the beneficial owner of the Products is a US person. The terms used in this paragraph have the meanings attached to them in Regulation S under the United States Securities Act of 1933, as amended from time to time.

The Exercise Notice is binding and irrevocable. The Exercise Notice shall be submitted to the Paying Agent (via the credit institution with which the Holder maintains the relevant securities account) on the Exercise Date by no later than noon (local time in Zurich).

If the number of Products specified in the Exercise Notice deviates from the number of Products transferred up to the Exercise Date, the smaller number taking into account the Minimum Exercise Number shall be deemed exercised. Any excess Products shall be transferred back to the Holder at the Holder's cost and risk.]

[insert in the case Exercise by the Holder is not applicable:]

§ 6

(intentionally left blank)

§ 7

(intentionally left blank)

§ 8

Payments

(1) Payments

The Issuer shall cause the claimed Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Redemption Date.

If the Redemption Date falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

[insert in the case ordinary termination by the Issuer is applicable:]

§ 9

Ordinary Termination by the Issuer

(1) Ordinary Termination Right of Issuer

The Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least twelve month before the relevant Termination Date. For the purpose of calculating the Redemption Amount according to § 4 of the Issue Specific Conditions the Termination Date is deemed to be the Final Fixing Date as defined by these Conditions. If such day is not a Scheduled Trading Day, then the next following Scheduled Trading day shall be deemed the Final Fixing Date.

(2) *Transfer of the Redemption Amount in case of ordinary termination*

The Issuer shall by the Redemption Date, cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of an ordinary termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) *Taxes, fees or other duties*

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of ordinary termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case ordinary termination by the Issuer is not applicable:

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated

(1) *Termination Right of Issuer*

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) *Transfer of the Redemption Amount in case of termination*

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) *Taxes, fees or other duties*

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may

withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:]

§ 10

Collateral Secured Instruments (COSI)

(1) Collateralization of the Product

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail term-sheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is

obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing

conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, con-

vert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) *Liability*

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) No authorisation

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this § 10 "Collateral Secured Instru- ments (COSI)"	Corresponding definition in these Conditions
investor	Holder
issuer	Issuer
issuing condi- tions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10**Triparty Collateral Management (TCM)**

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of

the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured

Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the

risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("**FISA**") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

[insert in the case neither COSI nor TCM is applicable:]

**§ 10
(intentionally left blank)]**

[in the case of Open End Tracker Certificates with Cash Settlement (Product No. 15), insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) Currency; Issue Size

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") issues products without par value (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The number (the "**Number of Products**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.

(2) Form

[insert in the case of Swiss Uncertificated Securities:

(a) Uncertificated Securities, Holders

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or

transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"**Custody Agent**" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form.

[insert in the case of German CBF Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons. The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will as of the Issue Date be represented by a Permanent Global Note:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer aris-

ing from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"Clearing System" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued without a limited term. The term ends upon exercise by the Holders or upon ordinary or extraordinary termination by the Issuer [*insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions*].

§ 2

Status of the Products

[insert in the case neither COSI nor TCM is applicable:

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[insert in the case either COSI or TCM is applicable:

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3

Definitions

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

[insert in the case of a share as Underlying or Basket Component: "Share Issuer" means the company that has issued the [Underlying][Basket Component].]

["Initial Fixing Level" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing

Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.] [the weighted average [Price][Reference Price] of the [Underlying][Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.]

["**Initial Fixing Period**" means the initial fixing period as specified in **Table 1** in the Annex.]

["**Initial Basket Value**" means the initial basket value as specified in **Table 1** in the Annex.]

["**Number of Basket Component_(i)**" [means [initially] [the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): $\text{Number of Basket Component}_{(i)} = [\text{Denomination}][\text{Initial Basket Value}] * \text{Initial Weighting}_{(i)} / \text{Initial Fixing Level}_{(i)}$.] [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex.] [If the Issuer has received ordinary dividend payments between the Initial Fixing Date (exclusive) and the Final Fixing Date [(exclusive)] [(inclusive)] in respect of a Basket Component, the applicable net dividend (i.e. the dividend amount minus taxes) is reinvested in the applicable Basket Component, whereby the amount of the Basket Component for this Basket Component is adjusted ● Business Days after the receipt of the dividend payment by the Issuer.]]

["**Business Day**" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in [insert principal financial centre for such currency: ●].]

[insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks

and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with US Dollar as Settlement Currency: (in the case of Products with US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.]

[insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [insert currency: •]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]

["**Issue Price**"] means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**"] means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**"] means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Conversion Ratio**"] means [the conversion ratio as specified in **Table 1** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level].]] [the conversion ratio in respect of the relevant Basket Component as specified in **Table 2** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level] of the respective Basket Component.]] *[insert for Quanto products: [the conversion ratio which is calculated on the Final Fixing Date by dividing the Issue Price with the Final Fixing Level [of the respective Basket Component].] [If the Issuer has received ordinary dividend payments between the Initial Fixing Date (exclusive) and the Final Fixing Date [(exclusive)] [(inclusive)] in respect of the Underlying, the applicable net dividend (i.e. the dividend amount minus taxes) is reinvested, whereby the Conversion Ratio is adjusted • Business Days after the receipt of the dividend payment by the Issuer.]]*

["**Underlying**"] means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"]["**Share**"]["**Participation Certificate (Genussschein)**"]["**Security representing Shares**"]["**Commodity**"]["**Currency Exchange Rate**"] ["**Futures Contract**"]["**Fixed Rate Instrument**"]["**Derivative Instrument**"]["**Fund Unit**"]["**Interest Rate**"]["**Reference Rate**"]) *[insert in the case of a share as Underlying or Basket Component: , as issued by the Share Issuer].]*

["**Underlying Valuation Date**"] means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Basket**"] means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["**Basket Component**"] means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["**Basket Performance**"] means the sum of the Relevant Performances.]

["**Calculation Agent**" means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**" means the screen page as specified in **Table 2** in the Annex.]

[insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component: "Exchange" means, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.] [the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.)]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. *[insert in the case of Products with subscription period: In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.]*

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

*[insert in the case of an index as Underlying or Basket Component: "Index Sponsor" means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]*

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**" [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] *[insert Internet site: ●]* [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means [the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).] [the Final Fixing Level multiplied by the Number of Basket Components and the Exchange Factor.]]

["**Relevant Reference Price**" [of a Basket Component means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] [*insert other method for determining Relevant Exchange Rate: ●*]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg][the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**" means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**" means, subject to an extraordinary termination [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or in the case of an exercise by the Holder pursuant to § 6 or an ordinary termination by the Issuer pursuant to § 9 the fifth (5th) Business Day following the Final Fixing Date] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.]]

["**Worst Performance**" means the worst performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**TARGET2 System**" means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Exchange Factor**" means 1 if the Reference Currency corresponds to the Settlement Currency. If the Reference Currency does not correspond to the Settlement Currency, Exchange Factor equals the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.]

["**Final Fixing Date**" means [the final fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]].] [(a) in the event of an ordinary termination according to § 9 of the Issue Specific Conditions the Termination Date and (b) in the event of an exercise according to § 6 of the Issue Specific Conditions the fifth (5th) Scheduled Trading Day after the Exercise Date.] [In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Management Factor**" means [the conversion of the Management Fee, which depends on the term, and shall be calculated according to the following formula [*insert formula: ●*]. The Management Factor will be commercially rounded to ● decimal places on a daily basis.]

["**Management Fee**" means the [p.a.] management fee as specified in **Table 1** in the Annex.]

["**Scheduled Trading Day**" has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Website**" means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**" means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Rate Performance**" means the quotient of the Exchange Rate_(Final) and the Exchange Rate_(Initial). "**Exchange Rate_(Final)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

["**Exchange Rate Sponsor**" means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

§ 4
Redemption

[insert if either COSI or TCM is applicable:]

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions, the product of (i) [the Final Fixing Level][the Basket Performance], (ii) the Conversion Ratio[,] [and] (iii) the Management Factor [and (iv) the Exchange Factor]. [The result is multiplied by the Exchange Rate Performance.]

The Redemption Amount will be *[insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (2), as the case may be, and]* commercially rounded to two (2) decimal places.

[insert if Currency Conversion is applicable:]

(2) Currency exchange, Exchange Factor

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent *[insert if Quanto is not applicable: .* The Exchange Factor (the "**Exchange Factor**") equals the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion. *][insert if Quanto is applicable: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]*

[insert if neither COSI nor TCM is applicable:]

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals the product of (i) [the Final Fixing Level][the Basket Performance], (ii) the Conversion Ratio[,] [and] (iii) the Management Factor [and (iv) the Exchange Factor]. [The result is multiplied by the Exchange Rate Performance.]

The Redemption Amount will be *[insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (2), as the case may be, and]* commercially rounded to two (2) decimal places.

[insert if Currency Conversion is applicable:

(2) Currency exchange, Exchange Factor

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent *[insert if Quanto is not applicable: .* The Exchange Factor (the "**Exchange Factor**") equals the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion. *][insert if Quanto is applicable: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]*

§ 5

Interest, Coupon Payments

The Products bear no interest.

§ 6

Exercise by the Holder

(1) Exercise Right

The Products can be exercised by the Holders according to the following provisions, subject to an ordinary or extraordinary termination of the Products by the Issuer pursuant to § 9 of the Issue Specific Conditions or § 13 of the Issue Specific Conditions, on any Business Day during the exercise period as specified in **Table 1** in the Annex (each the "**Exercise Period**") (the "**Exercise Right**"). In the event of a termination by the Issuer pursuant to § 9 of the Issue Specific Conditions, the Exercise Right may only be exercised until 12.00 am at the latest (local time in Zurich) five Scheduled Trading Days prior to the date of termination. With the exercise of the Products on the relevant Exercise Date all rights arising from the exercised Products shall automatically lapse. In the event of an ordinary or extraordinary termination of the Products before expiry of the Exercise Period, the Exercise Period shall end on the date of termination. With the exercise of the Products on the relevant Exercise Date all rights arising from the exercised Products shall automatically lapse.

(2) Minimum Exercise Number

[Exercise Rights may only be exercised for at least the minimum exercise number as specified in **Table 1** in the Annex (the "**Minimum Exercise Number**") or a whole-number multiple thereof. Any exercise of a lower number of Products is invalid and without effect. Any exercise of a greater number

of Products whose number is not fully divisible by the Minimum Exercise Number is deemed to be an exercise of the next smallest number of Products which is fully divisible by the Minimum Exercise Number.

(3) Conditions precedent for effective Exercise

For the Product rights to be effectively exercised the Holder must, within the Exercise Period (via the credit institution with which the Holder maintains the relevant securities account):

- (a) submit to the Paying Agent (§ 5 of the General Conditions), at the address or facsimile number as specified in **Table 1** in the Annex, a legally binding, signed exercise notice in writing containing all details required in paragraph 4;
- (b) transfer the Products to the account of the Paying Agent specified in **Table 1** in the Annex (the "**Account**") at the Clearing System.

(4) Exercise Notice

The exercise notice (the "**Exercise Notice**") must contain:

- (a) the name and the address of the Holder,
- (b) the description and number of Products for which exercised rights are being exercised, taking into account the Minimum Exercise Number,
- (c) the specification of an appropriate account held with a credit institution to which the Redemption Amount is to be credited if applicable; and
- (d) a declaration that neither the Holder nor the beneficial owner of the Products is a US person. The terms used in this paragraph have the meanings attached to them in Regulation S under the United States Securities Act of 1933, as amended from time to time.

The Exercise Notice is binding and irrevocable. It shall take effect on the first Business Day within the Exercise Period on which all conditions specified in paragraphs 2 and 3 have been met no later than 12:00 am (local time in Zurich) (the "**Exercise Date**").

If the number of Products specified in the Exercise Notice deviates from the number of Products transferred up to the Exercise Date, the smaller number taking into account the Minimum Exercise Number shall be deemed exercised. Any excess Products shall be transferred back to the Holder at the Holder's cost and risk.]

§ 7

(intentionally left blank)

§ 8

Payments

(1) Payments

The Issuer shall cause the claimed Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Redemption Date.

If the Redemption Date falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

Ordinary Termination by the Issuer

(1) Ordinary Termination Right of Issuer

The Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. For the purpose of calculating the Redemption Amount according to § 4 of the Issue Specific Conditions the Termination Date is deemed to be the Final Fixing Date as defined by these Conditions. If such day is not a Scheduled Trading Day, then the next following Scheduled Trading day shall be deemed the Final Fixing Date.

(2) Transfer of the Redemption Amount in case of ordinary termination

The Issuer shall by the Redemption Date, cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the

event of an ordinary termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) *Taxes, fees or other duties*

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of ordinary termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.

[insert in the case COSI is applicable:]

§ 10

Collateral Secured Instruments (COSI)

(1) *Collateralization of the Product*

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) *Documentation*

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement

to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail term-sheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at "www.six-swiss-exchange.com".

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) *Costs of liquidation and payout for the benefit of the investors*

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of

the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) *Liability*

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) *No authorisation*

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this § 10 "Collateral Secured Instruments (COSI)"	Corresponding definition in these Conditions
investor	Holder
issuer	Issuer
issuing conditions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10**Triparty Collateral Management (TCM)**

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four busi-

ness days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("**FISA**") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the pro-

ceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

[insert in the case neither COSI nor TCM is applicable:]

§ 10
(intentionally left blank)]

[in the case of Express Certificates with potential Physical Settlement and with par value (Product No. 16), insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) Currency; Issue Size

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") issues products (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The total nominal amount (the "**Total Nominal Amount**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.

(2) Form

[insert in the case of Swiss Uncertificated Securities:

(a) Uncertificated Securities, Holders

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or

transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"**Custody Agent**" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form.

[insert in the case of German CBF Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons. The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will as of the Issue Date be represented by a Permanent Global Note:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer aris-

ing from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"Clearing System" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer or an early redemption [insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated] [insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions].

§ 2**Status of the Products**

[insert in the case neither COSI nor TCM is applicable:

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[insert in the case either COSI or TCM is applicable:

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3**Definitions**

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

["**Current Exchange Rate Performance**" means the quotient of the Exchange Rate_(t) and the Exchange Rate_(Initial). "**Exchange Rate_(t)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][insert other currency: ●] [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the [Reference Currency][Settlement Currency][insert other currency: ●] which is published on [the respective Coupon Observation Date allocated to the relevant Coupon Payment Date] [and/or] [the respective Autocall Observation Date allocated to the relevant Early Redemption Date] [●] on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the [weighted average] exchange rate [executed in duly discretion from [●] to the Initial Fixing Date] as specified in **Table 2** in the Annex expressed

in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

[*insert in the case of a share as Underlying or Basket Component: "Share Issuer"*] means the company that has issued the [Underlying][Basket Component].]

["**Initial Fixing Level**"] means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the lowest Reference Price of the respective Basket Component during the Initial Fixing Period] [the lowest Reference Price of the [Underlying][respective Basket Component] during the Initial Fixing Observation Dates, as determined by the Calculation Agent] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.] [the weighted average [Price][Reference Price] of the [Underlying][Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.]

["**Initial Fixing Observation Dates**"] means the initial fixing observation dates as specified in **Table 1** in the Annex.]

["**Initial Fixing Period**"] means the initial fixing period as specified in **Table 1** in the Annex.]

["**Initial Basket Value**"] means the initial basket value as specified in **Table 1** in the Annex.]

["**Number of Basket Component_(i)**"] [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): Number of Basket Component_(i)= [Denomination][Initial Basket Value] * Initial Weighting_(i) / Initial Fixing Level_(i).] [Initial Weighting means the Initial Weighting_(i) of the respective

Basket Component⁽ⁱ⁾ as specified in **Table 2** in the Annex.].

["**Business Day**" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in [insert principal financial centre for such currency: ●].]

[insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.]

[insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [insert currency: ●]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]

["**Issue Price**" means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**" means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**" means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Strike Level**" means the strike level as specified in **Table 1** in the Annex.]

["**Conversion Ratio**" means [the conversion ratio as specified in **Table 1** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level][and converted where necessary into the Settlement Currency using the Exchange Rate⁽ⁱ⁾].]] [the conversion ratio in respect of the relevant Basket Component as specified in **Table 2** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level] of the respective Basket Component.]] *[insert for Quanto products: [the conversion ratio which is calculated on the Final Fixing Date by dividing the Issue Price with the Final Fixing Level [of the respective Basket Component].] [If the Issuer has received ordinary dividend payments between the Initial Fixing Date (exclusive) and the Final Fixing Date [(exclusive)] [(inclusive)] in respect of the Underlying, the applicable net dividend (i.e. the dividend amount minus taxes) is reinvested, whereby the Conver-*

sion Ratio is adjusted • Business Days after the receipt of the dividend payment by the Issuer.]]

["**Autocall Observation Date**" means [each of the autocall observation dates as specified in **Table 3** in the Annex or, if such date is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in relation to the relevant Basket Component]. In the event of the postponement of the Underlying Valuation Date corresponding to the relevant Autocall Observation Date [in respect of one or more Basket Components], the relevant Autocall Observation Date [in relation to the relevant Basket Component] shall be postponed accordingly.]]

["**Autocall Event**" has occurred if on an Autocall Observation Date the Reference Price [of all Basket Components] exceeds the [respective] Autocall Trigger Level relevant for such date.]

["**Autocall Trigger Level**" means the Autocall Trigger Level in respect of the relevant Autocall Observation Date [with respect to the relevant Basket Component] as specified in **Table 3** in the Annex.]

["**Barrier Observation Period**" means the barrier observation period as specified in **Table 1** in the Annex.]

["**Barrier Event**" has occurred if [the Final Fixing Level [of [the][a][at least [one][two or more] Basket Component[s] [(regardless of the Target One Underlying)] [with the [Best][Worst] Performance] is [equal to or] below the [Barrier Level][Strike Level][Target One Level]] [the [Price][Reference Price] [and none of the Final Fixing Levels of the Basket Components is above the respective Target Level] [of [the][a][at least [one][two or more]] Basket Component[s] [(regardless of the Target One Underlying)] is [equal to or] below the [Barrier Level] [Strike Level] [Target One Level] at any time during the Barrier Observation Period] [*insert in the case of a Basket as Underlying if appropriate:* [the Final Basket Value equals or falls below the [Barrier Level] [Strike Level] [Target One Level] as determined by the Calculation Agent] [the [Price][Reference Price] of the Basket is equal to or below the [Barrier Level] [Strike Level] [Target One Level] during the Barrier Observation Period, as determined by the Calculation Agent] [the [Price][Reference Price] [Final Fixing Level] of [a][at least [one][two or more]] Basket Component[s] is [equal to or] below the [Barrier Level] [Strike Level] [Target One Level] for this Basket Component as specified in **Table [1][2]** in the Annex [(regardless of the Target One Underlying)] [at any time during the Barrier Observation Period]], as determined by the Calculation Agent.]]]

["**Target One Level**" means the target one level [with respect to the relevant Basket Component] as specified in **Table 2** in the Annex.]

["**Barrier Level**" means the barrier level as specified in **Table 1** in the Annex [with respect to the relevant Basket Component].]

["**Underlying**" means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"]["**Share**"]["**Participation Certificate (Genussschein)**"]["**Security representing Shares**"]["**Commodity**"]["**Currency Exchange Rate**"] ["**Futures Contract**"]["**Fixed Rate Instrument**"]["**Derivative Instrument**"]["**Fund Unit**"]["**Interest Rate**"]["**Reference Rate**"]) [*insert in the case of a share as Underlying or Basket Component:*, as issued by the Share Issuer.]

["**Underlying Valuation Date**" means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Basket**" means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["**Basket Component**" means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["**Calculation Agent**" means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**" means the screen page as specified in **Table 2** in the Annex.]

[insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component: "Exchange" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]

["**Coupon Amount**" means the coupon amount as specified in **Table [1][3]** in the Annex.]

["**Coupon Observation Date**" means each of the coupon observation dates as specified in **Table [1][3]** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]]. In the event of the postponement of the Underlying Valuation Date corresponding to the relevant Coupon Observation Date [in respect of one or more Basket Components], the relevant Coupon Observation Date [in relation to [the relevant Basket Component][all Basket Components]] shall be postponed accordingly.]]

["**Coupon Rate**" equals the Average Performance on the Coupon Observation Date allocated to the respective Coupon Payment Date. The "**Average Performance**" on a Coupon Observation Date equals the sum of the Recorded Performances of all Basket Components. The "**Recorded Performance of a Basket Component**" equals – in the case that the Performance of the respective Basket Component is negative - the Performance of the Basket Component divided by the number of Basket Components in the Basket or – in the case that the Performance of the respective Basket Component is zero or positive the Maximum Performance divided by the number of Basket Components in the Basket. The "**Maximum Performance**" equals [●]. The "**Performance of a Basket Component**" equals the Reference Price of the respective Basket Component on the respective Coupon Observation Date divided by its Initial Fixing Level minus 1. [The Coupon Rate is at least zero.]]

["**Coupon Trigger Event**" has occurred if on a Coupon Observation Date the Reference Price [of all Basket Components] exceeds the [respective] Coupon Trigger Level relevant for such date.]

["**Coupon Trigger Level**" means the coupon trigger level as specified in **Table [1][3]** in the Annex [with respect to the relevant Basket Component].]

["**Coupon Trigger Level**" means the coupon trigger level as specified in **Table 1** in the Annex.]

["**Coupon Payment Date**" means the coupon payment date as specified in **Table 1** in the Annex or, if this date is not a Business Day, the next following Business Day. [In the event of the postponement of the relevant Coupon Observation Date, the relevant Coupon Payment Date shall be postponed accordingly.]]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.] [the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.]]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. [*insert in the case of Products with subscription period:* In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.]]

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

[*insert in the case of an index as Underlying or Basket Component:* "**Index Sponsor**" means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**" [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] [*insert Internet site:* ●] [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate

[of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] [*insert other method for determining Relevant Exchange Rate: ●*]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Denomination**" means the denomination as specified in **Table 1** in the Annex (as expressed in the Settlement Currency).]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg]] [the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**" means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**" means, subject to an Early Redemption pursuant to § 7 of the Issue Specific Conditions or subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Worst Performance**" means the worst performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**TARGET2 System**" means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Final Fixing Date**" means [the final fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component]] [all Basket

Components]].] [In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Scheduled Trading Day**" has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Early Redemption Date**" means each of the early redemption dates as specified in **Table 3** in the Annex or, if an Early Redemption Date is not a Business Day, the next following Business Day. [In the event of the postponement of the relevant Autocall Observation Date, the relevant Early Redemption Date shall be postponed accordingly.]]

["**Website**" means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**" means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Rate Performance**" means the quotient of the Exchange Rate_(Final) and the Exchange Rate_(Initial). "**Exchange Rate_(Final)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the [weighted average] exchange rate [executed in duly discretion from [●] to the Initial Fixing Date] as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

["**Exchange Rate Sponsor**" means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

§ 4

Redemption

[insert if either COSI or TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to an Early Redemption pursuant to § 7 of the Issue Specific Conditions or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions and subject to a physical delivery of the Underlying pursuant to paragraph (4). the Minimum Redemption pursuant to paragraph (2) which simultaneously equals the Maximum Redemption Amount pursuant to paragraph (3).

(2) Minimum Redemption

[Provided that [(i)] no Barrier Event has occurred [or (ii) a Barrier Event has occurred and the Final Fixing Level is above the [Initial Fixing Level][Strike Level]] the Redemption Amount equals the Denomination [multiplied by the Exchange Rate Performance].][Provided that the Final Fixing Level

is above the Strike Level, the Redemption Amount equals the Denomination [multiplied by the Exchange Rate Performance].]

[The Minimum Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (5), as the case may be, and] commercially rounded to two (2) decimal places.]

(3) Maximum Redemption

The Redemption Amount per Product equals no more than the Denomination [multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**").

[The Maximum Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (5), as the case may be, and] commercially rounded to two (2) decimal places.]

(4) Settlement by delivery

If [a Barrier Event has occurred] [(i) a Barrier Event has occurred and (ii) the Final Fixing Level is equal to or below the [Initial Fixing Level][Strike Level]] [the Final Fixing Level is equal to or below the Strike Level], the Issuer will redeem the Products by way of delivery of a number of the [Underlying][Basket Component with the Worst Performance] expressed by the Conversion Ratio, with fractions of the [Underlying][relevant Basket Component] not being delivered but redeemed by way of payment of a cash payment amount for fractions (the "**Cash Payment Amount for Fractions**"). Should the delivery of the [Underlying][relevant Basket Component], for whatever reason, be economically or actually impeded or not possible, then the Issuer shall have the right to pay a compensation amount (the "**Compensation Amount**") in lieu of delivery of the [Underlying][relevant Basket Component]. For the calculation of the Cash Payment Amount for Fractions or the Compensation Amount the Final Fixing Level of the [Underlying][relevant Basket Component] [converted into the Settlement Currency [on the basis of [●]]], which considering the Conversion Ratio is either related to the fraction of the [Underlying][relevant Basket Component] (in the case of the Cash Payment Amount for Fractions) or to the number of the [Underlying][relevant Basket Component] (in the case of the Compensation Amount). If the Holder holds several Products, there shall be no aggregation of the Cash Payment Amounts for Fractions in such a way that the number of the [Underlyings][relevant Basket Components] to be settled would increase. The Cash Payment Amount for Fractions or the Compensation Amount, as the case may be, shall be commercially rounded to two (2) decimal places.]

[*insert if Currency Conversion is applicable*:

(5) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable*: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant

day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion. *[[insert if Quanto is applicable: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("Quanto").]]*

[[insert if neither COSI nor TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to an Early Redemption pursuant to § 7 of the Issue Specific Conditions and subject to a physical delivery of the Underlying pursuant to paragraph (4), the Minimum Redemption pursuant to paragraph (2) which simultaneously equals the Maximum Redemption Amount pursuant to paragraph (3).

(2) Minimum Redemption

[Provided that [(i)] no Barrier Event has occurred [or (ii) a Barrier Event has occurred and the Final Fixing Level is above the [Initial Fixing Level][Strike Level]] the Redemption Amount equals the Denomination [multiplied by the Exchange Rate Performance].][Provided that the Final Fixing Level is above the Strike Level, the Redemption Amount equals the Denomination [multiplied by the Exchange Rate Performance].]

[The Minimum Redemption Amount will be *[[insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (5), as the case may be, and]* commercially rounded to two (2) decimal places.]

§ 5

Interest, Coupon Payments

[(1) Coupon Payments]

[[If a Coupon Trigger Event has occurred on a Coupon Observation Date, a coupon payment is made in the Settlement Currency for the products on the applicable Coupon Payment Date in the amount of the Coupon Amount specified for the applicable Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance]. [If a Coupon Trigger Event has not occurred on a Coupon Observation Date, a coupon payment is not made for the Products on the applicable Coupon Payment Date.]] [The Holder receives a coupon payment on the respective Coupon Payment Date in

the amount of the Coupon Amount. The Coupon Amount equals the Coupon Rate multiplied by the Issue Price [whereby the result is multiplied by the Current Exchange Rate Performance]. [Following an Early Redemption pursuant to § 7 of the Issue Specific Conditions, no further coupon payments are made.] [If a Coupon Trigger Event has not occurred and [no Barrier Event has occurred][the Final Fixing Level is above the Strike Level], the Holder receives a coupon payment on the final Coupon Payment Date in the amount of the Coupon Amount specified for the final Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance].][The Holder receives a coupon payment on the respective Coupon Payment Date in the amount of the Coupon Amount specified for the applicable Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance]. [Following an Early Redemption pursuant to § 7 of the Issue Specific Conditions, no further coupon payments are made.] In the case of a redemption at the end of the term, the Holder receives a coupon payment on the final Coupon Payment Date in the amount of the Coupon Amount specified for the final Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance].][Provided that on the relevant Coupon Observation Date a Coupon Trigger Event has occurred, a Coupon payment shall be made for the Products on the relevant Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance]. The coupon rate (the "**Coupon Rate**") relevant for the respective Coupon Observation Date is the Coupon Rate for the relevant Coupon Payment Date specified in **Table 3** in the Annex. [If a Coupon Trigger Event has not occurred on a Coupon Observation Date, a coupon payment is not made for the Products on the applicable Coupon Payment Date.] [Following an Early Redemption pursuant to § 7 of the Issue Specific Conditions, no further coupon payments are made.]]

[(2) *Coupon Amount*

The Coupon Amount (the "**Coupon Amount**") is determined by multiplying the Denomination by (i) the applicable Coupon Rate for the relevant Coupon Payment Date and by (ii) N [whereby the result is multiplied by the Current Exchange Rate Performance].

"N" means in the case that

- (a) before the applicable Coupon Observation Date_(t) no Coupon Trigger Event has occurred, the number of Coupon Observation Dates_(t) from Coupon Observation Date₍₁₎ (inclusive) to, in each case, the applicable Coupon Observation Date_(t) (inclusive), and in the case that
- (b) before the applicable Coupon Observation Date_(t) a Coupon Trigger Event has already occurred, the number of Coupon Observation Dates_(t) between the Coupon Observation Date_(t) (exclusive) on which the last Coupon Trigger Event has occurred and the applicable Coupon Observation Date_(t) (inclusive) in each case.

[Following an Early Redemption pursuant to § 7 of the Issue Specific Conditions, no further coupon payments are made. The Coupon Amount will be commercially rounded to two (2) decimal places.]]

§ 6**(intentionally left blank)****§ 7****Early Redemption*****(1) Conditions precedent for Early Redemption***

In the event that on any Autocall Observation Date an Autocall Event has occurred, the term of the Products shall end automatically on this Autocall Observation Date without the need for a separate termination of the Products by the Issuer (the "**Early Redemption**"). In this case the Redemption Amount to be paid by the Issuer equals the Denomination [multiplied by the Current Exchange Rate Performance].

(2) Notification of Early Redemption

Notice of the occurrence of Early Redemption and the value of the Redemption Amount to be paid per Product in this case shall be published in accordance with § 4 of the General Conditions.

§ 8**Payments, Physical Delivery*****(1) Payments, Physical Delivery***

The Issuer shall cause the delivery of the Underlying or Basket Component, as the case may be, or the claimed Redemption Amount, if any, or any other amount to be paid pursuant to § 4 of the Issue Specific Conditions to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Early Redemption Date (in the case of an Early Redemption pursuant to § 7 of the Issue Specific Conditions) and/or the Redemption Date (in the case that not Early Redemption has occurred). The Issuer shall transfer the Coupon Amount in arrears by the Coupon Payment Date via the Paying Agent to the Clearing System for transmitting to the Holders. If the Early Redemption Date, the Redemption Date or Coupon Payment Date falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be

borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) Transfer of the Redemption Amount in case of termination

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) Taxes, fees or other duties

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:

§ 10

Collateral Secured Instruments (COSI)

(1) Collateralization of the Product

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The

Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail term-sheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the

Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the

collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a

separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) Secondary Listing

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the

COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) Liability

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) No authorisation

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this	Corresponding definition in these Conditions
§ 10 "Collateral Secured Instruments (COSI)"	
investor	Holder
issuer	Issuer
issuing conditions	Terms and Conditions, Conditions

maturity Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10

Triparty Collateral Management (TCM)

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore,

the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and

shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("FISA") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

§ 10
(intentionally left blank)]

[in the case of Express Certificates with potential Physical Settlement and without par value (Product No. 17), insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) Currency; Issue Size

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") issues products without par value (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The number (the "**Number of Products**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.

(2) Form

[insert in the case of Swiss Uncertificated Securities:

(a) Uncertificated Securities, Holders

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or

transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"**Custody Agent**" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"**Clearing System**" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer or an early redemption [insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated] [insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions].

§ 2**Status of the Products**

[insert in the case neither COSI nor TCM is applicable:

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[insert in the case either COSI or TCM is applicable:

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3**Definitions**

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

["**Current Exchange Rate Performance**" means the quotient of the Exchange Rate_(t) and the Exchange Rate_(Initial). "**Exchange Rate_(t)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][insert other currency: ●] [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the [Reference Currency][Settlement Currency][insert other currency: ●] which is published on [the respective Coupon Observation Date allocated to the relevant Coupon Payment Date] [and/or] [the respective Autocall Observation Date allocated to the relevant Early Redemption Date] [●] on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the [weighted average] exchange rate [executed in duly discretion from [●] to the Initial Fixing Date] as specified in **Table 2** in the Annex expressed

in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

[*insert in the case of a share as Underlying or Basket Component: "Share Issuer"*] means the company that has issued the [Underlying][Basket Component].]

["**Initial Fixing Level**"] means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the lowest Reference Price of the respective Basket Component during the Initial Fixing Period] [the lowest Reference Price of the [Underlying][respective Basket Component] during the Initial Fixing Observation Dates, as determined by the Calculation Agent] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.] [the weighted average [Price][Reference Price] of the [Underlying][Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.]

["**Initial Fixing Observation Dates**"] means the initial fixing observation dates as specified in **Table 1** in the Annex.]

["**Initial Fixing Period**"] means the initial fixing period as specified in **Table 1** in the Annex.]

["**Initial Basket Value**"] means the initial basket value as specified in **Table 1** in the Annex.]

["**Number of Basket Component_(i)**"] [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): Number of Basket Component_(i)= [Denomination][Initial Basket Value] * Initial Weighting_(i) / Initial Fixing Level_(i).] [Initial Weighting means the Initial Weighting_(i) of the respective

Basket Component_(i) as specified in **Table 2** in the Annex.].

["**Business Day**" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in [insert principal financial centre for such currency: ●].]

[insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.]

[insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [insert currency: ●]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]

["**Issue Price**" means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**" means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**" means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Strike Level**" means the strike level as specified in **Table 1** in the Annex.]

["**Conversion Ratio**" means [the conversion ratio as specified in **Table 1** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level][and converted where necessary into the Settlement Currency using the Exchange Rate_(i)].]] [the conversion ratio in respect of the relevant Basket Component as specified in **Table 2** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level] of the respective Basket Component.]] *[insert for Quanto products: [the conversion ratio which is calculated on the Final Fixing Date by dividing the Issue Price with the Final Fixing Level [of the respective Basket Component].] [If the Issuer has received ordinary dividend payments between the Initial Fixing Date (exclusive) and the Final Fixing Date [(exclusive)] [(inclusive)] in respect of the Underlying, the applicable net dividend (i.e. the dividend amount minus taxes) is reinvested, whereby the Con-*

sion Ratio is adjusted • Business Days after the receipt of the dividend payment by the Issuer.]]

["**Autocall Observation Date**" means [each of the autocall observation dates as specified in **Table 3** in the Annex or, if such date is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in relation to the relevant Basket Component]. In the event of the postponement of the Underlying Valuation Date corresponding to the relevant Autocall Observation Date [in respect of one or more Basket Components], the relevant Autocall Observation Date [in relation to the relevant Basket Component] shall be postponed accordingly.]]

["**Autocall Event**" has occurred if on an Autocall Observation Date the Reference Price [of all Basket Components] exceeds the [respective] Autocall Trigger Level relevant for such date.]

["**Autocall Trigger Level**" means the Autocall Trigger Level in respect of the relevant Autocall Observation Date [with respect to the relevant Basket Component] as specified in **Table 3** in the Annex.]

["**Barrier Observation Period**" means the barrier observation period as specified in **Table 1** in the Annex.]

["**Barrier Event**" has occurred if [the Final Fixing Level [of [the][a][at least [one][two or more] Basket Component[s] [(regardless of the Target One Underlying)] [with the [Best][Worst] Performance] is [equal to or] below the [Barrier Level][Strike Level][Target One Level]] [the [Price][Reference Price] [and none of the Final Fixing Levels of the Basket Components is above the respective Target Level] [of [the][a][at least [one][two or more]] Basket Component[s] [(regardless of the Target One Underlying)] is [equal to or] below the [Barrier Level] [Strike Level] [Target One Level] at any time during the Barrier Observation Period] [*insert in the case of a Basket as Underlying if appropriate:* [the Final Basket Value equals or falls below the [Barrier Level] [Strike Level] [Target One Level] as determined by the Calculation Agent] [the [Price][Reference Price] of the Basket is equal to or below the [Barrier Level] [Strike Level] [Target One Level] during the Barrier Observation Period, as determined by the Calculation Agent] [the [Price][Reference Price] [Final Fixing Level] of [a][at least [one][two or more]] Basket Component[s] is [equal to or] below the [Barrier Level] [Strike Level] [Target One Level] for this Basket Component as specified in **Table [1][2]** in the Annex [(regardless of the Target One Underlying)] [at any time during the Barrier Observation Period]], as determined by the Calculation Agent.]]]

["**Target One Level**" means the target one level [with respect to the relevant Basket Component] as specified in **Table 2** in the Annex.]

["**Barrier Level**" means the barrier level as specified in **Table 1** in the Annex [with respect to the relevant Basket Component].]

["**Underlying**" means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"]["**Share**"]["**Participation Certificate (Genussschein)**"]["**Security representing Shares**"]["**Commodity**"]["**Currency Exchange Rate**"] ["**Futures Contract**"]["**Fixed Rate Instrument**"]["**Derivative Instrument**"]["**Fund Unit**"]["**Interest Rate**"]["**Reference Rate**"]) [*insert in the case of a share as Underlying or Basket Component:*, as issued by the Share Issuer.]

["**Underlying Valuation Date**" means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Basket**" means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["**Basket Component**" means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["**Calculation Agent**" means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**" means the screen page as specified in **Table 2** in the Annex.]

[insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component: "Exchange" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]

["**Coupon Amount**" means the coupon amount as specified in **Table [1][3]** in the Annex.]

["**Coupon Observation Date**" means each of the coupon observation dates as specified in **Table [1][3]** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]]. In the event of the postponement of the Underlying Valuation Date corresponding to the relevant Coupon Observation Date [in respect of one or more Basket Components], the relevant Coupon Observation Date [in relation to [the relevant Basket Component][all Basket Components]] shall be postponed accordingly.]]

["**Coupon Rate**" equals the Average Performance on the Coupon Observation Date allocated to the respective Coupon Payment Date. The "**Average Performance**" on a Coupon Observation Date equals the sum of the Recorded Performances of all Basket Components. The "**Recorded Performance of a Basket Component**" equals – in the case that the Performance of the respective Basket Component is negative - the Performance of the Basket Component divided by the number of Basket Components in the Basket or – in the case that the Performance of the respective Basket Component is zero or positive the Maximum Performance divided by the number of Basket Components in the Basket. The "**Maximum Performance**" equals [●]. The "**Performance of a Basket Component**" equals the Reference Price of the respective Basket Component on the respective Coupon Observation Date divided by its Initial Fixing Level minus 1. [The Coupon Rate is at least zero.]]

["**Coupon Trigger Event**" has occurred if on a Coupon Observation Date the Reference Price [of all Basket Components] exceeds the [respective] Coupon Trigger Level relevant for such date.]

["**Coupon Trigger Level**" means the coupon trigger level as specified in **Table [1][3]** in the Annex [with respect to the relevant Basket Component].]

["**Coupon Payment Date**" means the coupon payment date as specified in **Table 1**[**3**] in the Annex or, if this date is not a Business Day, the next following Business Day. [In the event of the postponement of the relevant Coupon Observation Date, the relevant Coupon Payment Date shall be postponed accordingly.]]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.] [the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.)]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. *[insert in the case of Products with subscription period: In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.]*]

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

*[insert in the case of an index as Underlying or Basket Component: "Index Sponsor"**"** means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]*

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**" [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] *[insert Internet site: ●]* [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component] means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate

sponsor on the designated Exchange Rate Page [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service [*insert other method for determining Relevant Exchange Rate: ●*]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg]] [the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**" means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**" means, subject to an Early Redemption pursuant to § 7 of the Issue Specific Conditions or subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Worst Performance**" means the worst performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**TARGET2 System**" means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Final Fixing Date**" means [the final fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]].] [In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Scheduled Trading Day**" has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Early Redemption Date**" means each of the early redemption dates as specified in **Table 3** in the Annex or, if an Early Redemption Date is not a Business Day, the next following Business Day. [In the event of the postponement of the relevant Autocall Observation Date, the relevant Early Redemption Date shall be postponed accordingly.]]

["**Website**" means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**" means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Rate Performance**" means the quotient of the Exchange Rate_(Final) and the Exchange Rate_(Initial). "**Exchange Rate_(Final)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the [weighted average] exchange rate [executed in duly discretion from [●] to the Initial Fixing Date] as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

["**Exchange Rate Sponsor**" means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

§ 4

Redemption

[*insert if either COSI or TCM is applicable:*

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to an Early Redemption pursuant to § 7 of the Issue Specific Conditions or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions and subject to a physical delivery of the Underlying pursuant to paragraph (4), the Minimum Redemption pursuant to paragraph (2) which simultaneously equals the Maximum Redemption Amount pursuant to paragraph (3).

(2) Minimum Redemption

[Provided that [(i)] no Barrier Event has occurred [or (ii) a Barrier Event has occurred and the Final Fixing Level is above the [Initial Fixing Level][Strike Level]] the Redemption Amount equals the Issue Price [multiplied by the Exchange Rate Performance].][Provided that the Final Fixing Level is above the Strike Level, the Redemption Amount equals the Issue Price [multiplied by the Exchange Rate Performance].]

[The Minimum Redemption Amount will be [*insert if Currency Conversion is applicable:* converted into the Settlement Currency in accordance with paragraph (5), as the case may be, and] commercial-

ly rounded to two (2) decimal places.]

(3) Maximum Redemption

The Redemption Amount per Product equals no more than the Issue Price [multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**").

[The Maximum Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (5), as the case may be, and] commercially rounded to two (2) decimal places.]

(4) Settlement by delivery

If [a Barrier Event has occurred] [(i) a Barrier Event has occurred and (ii) the Final Fixing Level is equal to or below the [Initial Fixing Level][Strike Level]] [the Final Fixing Level is equal to or below the Strike Level], the Issuer will redeem the Products by way of delivery of a number of the [Underlying][Basket Component with the Worst Performance] expressed by the Conversion Ratio, with fractions of the [Underlying][relevant Basket Component] not being delivered but redeemed by way of payment of a cash payment amount for fractions (the "**Cash Payment Amount for Fractions**"). Should the delivery of the [Underlying][relevant Basket Component], for whatever reason, be economically or actually impeded or not possible, then the Issuer shall have the right to pay a compensation amount (the "**Compensation Amount**") in lieu of delivery of the [Underlying][relevant Basket Component]. For the calculation of the Cash Payment Amount for Fractions or the Compensation Amount the Final Fixing Level of the [Underlying][relevant Basket Component] [converted into the Settlement Currency [on the basis of [•]]], which considering the Conversion Ratio is either related to the fraction of the [Underlying][relevant Basket Component] (in the case of the Cash Payment Amount for Fractions) or to the number of the [Underlying][relevant Basket Component] (in the case of the Compensation Amount). If the Holder holds several Products, there shall be no aggregation of the Cash Payment Amounts for Fractions in such a way that the number of the [Underlyings][relevant Basket Components] to be settled would increase. The Cash Payment Amount for Fractions or the Compensation Amount, as the case may be, shall be commercially rounded to two (2) decimal places.]

[*insert if Currency Conversion is applicable*:

(5) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable*: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding

page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][*insert if Quanto is applicable*: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]

[*insert if neither COSI nor TCM is applicable*:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to an Early Redemption pursuant to § 7 of the Issue Specific Conditions and subject to a physical delivery of the Underlying pursuant to paragraph (4), the Minimum Redemption pursuant to paragraph (2) which simultaneously equals the Maximum Redemption Amount pursuant to paragraph (3).

(2) Minimum Redemption

[Provided that [(i)] no Barrier Event has occurred [or (ii) a Barrier Event has occurred and the Final Fixing Level is above the [Initial Fixing Level][Strike Level]] the Redemption Amount equals the Issue Price [multiplied by the Exchange Rate Performance].][Provided that the Final Fixing Level is above the Strike Level, the Redemption Amount equals the Issue Price [multiplied by the Exchange Rate Performance].]

[The Minimum Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (5), as the case may be, and] commercially rounded to two (2) decimal places.]

(3) Maximum Redemption

The Redemption Amount per Product equals no more than the Issue Price [multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**").

[The Maximum Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (5), as the case may be, and] commercially rounded to two (2) decimal places.]

(4) Settlement by delivery

If [a Barrier Event has occurred] [(i) a Barrier Event has occurred and (ii) the Final Fixing Level is equal to or below the [Initial Fixing Level][Strike Level]] [the Final Fixing Level is equal to or below the Strike Level], the Issuer will redeem the Products by way of delivery of a number of the [Underlying][Basket Component with the Worst Performance] expressed by the Conversion Ratio, with fractions of the [Underlying][relevant Basket Component] not being delivered but redeemed by way of payment of a cash payment amount for fractions (the "**Cash Payment Amount for Fractions**"). Should the delivery of the [Underlying][relevant Basket Component], for whatever reason, be economically or actually impeded or not possible, then the Issuer shall have the right to pay a compensation amount (the "**Compensation Amount**") in lieu of delivery of the [Underlying][relevant Basket

Component]. For the calculation of the Cash Payment Amount for Fractions or the Compensation Amount the Final Fixing Level of the [Underlying][relevant Basket Component] [converted into the Settlement Currency [on the basis of [●]]], which considering the Conversion Ratio is either related to the fraction of the [Underlying][relevant Basket Component] (in the case of the Cash Payment Amount for Fractions) or to the number of the [Underlying][relevant Basket Component] (in the case of the Compensation Amount). If the Holder holds several Products, there shall be no aggregation of the Cash Payment Amounts for Fractions in such a way that the number of the [Underlyings][relevant Basket Components] to be settled would increase. The Cash Payment Amount for Fractions or the Compensation Amount, as the case may be, shall be commercially rounded to two (2) decimal places.]

[insert if Currency Conversion is applicable:

(5) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent *[insert if Quanto is not applicable: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.]**[insert if Quanto is applicable: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("Quanto").]*

§ 5

Interest, Coupon Payments

[(1) Coupon Payments]

[[If a Coupon Trigger Event has occurred on a Coupon Observation Date, a coupon payment is made in the Settlement Currency for the products on the applicable Coupon Payment Date in the amount of the Coupon Amount specified for the applicable Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance]. [If a Coupon Trigger Event has not occurred on a Coupon Observation Date, a coupon payment is not made for the Products on the applicable Coupon Payment Date.]] [The Holder receives a coupon payment on the respective Coupon Payment Date in the amount of the Coupon Amount. The Coupon Amount equals the Coupon Rate multiplied by the Issue Price [whereby the result is multiplied by the Current Exchange Rate Performance].] [Following an Early Redemption pursuant to § 7 of the Issue Specific Conditions, no further coupon payments are made.] [If a Coupon Trigger Event has not occurred and [no Barrier Event has occurred][the Final Fixing Level is above the Strike Level], the Holder receives a coupon payment on the final Coupon

Payment Date in the amount of the Coupon Amount specified for the final Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance].][The Holder receives a coupon payment on the respective Coupon Payment Date in the amount of the Coupon Amount specified for the applicable Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance]. [Following an Early Redemption pursuant to § 7 of the Issue Specific Conditions, no further coupon payments are made.] In the case of a redemption at the end of the term, the Holder receives a coupon payment on the final Coupon Payment Date in the amount of the Coupon Amount specified for the final Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance].][Provided that on the relevant Coupon Observation Date a Coupon Trigger Event has occurred, a Coupon payment shall be made for the Products on the relevant Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance]. The coupon rate (the "**Coupon Rate**") relevant for the respective Coupon Observation Date is the Coupon Rate for the relevant Coupon Payment Date specified in **Table 3** in the Annex. [If a Coupon Trigger Event has not occurred on a Coupon Observation Date, a coupon payment is not made for the Products on the applicable Coupon Payment Date.] [Following an Early Redemption pursuant to § 7 of the Issue Specific Conditions, no further coupon payments are made.]]

[(2) Coupon Amount

The Coupon Amount (the "**Coupon Amount**") is determined by multiplying the Issue Price by (i) the applicable Coupon Rate for the relevant Coupon Payment Date and by (ii) N [whereby the result is multiplied by the Current Exchange Rate Performance].

"N" means in the case that

- (a) before the applicable Coupon Observation Date_(t) no Coupon Trigger Event has occurred, the number of Coupon Observation Dates_(t) from Coupon Observation Date₍₁₎ (inclusive) to, in each case, the applicable Coupon Observation Date_(t) (inclusive), and in the case that
- (b) before the applicable Coupon Observation Date_(t) a Coupon Trigger Event has already occurred, the number of Coupon Observation Dates_(t) between the Coupon Observation Date_(t) (exclusive) on which the last Coupon Trigger Event has occurred and the applicable Coupon Observation Date_(t) (inclusive) in each case.

[Following an Early Redemption pursuant to § 7 of the Issue Specific Conditions, no further coupon payments are made. The Coupon Amount will be commercially rounded to two (2) decimal places.]]

§ 6

(intentionally left blank)

§ 7

Early Redemption

(1) Conditions precedent for Early Redemption

In the event that on any Autocall Observation Date an Autocall Event has occurred, the term of the

Products shall end automatically on this Autocall Observation Date without the need for a separate termination of the Products by the Issuer (the "**Early Redemption**"). In this case the Redemption Amount to be paid by the Issuer equals the Issue Price [whereby the result is multiplied by the Current Exchange Rate Performance].

(2) Notification of Early Redemption

Notice of the occurrence of Early Redemption and the value of the Redemption Amount to be paid per Product in this case shall be published in accordance with § 4 of the General Conditions.

§ 8

Payments, Physical Delivery

(1) Payments, Physical Delivery

The Issuer shall cause the delivery of the Underlying or Basket Component, as the case may be, or the claimed Redemption Amount, if any, or any other amount to be paid pursuant to § 4 of the Issue Specific Conditions to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Early Redemption Date (in the case of an Early Redemption pursuant to § 7 of the Issue Specific Conditions) and/or the Redemption Date (in the case that no Early Redemption has occurred). The Issuer shall transfer the respective Coupon Amount in arrears by the Coupon Payment Date via the Paying Agent to the Clearing System for transmitting to the Holders. If the Early Redemption Date, the Redemption Date or a Coupon Payment Date falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) Transfer of the Redemption Amount in case of termination

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) Taxes, fees or other duties

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:]

§ 10

Collateral Secured Instruments (COSI)

(1) Collateralization of the Product

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral

is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail term-sheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange

AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of

net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) Secondary Listing

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current

Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) Liability

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) No authorisation

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this	Corresponding definition in these Conditions
§ 10 "Collateral Secured Instruments (COSI)"	
investor	Holder
issuer	Issuer
issuing conditions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10

Triparty Collateral Management (TCM)

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding

TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("FISA") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

[insert in the case neither COSI nor TCM is applicable:]

§ 10
(intentionally left blank)]

[in the case of Inverse Discount Certificates with Cash Settlement (Product No. 18), insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) Currency; Issue Size

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") issues products without par value (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The number (the "**Number of Products**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.

(2) Form

[insert in the case of Swiss Uncertificated Securities:

(a) Uncertificated Securities, Holders

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the

respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"**Custody Agent**" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art.

973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form.

[insert in the case of German CBF Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons. The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will as of the Issue Date be represented by a Permanent Global Note:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer aris-

ing from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"Clearing System" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer [*insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated*] [*insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions*].

§ 2

Status of the Products

[*insert in the case neither COSI nor TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[*insert in the case either COSI or TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3

Definitions

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

[*insert in the case of a share as Underlying or Basket Component: "Share Issuer" means the company that has issued the [Underlying][Basket Component].*]

["**Initial Fixing Level**" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying]

[Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.]

["**Initial Fixing Period**" means the initial fixing period as specified in **Table 1** in the Annex.]

["**Initial Basket Value**" means the initial basket value as specified in **Table 1** in the Annex.]

["**Number of Basket Component_(i)**" [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): Number of Basket Component_(i)= [Denomination][Initial Basket Value] * Initial Weighting_(i) / Initial Fixing Level_(i).] [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex].]

["**Business Day**" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in *[insert principal financial centre for such currency: ●]*.)]

[insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in

New York and Zurich.]

[insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [insert currency: •]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]

["Issue Price" means the issue price as specified in **Table 1** in the Annex.]

["Issue Surcharge" means the issue surcharge as specified in **Table 1** in the Annex.]

["Issue Date" means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["Conversion Ratio" means [the conversion ratio as specified in **Table 1** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level].]][the conversion ratio in respect of the relevant Basket Component as specified in **Table 2** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level] of the respective Basket Component.]] *[insert for Quanto products: [the conversion ratio which is calculated on the Final Fixing Date by dividing the Issue Price with the Final Fixing Level [of the respective Basket Component].] [If the Issuer has received ordinary dividend payments between the Initial Fixing Date (exclusive) and the Final Fixing Date [(exclusive)] [(inclusive)] in respect of the Underlying, the applicable net dividend (i.e. the dividend amount minus taxes) is reinvested, whereby the Conversion Ratio is adjusted • Business Days after the receipt of the dividend payment by the Issuer.]]]*

["Underlying" means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"] ["**Share**"] ["**Participation Certificate (Genussschein)**] ["**Security representing Shares**"] ["**Commodity**"] ["**Currency Exchange Rate**"] ["**Futures Contract**"] ["**Fixed Rate Instrument**"] ["**Derivative Instrument**"] ["**Fund Unit**"] ["**Interest Rate**"] ["**Reference Rate**"]) *[insert in the case of a share as Underlying or Basket Component, as issued by the Share Issuer].]*

["Underlying Valuation Date" means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["Basket" means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["Basket Component" means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["Calculation Agent" means the calculation agent as specified in **Table 1** in the Annex.]

["Screen Page" means the screen page as specified in **Table 2** in the Annex.]

*[insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component: "**Exchange**" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substi-*

tute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]

["**Cap Level**"] means the Cap Level as specified in **Table 1** in the Annex.]

["**Fiscal Agent**"] means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**"] means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**"] means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.] [the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.)]

["**Initial Fixing Date**"] means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. *[insert in the case of Products with subscription period: In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.]*

["**Business Centre**"] means the business centre as specified in **Table 1** in the Annex.]

*[insert in the case of an index as Underlying or Basket Component: "**Index Sponsor**" means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]*

["**Initial Weighting_(i)**"] means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Inverse Level**"] means the inverse level as specified in **Table 1** in the Annex.]

["**Price**"] [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] *[insert Internet site: ●]* [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**"] [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**"] [of a Basket Component means the [lowest] [highest] Reference Price

of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] [*insert other method for determining Relevant Exchange Rate: ●*]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg]] [the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Exchange Rate Sponsor**" means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

§ 4

Redemption

[*insert if either COSI or TCM is applicable:*

(1) **Redemption Amount**

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to a Maximum Redemption pursuant to paragraph (2) or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions the product of (i) the Conversion Ratio and (ii) the difference between the Inverse Level and the Final Fixing Level. [The result is multiplied by the Exchange Rate Performance.] The Redemption Amount is at least zero.

The Redemption Amount will be [*insert if Currency Conversion is applicable:* converted into the Settlement Currency in accordance with paragraph (3), as the case may be, and] commercially rounded to two (2) decimal places.

(2) **Maximum Redemption**

The Redemption Amount will not exceed the Maximum Redemption Amount, which is equal to the product of (i) the Conversion Ratio and (ii) the difference between the Inverse Level and the Final Fixing Level [whereby the result is multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**").

The Maximum Redemption Amount will be [*insert if Currency Conversion is applicable:* converted

into the Settlement Currency in accordance with paragraph (3) and] commercially rounded to two (2) decimal places.

[insert if Currency Conversion is applicable:

(3) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent *[insert if Quanto is not applicable: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][insert if Quanto is applicable: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("Quanto").]*

[insert if neither COSI nor TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to a Maximum Redemption pursuant to paragraph (2) the product of (i) the Conversion Ratio and (ii) the difference between the Inverse Level and the Final Fixing Level. [The result is multiplied by the Exchange Rate Performance.] The Redemption Amount is at least zero.

The Redemption Amount will be *[insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (3), as the case may be, and] commercially rounded to two (2) decimal places.*

(2) Maximum Redemption

The Redemption Amount will not exceed the Maximum Redemption Amount, which is equal to the product of (i) the Conversion Ratio and (ii) the difference between the Inverse Level and the Final Fixing Level [whereby the result is multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**").

The Maximum Redemption Amount will be *[insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (3) and] commercially rounded to two (2) decimal places.*

§ 5

Interest, Coupon Payments

The Products bear no interest.

§ 6

(intentionally left blank)

§ 7

(intentionally left blank)

§ 8

Payments

(1) Payments

The Issuer shall cause the claimed Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Redemption Date.

If the Redemption Date falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) Transfer of the Redemption Amount in case of termination

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) Taxes, fees or other duties

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:

§ 10**Collateral Secured Instruments (COSI)*****(1) Collateralization of the Product***

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 («Framework Agreement»). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail term-sheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at "www.six-swiss-exchange.com".

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the

trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated

with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collat-

eral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on

which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) *Liability*

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) *No authorisation*

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) *Congruence with the Conditions*

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this	Corresponding definition in these Conditions
§ 10 "Collateral Secured Instru-	

ments (COSI)"	
investor	Holder
issuer	Issuer
issuing conditions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10

Triparty Collateral Management (TCM)

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**").

The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current

Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up

proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("**FISA**") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Prod-

V. TERMS AND CONDITIONS

uct will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

[insert in the case neither COSI nor TCM is applicable:]

§ 10
(intentionally left blank)]

[in the case of Master Discount Certificates with Cash Settlement (Product No. 19), insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) Currency; Issue Size

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") issues products without par value (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The number (the "**Number of Products**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.

(2) Form

[insert in the case of Swiss Uncertificated Securities:

(a) Uncertificated Securities, Holders

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or

transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"**Custody Agent**" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form.

[insert in the case of German CBF Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons. The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will as of the Issue Date be represented by a Permanent Global Note:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer aris-

ing from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"Clearing System" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer [*insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated*] [*insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions*].

§ 2**Status of the Products**

[*insert in the case neither COSI nor TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[*insert in the case either COSI or TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3**Definitions**

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

[*insert in the case of a share as Underlying or Basket Component: "Share Issuer" means the company that has issued the [Underlying][Basket Component].*]

["**Initial Fixing Level**" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying]

[Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.]

["**Initial Fixing Period**" means the initial fixing period as specified in **Table 1** in the Annex.]

["**Initial Basket Value**" means the initial basket value as specified in **Table 1** in the Annex.]

["**Number of Basket Component_(i)**" [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and [takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date] [takes into account the equally-weighted weighting of the respective Basket Component_(i) on the Initial Fixing Date in the value of the Product].] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): Number of Basket Component_(i)= [Denomination][Initial Basket Value] * Initial Weighting_(i) / Initial Fixing Level_(i).] [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex].]

["**Business Day**" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in *[insert principal financial centre for such currency: ●].*]

[insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with

US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.]

[insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [insert currency: •]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]

["**Issue Price**" means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**" means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**" means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Conversion Ratio**" means [the conversion ratio as specified in **Table 1** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level].][the conversion ratio in respect of the relevant Basket Component as specified in **Table 2** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level] of the respective Basket Component.]] *[insert for Quanto products: [the conversion ratio which is calculated on the Final Fixing Date by dividing the Issue Price with the Final Fixing Level [of the respective Basket Component].] [If the Issuer has received ordinary dividend payments between the Initial Fixing Date (exclusive) and the Final Fixing Date [(exclusive)] [(inclusive)] in respect of the Underlying, the applicable net dividend (i.e. the dividend amount minus taxes) is reinvested, whereby the Conversion Ratio is adjusted • Business Days after the receipt of the dividend payment by the Issuer.]]*

["**Underlying**" means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"]["**Share**"]["**Participation Certificate (Genussschein)**"]["**Security representing Shares**"]["**Commodity**"]["**Currency Exchange Rate**"] ["**Futures Contract**"]["**Fixed Rate Instrument**"]["**Derivative Instrument**"]["**Fund Unit**"]["**Interest Rate**"]["**Reference Rate**"]) *[insert in the case of a share as Underlying or Basket Component, as issued by the Share Issuer].]*

["**Underlying Valuation Date**" means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Basket**" means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["**Basket Component**" means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["**Calculation Agent**" means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**" means the screen page as specified in **Table 2** in the Annex.]

[insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket

Component: "Exchange" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]

["**Cap Level**"] means the Cap Level [of the respective Basket Component] as specified in **Table 1**[**2**] in the Annex.]

["**Fiscal Agent**"] means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**"] means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**"] means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.] [the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.)]

["**Initial Fixing Date**"] means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. [*insert in the case of Products with subscription period: In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.*]]

["**Business Centre**"] means the business centre as specified in **Table 1** in the Annex.]

[*insert in the case of an index as Underlying or Basket Component: "Index Sponsor"* means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]

["**Initial Weighting_(i)**"] means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**"] [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] [*insert Internet site: ●*] [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**"] [of the relevant Basket Component] means the quotient of the Final Fixing

Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] [*insert other method for determining Relevant Exchange Rate: ●*]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg]] [the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Redemption Date**" means, subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Worst Performance**" means the worst performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**TARGET2 System**" means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Final Fixing Date**" means [the final fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]].] [In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Scheduled Trading Day**" has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Website**" means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**" means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Rate Performance**" means the quotient of the Exchange Rate_(Final) and the Exchange Rate_(Initial). "**Exchange Rate_(Final)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the [Initial Fixing Date] [*●*] on the Exchange Rate Page or on any replacement page.]

["**Exchange Rate Sponsor**" means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

§ 4

Redemption

[insert if either COSI or TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to a Maximum Redemption pursuant to paragraph (2) or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions the total of the Partial Redemption Amounts_(i).

The "**Partial Redemption Amount**" for the respective Basket Component_(i) corresponds to

- (a) the Final Fixing Level_(i) multiplied by the Number of Basket Component_(i) provided that the Final Fixing Level_(i) is at or below the respective Cap Level_(i); or
- (b) the respective Cap Level_(i) multiplied by the Number of Basket Component_(i), provided that the Final Fixing Level_(i) exceeds the respective Cap Level_(i).

The Redemption Amount will be [multiplied by the Exchange Rate Performance and] *[insert if Currency Conversion is applicable:* converted into the Settlement Currency in accordance with paragraph (3), as the case may be, and] commercially rounded to two (2) decimal places.

(2) Maximum Redemption

The Redemption Amount will not exceed the Maximum Redemption Amount specified in **Table 1** in the Annex (the "**Maximum Redemption Amount**"), since the respective Partial Redemption Amount_(i) is limited to the respective Cap Level_(i) multiplied by the Number of Basket Component_(i).

The Maximum Redemption Amount will be [multiplied by the Exchange Rate Performance and] [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (3) and] commercially rounded to two (2) decimal places.

[*insert if Currency Conversion is applicable*:

(3) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable*: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][*insert if Quanto is applicable*: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]]

[*insert if neither COSI nor TCM is applicable*:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to a Maximum Redemption pursuant to paragraph (2) the total of the Partial Redemption Amounts_(i).

The "**Partial Redemption Amount**" for the respective Basket Component_(i) corresponds to

- (a) the Final Fixing Level_(i) multiplied by the Number of Basket Component_(i) provided that the Final Fixing Level_(i) is at or below the respective Cap Level_(i); or
- (b) the respective Cap Level_(i) multiplied by the Number of Basket Component_(i), provided that the Final Fixing Level_(i) exceeds the respective Cap Level_(i).

The Redemption Amount will be [multiplied by the Exchange Rate Performance and] [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (3), as the case may be, and] commercially rounded to two (2) decimal places.

(2) Maximum Redemption

The Redemption Amount will not exceed the Maximum Redemption Amount specified in **Table 1** in the Annex (the "**Maximum Redemption Amount**"), since the respective Partial Redemption Amount_(i) is limited to the respective Cap Level_(i) multiplied by the Number of Basket Component_(i).

The Maximum Redemption Amount will be [multiplied by the Exchange Rate Performance and] [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (3) and] commercially rounded to two (2) decimal places.

[*insert if Currency Conversion is applicable*:

(3) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable*: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. § 5

Interest, Coupon Payments

The Products bear no interest.

§ 6

(intentionally left blank)

§ 7

(intentionally left blank)

§ 8

Payments

(1) Payments

The Issuer shall cause the claimed Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Redemption Date.

If the Redemption Date falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) Transfer of the Redemption Amount in case of termination

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) Taxes, fees or other duties

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:

§ 10**Collateral Secured Instruments (COSI)****(1) Collateralization of the Product**

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzer-

land via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail termsheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at "www.six-swiss-exchange.com".

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) *Costs of liquidation and payout for the benefit of the investors*

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of

the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) *Liability*

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) *No authorisation*

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this § 10 "Collateral Secured Instruments (COSI)"	Corresponding definition in these Conditions
investor	Holder
issuer	Issuer
issuing conditions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10**Triparty Collateral Management (TCM)**

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four busi-

ness days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in

particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("**FISA**") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against

the Collateral Provider under the terms of the TCM Security Agreement The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

[insert in the case neither COSI nor TCM is applicable:]

§ 10
(intentionally left blank)]

[in the case of Express Certificates with Cash Settlement and with par value and/or issue price and unconditional minimum redemption (Product No. 20), insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) Currency; Issue Size

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") issues products (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The total nominal amount (the "**Total Nominal Amount**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.

(2) Form

[insert in the case of Swiss Uncertificated Securities:

(a) Uncertificated Securities, Holders

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their

own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"Custody Agent" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form.

[insert in the case of German CBF Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons. The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will as of the Issue Date be represented by a Permanent Global Note:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer aris-

ing from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"**Clearing System**" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer or an early redemption [insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated] [insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions].

§ 2**Status of the Products**

[insert in the case neither COSI nor TCM is applicable:

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[insert in the case either COSI or TCM is applicable:

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3**Definitions**

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

["**Current Exchange Rate Performance**" means the quotient of the Exchange Rate_(t) and the Exchange Rate_(Initial). "**Exchange Rate_(t)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on [the respective Coupon Observation Date allocated to the relevant Coupon Payment Date] [and/or] [the respective Autocall Observation Date allocated to the relevant Early Redemption Date] [●] on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means [the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on the [Initial Fixing Date] [●] on

the Exchange Rate Page or on any replacement page.] [the arithmetic mean of the [●] in [the Reference Currency] [●] for 1 unit of the [Settlement Currency] [●] [during the period from [●] to [●]][on [●]], as determined by the Calculation Agent on the basis of the information published on the Exchange Rate Page or on any replacement page.]]

[insert in the case of a share as Underlying or Basket Component: "**Share Issuer**" means the company that has issued the [Underlying][Basket Component].]

["**Initial Fixing Level**" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.]

["**Initial Fixing Period**" means the initial fixing period as specified in **Table 1** in the Annex.]

["**Initial Basket Value**" means the initial basket value as specified in **Table 1** in the Annex.]

["**Number of Basket Component_(i)**" [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): Number of Basket Component_(i)= [Denomination][Initial Basket Value] * Initial Weighting_(i) / Initial Fixing Level_(i).] [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex].]

["**Business Day**" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle

payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in [insert principal financial centre for such currency: ●].]

[insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.]

[insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [insert currency: ●]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]

"Issue Price" means the issue price as specified in **Table 1** in the Annex.]

"Issue Surcharge" means the issue surcharge as specified in **Table 1** in the Annex.]

"Issue Date" means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

"Strike Level" means the strike level as specified in **Table 1** in the Annex.]

"Conversion Ratio" means [the conversion ratio as specified in **Table 1** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level].]][the conversion ratio in respect of the relevant Basket Component as specified in **Table 2** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level] of the respective Basket Component.]] *[insert for Quanto products: [the conversion ratio which is calculated on the Final Fixing Date by dividing the Issue Price with the Final Fixing Level [of the respective Basket Component].] [If the Issuer has received ordinary dividend payments between the Initial Fixing Date (exclusive) and the Final Fixing Date [(exclusive)] [(inclusive)] in respect of the Underlying, the applicable net dividend (i.e. the dividend amount minus taxes) is reinvested, whereby the Conversion Ratio is adjusted ● Business Days after the receipt of the dividend payment by the Issuer.]]*

"Autocall Observation Date" means [each of the autocall observation dates as specified in **Table 3** in the Annex or, if such date is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in relation to the relevant Basket Component]. In the event of the postponement of the Underlying Valuation Date corresponding to the

relevant Autocall Observation Date [in respect of one or more Basket Components], the relevant Autocall Observation Date [in relation to the relevant Basket Component] shall be postponed accordingly.]]

["**Autocall Event**" has occurred if on an Autocall Observation Date the Reference Price [of all Basket Components] [of the Basket Component with the Worst Performance] [reaches or] exceeds the [respective] Autocall Trigger Level relevant for such date.]

["**Autocall Trigger Level**" means the Autocall Trigger Level in respect of the relevant Autocall Observation Date [with respect to the relevant Basket Component] as specified in **Table 3** in the Annex.]

["**Underlying**" means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"] ["**Share**"] ["**Participation Certificate (Genussschein)**] ["**Security representing Shares**] ["**Commodity**] ["**Currency Exchange Rate**] ["**Futures Contract**] ["**Fixed Rate Instrument**] ["**Derivative Instrument**] ["**Fund Unit**] ["**Interest Rate**] ["**Reference Rate**"]) [*insert in the case of a share as Underlying or Basket Component*., as issued by the Share Issuer].]

["**Underlying Valuation Date**" means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Basket**" means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["**Basket Component**" means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["**Calculation Agent**" means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**" means the screen page as specified in **Table 2** in the Annex.]

[*insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component*: "**Exchange**" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]

["**Coupon Amount**" means the coupon amount as specified in **Table [1][3]** in the Annex.]

["**Coupon Observation Date**" means each of the coupon observation dates as specified in **Table [1][3]** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]]. In the event of the postponement of the Underlying Valuation Date corresponding to the relevant Coupon Observation Date [in respect of one or more Basket Components], the relevant Coupon Observation Date [in relation to [the relevant Basket Component][all Basket Components]] shall be postponed accordingly.]]

["**Coupon Rate**" equals the Average Performance on the Coupon Observation Date allocated to the respective Coupon Payment Date. The "**Average Performance**" on a Coupon Observation Date equals the sum of the Recorded Performances of all Basket Components. The "**Recorded Performance of a Basket Component**" equals – in the case that the Performance of the respective Basket Component is negative - the Performance of the Basket Component divided by the number of Basket Components in the Basket or – in the case that the Performance of the respective Basket Component is zero or positive the Maximum Performance divided by the number of Basket Components in the Basket. The "**Maximum Performance**" equals [●]. The "**Performance of a Basket Component**" equals the Reference Price of the respective Basket Component on the respective Coupon Observation Date divided by its Initial Fixing Level minus 1. [The Coupon Rate is at least zero.]]

["**Coupon Trigger Event**" has occurred if on a Coupon Observation Date the Reference Price [of all Basket Components] [of the Basket Component with the Worst Performance] [reaches or] exceeds the [respective] Coupon Trigger Level relevant for such date.]

["**Coupon Trigger Level**" means the coupon trigger level as specified in **Table 1**[3] in the Annex [with respect to the relevant Basket Component].]

["**Coupon Payment Date**" means the coupon payment date as specified in **Table 1**[3] in the Annex or, if this date is not a Business Day, the next following Business Day. [In the event of the postponement of the relevant Coupon Observation Date, the relevant Coupon Payment Date shall be postponed accordingly.]]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.] [the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.]]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. [*insert in the case of Products with subscription period:* In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.]]

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

[*insert in the case of an index as Underlying or Basket Component:* "**Index Sponsor**" means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**" means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] [*insert Internet site: ●*] [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] [*insert other method for determining Relevant Exchange Rate: ●*]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Minimum Redemption Factor**" means the minimum redemption factor as specified in **Table 1** in the Annex.]

["**Denomination**" means the denomination as specified in **Table 1** in the Annex (as expressed in the Settlement Currency).]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg][the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**" means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**" means, subject to an Early Redemption pursuant to § 7 of the Issue Specific

Conditions or subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Worst Performance**" means [the worst performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated [[- in connection with the determination whether an Autocall Trigger Event has occurred -] by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level [and - in connection with the determination whether a Coupon Trigger Event has occurred or not - by division of the corresponding Reference Price on the respective Coupon Observation Date by the corresponding Initial Fixing Level].]]

["**TARGET2 System**" means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Final Fixing Date**" means [the final fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]].] [In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Scheduled Trading Day**" has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Early Redemption Coupon Amount**" means the Early Redemption Coupon Amount allocated to the respective Autocall Observation Date in **Table 3** in the Annex.]

["**Early Redemption Date**" means each of the early redemption dates as specified in **Table 3** in the Annex or, if an Early Redemption Date is not a Business Day, the next following Business Day. [In the event of the postponement of the relevant Autocall Observation Date, the relevant Early Redemption Date shall be postponed accordingly.]]

["**Website**" means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**" means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Rate Performance**" means the quotient of the Exchange Rate_(Final) and the Exchange Rate_(Initial). "**Exchange Rate_(Final)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other*

currency: ●] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

["**Exchange Rate Sponsor**" means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

§ 4

Redemption

[insert if either COSI or TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to an Early Redemption pursuant to § 7 of the Issue Specific Conditions [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions [the [Denomination][Issue Price] [multiplied by the Exchange Rate Performance]] [the Minimum Redemption Factor multiplied by the [Denomination][Issue Price] (the "**Minimum Redemption Amount**"). [The result is multiplied by the Exchange Rate Performance.] The Redemption Amount will be *[insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (2), as the case may be, and]* commercially rounded to two (2) decimal places.]] *[[and a Minimum Redemption pursuant to paragraph (2) or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions the [Denomination][Issue Price] which simultaneously equals the Maximum Redemption Amount pursuant to paragraph (3), if the Final Fixing Levels of all Basket Components are at or above the Autocall Trigger Level.] [The result is multiplied by the Exchange Rate Performance.]*

The Redemption Amount will be *[insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (4), as the case may be, and]* commercially rounded to two (2) decimal places.

[(2) Minimum Redemption

The Redemption Amount per Product is at least equal to the Minimum Redemption Factor multiplied by the [Denomination][Issue Price] [multiplied by the Exchange Rate Performance] (the "**Minimum Redemption Amount**").

[The Minimum Redemption Amount will be *[insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (4) and]* commercially rounded to two (2) decimal places.]]

(3) Maximum Redemption

The Redemption Amount per Product equals no more than the [Denomination][Issue Price] [multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**").

[The Maximum Redemption Amount will be *[insert if Currency Conversion is applicable: converted*

into the Settlement Currency in accordance with paragraph (4) and] commercially rounded to two (2) decimal places.]]

[insert if Currency Conversion is applicable:

[(2)][(4)] *Currency exchange*

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent *[insert if Quanto is not applicable: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.]**[insert if Quanto is applicable: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("Quanto").]*

[insert if neither COSI nor TCM is applicable:

(1) *Redemption Amount*

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to an Early Redemption pursuant to § 7 of the Issue Specific Conditions [the [Denomination][Issue Price] [multiplied by the Exchange Rate Performance]] [the Minimum Redemption Factor multiplied by the [Denomination][Issue Price] (the "**Minimum Redemption Amount**"). [The result is multiplied by the Exchange Rate Performance.] The Redemption Amount will be *[insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (2), as the case may be, and] commercially rounded to two (2) decimal places.* [[and a Minimum Redemption pursuant to paragraph (2) the [Denomination][Issue Price] which simultaneously equals the Maximum Redemption Amount pursuant to paragraph (3), if the Final Fixing Levels of all Basket Components are at or above the Autocall Trigger Level.] [The result is multiplied by the Exchange Rate Performance.]

The Redemption Amount will be *[insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (4), as the case may be, and] commercially rounded to two (2) decimal places.*

[(2) *Minimum Redemption*

The Redemption Amount per Product is at least equal to the Minimum Redemption Factor multiplied by the [Denomination][Issue Price] [multiplied by the Exchange Rate Performance] (the "**Minimum Redemption Amount**").

[The Minimum Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (4) and] commercially rounded to two (2) decimal places.]]

(3) Maximum Redemption

The Redemption Amount per Product equals no more than the [Denomination] [Issue Price] [multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**").]

[The Maximum Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (4) and] commercially rounded to two (2) decimal places.]]

[*insert if Currency Conversion is applicable*:

[(2)][(4)] Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable*: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][*insert if Quanto is applicable*: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]]

§ 5

Interest, Coupon Payments

[(1) Coupon Payments]

[[If a Coupon Trigger Event has occurred on a Coupon Observation Date, a coupon payment is made in the Settlement Currency for the Products on the applicable Coupon Payment Date in the amount of the Coupon Amount specified for the applicable Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance]. [If a Coupon Trigger Event has not occurred on a Coupon Observation Date, a coupon payment is not made for the Products on the applicable Coupon Payment Date.]] [The Holder receives a coupon payment on the respective Coupon Payment Date in the amount of the Coupon Amount. The Coupon Amount equals the Coupon Rate multiplied by the [Issue Price] [Denomination] [whereby the result is multiplied by the Current Exchange Rate Performance].] [Following an Early Redemption pursuant to § 7 of the Issue Specific Conditions, no further

coupon payments are made.] [If a Coupon Trigger Event has not occurred and [no Barrier Event has occurred][the Final Fixing Level is above the Strike Level], the Holder receives a coupon payment on the final Coupon Payment Date in the amount of the Coupon Amount specified for the final Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance].][The Holder receives a coupon payment on the respective Coupon Payment Date in the amount of the Coupon Amount specified for the applicable Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance]. [Following an Early Redemption pursuant to § 7 of the Issue Specific Conditions, no further coupon payments are made.] In the case of a redemption at the end of the term, the Holder receives a coupon payment on the final Coupon Payment Date in the amount of the Coupon Amount specified for the final Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance].][Provided that on the relevant Coupon Observation Date a Coupon Trigger Event has occurred, a Coupon payment shall be made for the Products on the relevant Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance]. The coupon rate (the "**Coupon Rate**") relevant for the respective Coupon Observation Date is the Coupon Rate for the relevant Coupon Payment Date specified in **Table [1][3]** in the Annex. [If a Coupon Trigger Event has not occurred on a Coupon Observation Date, a coupon payment is not made for the Products on the applicable Coupon Payment Date.]]

[(2) Coupon Amount

The Coupon Amount (the "**Coupon Amount**") is determined by multiplying the [Denomination][Issue Price] by (i) the applicable Coupon Rate for the relevant Coupon Payment Date and by (ii) N [whereby the result is multiplied by the Current Exchange Rate Performance].

"N" means [in the case that

- (a) before the applicable Coupon Observation Date_(t) no Coupon Trigger Event has occurred, the number of Coupon Observation Dates_(t) from Coupon Observation Date₍₁₎ (inclusive) to, in each case, the applicable Coupon Observation Date_(t) (inclusive), and in the case that
- (b) before the applicable Coupon Observation Date_(t) a Coupon Trigger Event has already occurred, the number of Coupon Observation Dates_(t) between the Coupon Observation Date_(t) (exclusive) on which the last Coupon Trigger Event has occurred and the applicable Coupon Observation Date_(t) (inclusive) in each case.][the number of Coupon Observation Dates_(t) from Coupon Observation Date₍₁₎ (inclusive) to the relevant Coupon Observation Date on which a Coupon Trigger Event has occurred.]

[Following an Early Redemption pursuant to § 7 of the Issue Specific Conditions, no further coupon payments are made. The Coupon Amount will be commercially rounded to two (2) decimal places.]]

§ 6**(intentionally left blank)****§ 7****Early Redemption*****(1) Conditions precedent for Early Redemption***

In the event that on any Autocall Observation Date an Autocall Event has occurred, the term of the Products shall end automatically on this Autocall Observation Date without the need for a separate termination of the Products by the Issuer (the "**Early Redemption**"). In this case the Redemption Amount to be paid by the Issuer equals the [Denomination][Issue Price] [plus the Early Redemption Coupon Amount allocated to the Autocall Observation Date on which the Autocall Event has occurred [multiplied by the Current Exchange Rate Performance] [[whereby the result is] multiplied by the Current Exchange Rate Performance].

(2) Notification of Early Redemption

Notice of the occurrence of Early Redemption and the value of the Redemption Amount to be paid per Product in this case shall be published in accordance with § 4 of the General Conditions.

§ 8**Payments*****(1) Payments***

The Issuer shall cause the claimed Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Early Redemption Date (in the case of an Early Redemption pursuant to § 7 of the Issue Specific Conditions) and/or the Redemption Date (in the case that no Early Redemption has occurred). The Issuer shall transfer the respective Coupon Amount in arrears by the Coupon Payment Date via the Paying Agent to the Clearing System for transmitting to the Holders. If the Early Redemption Date, the Redemption Date or a Coupon Payment Date falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be

borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) Transfer of the Redemption Amount in case of termination

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) Taxes, fees or other duties

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:

§ 10

Collateral Secured Instruments (COSI)

(1) Collateralization of the Product

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The

Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail termsheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the

Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [in relation to *[insert ISIN(s): •]* [and]] [Method B: Bond Floor Method] [in relation to *[insert ISIN(s): •]*] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization

zation is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a

private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its

COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for

a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) Liability

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) No authorisation

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

[insert in the case TCM is applicable:

§ 10

Triparty Collateral Management (TCM)

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for

selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and

shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("FISA") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) Currency; Issue Size

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") issues products (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The total nominal amount (the "**Total Nominal Amount**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.

(2) Form

[insert in the case of Swiss Uncertificated Securities:

(a) Uncertificated Securities, Holders

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their

own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"Custody Agent" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:]

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:]

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:]

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form.

[insert in the case of German CBF Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons. The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will as of the Issue Date be represented by a Permanent Global Note:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer aris-

ing from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"Clearing System" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer or an early redemption [insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated] [insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions].

§ 2**Status of the Products**

[insert in the case neither COSI nor TCM is applicable:

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[insert in the case either COSI or TCM is applicable:

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3**Definitions**

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

["**Current Exchange Rate Performance**" means the quotient of the Exchange Rate_(t) and the Exchange Rate_(Initial). "**Exchange Rate_(t)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on [the respective Coupon Observation Date allocated to the relevant Coupon Payment Date] [and/or] [the respective Autocall Observation Date allocated to the relevant Early Redemption Date] [●] on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on the [Initial Fixing Date] [●] on the

Exchange Rate Page or on any replacement page.]

[insert in the case of a share as Underlying or Basket Component: "Share Issuer" means the company that has issued the [Underlying][Basket Component].]

"Initial Fixing Level" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.]

"Initial Fixing Period" means the initial fixing period as specified in **Table 1** in the Annex.]

"Initial Basket Value" means the initial basket value as specified in **Table 1** in the Annex.]

"Number of Basket Component_(i)" [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): $\text{Number of Basket Component}_{(i)} = \frac{[\text{Denomination}][\text{Initial Basket Value}] * \text{Initial Weighting}_{(i)}}{\text{Initial Fixing Level}_{(i)}}$.] [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex.]

"Business Day" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the

case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in [*insert principal financial centre for such currency: ●*].]

[*insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.*]

[*insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.*]

[*insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [*insert currency: ●*]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]*]

["**Issue Price**" means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**" means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**" means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Strike Level**" means the strike level as specified in **Table 1** in the Annex.]

["**Conversion Ratio**" means [the conversion ratio as specified in **Table 1** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level].]][the conversion ratio in respect of the relevant Basket Component as specified in **Table 2** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level] of the respective Basket Component.]] [*insert for Quanto products: [the conversion ratio which is calculated on the Final Fixing Date by dividing the Issue Price with the Final Fixing Level [of the respective Basket Component].] [If the Issuer has received ordinary dividend payments between the Initial Fixing Date (exclusive) and the Final Fixing Date [(exclusive)] [(inclusive)] in respect of the Underlying, the applicable net dividend (i.e. the dividend amount minus taxes) is reinvested, whereby the Conversion Ratio is adjusted ● Business Days after the receipt of the dividend payment by the Issuer.]*]

["**Autocall Observation Date**" means [each of the autocall observation dates as specified in **Table 3** in the Annex or, if such date is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in relation to the relevant Basket Component]. In the event of the postponement of the Underlying Valuation Date corresponding to the relevant Autocall Observation Date [in respect of one or more Basket Components], the relevant Autocall Observation Date [in relation to the relevant Basket Component] shall be postponed accordingly.]]

["**Autocall Event**" has occurred if on an Autocall Observation Date the Reference Price [of all Basket Components] exceeds the [respective] Autocall Trigger Level relevant for such date.]

["**Autocall Trigger Level**" means the Autocall Trigger Level in respect of the relevant Autocall Observation Date [with respect to the relevant Basket Component] as specified in **Table 3** in the Annex.]

["**Barrier Observation Period**" means the barrier observation period as specified in **Table 1** in the Annex.]

["**Barrier Event**" has occurred if [the Final Fixing Level is [equal to or] below the Barrier Level] [the [Price][Reference Price] is [equal to or] below the Barrier Level at any time during the Barrier Observation Period] [*insert in the case of a Basket as Underlying if appropriate:* [the Final Basket Value is equal to or below the Barrier Level as determined by the Calculation Agent] [the [Price][Reference Price] of the Basket is equal to or below the Barrier Level during the Barrier Observation Period, as determined by the Calculation Agent] [the [Price][Reference Price] [Final Fixing Level] of [a][at least one] Basket Component is [equal to or] below the Barrier Level for this Basket Component as specified in **Table [1][2]** in the Annex [at any time during the Barrier Observation Period]], as determined by the Calculation Agent.]]]

["**Barrier Event**" has occurred if [the Final Fixing Level is [equal to or] below the Barrier Level] [the [Price][Reference Price] is [equal to or] below the Barrier Level at any time during the Barrier Observation Period] [*insert in the case of a Basket as Underlying if appropriate:* [the Final Basket Value is equal to or below the Barrier Level as determined by the Calculation Agent] [the [Price][Reference Price] of the Basket is equal to or below the Barrier Level during the Barrier Observation Period, as determined by the Calculation Agent] [the [Price][Reference Price] [Final Fixing Level] of [a][at least one] Basket Component is [equal to or] below the Barrier Level for this Basket Component as specified in **Table [1][2]** in the Annex at any time during the Barrier Observation Period], as determined by the Calculation Agent.]]]

["**Barrier Level**" means the barrier level as specified in **Table 1** in the Annex [with respect to the relevant Basket Component].]

["**Underlying**" means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"]["**Share**"]["**Participation Certificate (Genussschein)**"]["**Security representing Shares**"]["**Commodity**"]["**Currency Exchange Rate**"] ["**Futures Contract**"]["**Fixed Rate Instrument**"]["**Derivative Instrument**"]["**Fund Unit**"]["**Interest Rate**"]["**Reference Rate**"]) [*insert in the case of a share as Underlying or Basket Component:*, as issued by the Share Issuer].]

["**Underlying Valuation Date**" means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Basket**" means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["**Basket Component**" means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["**Calculation Agent**" means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**" means the screen page as specified in **Table 2** in the Annex.]

[insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component: "**Exchange**" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]

["**Coupon Amount**" means the coupon amount as specified in **Table [1][3]** in the Annex.]

["**Coupon Observation Date**" means each of the coupon observation dates as specified in **Table [1][3]** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]]. In the event of the postponement of the Underlying Valuation Date corresponding to the relevant Coupon Observation Date [in respect of one or more Basket Components], the relevant Coupon Observation Date [in relation to [the relevant Basket Component][all Basket Components]] shall be postponed accordingly.]]

["**Coupon Rate**" equals the Average Performance on the Coupon Observation Date allocated to the respective Coupon Payment Date. The "**Average Performance**" on a Coupon Observation Date equals the sum of the Recorded Performances of all Basket Components. The "**Recorded Performance of a Basket Component**" equals – in the case that the Performance of the respective Basket Component is negative - the Performance of the Basket Component divided by the number of Basket Components in the Basket or – in the case that the Performance of the respective Basket Component is zero or positive the Maximum Performance divided by the number of Basket Components in the Basket. The "**Maximum Performance**" equals [●]. The "**Performance of a Basket Component**" equals the Reference Price of the respective Basket Component on the respective Coupon Observation Date divided by its Initial Fixing Level minus 1. [The Coupon Rate is at least zero.]]

["**Coupon Trigger Event**" has occurred if on a Coupon Observation Date the Reference Price [of all Basket Components] exceeds the [respective] Coupon Trigger Level relevant for such date.]

["**Coupon Trigger Level**" means the coupon trigger level as specified in **Table [1][3]** in the Annex [with respect to the relevant Basket Component].]

["**Coupon Payment Date**" means the coupon payment date as specified in **Table [1][3]** in the Annex or, if this date is not a Business Day, the next following Business Day. [In the event of the postponement of the relevant Coupon Observation Date, the relevant Coupon Payment Date shall be postponed accordingly.]]

["**Downside Participation Factor**" means the downside participation factor as specified in **Table 1** in the Annex.]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.] [the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.)]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. [*insert in the case of Products with subscription period: In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.*]]

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

[*insert in the case of an index as Underlying or Basket Component: "Index Sponsor"* means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**" [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] [*insert Internet site: ●*] [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component] means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any re-

placement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] [*insert other method for determining Relevant Exchange Rate: ●*]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Minimum Redemption Factor**" means the minimum redemption factor as specified in **Table 1** in the Annex.]

["**Denomination**" means the denomination as specified in **Table 1** in the Annex (as expressed in the Settlement Currency).]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg]] [the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**" means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**" means, subject to an Early Redemption pursuant to § 7 of the Issue Specific Conditions or subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Worst Performance**" means the worst performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**TARGET2 System**" means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Final Fixing Date**" means [the final fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]].] [In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Scheduled Trading Day**"] has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Early Redemption Date**"] means each of the early redemption dates as specified in **Table 3** in the Annex or, if an Early Redemption Date is not a Business Day, the next following Business Day. [In the event of the postponement of the relevant Autocall Observation Date, the relevant Early Redemption Date shall be postponed accordingly.]]

["**Website**"] means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**"] means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Rate Performance**"] means the quotient of the Exchange Rate_(Final) and the Exchange Rate_(Initial). "**Exchange Rate_(Final)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

["**Exchange Rate Sponsor**"] means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**"] means the paying agent as specified in **Table 1** in the Annex.]

§ 4

Redemption

[insert if either COSI or TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to an Early Redemption pursuant to § 7 of the Issue Specific Conditions or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions the Denomination plus the Additional Amount. [The result is multiplied by the Exchange Rate Performance.] The Additional Amount equals the Downside Participation Factor multiplied by the difference between (i) the Performance of the Basket Component with the Worst Performance and (ii) the quotient of the Strike Level of the Basket Component with the Worst Performance and the Initial Fixing Level of the Basket Component with the Worst Performance. The Redemption Amount equals at least zero.

The "**Performance of the Basket Component**" equals the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor) of the respective Basket Component.

The Redemption Amount will be *[insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (3), as the case may be, and]* commercially rounded to two (2) decimal places.

(2) Maximum Redemption

The Redemption Amount per Product equals no more than the Denomination [multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**").

[The Maximum Redemption Amount will be *[insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (3) and]* commercially rounded to two (2) decimal places.]

[insert if Currency Conversion is applicable:

(3) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent *[insert if Quanto is not applicable: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][insert if Quanto is applicable: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]*

[insert if neither COSI nor TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to an Early Redemption pursuant to § 7 of the Issue Specific Conditions the Denomination plus the Additional Amount. [The result is multiplied by the Exchange Rate Performance.] The Additional Amount equals the Downside Participation Factor multiplied by the difference between (i) the Performance of the Basket Component with the Worst Performance and (ii) the quotient of the Strike Level of the Basket Component with the Worst Performance and the Initial Fixing Level of the Basket Component with the Worst Performance. The Redemption Amount equals at least zero.

The "**Performance of the Basket Component**" equals the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor) of the respective Basket Component.

The Redemption Amount will be *[insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (3), as the case may be, and]* commercially rounded to two (2) decimal places.

(2) Maximum Redemption

The Redemption Amount per Product equals no more than the Denomination [multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**").

[The Maximum Redemption Amount will be *[insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (3) and]* commercially rounded to two (2) decimal places.]

[insert if Currency Conversion is applicable:

(3) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent *[insert if Quanto is not applicable: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.]**[insert if Quanto is applicable: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]*

§ 5**Interest, Coupon Payments****[(1) Coupon Payments]**

[[If a Coupon Trigger Event has occurred on a Coupon Observation Date, a coupon payment is made in the Settlement Currency for the products on the applicable Coupon Payment Date in the amount of the Coupon Amount specified for the applicable Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance]. [If a Coupon Trigger Event has not occurred on a Coupon Observation Date, a coupon payment is not made for the Products on the applicable Coupon Payment Date.] [The Holder receives a coupon payment on the respective Coupon Payment Date in the amount of the Coupon Amount. The Coupon Amount equals the Coupon Rate multiplied by the Issue Price [whereby the result is multiplied by the Current Exchange Rate Performance].] [Following an Early Redemption pursuant to § 7 of the Issue Specific Conditions, no further coupon payments are made.] [If a Coupon Trigger Event has not occurred and [no Barrier Event has occurred][the Final Fixing Level is above the Strike Level], the Holder receives a coupon payment on the final Coupon Payment Date in the amount of the Coupon Amount specified for the final Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance].][The Holder receives

a coupon payment on the respective Coupon Payment Date in the amount of the Coupon Amount specified for the applicable Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance]. [Following an Early Redemption pursuant to § 7 of the Issue Specific Conditions, no further coupon payments are made.] In the case of a redemption at the end of the term, the Holder receives a coupon payment on the final Coupon Payment Date in the amount of the Coupon Amount specified for the final Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance].][Provided that on the relevant Coupon Observation Date a Coupon Trigger Event has occurred, a Coupon payment shall be made for the Products on the relevant Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance]. The coupon rate (the "**Coupon Rate**") relevant for the respective Coupon Observation Date is the Coupon Rate for the relevant Coupon Payment Date specified in **Table 3** in the Annex. [If a Coupon Trigger Event has not occurred on a Coupon Observation Date, a coupon payment is not made for the Products on the applicable Coupon Payment Date.] [Following an Early Redemption pursuant to § 7 of the Issue Specific Conditions, no further coupon payments are made.]]

[(2) Coupon Amount

The Coupon Amount (the "**Coupon Amount**") is determined by multiplying the Denomination by (i) the applicable Coupon Rate for the relevant Coupon Payment Date and by (ii) N [whereby the result is multiplied by the Current Exchange Rate Performance].

"N" means [in the case that

- (a) before the applicable Coupon Observation Date_(t) no Coupon Trigger Event has occurred, the number of Coupon Observation Dates_(t) from Coupon Observation Date₍₁₎ (inclusive) to, in each case, the applicable Coupon Observation Date_(t) (inclusive), and in the case that
- (b) before the applicable Coupon Observation Date_(t) a Coupon Trigger Event has already occurred, the number of Coupon Observation Dates_(t) between the Coupon Observation Date_(t) (exclusive) on which the last Coupon Trigger Event has occurred and the applicable Coupon Observation Date_(t) (inclusive) in each case.] [the number of Coupon Observation Dates_(t) from Coupon Observation Date₍₁₎ (inclusive) to the relevant Coupon Observation Date on which a Coupon Trigger Event has occurred.]

[Following an Early Redemption pursuant to § 7 of the Issue Specific Conditions, no further coupon payments are made. The Coupon Amount will be commercially rounded to two (2) decimal places.]]

§ 6

(intentionally left blank)

§ 7

Early Redemption

(1) Conditions precedent for Early Redemption

In the event that on any Autocall Observation Date an Autocall Event has occurred, the term of the

Products shall end automatically on this Autocall Observation Date without the need for a separate termination of the Products by the Issuer (the "**Early Redemption**"). In this case the Redemption Amount to be paid by the Issuer equals the Denomination [multiplied by the Current Exchange Rate Performance].

(2) Notification of Early Redemption

Notice of the occurrence of Early Redemption and the value of the Redemption Amount to be paid per Product in this case shall be published in accordance with § 4 of the General Conditions.

§ 8

Payments

(1) Payments

The Issuer shall cause the claimed Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Early Redemption Date (in the case of an Early Redemption pursuant to § 7 of the Issue Specific Conditions) and/or the Redemption Date (in the case that no Early Redemption has occurred). The Issuer shall transfer the respective Coupon Amount in arrears by the Coupon Payment Date via the Paying Agent to the Clearing System for transmitting to the Holders. If the Early Redemption Date, the Redemption Date or a Coupon Payment Date falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is

terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) Transfer of the Redemption Amount in case of termination

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) Taxes, fees or other duties

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:

§ 10

Collateral Secured Instruments (COSI)

(1) Collateralization of the Product

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange

a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail termsheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to

[Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in

due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically

only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the

payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) Liability

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) No authorisation

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this	Corresponding definition in these Conditions
§ 10 "Collateral Secured Instruments (COSI)"	
investor	Holder
issuer	Issuer
issuing conditions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10

Triparty Collateral Management (TCM)

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdic-

tion of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provid-

er is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("FISA") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

[insert in the case neither COSI nor TCM is applicable:

§ 10
(intentionally left blank)]

[in the case of Certificates with Cash Settlement and with par value and with unconditional minimum redemption and Partial Redemption Amounts (Product No. 22), insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) Currency; Issue Size

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "Issuer") issues products (each a "Certificate" or a "Product" and together the "Certificates" or the "Products"). The total nominal amount (the "Total Nominal Amount") and the settlement currency (the "Settlement Currency") of the Products are specified in **Table 1** in the Annex.

(2) Form

[insert in the case of Swiss Uncertificated Securities:

(a) Uncertificated Securities, Holders

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their

own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"**Custody Agent**" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form.

[insert in the case of German CBF Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons. The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will as of the Issue Date be represented by a Permanent Global Note:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer aris-

ing from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"**Clearing System**" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer [*insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated*] [*insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions*].

§ 2

Status of the Products

[*insert in the case neither COSI nor TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[*insert in the case either COSI or TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3

Definitions

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

["**Current Exchange Rate Performance**" means the quotient of the Exchange Rate_(t) and the Exchange Rate_(Initial). "**Exchange Rate_(t)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on the respective Partial Redemption Date [●] on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

[*insert in the case of a share as Underlying or Basket Component: "Share Issuer" means the compa-*

ny that has issued the [Underlying][Basket Component].]

["Initial Fixing Level" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.]

["Initial Fixing Period" means the initial fixing period as specified in **Table 1** in the Annex.]

["Number of Basket Component_(i)" [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): Number of Basket Component_(i)= [Denomination][Initial Basket Value] * Initial Weighting_(i) / Initial Fixing Level_(i).] [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex.]

["Business Day" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in *[insert principal financial centre for such currency: ●].*]

[insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro

as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.]

[insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [insert currency: •]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]

["**Issue Price**"] means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**"] means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**"] means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Underlying**"] means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"] ["**Share**"] ["**Participation Certificate (Genussschein)**"] ["**Security representing Shares**"] ["**Commodity**"] ["**Currency Exchange Rate**"] ["**Futures Contract**"] ["**Fixed Rate Instrument**"] ["**Derivative Instrument**"] ["**Fund Unit**"] ["**Interest Rate**"] ["**Reference Rate**"]) *[insert in the case of a share as Underlying or Basket Component:., as issued by the Share Issuer].]*

["**Underlying Valuation Date**"] means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Basket**"] means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["**Basket Component**"] means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["**Calculation Agent**"] means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**"] means the screen page as specified in **Table 2** in the Annex.]

*[insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component: "**Exchange**" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]*

["**Coupon Amount**" means the coupon amount as specified in **Table 1[3]** in the Annex.]

["**Coupon Observation Date**" means each of the coupon observation dates as specified in **Table 1[3]** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]]. In the event of the postponement of the Underlying Valuation Date corresponding to the relevant Coupon Observation Date [in respect of one or more Basket Components], the relevant Coupon Observation Date [in relation to [the relevant Basket Component][all Basket Components]] shall be postponed accordingly.]]

["**Coupon Rate**" equals the Average Performance on the Coupon Observation Date allocated to the respective Coupon Payment Date. The "**Average Performance**" on a Coupon Observation Date equals the sum of the Recorded Performances of all Basket Components. The "**Recorded Performance of a Basket Component**" equals – in the case that the Performance of the respective Basket Component is negative - the Performance of the Basket Component divided by the number of Basket Components in the Basket or – in the case that the Performance of the respective Basket Component is zero or positive the Maximum Performance divided by the number of Basket Components in the Basket. The "**Maximum Performance**" equals [●]. The "**Performance of a Basket Component**" equals the Reference Price of the respective Basket Component on the respective Coupon Observation Date divided by its Initial Fixing Level minus 1. [The Coupon Rate is at least zero.]]

["**Coupon Trigger Event**" has occurred if on a Coupon Observation Date the Reference Price[s] [of all Basket Components] [[is][are] equal to or] exceed[s] the [respective] Coupon Trigger Level relevant for such date.]

["**Coupon Trigger Level**" means the coupon trigger level as specified in **Table 1[3]** in the Annex [with respect to the relevant Basket Component].]

["**Coupon Payment Date**" means the coupon payment date as specified in **Table 1[3]** in the Annex or, if this date is not a Business Day, the next following Business Day. [In the event of the postponement of the relevant Coupon Observation Date, the relevant Coupon Payment Date shall be postponed accordingly.]]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.] [the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.]]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the

day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. *[insert in the case of Products with subscription period: In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.]*

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

*[insert in the case of an index as Underlying or Basket Component: "Index Sponsor" means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]*

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**" [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] *[insert Internet site: ●]* [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] *[insert other method for determining Relevant Exchange Rate: ●]*. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Minimum Redemption Factor**" means the minimum redemption factor as specified in **Table 1** in the Annex.]

["**Denomination**" means the denomination as specified in **Table 1** in the Annex (as expressed in the Settlement Currency).]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of

the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg]] [the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**"] means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**"] means, subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Worst Performance**"] means the worst performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**TARGET2 System**"] means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Partial Redemption Factor**"] means the partial redemption factor as specified in **Table 1** in the Annex.]

["**Partial Redemption Date_(t)**"] means, subject to an extraordinary termination pursuant to § 13 of the Issue Specific Conditions [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions], the partial redemption date_(t) as specified in **Table 3** in the Annex or, if this day is not a Business Day, the next following Business Day. The last Partial Redemption Date_(t) equals the Redemption Date.]

["**Final Fixing Date**"] means [the final fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component]] [all Basket Components]].] [In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Scheduled Trading Day**"] has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Website**"] means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**"] means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Rate Sponsor**"] means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

§ 4
Redemption

[insert if either COSI or TCM is applicable:]

(1) Partial Redemption Amounts

Subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions, on the respective Partial Redemption Date_(t) in each case a Partial Redemption (the "**Partial Redemption**") is made for the Product in the Settlement Currency in the amount of the Denomination multiplied by the Partial Redemption Factor [whereby the result is multiplied by the Current Exchange Rate Performance] (in each case the "**Partial Redemption Amount**").

[The Partial Redemption Amounts will be commercially rounded to two (2) decimal places.]

(2) Minimum Redemption

The total of the Partial Redemption Amounts per Product equals the Minimum Redemption Factor multiplied by the Denomination [whereby the result is multiplied by the Current Exchange Rate Performance] (the "**Minimum Redemption Amount**").

[The Minimum Redemption Amount will be commercially rounded to two (2) decimal places.]

(3) Maximum Redemption

The total of the Partial Redemption Amounts per Product is not greater than the Minimum Redemption Factor multiplied by the Denomination [whereby the result is multiplied by the Current Exchange Rate Performance] (the "**Maximum Redemption Amount**").]

[The Maximum Redemption Amount will be commercially rounded to two (2) decimal places.]

[insert if neither COSI nor TCM is applicable:]

(1) Partial Redemption Amounts

On the respective Partial Redemption Date_(t) in each case a Partial Redemption (the "**Partial Redemption**") is made for the Product in the Settlement Currency in the amount of the Denomination multiplied by the Partial Redemption Factor [whereby the result is multiplied by the Current Exchange Rate Performance] (in each case the "**Partial Redemption Amount**").

[The Partial Redemption Amounts will be commercially rounded to two (2) decimal places.]

(2) Minimum Redemption

The total of the Partial Redemption Amounts per Product equals the Minimum Redemption Factor multiplied by the Denomination [whereby the result is multiplied by the Current Exchange Rate Performance] (the "**Minimum Redemption Amount**").

[The Minimum Redemption Amount will be commercially rounded to two (2) decimal places.]

(3) Maximum Redemption

The total of the Partial Redemption Amounts per Product is not greater than the Minimum Redemption Factor multiplied by the Denomination [whereby the result is multiplied by the Current Exchange Rate Performance] (the "**Maximum Redemption Amount**").]

[The Maximum Redemption Amount will be commercially rounded to two (2) decimal places.]

§ 5

Interest, Coupon Payments

(1) Coupon Payments

[The Holder receives a coupon payment on the respective Coupon Payment Date in the amount of the Coupon Amount. The Coupon Amount equals the Coupon Rate multiplied by the Issue Price [whereby the result is multiplied by the Current Exchange Rate Performance].] [Provided that on the relevant Coupon Observation Date_(t) a Coupon Trigger Event has occurred, a Coupon payment shall be made for the Products on the relevant Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance]. The coupon rate (the "**Coupon Rate_(t)**") relevant for the respective Coupon Observation Date_(t) is the Coupon Rate for the relevant Coupon Payment Date specified in **Table 1** in the Annex. [If a Coupon Trigger Event has not occurred on a Coupon Observation Date, a coupon payment is not made for the Products on the applicable Coupon Payment Date.]

(2) Coupon Amount

The Coupon Amount (the "**Coupon Amount**") is determined by multiplying the Denomination by (i) the applicable Coupon Rate_(t) for the relevant Coupon Payment Date and by (ii) N [whereby the result is multiplied by the Current Exchange Rate Performance].

"N" means in the case that

- (a) before the applicable Coupon Observation Date_(t) no Coupon Trigger Event has occurred, the number of Coupon Observation Dates_(t) from Coupon Observation Date₍₁₎ (inclusive) to, in each case, the applicable Coupon Observation Date_(t) (inclusive), and in the case that
- (b) before the applicable Coupon Observation Date_(t) a Coupon Trigger Event has already occurred, the number of Coupon Observation Dates_(t) between the Coupon Observation Date_(t) (exclusive) on which the last Coupon Trigger Event has occurred and the applicable Coupon Observation Date_(t) (inclusive) in each case.

The Coupon Amount will be commercially rounded to two (2) decimal places.]

§ 6**(intentionally left blank)****§ 7****(intentionally left blank)****§ 8****Payments*****(1) Payments***

The Issuer shall cause the claimed Partial Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Partial Redemption Date_(t). The Issuer shall transfer the respective Coupon Amount in arrears by the Coupon Payment Date_(t) via the Paying Agent to the Clearing System for transmitting to the Holders. If a Partial Redemption Date_(t) or a Coupon Payment Date_(t) falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date

on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) *Transfer of the Redemption Amount in case of termination*

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) *Taxes, fees or other duties*

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:

§ 10

Collateral Secured Instruments (COSI)

(1) *Collateralization of the Product*

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the

two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail termsheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [in relation to *[insert ISIN(s): ●]* [and]] [Method B: Bond Floor Method] [in relation to *[insert ISIN(s): ●]*] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 let-

ter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a

COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current

Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) Secondary Listing

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) Liability

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper

selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) No authorisation

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this	Corresponding definition in these Conditions
§ 10 "Collateral Secured Instruments (COSI)"	
investor	Holder
issuer	Issuer
issuing conditions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10

Triparty Collateral Management (TCM)

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product

and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recov-

ery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entire-

ly until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("**FISA**") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation

Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

**§ 10
(intentionally left blank)]]**

[in the case of Certificates with Cash Settlement and with unconditional minimum redemption (Product No. 23), insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) Currency; Issue Size

[Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") issues products (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The total nominal amount (the "**Total Nominal Amount**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.][Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") issues products without par value (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The number (the "**Number of Products**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.]

(2) Form

[insert in the case of Swiss Uncertificated Securities:

(a) Uncertificated Securities, Holders

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkun-*

de) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"**Custody Agent**" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot

as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form.

[insert in the case of German CBF Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons. The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will as of the Issue Date be represented by a Permanent Global Note:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note

which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by

the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"**Clearing System**" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer [*insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated*] [*insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions*].

§ 2

Status of the Products

[*insert in the case neither COSI nor TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[*insert in the case either COSI or TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3

Definitions

In these Conditions, unless the context otherwise requires, the following defined terms shall have the

meanings set out below:

["**Current Exchange Rate Performance**" means the quotient of the Exchange Rate_(t) and the Exchange Rate_(Initial). "**Exchange Rate_(t)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on [the respective Coupon Observation Date allocated to the relevant Coupon Payment Date] [and/or] [the respective Autocall Observation Date allocated to the relevant Early Redemption Date] [●] on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means [the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.] [the arithmetic mean of the [●] in [the Reference Currency] [●] for 1 unit of the [Settlement Currency] [●] [during the period from [●] to [●]] [on [●]], as determined by the Calculation Agent on the basis of the information published on the Exchange Rate Page or on any replacement page.]]

[insert in the case of a share as Underlying or Basket Component: "**Share Issuer**" means the company that has issued the [Underlying][Basket Component].]

["**Initial Fixing Level**" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.]

["**Initial Fixing Period**" means the initial fixing period as specified in **Table 1** in the Annex.]

["**Number of Basket Component_(i)**" [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Compo-

ment_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): $\text{Number of Basket Component}_{(i)} = \frac{[\text{Denomination}][\text{Initial Basket Value}] * \text{Initial Weighting}_{(i)}}{\text{Initial Fixing Level}_{(i)}}$ [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex.]

["**Barrier Observation Period**"] means the barrier observation period as specified in **Table 1** in the Annex.]

["**Barrier Event**"] has occurred if [the Final Fixing Level is [equal to or] [below][above] the Barrier Level] [the [Price][Reference Price] [[of at least one][a] Basket Component] is [[equal to or] [below] [above] the Barrier Level][[equal to or][below] the Lower Barrier Level] [[equal to or][below] the Upper Barrier Level] at any time during the Barrier Observation Period] [*insert in the case of a Basket as Underlying if appropriate:* [the Final Basket Value is [[equal to or] [below] [above] the Barrier Level] [[equal to or][below] the Lower Barrier Level] [[equal to or][below] the Upper Barrier Level] as determined by the Calculation Agent] [the [Price][Reference Price][Basket Level] of the Basket is [equal to or] [below][above] the Barrier Level] [[equal to or][below] the Lower Barrier Level] [[equal to or][below] the Upper Barrier Level] during the Barrier Observation Period, as determined by the Calculation Agent] [the [Price][Reference Price][Final Fixing Level] of [a][at least one] Basket Component is [[equal to or] [below] [above] the Barrier Level] [[equal to or][below] the Lower Barrier Level] [[equal to or][below] the Upper Barrier Level] for this Basket Component as specified in **Table 1**][**2**] in the Annex at any time during the Barrier Observation Period]], as determined by the Calculation Agent.]

["**Barrier Level**"] means the barrier level as specified in **Table 1** in the Annex [with respect to the relevant Basket Component].]

["**Business Day**"] means

[*insert in the case of Products with Swiss Francs as Settlement Currency:* [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[*insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency:* [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in [*insert principal financial centre for such currency: ●*].]

[*insert in the case of Products with Euro as Settlement Currency:* [(in the case of Products with Euro as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[*insert in the case of Products with US Dollar as Settlement Currency:* [(in the case of Products with US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in

New York and Zurich.]

[insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [insert currency: •]] [in the Business Centre(s)] [if no currency is indicated, insert: in each of the Business Centres].]

["**Issue Price**" means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**" means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**" means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Strike Level**" means the strike level as specified in **Table 1** in the Annex.]

["**Underlying**" means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"]["**Share**"]["**Participation Certificate (Genussschein)**"]["**Security representing Shares**"]["**Commodity**"]["**Currency Exchange Rate**"] ["**Futures Contract**"]["**Fixed Rate Instrument**"]["**Derivative Instrument**"]["**Fund Unit**"]["**Interest Rate**"]["**Reference Rate**"]) *[insert in the case of a share as Underlying or Basket Component: , as issued by the Share Issuer].]*

["**Underlying Valuation Date**" means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Best Performance**" means the best performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**Basket**" means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["**Basket Component**" means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["**Basket Level**" means the sum of the Levels of all Basket Components. The "**Level of a Basket Component**" on an Exchange Business Day means the Number of Basket Component_(i) multiplied by the Reference Price of the relevant Basket Component on such date.]

["**Calculation Agent**" means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**" means the screen page as specified in **Table 2** in the Annex.]

*[insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component: "**Exchange**" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket*

Component] on such temporary substitute exchange or quotation system as on the original Exchange).]

["**Coupon Observation Date**" means each of the coupon observation dates as specified in **Table [1][3]** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]]. In the event of the postponement of the Underlying Valuation Date corresponding to the relevant Coupon Observation Date [in respect of one or more Basket Components], the relevant Coupon Observation Date [in relation to [the relevant Basket Component][all Basket Components]] shall be postponed accordingly.]]

["**Coupon Amount**" means the coupon amount as specified in **Table [1][3]** in the Annex [that is allocated to the respective Coupon Observation Date].]

["**Coupon Rate**" equals the Average Performance on the Coupon Observation Date allocated to the respective Coupon Payment Date. The "**Average Performance**" on a Coupon Observation Date equals the sum of the Recorded Performances of all Basket Components. The "**Recorded Performance of a Basket Component**" equals – in the case that the Performance of the respective Basket Component is negative - the Performance of the Basket Component divided by the number of Basket Components in the Basket or – in the case that the Performance of the respective Basket Component is zero or positive the Maximum Performance divided by the number of Basket Components in the Basket. The "**Maximum Performance**" equals [●]. The "**Performance of a Basket Component**" equals the Reference Price of the respective Basket Component on the respective Coupon Observation Date divided by its Initial Fixing Level minus 1. [The Coupon Rate is at least zero.]]

["**Coupon Trigger Event**" has occurred if on a Coupon Observation Date the Reference Price [of all Basket Components] exceeds the [respective] Coupon Trigger Level relevant for such date.]

["**Coupon Trigger Level**" means the coupon trigger level as specified in **Table [1][3]** in the Annex [with respect to the relevant Basket Component].]

["**Coupon Payment Date**" means the coupon payment date as specified in **Table [1][3]** in the Annex or, if this date is not a Business Day, the next following Business Day. [In the event of the postponement of the relevant Coupon Observation Date, the relevant Coupon Payment Date shall be postponed accordingly.]]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.] [the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.]]

["**Final Basket Value**" means the sum of the Final Levels of all Basket Components.]

["**Final Level of a Basket Component**" means the Final Fixing Level of the Basket Component multiplied by the [Number of Basket Component][Initial Weighting_(i)]. Accordingly, the Final Level of a Basket Component will be calculated as follows:

$$\text{Final Level of a Basket Component} = Ff_{(i)} * W_{(i)}$$

whereby

"Ff_(i)" means the Final Fixing Level of the Basket Component_(i) and

"W_(i)" means the [Number of Basket Component][Initial Weighting_(i)].]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. *[insert in the case of Products with subscription period: In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.]*]

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

["**Maximum Redemption Factor**" means the maximum redemption factor as specified in **Table 1** in the Annex.]

[insert in the case of an index as Underlying or Basket Component: "Index Sponsor" means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**" [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] *[insert Internet site: ●]* [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page

of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] [*insert other method for determining Relevant Exchange Rate: ●*]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Minimum Redemption Factor**"] means the minimum redemption factor as specified in **Table 1** in the Annex.]

["**Denomination**"] means the denomination as specified in **Table 1** in the Annex (as expressed in the Settlement Currency).]

["**Upper Barrier Level**"] means the upper barrier level as specified in **Table 1** in the Annex.]

["**Participation Factor**"] means the participation factor as specified in **Table 1** in the Annex.]

["**Rebate Coupon Amount**"] means the rebate coupon amount as specified in **Table 1** in the Annex.]

["**Rebate Coupon Rate**"] means the rebate coupon rate as specified in **Table 1** in the Annex.]

["**Reference Price**"] means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg][the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]]

["**Reference Currency**"] means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**"] means, subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Worst Performance**"] means the worst performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**TARGET2 System**"] means the Trans-European Automated Real-time Gross Settlement Express

Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Final Fixing Date**" means [the final fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]].] [In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Scheduled Trading Day**" has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Website**" means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**" means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Rate Performance**" means the quotient of the Exchange Rate_(Final) and the Exchange Rate_(Initial). "**Exchange Rate_(Final)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the [Initial Fixing Date] [*●*] on the Exchange Rate Page or on any replacement page.]

["**Exchange Rate Sponsor**" means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

§ 4

Redemption

[insert if either COSI or TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions [the [Issue Price][Denomination] multiplied by the Minimum Redemption Factor. [The result is multiplied by the Exchange Rate Performance.]] [the Redemption Amount specified in **Table [3]**[*if applicable, insert other table number: ●*] in the Annex depending on the Performance of the Basket Component with the Worst Performance, whereby the Redemption Amount is at least equal to the Minimum Redemption Amount pursuant to paragraph (2) and not greater than the Maximum Redemption Amount pursuant to paragraph (3). [The result is multiplied by the Exchange Rate Performance.] The "**Performance of the Basket Component**" equals the Final Fixing Level of the Basket Component divided by the Initial Fixing Level of the respective Basket Component.] [and subject to a Minimum Redemption pursuant to paragraph (2) the [Denomination][Issue Price] multiplied by the sum of [(A) the Min-

imum Redemption Factor and (B) the Participation Factor multiplied by the Final Basket Performance. The "**Final Basket Performance**" means the sum of the Performances of all Basket Components. "**Performance of a Basket Component**" means the Initial Weighting_(i) multiplied by the difference between (A) the Strike Level and (B) the quotient of the Final Fixing Level and the Initial Fixing Level of the respective Basket Component] [(A) the Minimum Redemption Factor and (B) the Participation Factor multiplied by the difference between the Strike Level and the Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] divided by the Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance].] [The result is multiplied by the Exchange Rate Performance.] [and subject to a Minimum Redemption pursuant to paragraph (2), (i) - in the case that the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] [Final Basket Value] is above its [Initial Fixing Level] [Initial Basket Value] - the [Issue Price][Denomination] or (ii) - in the case that the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] [Final Basket Value] is above its Strike Level, but at or below its [Initial Fixing Level][Initial Basket Value] - the [Issue Price][Denomination] multiplied by the [Performance of the Underlying] [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] divided by its Initial Fixing Level] [Final Basket Value divided by the Initial Basket Value]. [The respective result is multiplied by the Exchange Rate Performance.] [and subject to a Minimum Redemption pursuant to paragraph (2), (i) - in the case that a Barrier Event has not occurred and the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] [Final Basket Value] is equal to above its [Initial Fixing Level] [Initial Basket Value] - the [Denomination][Issue Price] multiplied by the [Performance of the Underlying] [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] divided by its Initial Fixing Level] [Final Basket Value divided by the Initial Basket Value]; or (ii) - in the case that a Barrier Event has not occurred and the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] [Final Basket Value] is below its [Initial Fixing Level] [Initial Basket Value] - the [Denomination][Issue Price] multiplied by the difference between (A) 200 % and the [Performance of the Underlying] [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] divided by its Initial Fixing Level] [Final Basket Value divided by the Initial Basket Value]. [The respective result is multiplied by the Exchange Rate Performance.] [The "**Performance of the Underlying**" equals the Final Fixing Level divided by the Initial Fixing Level.] [in the case that the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] is above its Strike Level and subject to a Minimum Redemption pursuant to paragraph (2), the Issue Price multiplied by the sum of (i) the Minimum Redemption Factor and (ii) the Participation Factor multiplied by the quotient of (A) the difference between the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] and its Strike Level and (B) the Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance]].] [The respective result is multiplied by the Exchange Rate Performance.] [and subject to a Minimum Redemption pursuant to paragraph (2), (i) - in the case that a Barrier Event has not occurred and the [Performance of the [Underlying] [Basket Component with the [Worst][Best] Performance]] [Final Basket Performance] is positive, the Issue Price multiplied by the sum of (A) the Minimum Redemption Factor and (B) the product of the Participation Factor and the [Performance of the [Underlying] [Basket Component with the [Worst] [Best] Performance]] [Final Basket Performance] or (ii) - in the case that a Barrier Event has occurred, the Issue Price multiplied by the Minimum Re-

demption Factor plus the Rebate Coupon Amount. [The respective result is multiplied by the Exchange Rate Performance.] [The "**Performance of the Underlying**" equals the Final Fixing Level divided by the Initial Fixing Level minus 1.] [The "**Performance of the Basket Component**" equals the Final Fixing Level of the Basket Component divided by the Initial Fixing Level of the respective Basket Component minus 1.] [The "**Final Basket Performance**" means the sum of the Performances of all Basket Components. "**Performance of a Basket Component**" means the Initial Weighting⁽ⁱ⁾ multiplied by the Final Fixing Level of the Basket Component divided by the Initial Fixing Level of the respective Basket Component minus 1.]]

The Redemption Amount will be commercially rounded to two (2) decimal places.]

[

(2) Minimum Redemption

[The Redemption Amount equals at least the [Denomination][Issue Price] multiplied by the Minimum Redemption Factor [whereby the result is multiplied by the Exchange Rate Performance] (the "**Minimum Redemption Amount**").][If the Final Basket Performance is zero or negative the Redemption Amount equals the [Denomination][Issue Price] multiplied by the Minimum Redemption Factor [whereby the result is multiplied by the Exchange Rate Performance] (the "**Minimum Redemption Amount**").] [If [the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] [Final Basket Value] is at or below its Strike Level] [a Barrier Event has occurred] the Redemption Amount equals the [Issue Price][Denomination] multiplied by the Minimum Redemption Factor [whereby the result is multiplied by the Exchange Rate Performance] (the "**Minimum Redemption Amount**").][If a Barrier Event has not occurred and the [Performance of the [Underlying] [Basket Component with the [Worst][Best] Performance]] [Final Basket Performance] is negative or zero (0) the Redemption Amount equals the Issue Price multiplied by the Minimum Redemption Factor (the "**Minimum Redemption Amount**").]

[The Minimum Redemption Amount will be commercially rounded to two (2) decimal places.]]

[(3) Maximum Redemption

The Redemption Amount equals no more that the [Denomination][Issue Price] multiplied by the Maximum Redemption Factor [whereby the result is multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**").]

[The Maximum Redemption Amount will be commercially rounded to two (2) decimal places.]

[insert if neither COSI nor TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals [the [Issue Price][Denomination] multiplied by the Minimum Redemption Factor. [The result is multiplied by the Exchange Rate Performance.]] [the Redemption Amount specified in **Table [3]***[if applicable, insert other table number: •]* in the Annex depending on the Performance of the Basket Component with

the Worst Performance, whereby the Redemption Amount is at least equal to the Minimum Redemption Amount pursuant to paragraph (2) and not greater than the Maximum Redemption Amount pursuant to paragraph (3). [The result is multiplied by the Exchange Rate Performance.] The "**Performance of the Basket Component**" equals the Final Fixing Level of the Basket Component divided by the Initial Fixing Level of the respective Basket Component.], subject to a Minimum Redemption pursuant to paragraph (2), the [Denomination][Issue Price] multiplied by the sum of [(A) the Minimum Redemption Factor and (B) the Participation Factor multiplied by the Final Basket Performance. The "**Final Basket Performance**" means the sum of the Performances of all Basket Components. "**Performance of a Basket Component**" means the Initial Weighting⁽ⁱ⁾ multiplied by the difference between (A) the Strike Level and (B) the quotient of the Final Fixing Level and the Initial Fixing Level of the respective Basket Component.] [(A) the Minimum Redemption Factor and (B) the Participation Factor multiplied by the difference between the Strike Level and the Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] divided by the Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance].] [The result is multiplied by the Exchange Rate Performance.] [, subject to a Minimum Redemption pursuant to paragraph (2), (i) - in the case that the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] [Final Basket Value] is above its [Initial Fixing Level] [Initial Basket Value] - the [Issue Price][Denomination] or (ii) - in the case that the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] [Final Basket Value] is above its Strike Level, but at or below its [Initial Fixing Level][Initial Basket Value] - the [Issue Price][Denomination] multiplied by the [Performance of the Underlying] [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] divided by its Initial Fixing Level] [Final Basket Value divided by the Initial Basket Value]. [The respective result is multiplied by the Exchange Rate Performance.] [and subject to a Minimum Redemption pursuant to paragraph (2), (i) - in the case that a Barrier Event has not occurred and the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] [Final Basket Value] is equal to above its [Initial Fixing Level] [Initial Basket Value] - the [Denomination][Issue Price] multiplied by the [Performance of the Underlying] [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] divided by its Initial Fixing Level] [Final Basket Value divided by the Initial Basket Value]; or (ii) - in the case that a Barrier Event has not occurred and the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] [Final Basket Value] is below its [Initial Fixing Level] [Initial Basket Value] - the [Denomination][Issue Price] multiplied by the difference between (A) 200 % and the [Performance of the Underlying] [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] divided by its Initial Fixing Level] [Final Basket Value divided by the Initial Basket Value]. [The respective result is multiplied by the Exchange Rate Performance.] [The "**Performance of the Underlying**" equals the Final Fixing Level divided by the Initial Fixing Level.] [in the case that the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] is above its Strike Level and subject to a Minimum Redemption pursuant to paragraph (2), the Issue Price multiplied by the sum of (i) the Minimum Redemption Factor and (ii) the Participation Factor multiplied by the quotient of (A) the difference between the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] and its Strike Level and (B) the Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance]].] [The respective result is multiplied by the Exchange Rate Performance.] [and subject to

a Minimum Redemption pursuant to paragraph (2), (i) - in the case that a Barrier Event has not occurred and the [Performance of the [Underlying] [Basket Component with the [Worst][Best] Performance]] [Final Basket Performance] is positive, the Issue Price multiplied by the sum of (A) the Minimum Redemption Factor and (B) the product of the Participation Factor and the [Performance of the [Underlying] [Basket Component with the [Worst] [Best] Performance]] [Final Basket Performance] or (ii) - in the case that a Barrier Event has occurred, the Issue Price multiplied by the Minimum Redemption Factor plus the Rebate Coupon Amount. [The respective result is multiplied by the Exchange Rate Performance.] [The "**Performance of the Underlying**" equals the Final Fixing Level divided by the Initial Fixing Level minus 1.] [The "**Performance of the Basket Component**" equals the Final Fixing Level of the Basket Component divided by the Initial Fixing Level of the respective Basket Component minus 1.] [The "**Final Basket Performance**" means the sum of the Performances of all Basket Components. The Redemption Amount will be commercially rounded to two (2) decimal places.]

[

(2) Minimum Redemption

[The Redemption Amount equals at least the [Denomination][Issue Price] multiplied by the Minimum Redemption Factor [whereby the result is multiplied by the Exchange Rate Performance] (the "**Minimum Redemption Amount**").][If the Final Basket Performance is zero or negative the Redemption Amount equals the [Denomination] [Issue Price] multiplied by the Minimum Redemption Factor [whereby the result is multiplied by the Exchange Rate Performance] (the "**Minimum Redemption Amount**").] [If [the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] [Final Basket Value] is at or below its Strike Level] [a Barrier Event has occurred] the Redemption Amount equals the [Issue Price][Denomination] multiplied by the Minimum Redemption Factor [whereby the result is multiplied by the Exchange Rate Performance] (the "**Minimum Redemption Amount**").][If a Barrier Event has not occurred and the [Performance of the [Underlying] [Basket Component with the [Worst][Best] Performance]] [Final Basket Performance] is negative or zero (0) the Redemption Amount equals the Issue Price multiplied by the Minimum Redemption Factor (the "**Minimum Redemption Amount**")..]

[The Minimum Redemption Amount will be commercially rounded to two (2) decimal places.]]

[(3) Maximum Redemption

The Redemption Amount equals no more that the [Denomination] [Issue Price] multiplied by the Maximum Redemption Factor [whereby the result is multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**")..]

[The Maximum Redemption Amount will be commercially rounded to two (2) decimal places.]

§ 5

Interest, Coupon Payments

[The Products bear no interest.] [The Holder receives a coupon payment on the respective Coupon Payment Date in the amount of the Coupon Amount. The Coupon Amount equals the Coupon Rate multiplied by the [Issue Price] [Denomination] [whereby the result is multiplied by the Current Exchange Rate Performance] (the "**Coupon Amount**").] [If a Coupon Trigger Event has occurred on a Coupon Observation Date, a coupon payment is made in the Settlement Currency for the products on the applicable Coupon Payment Date in the amount of the Coupon Amount [whereby the amount is multiplied by the Current Exchange Rate Performance].] [If a Coupon Trigger Event has not occurred on a Coupon Observation Date, a coupon payment is not made for the Products on the applicable Coupon Payment Date.]]

§ 6

(intentionally left blank)

§ 7

(intentionally left blank)

§ 8

Payments

(1) Payments

The Issuer shall cause the claimed Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Redemption Date. [The Issuer shall transfer the Coupon Amount in arrears by the Coupon Payment Date via the Paying Agent to the Clearing System for transmitting to the Holders.]

If a Redemption Date [and/or Coupon Payment Date] falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be

borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) Transfer of the Redemption Amount in case of termination

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) Taxes, fees or other duties

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:

§ 10

Collateral Secured Instruments (COSI)

(1) Collateralization of the Product

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The

Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail termsheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the

Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [in relation to *[insert ISIN(s): •]* [and]] [Method B: Bond Floor Method] [in relation to *[insert ISIN(s): •]*] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization

zation is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a

private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its

COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for

a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) Liability

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) No authorisation

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this	Corresponding definition in these Conditions

§ 10

Triparty Collateral Management (TCM)

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for

selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and

shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("FISA") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

[insert in the case neither COSI nor TCM is applicable:

§ 10
(intentionally left blank)]

[in the case of Capped Certificates with Cash Settlement and with unconditional minimum redemption (Product No. 24), insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) Currency; Issue Size

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") issues products (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The total nominal amount (the "**Total Nominal Amount**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.

(2) Form

[insert in the case of Swiss Uncertificated Securities:

(a) Uncertificated Securities, Holders

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their

own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"**Custody Agent**" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:]

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:]

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:]

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form.

[insert in the case of German CBF Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons. The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will as of the Issue Date be represented by a Permanent Global Note:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer aris-

ing from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"**Clearing System**" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer [*insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated*] [*insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions*].

§ 2

Status of the Products

[*insert in the case neither COSI nor TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[*insert in the case either COSI or TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3

Definitions

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

["**Current Exchange Rate Performance**" means the quotient of the Exchange Rate_(t) and the Exchange Rate_(Initial). "**Exchange Rate_(t)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on [the respective Coupon Observation Date allocated to the relevant Coupon Payment Date] [●] on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

[insert in the case of a share as Underlying or Basket Component: "Share Issuer" means the company that has issued the [Underlying][Basket Component].]

"Initial Fixing Level" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.]

"Initial Fixing Period" means the initial fixing period as specified in **Table 1** in the Annex.]

"Initial Basket Value" means the initial basket value as specified in **Table 1** in the Annex.]

"Number of Basket Component_(i)" [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): $\text{Number of Basket Component}_{(i)} = \frac{[\text{Denomination}][\text{Initial Basket Value}] * \text{Initial Weighting}_{(i)}}{\text{Initial Fixing Level}_{(i)}}$.] [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex.]

"Business Day" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets set-

tle payments in [*insert principal financial centre for such currency: ●*].]

[*insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)]* a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[*insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with US Dollar as Settlement Currency)]* a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.]

[*insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [*insert currency: ●*]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]*]

["**Issue Price**" means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**" means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**" means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Barrier Observation Period**" means the barrier observation period as specified in **Table 1** in the Annex.]

["**Barrier Event**" has occurred if [the Final Fixing Level is [equal to or] below the Barrier Level] [the [Price][Reference Price] is [equal to or] below the Barrier Level at any time during the Barrier Observation Period] [*insert in the case of a Basket as Underlying if appropriate: [the Final Basket Value is equal to or below the Barrier Level as determined by the Calculation Agent] [the [Price][Reference Price] of the Basket is equal to or below the Barrier Level during the Barrier Observation Period, as determined by the Calculation Agent] [the [Price][Reference Price] [Final Fixing Level] of [a][at least one] Basket Component is [equal to or] below the Barrier Level for this Basket Component as specified in **Table 1**][**2**] in the Annex at any time during the Barrier Observation Period], as determined by the Calculation Agent.]]]*

["**Barrier Level**" means the barrier level as specified in **Table 1** in the Annex [with respect to the relevant Basket Component].]

["**Underlying**" means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"] ["**Share**"] ["**Participation Certificate (Genussschein)**"] ["**Security representing Shares**"] ["**Commodity**"] ["**Currency Exchange Rate**"] ["**Futures Contract**"] ["**Fixed Rate Instrument**"] ["**Derivative Instrument**"] ["**Fund Unit**"] ["**Interest Rate**"] ["**Reference Rate**"]) [*insert in the case of a share as Underlying or Basket Component: , as issued by the Share Issuer.*]

["**Underlying Valuation Date**" means [each of the dates] [the date] as specified in **Table 1** in the An-

nex.]

["**Basket**" means the Basket comprising the basket components as specified in **Tables 1 and 2** in the Annex.]

["**Basket Component**" means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["**Calculation Agent**" means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**" means the screen page as specified in **Table 2** in the Annex.]

*[insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component: "Exchange" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]*

["**Bonus Level**" means the bonus level as specified in **Table 1** in the Annex.]

["**Cap Level**" means the Cap Level as specified in **Table 1** in the Annex.]

["**Coupon Observation Date**" means each of the coupon observation dates as specified in **Table [1][3]** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]]. In the event of the postponement of the Underlying Valuation Date corresponding to the relevant Coupon Observation Date [in respect of one or more Basket Components], the relevant Coupon Observation Date [in relation to [the relevant Basket Component][all Basket Components]] shall be postponed accordingly.]]

["**Coupon Rate**" equals the Average Performance on the Coupon Observation Date allocated to the respective Coupon Payment Date. The "**Average Performance**" on a Coupon Observation Date equals the sum of the Recorded Performances of all Basket Components. The "**Recorded Performance of a Basket Component**" equals – in the case that the Performance of the respective Basket Component is negative - the Performance of the Basket Component divided by the number of Basket Components in the Basket or – in the case that the Performance of the respective Basket Component is zero or positive the Maximum Performance divided by the number of Basket Components in the Basket. The "**Maximum Performance**" equals [●]. The "**Performance of a Basket Component**" equals the Reference Price of the respective Basket Component on the respective Coupon Observation Date divided by its Initial Fixing Level minus 1. [The Coupon Rate is at least zero.]]

["**Coupon Payment Date**" means the coupon payment date as specified in **Table [1][3]** in the Annex or, if this date is not a Business Day, the next following Business Day. [In the event of the postponement of the relevant Coupon Observation Date, the relevant Coupon Payment Date shall be postponed accordingly.]]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.][means the Final Basket Value on the Final Fixing Date.] [the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.)]

["**Final Basket Value**" means the sum of the Final Levels of all Basket Components.]

["**Final Level of a Basket Component**" means the Final Fixing Level of the Basket Component multiplied by the [Number of Basket Component][Initial Weighting_(i)]. Accordingly, the Final Level of a Basket Component will be calculated as follows:

$$\text{Final Level of a Basket Component} = \text{Ff}_{(i)} * \text{W}_{(i)}$$

whereby

"Ff_(i)" means the Final Fixing Level of the Basket Component_(i) and

"W_(i)" means the [Number of Basket Component][Initial Weighting_(i)].]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. [*insert in the case of Products with subscription period: In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.*]]

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

[*insert in the case of an index as Underlying or Basket Component: "Index Sponsor"* means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**" [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] [*insert Internet site: ●*] [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] [*insert other method for determining Relevant Exchange Rate: ●*]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Minimum Redemption Factor**" means the minimum redemption factor as specified in **Table 1** in the Annex.]

["**Denomination**" means the denomination as specified in **Table 1** in the Annex (as expressed in the Settlement Currency).]

["**Participation Factor**" means the participation factor as specified in **Table 1** in the Annex.]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg]] [the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**" means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**" means, subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Worst Performance**" means the worst performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**TARGET2 System**" means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Final Fixing Date**" means [the final fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]].] [In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Scheduled Trading Day**" has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Website**" means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**" means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Rate Performance**" means the quotient of the Exchange Rate_(Final) and the Exchange Rate_(Initial). "**Exchange Rate_(Final)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

["**Exchange Rate Sponsor**" means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

§ 4

Redemption

[insert if either COSI or TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to a Minimum Redemption pursuant to paragraph (2) and a Maximum Redemption pursuant to paragraph (3) or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions, the [Denomination][Issue Price] multiplied by the total of (i) the Minimum Redemption Factor and (ii) the Participation Factor multiplied by the Performance of the [Underlying][Basket Component with the Worst Performance]. [The result is multiplied by the Exchange Rate Performance.]

[The "**Performance of the Underlying**" equals the quotient of (i) the difference between the Final Fixing Level and the Initial Fixing Level and (ii) the Initial Fixing Level.][The "**Performance of the Basket Component**" equals the quotient of (i) the difference between the Final Fixing Level and the Initial Fixing Level and (ii) the Initial Fixing Level of the respective Basket Component].

The Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (4), as the case may be, and] commercially rounded to two (2) decimal places.

(2) Minimum Redemption

[The Redemption Amount equals the [Denomination][Issue Price] multiplied by the Minimum Redemption Factor [whereby the result is multiplied by the Exchange Rate Performance] if the Final Fixing Level is at or below the Initial Fixing Level (the "**Minimum Redemption Amount**")][The Redemption Amount equals the [Denomination][Issue Price] multiplied by the Minimum Redemption Factor [whereby the result is multiplied by the Exchange Rate Performance] if the Final Fixing Level of the Basket Component with the Worst Performance is at or below the Initial Fixing Level (the "**Minimum Redemption Amount**")].

The Minimum Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (4), as the case may be, and] commercially rounded to two (2) decimal places.

(3) Maximum Redemption

[The Redemption Amount equals the [Denomination][Issue Price] multiplied by the total of (i) the Minimum Redemption Factor and (ii) the Participation Factor multiplied by the difference between the Cap Level and 100 per cent. [whereby the result is multiplied by the Exchange Rate Performance], if the Final Fixing Level exceeds the Initial Fixing Level multiplied by the Cap Level (the "**Maximum Redemption Amount**")][The Redemption Amount equals the [Denomination][Issue Price] multiplied by the total of (i) the Minimum Redemption Factor and (ii) the Participation Factor multiplied by the difference between the Cap Level and 100 per cent. [whereby the result is multiplied by the Exchange Rate Performance], if the Final Fixing Level of the Basket Component with the Worst Performance exceeds the Initial Fixing Level multiplied by the Cap Level (the "**Maximum Redemption Amount**")].

The Maximum Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (4), as the case may be, and] commercially rounded to two (2) decimal places.

[*insert if Currency Conversion is applicable*:

(4) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable*: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Ex-

change Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][*insert if Quanto is applicable: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("Quanto").*]]

[*insert if neither COSI nor TCM is applicable:*

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to a Minimum Redemption pursuant to paragraph (2) and a Maximum Redemption pursuant to paragraph (3), the [Denomination][Issue Price] multiplied by the total of (i) the Minimum Redemption Factor and (ii) the Participation Factor multiplied by the Performance of the [Underlying][Basket Component with the Worst Performance]. [The result is multiplied by the Exchange Rate Performance.]

[The "**Performance of the Underlying**" equals the quotient of (i) the difference between the Final Fixing Level and the Initial Fixing Level and (ii) the Initial Fixing Level][The "**Performance of the Basket Component**" equals the quotient of (i) the difference between the Final Fixing Level and the Initial Fixing Level and (ii) the Initial Fixing Level of the respective Basket Component].

The Redemption Amount will be [*insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (4), as the case may be, and]* commercially rounded to two (2) decimal places.

(2) Minimum Redemption

[The Redemption Amount equals the [Denomination][Issue Price] multiplied by the Minimum Redemption Factor [whereby the result is multiplied by the Exchange Rate Performance] if the Final Fixing Level is at or below the Initial Fixing Level (the "**Minimum Redemption Amount**")][The Redemption Amount equals the [Denomination][Issue Price] multiplied by the Minimum Redemption Factor [whereby the result is multiplied by the Exchange Rate Performance] if the Final Fixing Level of the Basket Component with the Worst Performance is at or below the Initial Fixing Level (the "**Minimum Redemption Amount**")].

The Minimum Redemption Amount will be [*insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (4), as the case may be, and]* commercially rounded to two (2) decimal places.

(3) Maximum Redemption

[The Redemption Amount equals the [Denomination][Issue Price] multiplied by the total of (i) the

Minimum Redemption Factor and (ii) the Participation Factor multiplied by the difference between the Cap Level and 100 per cent. [whereby the result is multiplied by the Exchange Rate Performance], if the Final Fixing Level exceeds the Initial Fixing Level multiplied by the Cap Level (the "**Maximum Redemption Amount**")][The Redemption Amount equals the [Denomination][Issue Price] multiplied by the total of (i) the Minimum Redemption Factor and (ii) the Participation Factor multiplied by the difference between the Cap Level and 100 per cent. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][*insert if Quanto is applicable*: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]

§ 5

Interest, Coupon Payments

[The Products bear no interest.] [The Holder receives a coupon payment on the respective Coupon Payment Date in the amount of the Coupon Amount. The Coupon Amount equals the Coupon Rate multiplied by the Issue Price [whereby the result is multiplied by the Current Exchange Rate Performance] (the "**Coupon Amount**").]

§ 6

(intentionally left blank)

§ 7

(intentionally left blank)

§ 8

Payments

(1) Payments

The Issuer shall cause the claimed Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Redemption Date. [The Issuer shall transfer the Coupon Amount in arrears by the Coupon Payment Date via the Paying Agent to the Clearing System for transmitting to the Holders.]

If a Redemption Date [and/or Coupon Payment Date] falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated]

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date

on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) Transfer of the Redemption Amount in case of termination

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) Taxes, fees or other duties

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:

§ 10

Collateral Secured Instruments (COSI)

(1) Collateralization of the Product

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the

two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail termsheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 let-

ter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a

COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current

Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) *Liability*

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper

selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) No authorisation

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this	Corresponding definition in these Conditions
§ 10 "Collateral Secured Instruments (COSI)"	
investor	Holder
issuer	Issuer
issuing conditions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10

Triparty Collateral Management (TCM)

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product

and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recov-

ery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entire-

ly until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("**FISA**") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation

Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

[insert in the case neither COSI nor TCM is applicable:

§ 10
(intentionally left blank)]

[in the case of *Inverse Bonus Certificates with Cash Settlement (Product No. 25)*, insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) *Currency; Issue Size*

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") issues products without par value (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The number (the "**Number of Products**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.

(2) *Form*

[insert in the case of *Swiss Uncertificated Securities*:

(a) **Uncertificated Securities, Holders**

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or

transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"**Custody Agent**" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form.

[insert in the case of German CBF Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons. The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will as of the Issue Date be represented by a Permanent Global Note:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer aris-

ing from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"**Clearing System**" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer [*insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated*] [*insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions*].

§ 2**Status of the Products**

[*insert in the case neither COSI nor TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[*insert in the case either COSI or TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3**Definitions**

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

["**Current Exchange Rate Performance**" means the quotient of the Exchange Rate_(t) and the Exchange Rate_(Initial). "**Exchange Rate_(t)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on [the respective Coupon Observation Date allocated to the relevant Coupon Payment Date] [●] on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

[insert in the case of a share as Underlying or Basket Component: "Share Issuer" means the company that has issued the [Underlying][Basket Component].]

"Initial Fixing Level" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.]

"Initial Fixing Period" means the initial fixing period as specified in **Table 1** in the Annex.]

"Initial Basket Value" means the initial basket value as specified in **Table 1** in the Annex.]

"Number of Basket Component_(i)" [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): Number of Basket Component_(i)= [Denomination][Initial Basket Value] * Initial Weighting_(i) / Initial Fixing Level_(i).] [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex.]

"Business Day" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets set-

tle payments in [*insert principal financial centre for such currency: ●*].]

[*insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)]* a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[*insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with US Dollar as Settlement Currency)]* a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.]

[*insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [*insert currency: ●*]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]*]

["**Issue Price**" means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**" means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**" means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Strike Level**" means the strike level as specified in **Table 1** in the Annex.]

["**Conversion Ratio**" means [the conversion ratio as specified in **Table 1** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level].]][the conversion ratio in respect of the relevant Basket Component as specified in **Table 2** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level] of the respective Basket Component.]] [*insert for Quanto products: [the conversion ratio which is calculated on the Final Fixing Date by dividing the Issue Price with the Final Fixing Level [of the respective Basket Component].] [If the Issuer has received ordinary dividend payments between the Initial Fixing Date (exclusive) and the Final Fixing Date [(exclusive)] [(inclusive)] in respect of the Underlying, the applicable net dividend (i.e. the dividend amount minus taxes) is reinvested, whereby the Conversion Ratio is adjusted ● Business Days after the receipt of the dividend payment by the Issuer.]*]

["**Barrier Observation Period**" means the barrier observation period as specified in **Table 1** in the Annex.]

["**Barrier Event**" has occurred if [the Final Fixing Level is [equal to or] above the Barrier Level] [the [Price][Reference Price] is [equal to or] above the Barrier Level at any time during the Barrier Observation Period] [*insert in the case of a Basket as Underlying if appropriate: [the Final Basket Value is equal to or above the Barrier Level as determined by the Calculation Agent] [the [Price][Reference Price] of the Basket is equal to or above the Barrier Level during the Barrier Observation Period, as determined by the Calculation Agent] [the [Price][Reference Price] [Final Fixing Level] of [a][at least*

one] Basket Component is [equal to or] above the Barrier Level for this Basket Component as specified in **Table [1][2]** in the Annex at any time during the Barrier Observation Period], as determined by the Calculation Agent.]]]

["**Barrier Level**" means the barrier level as specified in **Table 1** in the Annex [with respect to the relevant Basket Component].]

["**Underlying**" means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"]["**Share**"]["**Participation Certificate (Genussschein)**"]["**Security representing Shares**"]["**Commodity**"]["**Currency Exchange Rate**] ["**Futures Contract**"]["**Fixed Rate Instrument**"]["**Derivative Instrument**"]["**Fund Unit**"]["**Interest Rate**"]["**Reference Rate**"]) [*insert in the case of a share as Underlying or Basket Component*., as issued by the Share Issuer].]

["**Underlying Valuation Date**" means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Best Performance**" means [the best performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]]]

["**Basket**" means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["**Basket Component**" means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["**Calculation Agent**" means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**" means the screen page as specified in **Table 2** in the Annex.]

[*insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component*: "**Exchange**" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]

["**Bonus Level**" means the bonus level as specified in **Table 1** in the Annex.]

["**Cap Level**" means the cap level as specified in **Table 1** in the Annex.]

["**Coupon Observation Date**" means each of the coupon observation dates as specified in **Table [1][3]** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]]. In the event of the postponement of the Underlying Valuation Date corresponding to the relevant Coupon Observation Date [in respect of one or more Basket Components], the relevant Coupon Observation Date [in relation to [the relevant Basket

Component][all Basket Components]] shall be postponed accordingly.]]

["**Coupon Rate**" equals the Average Performance on the Coupon Observation Date allocated to the respective Coupon Payment Date. The "**Average Performance**" on a Coupon Observation Date equals the sum of the Recorded Performances of all Basket Components. The "**Recorded Performance of a Basket Component**" equals – in the case that the Performance of the respective Basket Component is negative - the Performance of the Basket Component divided by the number of Basket Components in the Basket or – in the case that the Performance of the respective Basket Component is zero or positive the Maximum Performance divided by the number of Basket Components in the Basket. The "**Maximum Performance**" equals [●]. The "**Performance of a Basket Component**" equals the Reference Price of the respective Basket Component on the respective Coupon Observation Date divided by its Initial Fixing Level minus 1. [The Coupon Rate is at least zero.]]

["**Coupon Payment Date**" means the coupon payment date as specified in **Table 1**][**3**] in the Annex or, if this date is not a Business Day, the next following Business Day. [In the event of the postponement of the relevant Coupon Observation Date, the relevant Coupon Payment Date shall be postponed accordingly.]]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.][the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.]]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. [*insert in the case of Products with subscription period:* In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.]]

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

[*insert in the case of an index as Underlying or Basket Component:* "**Index Sponsor**" means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**" [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined

[and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] [*insert Internet site: ●*] [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] [*insert other method for determining Relevant Exchange Rate: ●*]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg]] [the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**" means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**" means, subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Worst Performance**" means the worst performance of the relevant Basket Components as deter-

mined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**TARGET2 System**" means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Final Fixing Date**" means [the final fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]].] [In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Scheduled Trading Day**" has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Website**" means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**" means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Rate Performance**" means the quotient of the Exchange Rate_(Final) and the Exchange Rate_(Initial). "**Exchange Rate_(Final)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the [Initial Fixing Date] [*●*] on the Exchange Rate Page or on any replacement page.]

["**Exchange Rate Sponsor**" means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

§ 4

Redemption

[insert if either COSI or TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to a redemption pursuant to paragraph (2) or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions the product of the Issue Price and the quotient of (i) the difference between the Cap Level and the Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] and (ii) the Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance]. [The result is multiplied by the Exchange Rate Performance.]

The Redemption Amount will be *[insert if Currency Conversion is applicable: converted into the Set-*

tlement Currency in accordance with paragraph (3), as the case may be, and] commercially rounded to two (2) decimal places.

(2) Minimum Redemption

Provided that no Barrier Event has occurred, the Redemption Amount will be determined as follows [whereby the result is multiplied by the Exchange Rate Performance]:

- (i) if the Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] is below the Strike Level [of the Basket Component with the [Worst][Best] Performance], the Redemption Amount is equal to the product of the Issue Price and the quotient of (i) the difference between the Cap Level and the Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] and (ii) the Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance]; or
- (ii) if the Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] is equal to or above the Strike Level [of the Basket Component with the [Worst][Best] Performance] the Redemption Amount is equal to the Issue Price multiplied by the Bonus Level.

The Redemption Amount determined in accordance with this paragraph (2) will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (3) and] commercially rounded to two (2) decimal places.

[*insert if Currency Conversion is applicable*:

(3) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable*: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][*insert if Quanto is applicable*: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]]

[*insert if neither COSI nor TCM is applicable*:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to a redemption pursuant to paragraph (2) the product of the Issue Price and the quotient of (i) the difference between

the Cap Level and the Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] and (ii) the Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance]. [The result is multiplied by the Exchange Rate Performance.]

The Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (3), as the case may be, and] commercially rounded to two (2) decimal places.

(2) Minimum Redemption

Provided that no Barrier Event has occurred, the Redemption Amount will be determined as follows [whereby the result is multiplied by the Exchange Rate Performance]:

(i) if the Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] is below the Strike Level [of the Basket Component with the [Worst][Best] Performance], the Redemption Amount is equal to the product of the Issue Price and the quotient of (i) the difference between the Cap Level and the Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] and (ii) the Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance]; or

(ii) if the Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] is equal to or above the Strike Level [of the Basket Component with the [Worst][Best] Performance] the Redemption Amount is equal to the Issue Price multiplied by the Bonus Level.

The Redemption Amount determined in accordance with this paragraph (2) will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (3) and] commercially rounded to two (2) decimal places.

[*insert if Currency Conversion is applicable*:

(3) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable*: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][*insert if Quanto is applicable*: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]]

§ 5

Interest, Coupon Payments

[The Products bear no interest.] [The Holder receives a coupon payment on the respective Coupon Payment Date in the amount of the Coupon Amount. The Coupon Amount equals the Coupon Rate multiplied by the Issue Price [whereby the result is multiplied by the Current Exchange Rate Performance] (the "**Coupon Amount**").]

§ 6

(intentionally left blank)

§ 7

(intentionally left blank)

§ 8

Payments

(1) Payments

The Issuer shall cause the claimed Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Redemption Date. [The Issuer shall transfer the Coupon Amount in arrears by the Coupon Payment Date via the Paying Agent to the Clearing System for transmitting to the Holders.]

If the Redemption Date [and/or Coupon Payment Date] falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) Transfer of the Redemption Amount in case of termination

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) Taxes, fees or other duties

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:]

§ 10

Collateral Secured Instruments (COSI)

(1) Collateralization of the Product

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral

is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail termsheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange

AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of

net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current

Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) Liability

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) No authorisation

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this	Corresponding definition in these Conditions
§ 10 "Collateral Secured Instruments (COSI)"	
investor	Holder
issuer	Issuer
issuing conditions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10

Triparty Collateral Management (TCM)

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding

TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("FISA") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

§ 10
(intentionally left blank)]

[in the case of Capped Inverse Bonus Certificates with Cash Settlement (Product No. 26), insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) Currency; Issue Size

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") issues products without par value (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The number (the "**Number of Products**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.

(2) Form

[insert in the case of Swiss Uncertificated Securities:

(a) Uncertificated Securities, Holders

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or

transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"Custody Agent" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. "**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form.

[insert in the case of German CBF Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the **"Permanent Global Note"**) without coupons. The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the **"Minimum Trading Lot"**) or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will as of the Issue Date be represented by a Permanent Global Note:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the **"Permanent Global Note"**) without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer aris-

ing from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"**Clearing System**" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer [*insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated*] [*insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions*].

§ 2

Status of the Products

[*insert in the case neither COSI nor TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[*insert in the case either COSI or TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3

Definitions

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

["**Current Exchange Rate Performance**" means the quotient of the Exchange Rate_(t) and the Exchange Rate_(Initial). "**Exchange Rate_(t)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on [the respective Coupon Observation Date allocated to the relevant Coupon Payment Date] [●] on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

[insert in the case of a share as Underlying or Basket Component: "Share Issuer" means the company that has issued the [Underlying][Basket Component].]

"Initial Fixing Level" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.]

"Initial Fixing Period" means the initial fixing period as specified in **Table 1** in the Annex.]

"Initial Basket Value" means the initial basket value as specified in **Table 1** in the Annex.]

"Number of Basket Component_(i)" [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): Number of Basket Component_(i)= [Denomination][Initial Basket Value] * Initial Weighting_(i) / Initial Fixing Level_(i).] [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex.]

"Business Day" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets set-

tle payments in [*insert principal financial centre for such currency: •*].]

[*insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)]* a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[*insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with US Dollar as Settlement Currency)]* a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.]

[*insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [*insert currency: •*]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]*]

["**Issue Price**" means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**" means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**" means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Strike Level**" means the strike level as specified in **Table 1** in the Annex.]

["**Conversion Ratio**" means [the conversion ratio as specified in **Table 1** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level].]][the conversion ratio in respect of the relevant Basket Component as specified in **Table 2** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level] of the respective Basket Component.]] [*insert for Quanto products: [the conversion ratio which is calculated on the Final Fixing Date by dividing the Issue Price with the Final Fixing Level [of the respective Basket Component].] [If the Issuer has received ordinary dividend payments between the Initial Fixing Date (exclusive) and the Final Fixing Date [(exclusive)] [(inclusive)] in respect of the Underlying, the applicable net dividend (i.e. the dividend amount minus taxes) is reinvested, whereby the Conversion Ratio is adjusted • Business Days after the receipt of the dividend payment by the Issuer.]*]

["**Barrier Observation Period**" means the barrier observation period as specified in **Table 1** in the Annex.]

["**Barrier Event**" has occurred if [the Final Fixing Level is [equal to or] above the Barrier Level] [the [Price][Reference Price] is [equal to or] above the Barrier Level at any time during the Barrier Observation Period] [*insert in the case of a Basket as Underlying if appropriate: [the Final Basket Value is equal to or above the Barrier Level as determined by the Calculation Agent] [the [Price][Reference Price] of the Basket is equal to or above the Barrier Level during the Barrier Observation Period, as determined by the Calculation Agent] [the [Price][Reference Price] [Final Fixing Level] of [a][at least*

one] Basket Component is [equal to or] above the Barrier Level for this Basket Component as specified in **Table [1][2]** in the Annex at any time during the Barrier Observation Period], as determined by the Calculation Agent.]]]

["**Barrier Level**" means the barrier level as specified in **Table 1** in the Annex [with respect to the relevant Basket Component].]

["**Underlying**" means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"]["**Share**"]["**Participation Certificate (Genussschein)**"]["**Security representing Shares**"]["**Commodity**"]["**Currency Exchange Rate**] ["**Futures Contract**"]["**Fixed Rate Instrument**"]["**Derivative Instrument**"]["**Fund Unit**"]["**Interest Rate**"]["**Reference Rate**"]) [*insert in the case of a share as Underlying or Basket Component:*, as issued by the Share Issuer].]

["**Underlying Valuation Date**" means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Best Performance**" means the best performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**Basket**" means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["**Basket Component**" means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["**Calculation Agent**" means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**" means the screen page as specified in **Table 2** in the Annex.]

[*insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component:* "**Exchange**" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]

["**Bonus Level**" means the bonus level as specified in **Table 1** in the Annex.]

["**Cap Level**" means the cap level as specified in **Table 1** in the Annex.]

["**Coupon Observation Date**" means each of the coupon observation dates as specified in **Table [1][3]** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]]. In the event of the postponement of the Underlying Valuation Date corresponding to the relevant Coupon Observation Date [in respect of one or more Basket Components], the relevant Coupon Observation Date [in relation to [the relevant Basket

Component][all Basket Components]] shall be postponed accordingly.]]

["**Coupon Rate**" equals the Average Performance on the Coupon Observation Date allocated to the respective Coupon Payment Date. The "**Average Performance**" on a Coupon Observation Date equals the sum of the Recorded Performances of all Basket Components. The "**Recorded Performance of a Basket Component**" equals – in the case that the Performance of the respective Basket Component is negative - the Performance of the Basket Component divided by the number of Basket Components in the Basket or – in the case that the Performance of the respective Basket Component is zero or positive the Maximum Performance divided by the number of Basket Components in the Basket. The "**Maximum Performance**" equals [●]. The "**Performance of a Basket Component**" equals the Reference Price of the respective Basket Component on the respective Coupon Observation Date divided by its Initial Fixing Level minus 1. [The Coupon Rate is at least zero.]]

["**Coupon Payment Date**" means the coupon payment date as specified in **Table 1**][**3**] in the Annex or, if this date is not a Business Day, the next following Business Day. [In the event of the postponement of the relevant Coupon Observation Date, the relevant Coupon Payment Date shall be postponed accordingly.]]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.] [the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.]]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. [*insert in the case of Products with subscription period:* In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.]]

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

[*insert in the case of an index as Underlying or Basket Component:* "**Index Sponsor**" means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**" [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined

[and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] [*insert Internet site: ●*] [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] [*insert other method for determining Relevant Exchange Rate: ●*]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg]] [the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**" means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**" means, subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Worst Performance**" means the worst performance of the relevant Basket Components as deter-

mined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding [Initial Fixing Level][Strike Level].]

["**TARGET2 System**" means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Final Fixing Date**" means [the final fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]].] [In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Scheduled Trading Day**" has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Website**" means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**" means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Rate Performance**" means the quotient of the Exchange Rate_(Final) and the Exchange Rate_(Initial). "**Exchange Rate_(Final)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

["**Exchange Rate Sponsor**" means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

§ 4

Redemption

[insert if either COSI or TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product [is equal to the product of the [Initial Fixing Level] [of the Basket Component with the [Worst][Best] Performance] [Issue Price] and the quotient of (i) the difference between the Cap Level and the Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] and (ii) the Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance], subject to a redemption pursuant to paragraph (2) or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions]

[will be determined, subject to a redemption pursuant to paragraph (2) or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions as follows:

- (i) if a Barrier Event has occurred and the Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] is equal to or above the Strike Level [of the Basket Component with the [Worst][Best] Performance], the Redemption Amount is equal to the product of the [Initial Fixing Level] [of the Basket Component with the [Worst][Best] Performance] [Issue Price] and the quotient of (i) the difference between the Cap Level and the Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] and (ii) the Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance];
- (ii) if a Barrier Event has occurred and the Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] is below the Strike Level [of the Basket Component with the [Worst][Best] Performance], the Redemption Amount is equal to the [Initial Fixing Level] [of the Basket Component with the [Worst][Best] Performance] [Issue Price] multiplied by the Bonus Level.]

[The [respective] result is multiplied by the Exchange Rate Performance.] The Redemption Amount will be *[insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (3), as the case may be, and]* commercially rounded to two (2) decimal places.

(2) Minimum Redemption and/or Maximum Redemption

Provided that no Barrier Event has occurred, the Redemption Amount equals the Bonus Level multiplied by the [Initial Fixing Level] [of the Basket Component with the [Worst][Best] Performance] [Issue Price] [whereby the result is multiplied by the Exchange Rate Performance].

The Redemption Amount determined in accordance with paragraph (2) will be *[insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (3) and]* commercially rounded to two (2) decimal places.

[insert if Currency Conversion is applicable:

(3) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent *[insert if Quanto is not applicable: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable*

market practice and considering the prevailing market conditions in its reasonable discretion.]]*insert if Quanto is applicable:* at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]]

insert if neither COSI nor TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product [is equal to the product of the [Initial Fixing Level] [of the Basket Component with the [Worst][Best] Performance] [Issue Price] and the quotient of (i) the difference between the Cap Level and the Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] and (ii) the Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance], subject to a redemption pursuant to paragraph (2)] [will be determined, subject to a redemption pursuant to paragraph (2) as follows:

- (i) if a Barrier Event has occurred and the Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] is equal to or above the Strike Level [of the Basket Component with the [Worst][Best] Performance], the Redemption Amount is equal to the product of the [Initial Fixing Level] [of the Basket Component with the [Worst][Best] Performance] [Issue Price] and the quotient of (i) the difference between the Cap Level and the Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] and (ii) the Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance];
- (ii) if a Barrier Event has occurred and the Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] is below the Strike Level [of the Basket Component with the [Worst][Best] Performance], the Redemption Amount is equal to the [Initial Fixing Level] [of the Basket Component with the [Worst][Best] Performance] [Issue Price] multiplied by the Bonus Level.]

[The [respective] result is multiplied by the Exchange Rate Performance.] The Redemption Amount will be *insert if Currency Conversion is applicable:* converted into the Settlement Currency in accordance with paragraph (3), as the case may be, and] commercially rounded to two (2) decimal places.

(2) Minimum Redemption and/or Maximum Redemption

Provided that no Barrier Event has occurred, the Redemption Amount equals the Bonus Level multiplied by the [Initial Fixing Level] [of the Basket Component with the [Worst][Best] Performance] [Issue Price] [whereby the result is multiplied by the Exchange Rate Performance].

The Redemption Amount determined in accordance with paragraph (2) will be *insert if Currency Conversion is applicable:* converted into the Settlement Currency in accordance with paragraph (3) and] commercially rounded to two (2) decimal places.

insert if Currency Conversion is applicable:

(3) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.*][*insert if Quanto is applicable: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("Quanto").*]

§ 5

Interest, Coupon Payments

[The Products bear no interest.] [The Holder receives a coupon payment on the respective Coupon Payment Date in the amount of the Coupon Amount. The Coupon Amount equals the Coupon Rate multiplied by the Issue Price [whereby the result is multiplied by the Current Exchange Rate Performance] (the "Coupon Amount").]

§ 6

(intentionally left blank)

§ 7

(intentionally left blank)

§ 8

Payments

(1) Payments

The Issuer shall cause the claimed Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Redemption Date. [The Issuer shall transfer the Coupon Amount in arrears by the Coupon Payment Date via the Paying Agent to the Clearing System for transmitting to the Holders.]

If the Redemption Date [and/or Coupon Payment Date] falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) Transfer of the Redemption Amount in case of termination

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) Taxes, fees or other duties

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:]

§ 10

Collateral Secured Instruments (COSI)

(1) Collateralization of the Product

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail termsheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the CO-

SI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the col-

lateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collat-

eral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on

which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) *Liability*

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) *No authorisation*

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) *Congruence with the Conditions*

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this	Corresponding definition in these Conditions
§ 10 "Collateral Secured Instru-	

ments (COSI)"	
investor	Holder
issuer	Issuer
issuing conditions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10

Triparty Collateral Management (TCM)

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**").

The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current

Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up

proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("**FISA**") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Prod-

V. TERMS AND CONDITIONS

uct will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

§ 10
(intentionally left blank)]

[in the case of *Mini Future Certificates with Cash Settlement (Product No. 27)*, insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) *Currency; Issue Size*

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") issues products without par value (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The number (the "**Number of Products**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.

(2) *Form*

[insert in the case of *Swiss Uncertificated Securities*:

(a) **Uncertificated Securities, Holders**

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or

transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"Custody Agent" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.]

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the **"Permanent Global Note"**) without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer aris-

ing from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"**Clearing System**" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer [*insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated*] [*insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions*].

§ 2

Status of the Products

[*insert in the case neither COSI nor TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[*insert in the case either COSI or TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3

Definitions

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

["**Current Exchange Rate Performance**" means the quotient of the Exchange Rate_(t) and the Exchange Rate_(Initial). "**Exchange Rate_(t)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on the day of the occurrence of the Stop-Loss Event [●] on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

[insert in the case of a share as Underlying or Basket Component: "Share Issuer" means the company that has issued the [Underlying][Basket Component].]

"Initial Fixing Level" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.]

"Initial Fixing Period" means the initial fixing period as specified in **Table 1** in the Annex.]

"Initial Basket Value" means the initial basket value as specified in **Table 1** in the Annex.]

"Adjustment Date" means the *[insert relevant date for adjustment of Futures Contract]*. [If such date should not be an Exchange Business Day the next following Exchange Business Day shall be the Adjustment Date.] [If such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] shall be the Adjustment Date.]]

"Number of Basket Component_(i)" [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): $\text{Number of Basket Component}_{(i)} = [\text{Denomination}][\text{Initial Basket Value}] * \text{Initial Weighting}_{(i)} / \text{Initial Fixing Level}_{(i)}$.] [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex.]

"Business Day" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the

Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in [insert principal financial centre for such currency: ●].]

[insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.]

[insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [insert currency: ●]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]

["**Issue Price**"] means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**"] means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**"] means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Strike Level**"] [means the strike level as specified in **Table 1** in the Annex.] [on the [insert relevant date: ●] is the strike level as specified in **Table 1** in the Annex. On each Adjustment Date the Strike Level shall be adjusted [at [insert relevant time: ●], such that the result of the following calculation ([rounded up][rounded down] to the [insert relevant rounding value: ●]) shall be the new Strike Level (the "**Current Strike Level**")]:

[insert in the case of Mini Future Long Certificates:

$$\text{Strike Level}_{\text{new}} = \text{Strike Level}_{\text{old}} - \text{Price}_{\text{old,t}} + \text{Price}_{\text{new,t}}$$

[insert in the case of Mini Future Short Certificates:

$$\text{Strike Level}_{\text{new}} = \text{Strike Level}_{\text{old}} - \text{Price}_{\text{old,t}} + \text{Price}_{\text{new,t}}$$

whereby:

Strike Level_{new}: means the Strike Level immediately after the adjustment measure.

Strike Level_{old}: means the Strike Level immediately prior to the adjustment measure.

Price_{old,t}: means the execution level or a combination of execution levels on the Adjustment Date of the Underlying to be divested as determined by the Calculation Agent.

Price_{new,t}: means the execution level or a combination of execution levels on the Adjustment Date of the Underlying to be invested as determined by the Calculation Agent.]]

["**Conversion Ratio**" means [the conversion ratio as specified in **Table 1** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Current][Strike Level].]][the conversion ratio in respect of the relevant Basket Component as specified in **Table 2** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Current][Strike Level] of the respective Basket Component.]] *[insert for Quanto products:* [the conversion ratio which is calculated on the Final Fixing Date by dividing the Issue Price with the Final Fixing Level [of the respective Basket Component].] [If the Issuer has received ordinary dividend payments between the Initial Fixing Date (exclusive) and the Final Fixing Date [(exclusive)] [(inclusive)] in respect of the Underlying, the applicable net dividend (i.e. the dividend amount minus taxes) is reinvested, whereby the Conversion Ratio is adjusted • Business Days after the receipt of the dividend payment by the Issuer.]]

["**Underlying**" means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"]["**Share**"]["**Participation Certificate (Genussschein)**"]["**Security representing Shares**"]["**Commodity**"]["**Currency Exchange Rate**"] ["**Futures Contract**"]["**Fixed Rate Instrument**"]["**Derivative Instrument**"]["**Fund Unit**"]["**Interest Rate**"]["**Reference Rate**"]) *[insert in the case of a share as Underlying or Basket Component:*, as issued by the Share Issuer]. [The relevant Futures Contract shall be replaced on each Adjustment Date with a Futures Contract for which the expiration date falls in the nearest front-months futures contract. Each reference in the Conditions to "Futures Contract" is regarded as a reference to the futures contract that is relevant at the applicable time following completion of the replacement outlined in the definitions of "Strike Level" and "Stop-Loss Level".]]

["**Underlying Valuation Date**" means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Basket**" means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["**Basket Component**" means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["**Calculation Agent**" means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**" means the screen page as specified in **Table 2** in the Annex.]

[insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component: "**Exchange**" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its

reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange.)]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.] [the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.)]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. [*insert in the case of Products with subscription period: In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.*]]

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

[*insert in the case of an index as Underlying or Basket Component: "Index Sponsor"* means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**" [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] [*insert Internet site: ●*] [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component] means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement

page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] [*insert other method for determining Relevant Exchange Rate: ●*]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg]] [the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**" means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**" means, subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Worst Performance**" means the worst performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**Stop-Loss Observation Period**" means the stop-loss observation period as specified in **Table 1** in the Annex.]

["**Stop-Loss Event**" has occurred if [the Final Fixing Level is [equal to or] [below] [above] the [Current] Stop-Loss Level] [the [Price][Reference Price] is [equal to or] [below] [above] the [Current] Stop-Loss Level at any time during the Stop-Loss Observation Period] [*insert in the case of a Basket as Underlying if appropriate: [the Final Basket Value [equals] [or] [is] below] [above] the Stop-Loss Level as determined by the Calculation Agent] [the [Price][Reference Price] of the Basket is [equal to or] [below] [above] the [Current] Stop-Loss Level during the Stop-Loss Observation Period, as determined by the Calculation Agent] [the [Price][Reference Price] of a Basket Component is [equal to or] [below] [above] the [Current] Stop-Loss Level for this Basket Component as specified in **Table***

[1][2] in the Annex at any time during the Stop-Loss Observation Period], as determined by the Calculation Agent.]]

["**Stop-Loss Level**"] [means the stop-loss level as specified in **Table 1** in the Annex [with respect to the relevant Basket Component].] [on the [*insert relevant date: ●*] is the stop-loss level as specified in **Table 1** in the Annex. On each Adjustment Date the Stop-Loss Level shall be adjusted [at [*insert relevant time: ●*], such that the result of the following calculation ([rounded up][rounded down] to the [*insert relevant rounding value: ●*]) shall be the new Stop-Loss Level (the "**Current Stop-Loss Level**"):

[*insert in the case of Mini Future Long Certificates:*

$$\text{Stop-Loss Level}_{\text{new}} = \text{Stop-Loss Level}_{\text{old}} - \text{Price}_{\text{old,t}} + \text{Price}_{\text{new,t}}$$

[*insert in the case of Mini Future Short Certificates:*

$$\text{Stop-Loss Level}_{\text{new}} = \text{Stop-Loss Level}_{\text{old}} - \text{Price}_{\text{old,t}} + \text{Price}_{\text{new,t}}$$

whereby:

Stop-Loss Level_{new}: means the Stop-Loss Level immediately after the adjustment measure.

Stop-Loss Level_{old}: means the Stop-Loss Level immediately prior to the adjustment measure.

Price_{old,t}: means the execution level or a combination of execution levels on the Adjustment Date of the Underlying to be divested as determined by the Calculation Agent.

Price_{new,t}: means the execution level or a combination of execution levels on the Adjustment Date of the Underlying to be invested as determined by the Calculation Agent.]]

["**Stop-Loss Price**"] means a price of the Underlying as determined by the Issuer and/or the Calculation Agent within [three (3)] [●] hours following the occurrence of the Stop-Loss Event. If the Stop-Loss Event occurs within a shorter period than [three (3)] [●] prior to the end of the Calculation Hours on an Exchange Business Day, the period for determining the Stop-Loss Price for the Underlying is extended until the expiration of [two (2)] [●] hours to the immediately following Exchange Business Day. ["**Calculation Hours**"] means [*insert definition for calculation hours: [●].*]]

["**TARGET2 System**"] means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Final Fixing Date**"] means [the final fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]].] [In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Scheduled Trading Day**"] has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Website**"] means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**"] means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Business Day**"] [has the meaning ascribed in § 11 (3) of the Issue Specific Conditions] [•].]

["**Exchange Rate Performance**"] means the quotient of the Exchange Rate_(Final) and the Exchange Rate_(Initial). "**Exchange Rate_(Final)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: •*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: •*] which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: •*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: •*] which is published on the [Initial Fixing Date] [•] on the Exchange Rate Page or on any replacement page.]

["**Exchange Rate Sponsor**"] means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**"] means the paying agent as specified in **Table 1** in the Annex.]

§ 4

Redemption

[*insert if either COSI or TCM is applicable:*

(1) *Redemption Amount*

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to an early redemption pursuant to § 7 of the Issue Specific Conditions in the case of the occurrence of a Stop-Loss Event or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions, the Product of [*insert in the case of Mini Future Long Certificates:* (i) the Conversion Ratio and (ii) the difference between the Final Fixing Level and the [Current] Strike Level] [*insert in the case of Mini Future Short Certificates:* (i) the Conversion Ratio and (ii) the difference between the [Current] Strike Level and the Final Fixing Level]. [The result is multiplied by the Exchange Rate Performance.] The Redemption Amount is at least zero.

The Redemption Amount will be [*insert if Currency Conversion is applicable:* converted into the Settlement Currency in accordance with paragraph (2), as the case may be, and] commercially rounded to two (2) decimal places.

[*insert if Currency Conversion is applicable:*

(1) *Currency exchange*

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable:* on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Ex-

change Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.]]*insert if Quanto is applicable: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("Quanto").]]*

insert if neither COSI nor TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to an early redemption pursuant to § 7 of the Issue Specific Conditions in the case of the occurrence of a Stop-Loss Event, the Product of *insert in the case of Mini Future Long Certificates: (i) the Conversion Ratio and (ii) the difference between the Final Fixing Level and the [Current] Strike Level* *insert in the case of Mini Future Short Certificates: (i) the Conversion Ratio and (ii) the difference between the [Current] Strike Level and the Final Fixing Level*. [The result is multiplied by the Exchange Rate Performance.] The Redemption Amount is at least zero.

The Redemption Amount will be *insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (2), as the case may be, and]* commercially rounded to two (2) decimal places.

insert if Currency Conversion is applicable:

(2) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent *insert if Quanto is not applicable: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.]]**insert if Quanto is applicable: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("Quanto").]]*

§ 5

Interest, Coupon Payments

The Products bear no interest.

§ 6

(intentionally left blank)

§ 7

Early redemption in the case of the occurrence of a Stop-Loss Event

In the event that a Stop-Loss Event has occurred, the term of the Products shall end automatically on the day of the occurrence of the Stop-Loss Event without the need for a separate termination of the Products by the Issuer (the "**Early Redemption**"). In this case the Redemption Amount to be paid by the Issuer equals the product of [*insert in the case of Mini Future Long Certificates: (i) the Conversion Ratio and (ii) the difference between the Stop-Loss Price and the [Current] Strike Level*] [*insert in the case of Mini Future Short Certificates: (i) the Conversion Ratio and (ii) the difference between the [Current] Strike Level and the Stop-Loss Price*] [whereby the result is multiplied by the Current Exchange Rate Performance]. The Redemption Amount is at least zero.

§ 8

Payments

(1) Payments

The Issuer shall cause the claimed Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Redemption Date.

If the Redemption Date falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) Transfer of the Redemption Amount in case of termination

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) Taxes, fees or other duties

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:]

§ 10

Collateral Secured Instruments (COSI)

(1) Collateralization of the Product

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral

is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail termsheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange

AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of

net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current

Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) Liability

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) No authorisation

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this	Corresponding definition in these Conditions
§ 10 "Collateral Secured Instruments (COSI)"	
investor	Holder
issuer	Issuer
issuing conditions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10

Triparty Collateral Management (TCM)

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding

TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("FISA") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or

transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"**Custody Agent**" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:]

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:]

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:]

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form.

[insert in the case of German CBF Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons. The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will as of the Issue Date be represented by a Permanent Global Note:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer aris-

ing from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"Clearing System" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer or an early redemption [insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated] [insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions].

§ 2**Status of the Products**

[insert in the case neither COSI nor TCM is applicable:

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[insert in the case either COSI or TCM is applicable:

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3**Definitions**

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

["**Current Exchange Rate Performance**" means the quotient of the Exchange Rate_(t) and the Exchange Rate_(Initial). "**Exchange Rate_(t)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on [the respective Coupon Observation Date allocated to the relevant Coupon Payment Date] [and/or] [the respective Autocall Observation Date allocated to the relevant Early Redemption Date] [●] on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on the [Initial Fixing Date] [●] on the

Exchange Rate Page or on any replacement page.]

[insert in the case of a share as Underlying or Basket Component: "**Share Issuer**" means the company that has issued the [Underlying][Basket Component].]

["**Initial Fixing Level**" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [the lowest Reference Price of the [Underlying][respective Basket Component] during the Initial Fixing Observation Dates, as determined by the Calculation Agent] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.]

["**Initial Fixing Observation Dates**" means the initial fixing observation dates as specified in **Table 1** in the Annex.]

["**Initial Fixing Period**" means the initial fixing period as specified in **Table 1** in the Annex.]

["**Initial Basket Value**" means the initial basket value as specified in **Table 1** in the Annex.]

["**Number of Basket Component_(i)**" [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Issue Price][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): Number of Basket Component_(i)= [Issue Price][Initial Basket Value] * Initial Weighting_(i) / Initial Fixing Level_(i).] [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex].]

["**Business Day**" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the

Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in [insert principal financial centre for such currency: ●].]

[insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.]

[insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [insert currency: ●]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]

["**Issue Price**"] means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**"] means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**"] means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Strike Level**"] means the strike level as specified in **Table 1** in the Annex.]

["**Conversion Ratio**"] means [the conversion ratio as specified in **Table 1** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level].]][the conversion ratio in respect of the relevant Basket Component as specified in **Table 2** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level] of the respective Basket Component.]] *[insert for Quanto products: [the conversion ratio which is calculated on the Final Fixing Date by dividing the Issue Price with the Final Fixing Level [of the respective Basket Component].] [If the Issuer has received ordinary dividend payments between the Initial Fixing Date (exclusive) and the Final Fixing Date [(exclusive)] [(inclusive)] in respect of the Underlying, the applicable net dividend (i.e. the dividend amount minus taxes) is reinvested, whereby the Conversion Ratio is adjusted ● Business Days after the receipt of the dividend payment by the Issuer.]]*

["**Autocall Observation Date**"] means [each of the autocall observation dates as specified in **Table 3** in the Annex or, if such date is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in relation to the relevant Basket

Component]. In the event of the postponement of the Underlying Valuation Date corresponding to the relevant Autocall Observation Date [in respect of one or more Basket Components], the relevant Autocall Observation Date [in relation to the relevant Basket Component] shall be postponed accordingly.]]

["**Autocall Event**" has occurred if on an Autocall Observation Date the Reference Price [of all Basket Components] falls below the [respective] Autocall Trigger Level relevant for such date.]

["**Autocall Trigger Level**" means the Autocall Trigger Level in respect of the relevant Autocall Observation Date [with respect to the relevant Basket Component] as specified in **Table 3** in the Annex.]

["**Barrier Observation Period**" means the barrier observation period as specified in **Table 1** in the Annex.]

["**Barrier Event**" has occurred if [the Final Fixing Level is [equal to or] above the Barrier Level] [the [Price][Reference Price] is [equal to or] above the Barrier Level at any time during the Barrier Observation Period] [*insert in the case of a Basket as Underlying if appropriate:* [the Final Basket Value is equal to or above the Barrier Level as determined by the Calculation Agent] [the [Price][Reference Price] of the Basket is at or above the Barrier Level during the Barrier Observation Period, as determined by the Calculation Agent] [the [Price][Reference Price] [Final Fixing Level] of [a][at least one] Basket Component is [equal to or] above the Barrier Level for this Basket Component as specified in **Table 1][2]** in the Annex [at any time during the Barrier Observation Period]], as determined by the Calculation Agent.]]]

["**Barrier Event**" has occurred if [the Final Fixing Level is [equal to or] below the Barrier Level] [the [Price][Reference Price] is [equal to or] below the Barrier Level at any time during the Barrier Observation Period] [*insert in the case of a Basket as Underlying if appropriate:* [the Final Basket Value is equal to or below the Barrier Level as determined by the Calculation Agent] [the [Price][Reference Price] of the Basket is equal to or below the Barrier Level during the Barrier Observation Period, as determined by the Calculation Agent] [the [Price][Reference Price] [Final Fixing Level] of [a][at least one] Basket Component is [equal to or] below the Barrier Level for this Basket Component as specified in **Table 1][2]** in the Annex at any time during the Barrier Observation Period], as determined by the Calculation Agent.]]]

["**Barrier Level**" means the barrier level as specified in **Table 1** in the Annex [with respect to the relevant Basket Component].]

["**Underlying**" means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"]["**Share**"]["**Participation Certificate (Genussschein)**"]["**Security representing Shares**"]["**Commodity**"]["**Currency Exchange Rate**"] ["**Futures Contract**"]["**Fixed Rate Instrument**"]["**Derivative Instrument**"]["**Fund Unit**"]["**Interest Rate**"]["**Reference Rate**"]) [*insert in the case of a share as Underlying or Basket Component:*, as issued by the Share Issuer].]

["**Underlying Valuation Date**" means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Best Performance**" means the best performance of the relevant Basket Components as determined

by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**Basket**" means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["**Basket Component**" means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["**Calculation Agent**" means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**" means the screen page as specified in **Table 2** in the Annex.]

[insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component: "Exchange" means, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]

["**Coupon Amount**" means the coupon amount as specified in **Table [1][3]** in the Annex.]

["**Coupon Observation Date**" means each of the coupon observation dates as specified in **Table [1][3]** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]]. In the event of the postponement of the Underlying Valuation Date corresponding to the relevant Coupon Observation Date [in respect of one or more Basket Components], the relevant Coupon Observation Date [in relation to [the relevant Basket Component][all Basket Components]] shall be postponed accordingly.]]

["**Coupon Rate**" equals the Average Performance on the Coupon Observation Date allocated to the respective Coupon Payment Date. The "**Average Performance**" on a Coupon Observation Date equals the sum of the Recorded Performances of all Basket Components. The "**Recorded Performance of a Basket Component**" equals – in the case that the Performance of the respective Basket Component is negative - the Performance of the Basket Component divided by the number of Basket Components in the Basket or – in the case that the Performance of the respective Basket Component is zero or positive the Maximum Performance divided by the number of Basket Components in the Basket. The "**Maximum Performance**" equals [●]. The "**Performance of a Basket Component**" equals the Reference Price of the respective Basket Component on the respective Coupon Observation Date divided by its Initial Fixing Level minus 1. [The Coupon Rate is at least zero.]]

["**Coupon Trigger Event**" has occurred if on a Coupon Observation Date the Reference Price [of all Basket Components] falls below the [respective] Coupon Trigger Level relevant for such date.]

["**Coupon Trigger Level**" means the coupon trigger level as specified in **Table [1][3]** in the Annex [with respect to the relevant Basket Component].]

["**Coupon Payment Date**" means the coupon payment date as specified in **Table 1**[**3**] in the Annex or, if this date is not a Business Day, the next following Business Day. [In the event of the postponement of the relevant Coupon Observation Date, the relevant Coupon Payment Date shall be postponed accordingly.]]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.] [the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.]]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. [*insert in the case of Products with subscription period: In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.*]]

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

[*insert in the case of an index as Underlying or Basket Component: "Index Sponsor"* means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**" [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] [*insert Internet site: ●*] [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component] means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate

sponsor on the designated Exchange Rate Page [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service [insert other method for determining Relevant Exchange Rate: ●]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Reference Amount**"] means the reference amount as specified in **Table 1** in the Annex.]

["**Reference Price**"] means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [insert currency: ●]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg][the Screen Page] [●] [insert Internet site: ●] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**"] means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**"] means, subject to an Early Redemption pursuant to § 7 of the Issue Specific Conditions or subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Worst Performance**"] means the worst performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**TARGET2 System**"] means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Final Fixing Date**"] means the final fixing date as specified in **Table 1** in the Annex or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]]. [In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Scheduled Trading Day**" has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Early Redemption Date**" means each of the early redemption dates as specified in **Table 3** in the Annex or, if an Early Redemption Date is not a Business Day, the next following Business Day. [In the event of the postponement of the relevant Autocall Observation Date, the relevant Early Redemption Date shall be postponed accordingly.]]

["**Website**" means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**" means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Rate Performance**" means the quotient of the Exchange Rate_(Final) and the Exchange Rate_(Initial). "**Exchange Rate_(Final)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

["**Exchange Rate Sponsor**" means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

§ 4

Redemption

[insert if either COSI or TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to an Early Redemption pursuant to § 7 of the Issue Specific Conditions and a Minimum Redemption pursuant to paragraph (2) which simultaneously equals the Maximum Redemption Amount pursuant to paragraph (3) or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions the [Issue Price][Reference Amount] multiplied by the difference between 200% and the [Performance of the Underlying][Performance of the Basket Component with the [Worst][Best] Performance]. [The result is multiplied by the Exchange Rate Performance.] The Redemption Amount is at least zero.

[The "**Performance of the Underlying**" equals the quotient of the Final Fixing Level (dividend) and the [Initial Fixing Level][Strike Level] (divisor).] [The "**Performance of the Basket Component**" equals the quotient of the Final Fixing Level (dividend) and the [Initial Fixing Level][Strike Level] (divisor) of the relevant Basket Component.]

The Redemption Amount will be *[insert if Currency Conversion is applicable: converted into the Set-*

tlement Currency in accordance with paragraph (4), as the case may be, and] commercially rounded to two (2) decimal places.

(2) Minimum Redemption

Provided that [(i)] no Barrier Event has occurred [or (ii) a Barrier Event has occurred and the Final Fixing Level [of the Basket Component with the [Worst] [Best] Performance] is below [the][its] [Initial Fixing Level][Strike Level]] the Redemption Amount equals the [Issue Price][Reference Amount] [multiplied by the Exchange Rate Performance]. [The Minimum Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (4), as the case may be, and] commercially rounded to two (2) decimal places.]

(3) Maximum Redemption

The Redemption Amount per Product equals no more than the [Issue Price][Reference Amount] [multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**").

[The Maximum Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (4) and] commercially rounded to two (2) decimal places.]

[*insert if Currency Conversion is applicable*:

(4) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable*: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][*insert if Quanto is applicable*: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]

[*insert if neither COSI nor TCM is applicable*:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to an Early Redemption pursuant to § 7 of the Issue Specific Conditions and a Minimum Redemption pursuant to paragraph (2) which simultaneously equals the Maximum Redemption Amount pursuant to paragraph

(3), the [Issue Price][Reference Amount] multiplied by the difference between 200% and the [Performance of the Underlying][Performance of the Basket Component with the [Worst][Best] Performance]. [The result is multiplied by the Exchange Rate Performance.] The Redemption Amount is at least zero.

[The "**Performance of the Underlying**" equals the quotient of the Final Fixing Level (dividend) and the [Initial Fixing Level][Strike Level] (divisor).] [The "**Performance of the Basket Component**" equals the quotient of the Final Fixing Level (dividend) and the [Initial Fixing Level][Strike Level] (divisor) of the relevant Basket Component.]

The Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (4), as the case may be, and] commercially rounded to two (2) decimal places.

(2) Minimum Redemption

Provided that [(i) no Barrier Event has occurred [or (ii) a Barrier Event has occurred and the Final Fixing Level [of the Basket Component with the [Worst] [Best] Performance] is below [the][its] [Initial Fixing Level][Strike Level]] the Redemption Amount equals the [Issue Price][Reference Amount] [multiplied by the Exchange Rate Performance].

[The Minimum Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (4), as the case may be, and] commercially rounded to two (2) decimal places.]

(3) Maximum Redemption

The Redemption Amount per Product equals no more than the [Issue Price][Reference Amount] [multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**").

[The Maximum Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (4) and] commercially rounded to two (2) decimal places.]

[*insert if Currency Conversion is applicable*:

(4) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable*: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way

mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion. *[[insert if Quanto is applicable: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("Quanto").]]*

§ 5

Interest, Coupon Payments

[(1) Coupon Payments]

[[If a Coupon Trigger Event has occurred on a Coupon Observation Date, a coupon payment is made in the Settlement Currency for the products on the applicable Coupon Payment Date in the amount of the Coupon Amount specified for the applicable Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance].] [If a Coupon Trigger Event has not occurred on a Coupon Observation Date, a coupon payment is not made for the Products on the applicable Coupon Payment Date.] [The Holder receives a coupon payment on the respective Coupon Payment Date in the amount of the Coupon Amount. The Coupon Amount equals the Coupon Rate multiplied by the [Issue Price][Reference Amount] [whereby the result is multiplied by the Current Exchange Rate Performance].] [Following an Early Redemption pursuant to § 7 of the Issue Specific Conditions, no further coupon payments are made.] [If a Coupon Trigger Event has not occurred and [no Barrier Event has occurred][the Final Fixing Level is above [the Strike Level][●% of the Initial Fixing Level]], the Holder receives a coupon payment on the final Coupon Payment Date in the amount of the Coupon Amount specified for the final Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance].][The Holder receives a coupon payment on the respective Coupon Payment Date in the amount of the Coupon Amount specified for the applicable Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance]. [Following an Early Redemption pursuant to § 7 of the Issue Specific Conditions, no further coupon payments are made.] In the case of a redemption at the end of the term, the Holder receives a coupon payment on the final Coupon Payment Date in the amount of the Coupon Amount specified for the final Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance].][Provided that on the relevant Coupon Observation Date a Coupon Trigger Event has occurred, a Coupon payment shall be made for the Products on the relevant Coupon Payment Date [whereby the amount is multiplied by the Current Exchange Rate Performance]. The coupon rate (the "**Coupon Rate**") relevant for the respective Coupon Observation Date is the Coupon Rate for the relevant Coupon Payment Date specified in **Table 3** in the Annex. [If a Coupon Trigger Event has not occurred on a Coupon Observation Date, a coupon payment is not made for the Products on the applicable Coupon Payment Date.]

[(2) Coupon Amount]

The Coupon Amount (the "**Coupon Amount**") is determined by multiplying the [Issue Price][Reference Amount] by (i) the applicable Coupon Rate for the relevant Coupon Payment Date [and by (ii) N [whereby the result is multiplied by the Current Exchange Rate Performance].

"N" means [in the case that

- (a) before the applicable Coupon Observation Date_(t) no Coupon Trigger Event has occurred, the number of Coupon Observation Dates_(t) from Coupon Observation Date₍₁₎ (inclusive) to, in each case, the applicable Coupon Observation Date_(t) (inclusive), and in the case that
- (b) before the applicable Coupon Observation Date_(t) a Coupon Trigger Event has already occurred, the number of Coupon Observation Dates_(t) between the Coupon Observation Date_(t) (exclusive) on which the last Coupon Trigger Event has occurred and the applicable Coupon Observation Date_(t) (inclusive) in each case.] [the number of Coupon Observation Dates_(t) from Coupon Observation Date₍₁₎ (inclusive) to the relevant Coupon Observation Date on which a Coupon Trigger Event has occurred.]]

[Following an Early Redemption pursuant to § 7 of the Issue Specific Conditions, no further coupon payments are made.] The Coupon Amount will be commercially rounded to two (2) decimal places.]

§ 6

(intentionally left blank)

§ 7

Early Redemption

(1) Conditions precedent for Early Redemption

In the event that on any Autocall Observation Date an Autocall Event has occurred, the term of the Products shall end automatically on this Autocall Observation Date without the need for a separate termination of the Products by the Issuer (the "**Early Redemption**"). In this case the Redemption Amount to be paid by the Issuer equals the [Issue Price][Reference Amount] [multiplied by the Current Exchange Rate Performance].

(2) Notification of Early Redemption

Notice of the occurrence of Early Redemption and the value of the Redemption Amount to be paid per Product in this case shall be published in accordance with § 4 of the General Conditions.

§ 8

Payments

(1) Payments

The Issuer shall cause the claimed Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Early Redemption Date (in the case of an Early Redemption pursuant to § 7 of the Issue Specific Conditions) and/or the Redemption Date (in the case that no Early Redemption has occurred). The Issuer shall transfer the respective Coupon Amount in arrears by the Coupon Payment Date via the Paying Agent to the Clearing System for transmitting to the Holders. If the Early Redemption Date, the Redemption Date or a Coupon Payment Date falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments

due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) Transfer of the Redemption Amount in case of termination

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) Taxes, fees or other duties

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may

withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:]

§ 10

Collateral Secured Instruments (COSI)

(1) Collateralization of the Product

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail termsheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is

obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing

conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, con-

vert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) *Liability*

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) No authorisation

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this § 10 "Collateral Secured Instru- ments (COSI)"	Corresponding definition in these Conditions
investor	Holder
issuer	Issuer
issuing condi- tions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10**Triparty Collateral Management (TCM)**

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of

the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured

Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the

risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("**FISA**") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

[insert in the case neither COSI nor TCM is applicable:]

§ 10
(intentionally left blank)]

[in the case of Warrants with Cash Settlement (Product No. 29), insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) Currency; Issue Size

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") issues products without par value (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The number (the "**Number of Products**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.

(2) Form

[insert in the case of Swiss Uncertificated Securities:

(a) Uncertificated Securities, Holders

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Ver-*

wahrungsstellen), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"**Custody Agent**" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form.

[insert in the case of German CBF Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons. The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest or right, an economic ownership right or simi-

lar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will as of the Issue Date be represented by a Permanent Global Note:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depositary on behalf of the Clearing System in

accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised

by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"**Clearing System**" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer [*insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated*] [*insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions*].

§ 2

Status of the Products

[*insert in the case neither COSI nor TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[*insert in the case either COSI or TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3

Definitions

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

[insert in the case of a share as Underlying or Basket Component: "**Share Issuer**" means the company that has issued the [Underlying][Basket Component].]

["**Initial Fixing Level**" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.]

["**Initial Fixing Period**" means the initial fixing period as specified in **Table 1** in the Annex.]

["**Initial Basket Value**" means the initial basket value as specified in **Table 1** in the Annex.]

["**Number of Basket Component_(i)**" [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): Number of Basket Component_(i)= [Denomination][Initial Basket Value] * Initial

Weighting_(i) / Initial Fixing Level_(i).] [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex].]

["**Business Day**" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in [insert principal financial centre for such currency: ●].]

[insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.]

[insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [insert currency: ●]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]

["**Issue Price**" means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**" means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**" means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Strike Level**" means the strike level as specified in **Table 1** in the Annex.]

["**Conversion Ratio**" means [the conversion ratio as specified in **Table 1** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level].]][the conversion ratio in respect of the relevant Basket Component as specified in **Table 2** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level] of the respective Basket Component.]] *[insert for Quanto products: [the conversion ratio which is calculated on the Final Fixing Date by dividing the Issue Price with the Final Fixing Level [of the respective Basket Component].] [If the Issuer has received ordinary dividend payments between the Initial Fixing Date (exclusive) and the Final Fixing Date [(exclusive)] [(inclusive)] in respect of the Underlying, the applicable net dividend (i.e. the dividend amount minus taxes) is rein-*

vested, whereby the Conversion Ratio is adjusted • Business Days after the receipt of the dividend payment by the Issuer.]]

["**Underlying**"] means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"] ["**Share**"] ["**Participation Certificate (Genussschein)**"] ["**Security representing Shares**"] ["**Commodity**"] ["**Currency Exchange Rate**"] ["**Futures Contract**"] ["**Fixed Rate Instrument**"] ["**Derivative Instrument**"] ["**Fund Unit**"] ["**Interest Rate**"] ["**Reference Rate**"]) [*insert in the case of a share as Underlying or Basket Component*], as issued by the Share Issuer.]]

["**Underlying Valuation Date**"] means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Basket**"] means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["**Basket Component**"] means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["**Calculation Agent**"] means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**"] means the screen page as specified in **Table 2** in the Annex.]

[*insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component*: "**Exchange**" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]

["**Cap Level**"] means the Cap Level as specified in **Table 1** in the Annex.]

["**Fiscal Agent**"] means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**"] means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**"] means [the Reference Price of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.][the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.]]

["**Final Basket Value**"] means the sum of the Final Levels of all Basket Components.]

["**Final Level of a Basket Component**"] means the Final Fixing Level of the Basket Component multiplied by the [Number of Basket Component][Initial Weighting_(i)]. Accordingly, the Final Level of a Basket Component will be calculated as follows:

Final Level of a Basket Component = $Ff_{(i)} * W_{(i)}$

whereby

" $Ff_{(i)}$ " means the Final Fixing Level of the Basket Component_(i) and

" $W_{(i)}$ " means the [Number of Basket Component][Initial Weighting_(i)].]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. *[insert in the case of Products with subscription period: In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.]*]

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

*[insert in the case of an index as Underlying or Basket Component: "Index Sponsor"**"** means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]*

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**" [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] *[insert Internet site: ●]* [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] *[insert other method for determining Relevant Exchange Rate: ●]*. If the abovementioned Exchange Rate can no longer be determined in the

way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Denomination**" means the denomination as specified in **Table 1** in the Annex (as expressed in the Settlement Currency).]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency*: ●]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg][the Screen Page] [●] [*insert Internet site*: ●] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**" means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**" means, subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Worst Performance**" means the worst performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**TARGET2 System**" means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Final Fixing Date**" means [the final fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]].] [In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Scheduled Trading Day**" has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Website**" means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**" means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Rate Performance**" means the quotient of the Exchange Rate_(Final) and the Exchange Rate_(Initial). "**Exchange Rate_(Final)**" means the exchange rate as specified in **Table 2** in the Annex ex-

pressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. "**Exchange Rate**_(Initial)" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

["**Exchange Rate Sponsor**"] means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**"] means the paying agent as specified in **Table 1** in the Annex.]

§ 4

Redemption

[insert if either COSI or TCM is applicable:]

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions, the product of (i) the [Conversion Ratio] [Denomination] [Issue Price] and (ii) [*insert in the case of Call Warrants:* [the quotient of (A) the difference between the [Final Fixing Level [of the Basket Component with the Worst Performance]] [Final Basket Value] and the Strike Level and (B) the [Initial Fixing Level [of the Basket Component with the Worst Performance]] [Initial Basket Value]] [the difference between (A) [the Performance of the Underlying][the quotient of the Final Fixing Level and the [Initial Fixing Level] [Strike Level] of the Basket Component with the Worst Performance] and (B) the [Initial Fixing Level] [Strike Level]] [the difference between (A) the quotient of the Final Basket Value divided by the Initial Basket Value and (B) the [Initial Fixing Level] [Strike Level]]] [*insert in the case of Put Warrants:* [the quotient of (A) the difference between the [Initial Fixing Level] [Strike Level] and the [Final Fixing Level [of the Basket Component with the Worst Performance]] [Final Basket Value] and (B) the [[Initial Fixing Level] [Strike Level] [of the Basket Component with the Worst Performance]] [Initial Basket Value]] [the difference between (A) the [Initial Fixing Level] [Strike Level] and (B) the Performance of the Underlying] [the difference between (A) the [Initial Fixing Level] [Strike Level] and (B) the quotient of the Final Basket Value divided by the Initial Basket Value]]. [The result is multiplied by the Exchange Rate Performance.] [The "**Performance of the Underlying**" equals the Final Fixing Level divided by the [Initial Fixing Level] [Strike Level].]

[insert in the case of Warrants that provide for a Maximum Redemption Amount: The Redemption Amount will not exceed the amount equal to the product of (i) the [Conversion Ratio] [Denomination] [Issue Price] and (ii) [*insert in the case of Call Warrants:* [the quotient of (A) the difference between

the Cap Level and the [Initial Fixing Level] [Strike Level] and (B) the [[Initial Fixing Level] [Strike Level] [of the Basket Component with the Worst Performance]] [Initial Basket Value]] [the difference between (A) the Cap Level and (B) the [Initial Fixing Level] [Strike Level]]] [*insert in the case of Put Warrants*: [the quotient of (A) the difference between the [Initial Fixing Level] [Strike Level] and the Cap Level and (B) the [Initial Fixing Level [of the Basket Component with the Worst Performance]] [Initial Basket Value]] [the difference between (A) the [Initial Fixing Level] [Strike Level] and (B) the Cap Level]] [, whereby the result of this calculation is multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**").]

The Redemption Amount is at least zero.

The Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (2), as the case may be, and] commercially rounded to two (2) decimal places.

[*insert if Currency Conversion is applicable*:

(2) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable*: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][*insert if Quanto is applicable*: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]

[*insert if neither COSI nor TCM is applicable*:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals the product of (i) the [Conversion Ratio] [Denomination] [Issue Price] and (ii) [*insert in the case of Call Warrants*: [the quotient of (A) the difference between the [Final Fixing Level [of the Basket Component with the Worst Performance]] [Final Basket Value] and the Strike Level and (B) the [Initial Fixing Level [of the Basket Component with the Worst Performance]] [Initial Basket Value]] [the difference between

(A) [the Performance of the Underlying][the quotient of the Final Fixing Level and the [Initial Fixing Level] [Strike Level] of the Basket Component with the Worst Performance] and (B) the [Initial Fixing Level] [Strike Level]] [the difference between (A) the quotient of the Final Basket Value divided by the Initial Basket Value and (B) the [Initial Fixing Level] [Strike Level]]] [*insert in the case of Put Warrants*: [the quotient of (A) the difference between the [Initial Fixing Level] [Strike Level] and the [Final Fixing Level [of the Basket Component with the Worst Performance]] [Final Basket Value] and (B) the [[Initial Fixing Level] [Strike Level] [of the Basket Component with the Worst Performance]] [Initial Basket Value]] [the difference between (A) the [Initial Fixing Level] [Strike Level] and (B) the Performance of the Underlying] [the difference between (A) the [Initial Fixing Level] [Strike Level] and (B) the quotient of the Final Basket Value divided by the Initial Basket Value]]. [The result is multiplied by the Exchange Rate Performance.] [The "**Performance of the Underlying**" equals the Final Fixing Level divided by the [Initial Fixing Level] [Strike Level].]

[*insert in the case of Warrants that provide for a Maximum Redemption Amount*: The Redemption Amount will not exceed the amount equal to the product of (i) the [Conversion Ratio] [Denomination] [Issue Price] and (ii) [*insert in the case of Call Warrants*: [the quotient of (A) the difference between the Cap Level and the [Initial Fixing Level] [Strike Level] and (B) the [[Initial Fixing Level] [Strike Level] [of the Basket Component with the Worst Performance]] [Initial Basket Value]] [the difference between (A) the Cap Level and (B) the [Initial Fixing Level] [Strike Level]]] [*insert in the case of Put Warrants*: [the quotient of (A) the difference between the [Initial Fixing Level] [Strike Level] and the Cap Level and (B) the [Initial Fixing Level [of the Basket Component with the Worst Performance]] [Initial Basket Value]] [the difference between (A) the [Initial Fixing Level] [Strike Level] and (B) the Cap Level]]], whereby the result of this calculation is multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**").]

The Redemption Amount is at least zero.

The Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (2), as the case may be, and] commercially rounded to two (2) decimal places.

[*insert if Currency Conversion is applicable*:

(2) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable*: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.]]*insert if Quanto is applicable*: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]]

§ 5

Interest, Coupon Payments

The Products bear no interest.

§ 6

(intentionally left blank)

§ 7

(intentionally left blank)

§ 8

Payments

(1) Payments

The Issuer shall cause the claimed Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Redemption Date.

If the Redemption Date falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) Transfer of the Redemption Amount in case of termination

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) Taxes, fees or other duties

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:

§ 10

Collateral Secured Instruments (COSI)

(1) Collateralization of the Product

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail termsheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the

Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign

currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public

the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss

Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) *Liability*

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) *No authorisation*

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this § 10 "Collateral Secured Instruments (COSI)"	Corresponding definition in these Conditions
investor	Holder
issuer	Issuer
issuing conditions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10**Triparty Collateral Management (TCM)**

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the

TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("**FISA**") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in

advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

(intentionally left blank)]

[in the case of Participation Certificates (Product No. 30), insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) Currency; Issue Size

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") [issues products without par value (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The number (the "**Number of Products**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.][issues products (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The total nominal amount (the "**Total Nominal Amount**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.]

(2) Form

[insert in the case of Swiss Uncertificated Securities:

(a) Uncertificated Securities, Holders

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"**Custody Agent**" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:]

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:]

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the

Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bun-*

desgesetz über Bucheffekten) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.]

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such

certification received by [*insert relevant institution: ●*] on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[*insert in the case of German SIX SIS Bearer Securities:*

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the

Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"**Clearing System**" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer [*insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated*] [*insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions*].

§ 2

Status of the Products

[*insert in the case neither COSI nor TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are not secured by any prop-

erty of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[insert in the case either COSI or TCM is applicable:

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3

Definitions

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

[insert in the case of a share as Underlying or Basket Component: "**Share Issuer**" means the company that has issued the [Underlying][Basket Component].]

["**Initial Fixing Level**" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.]

["**Initial Fixing Period**" means the initial fixing period as specified in **Table 1** in the Annex.]

["**Initial Basket Value**" means the initial basket value as specified in **Table 1** in the Annex.]

["**Number of Basket Component_(i)**" [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the re-

spective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): Number of Basket Component_(i)= [Denomination][Initial Basket Value] * Initial Weighting_(i) / Initial Fixing Level_(i).] [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex.]

["**Business Day**" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in [insert principal financial centre for such currency: ●].]

[insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.]

[insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [insert currency: ●]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]

["**Issue Price**" means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**" means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**" means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Conversion Ratio**" means [the conversion ratio as specified in **Table 1** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level].]][the conversion ratio in respect of the relevant Basket Component as specified in **Table 2** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike

Level] of the respective Basket Component.]] *[insert for Quanto products: [the conversion ratio which is calculated on the Final Fixing Date by dividing the Issue Price with the Final Fixing Level [of the respective Basket Component].] [If the Issuer has received ordinary dividend payments between the Initial Fixing Date (exclusive) and the Final Fixing Date [(exclusive)] [(inclusive)] in respect of the Underlying, the applicable net dividend (i.e. the dividend amount minus taxes) is reinvested, whereby the Conversion Ratio is adjusted • Business Days after the receipt of the dividend payment by the Issuer.]]*

["Barrier Observation Period" means the barrier observation period as specified in **Table 1** in the Annex.]

["Barrier Event" has occurred if [the Final Fixing Level is [equal to or] below the Barrier Level] [the [Price][Reference Price] is [equal to or] below the Barrier Level at any time during the Barrier Observation Period] *[insert in the case of a Basket as Underlying if appropriate: [the Final Basket Value is equal to or below the Barrier Level as determined by the Calculation Agent] [the [Price][Reference Price] of the Basket is equal to or below the Barrier Level during the Barrier Observation Period, as determined by the Calculation Agent] [the [Price][Reference Price] [Final Fixing Level] of [a][at least one] Basket Component is [equal to or] below the Barrier Level for this Basket Component as specified in **Table [1][2]** in the Annex at any time during the Barrier Observation Period], as determined by the Calculation Agent.]]]*

["Barrier Level" means the barrier level as specified in **Table 1** in the Annex [with respect to the relevant Basket Component].]

["Underlying" means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"]["**Share**"]["**Participation Certificate (Genussschein)**"]["**Security representing Shares**"]["**Commodity**"]["**Currency Exchange Rate**"] ["**Futures Contract**"]["**Fixed Rate Instrument**"]["**Derivative Instrument**"]["**Fund Unit**"]["**Interest Rate**"]["**Reference Rate**"]) *[insert in the case of a share as Underlying or Basket Component:., as issued by the Share Issuer.]*

["Underlying Valuation Date" means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["Best Performance" means the best performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["Basket" means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["Basket Component" means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["Calculation Agent" means the calculation agent as specified in **Table 1** in the Annex.]

["Screen Page" means the screen page as specified in **Table 2** in the Annex.]

[insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket

Component: "**Exchange**" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]

["**Cap Level**" means the cap level as specified in Table 1 in the Annex.]

["**Downside Participation Factor**" means the downside participation factor as specified in **Table 1** in the Annex.]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the Reference Price of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.][the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.)]

["**Final Basket Value**" means the sum of the Final Levels of all Basket Components.]

["**Final Level of a Basket Component**" means the Final Fixing Level of the Basket Component multiplied by the [Number of Basket Component][Initial Weighting_(i)]. Accordingly, the Final Level of a Basket Component will be calculated as follows:

$$\text{Final Level of a Basket Component} = Ff_{(i)} * W_{(i)}$$

whereby

"Ff_(i)" means the Final Fixing Level of the Basket Component_(i) and

"W_(i)" means the [Number of Basket Component][Initial Weighting_(i)].]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. *[insert in the case of Products with subscription period:* In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.]]

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

[insert in the case of an index as Underlying or Basket Component: "**Index Sponsor**" means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**" [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] [*insert Internet site: ●*] [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] [*insert other method for determining Relevant Exchange Rate: ●*]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Middle Performance**" means the second highest performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**Denomination**" means the denomination as specified in **Table 1** in the Annex (as expressed in the Settlement Currency).]

["**Participation Factor**" means the participation factor as specified in **Table 1** in the Annex.]

["**Participation Factor 1**" means the participation factor 1 as specified in **Table 1** in the Annex.]

["**Participation Factor 2**" means the participation factor 2 as specified in **Table 1** in the Annex.]

["**Participation Factor 3**" means the participation factor 3 as specified in **Table 1** in the Annex.]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on

the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg][the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**"] means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**"] means, subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Worst Performance**"] means the worst performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**TARGET2 System**"] means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Final Fixing Date**"] means [the final fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]].] [In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Scheduled Trading Day**"] has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Website**"] means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**"] means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Rate Performance**"] means the quotient of the Exchange Rate_(Final) and the Exchange Rate_(Initial). "**Exchange Rate_(Final)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

["**Exchange Rate Sponsor**" means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

§ 4

Redemption

[insert if either COSI or TCM is applicable:

(1) [Redemption Amount] [Physical Delivery]

[The "**Redemption Amount**" in the Settlement Currency per Product equals[, subject to a redemption pursuant to paragraph (2) or] subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions [the following amount: (i) If the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is at or below the [Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Initial Basket Value], the Redemption Amount equals the [Denomination][Issue Price] multiplied by the sum of (A) 100 % and (B) the Downside Participation Factor that is multiplied by the quotient of (a) the difference between the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] and the [corresponding] [Initial Fixing Level] [Initial Basket Value] and (b) the [corresponding] [Initial Fixing Level] [Initial Basket Value]; the result is multiplied by the Exchange Rate Performance]. (ii) If the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is above the [Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Initial Basket Value], the Redemption Amount equals the [Denomination][Issue Price] multiplied by the sum of (A) 100 % and (B) the Participation Factor that is multiplied by the quotient of (a) the difference between the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] and the [corresponding] [Initial Fixing Level] [Initial Basket Value] and (b) the [corresponding] [Initial Fixing Level] [Initial Basket Value]; the result is multiplied by the Exchange Rate Performance.] [the product of the [Issue Price][Denomination] multiplied by the [Performance of the Underlying] [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] divided by the Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance] [Final Basket Value divided by the Initial Basket Value].] [The result is multiplied by the Exchange Rate Performance.] [The Redemption Amount will not exceed the [Denomination][Issue Price] multiplied by the Cap Level [whereby the result is multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**").] [The "**Performance of the Underlying**" equals the Final Fixing Level divided by the Initial Fixing Level.] *[insert in the case of Participation Certificate with rainbow structure: the Issue Price multiplied by the the sum of (A) 100 %, (B) the Participation Factor 1 multiplied by the Performance of the Basket Component with the Best Performance minus 100 %, (C) the Participation Factor 2 multiplied by the Performance of the Basket Component with the Middle Performance minus 100 % and (D) the Participation Factor 3 multiplied by the Performance of the Basket Component with the Worst Performance minus 100 %. [The result is multiplied by the Exchange Rate Performance.]]*

The Redemption Amount will be [*insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph [(2)][(3)], as the case may be, and] commercially rounded to two (2) decimal places.]*

[Subject to a redemption pursuant to paragraph (2) or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions, the Issuer will redeem the Products by way of delivery of a number of the [Underlying] [Basket Component with the [Worst][Best] Performance] expressed by the Conversion Ratio, with fractions of the [Underlying] [Basket Component with the [Worst][Best] Performance] not being delivered but redeemed by way of payment of a cash payment amount for fractions (the "**Cash Payment Amount for Fractions**"). Should the delivery of the [Underlying] [Basket Component with the [Worst][Best] Performance], for whatever reason, be economically or actually impeded or not possible, then the Issuer shall have the right to pay a compensation amount (the "**Compensation Amount**") in lieu of delivery of the [Underlying] [Basket Component with the [Worst][Best] Performance]. The Cash Payment Amount for Fractions or the Compensation Amount shall be calculated by multiplying the Final Fixing Level of the [Underlying][relevant Basket Component] [converted into the Settlement Currency [on the basis of [•]]] by the fractions of the [Underlying] [Basket Component with the [Worst][Best] Performance] (in the case of the Cash Payment Amount for Fractions) or by the Conversion Ratio (in the case of the Compensation Amount). If the Holder holds several Products, there shall be no aggregation of the Cash Payment Amounts for Fractions in such a way that the number of the [Underlyings] [Basket Components with the [Worst][Best] Performance] to be settled would increase. The Cash Payment Amount for Fractions or the Compensation Amount, as the case may be, shall be commercially rounded to two (2) decimal places.]

[(2) Minimum Redemption

Provided that no Barrier Event has occurred, the Redemption Amount will be determined as follows:

- (i) If the [Final Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is at or below the [Initial Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance]] [Initial Basket Value], the Redemption Amount is equal to the [product of the [Issue Price][Denomination] and the difference between 200 % and the [Performance of the Underlying] [Final Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance] divided by the Initial Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance] [Final Basket Value divided by the Initial Basket Value]] [[Denomination][Issue Price] multiplied by the sum of (A) 100 % and (B) the difference between 100 % and the [Performance of the Underlying] [Final Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance] divided by the Initial Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance] [Final Basket Value divided by the Initial Basket Value] whereby such difference is multiplied by the Participation Factor]. [The result is multiplied by the Exchange Rate Performance.]

- (ii) If the [Final Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is above the [Initial Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance]] [Initial Basket Value] the Redemption Amount is equal to the [[Issue Price] [Denomination] multiplied by the [Performance of the Underlying] [Final Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance] divided by the Initial Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance] [Final Basket Value divided by the Initial Basket Value]] [[Denomination][Issue Price] multiplied by the sum of (A) 100 % and (B) the difference between the [Performance of the Underlying] [Final Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance] divided by the Initial Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance] [Final Basket Value divided by the Initial Basket Value] and 100 % whereby such difference is multiplied by the Participation Factor]. [The result is multiplied by the Exchange Rate Performance.] [The Redemption Amount will not exceed the Maximum Redemption Amount [multiplied by the Exchange Rate Performance] [that equals the [Denomination][Issue Price] multiplied by the sum of (A) 100 % and (B) the difference between the Cap Level and 100 % whereby such difference is multiplied by the Participation Factor [and whereby the final result is multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**")].]

The Redemption Amount determined in accordance with this paragraph (2) will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (3) and] commercially rounded to two (2) decimal places.]

[*insert if Currency Conversion is applicable*:

[(2)][(3)] *Currency exchange*

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable*: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][*insert if Quanto is applicable*: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]

[insert if neither COSI nor TCM is applicable:

(1) [Redemption Amount] [Physical Delivery]

[The "**Redemption Amount**" in the Settlement Currency per Product equals[, subject to a redemption pursuant to paragraph (2)] [the following amount: (i) If the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is at or below the [Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Initial Basket Value], the Redemption Amount equals the [Denomination][Issue Price] multiplied by the sum of (A) 100 % and (B) the Downside Participation Factor that is multiplied by the quotient of (a) the difference between the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] and the [corresponding] [Initial Fixing Level] [Initial Basket Value] and (b) the [corresponding] [Initial Fixing Level] [Initial Basket Value]; the result is multiplied by the Exchange Rate Performance]. (ii) If the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is above the [Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Initial Basket Value], the Redemption Amount equals the [Denomination][Issue Price] multiplied by the sum of (A) 100 % and (B) the Participation Factor that is multiplied by the quotient of (a) the difference between the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] and the [corresponding] [Initial Fixing Level] [Initial Basket Value] and (b) the [corresponding] [Initial Fixing Level] [Initial Basket Value]; the result is multiplied by the Exchange Rate Performance.] [the product of the [Issue Price][Denomination] multiplied by the [Performance of the Underlying] [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance] divided by the Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance] [Final Basket Value divided by the Initial Basket Value].] [The result is multiplied by the Exchange Rate Performance.] [The Redemption Amount will not exceed the [Denomination][Issue Price] multiplied by the Cap Level [whereby the result is multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**").] [The "**Performance of the Underlying**" equals the Final Fixing Level divided by the Initial Fixing Level.] [insert in the case of Participation Certificate with rainbow structure: the Issue Price multiplied by the the sum of (A) 100 %, (B) the Participation Factor 1 multiplied by the Performance of the Basket Component with the Best Performance minus 100 %, (C) the Participation Factor 2 multiplied by the Performance of the Basket Component with the Middle Performance minus 100 % and (D) the Participation Factor 3 multiplied by the Performance of the Basket Component with the Worst Performance minus 100 %. [The result is multiplied by the Exchange Rate Performance.]]

The Redemption Amount will be [insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph [(2)][(3)], as the case may be, and] commercially rounded to two (2) decimal places.]

[Subject to a redemption pursuant to paragraph (2), the Issuer will redeem the Products by way of delivery of a number of the [Underlying] [Basket Component with the [Worst][Best] Performance]] ex-

pressed by the Conversion Ratio, with fractions of the [Underlying] [Basket Component with the [Worst][Best] Performance]] not being delivered but redeemed by way of payment of a cash payment amount for fractions (the "**Cash Payment Amount for Fractions**"). Should the delivery of the [Underlying] [Basket Component with the [Worst][Best] Performance]], for whatever reason, be economically or actually impeded or not possible, then the Issuer shall have the right to pay a compensation amount (the "**Compensation Amount**") in lieu of delivery of the [Underlying] [Basket Component with the [Worst][Best] Performance]]. The Cash Payment Amount for Fractions or the Compensation Amount shall be calculated by multiplying the Final Fixing Level of the [Underlying][relevant Basket Component] [converted into the Settlement Currency [on the basis of [•]]] by the fractions of the [Underlying] [Basket Component with the [Worst][Best] Performance]] (in the case of the Cash Payment Amount for Fractions) or by the Conversion Ratio (in the case of the Compensation Amount). If the Holder holds several Products, there shall be no aggregation of the Cash Payment Amounts for Fractions in such a way that the number of the [Underlyings] [Basket Components with the [Worst][Best] Performance]] to be settled would increase. The Cash Payment Amount for Fractions or the Compensation Amount, as the case may be, shall be commercially rounded to two (2) decimal places.]

[(2) Minimum Redemption

Provided that no Barrier Event has occurred, the Redemption Amount will be determined as follows:

- (i) If the [Final Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is at or below the [Initial Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance]] [Initial Basket Value], the Redemption Amount is equal to the [product of the [Issue Price][Denomination] and the difference between 200 % and the [Performance of the Underlying] [Final Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance] divided by the Initial Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance] [Final Basket Value divided by the Initial Basket Value]] [[Denomination][Issue Price] multiplied by the sum of (A) 100 % and (B) the difference between 100 % and the [Performance of the Underlying] [Final Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance] divided by the Initial Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance] [Final Basket Value divided by the Initial Basket Value] whereby such difference is multiplied by the Participation Factor]. [The result is multiplied by the Exchange Rate Performance.]
- (ii) If the [Final Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is above the [Initial Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance]] [Initial Basket Value] the Redemption Amount is equal to the [[Issue Price] [Denomination] multiplied by the [Performance of the Underlying] [Final Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance] divided by the Initial Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance]

Performance] [Final Basket Value divided by the Initial Basket Value]] [[Denomination][Issue Price] multiplied by the sum of (A) 100 % and (B) the difference between the [Performance of the Underlying] [Final Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance] divided by the Initial Fixing Level of the [Underlying][Basket Component with the [Worst][Best] Performance] [Final Basket Value divided by the Initial Basket Value] and 100 % whereby such difference is multiplied by the Participation Factor]. [The result is multiplied by the Exchange Rate Performance.] [The Redemption Amount will not exceed the Maximum Redemption Amount [multiplied by the Exchange Rate Performance] [that equals the Denomination multiplied by the sum of (A) 100 % and (B) the difference between the Cap Level and 100 % whereby such difference is multiplied by the Participation Factor [and whereby the final result is multiplied by the Exchange Rate Performance] (the "**Maximum Redemption Amount**")].]

The Redemption Amount determined in accordance with this paragraph (2) will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (3) and] commercially rounded to two (2) decimal places.]

[*insert if Currency Conversion is applicable*:

[(2)][(3)] *Currency exchange*

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable*: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][*insert if Quanto is applicable*: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]]

§ 5

Interest, Coupon Payments

The Products bear no interest.

§ 6

(intentionally left blank)

§ 7

(intentionally left blank)

§ 8

Payments[, Physical Delivery]

(1) Payments

The Issuer shall cause the claimed Redemption Amount, if any, [or the delivery of the [Underlying] [Basket Component with the [Worst][Best] Performance] or any other amount to be paid pursuant to § 4 of the Issue Specific Conditions] to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Redemption Date.

If the Redemption Date falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the sched-

uled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) *Transfer of the Redemption Amount in case of termination*

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) *Taxes, fees or other duties*

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:

§ 10

Collateral Secured Instruments (COSI)

(1) *Collateralization of the Product*

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Pro-

vider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail termsheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclu-

sively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss

Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its

COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agree-

ment.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) *Liability*

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) *No authorisation*

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) *Congruence with the Conditions*

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

§ 10

Triparty Collateral Management (TCM)

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the

Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it.

SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Bank-**

ing Act"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("**FISA**") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral

Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

[insert in the case neither COSI nor TCM is applicable:]

§ 10
(intentionally left blank)]

[in the case of Spread Certificates with Cash Settlement (Product No. 31), insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) Currency; Issue Size

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") [issues products (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The total nominal amount (the "**Total Nominal Amount**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.

(2) Form

[insert in the case of Swiss Uncertificated Securities:

(a) Uncertificated Securities, Holders

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or

transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"Custody Agent" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form.

[insert in the case of German CBF Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons. The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will as of the Issue Date be represented by a Permanent Global Note:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer aris-

ing from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"**Clearing System**" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer [*insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated*] [*insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions*].

§ 2

Status of the Products

[*insert in the case neither COSI nor TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[*insert in the case either COSI or TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3

Definitions

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

["**Current Exchange Rate Performance**" means the quotient of the Exchange Rate_(t) and the Exchange Rate_(Initial). "**Exchange Rate_(t)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on the day of the occurrence of the Stop-Loss Event [●] on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

[insert in the case of a share as Underlying or Basket Component: "Share Issuer" means the company that has issued the [Underlying][Basket Component].]

"Initial Fixing Level" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.]

"Initial Fixing Period" means the initial fixing period as specified in **Table 1** in the Annex.]

"Initial Basket Value" means the initial basket value as specified in **Table 1** in the Annex.]

"Adjustment Factor" means the adjustment factor as specified in **Table 1** in the Annex.]

"Number of Basket Component_(i)" [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): $\text{Number of Basket Component}_{(i)} = \frac{[\text{Denomination}][\text{Initial Basket Value}] * \text{Initial Weighting}_{(i)}}{\text{Initial Fixing Level}_{(i)}}$.] [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex.]

"Business Day" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the

case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in [*insert principal financial centre for such currency: ●*].]

[*insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.*]

[*insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.*]

[*insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [*insert currency: ●*]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]*]

["**Issue Price**"] means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**"] means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**"] means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Strike Level**"] means the strike level as specified in **Table 1** in the Annex.]

["**Underlying**"] means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"] ["**Share**"] ["**Participation Certificate (Genussschein)**"] ["**Security representing Shares**"] ["**Commodity**"] ["**Currency Exchange Rate**"] ["**Futures Contract**"] ["**Fixed Rate Instrument**"] ["**Derivative Instrument**"] ["**Fund Unit**"] ["**Interest Rate**"] ["**Reference Rate**"]) [*insert in the case of a share as Underlying or Basket Component, as issued by the Share Issuer.*]

["**Underlying Valuation Date**"] means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Basket**"] means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["**Basket Component**"] means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["**Calculation Agent**"] means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**"] means the screen page as specified in **Table 2** in the Annex.]

[*insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component: "**Exchange**" means[, in respect of the Share] the exchange or the quotation system as*

specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.] [the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.)]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. [*insert in the case of Products with subscription period:* In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.]]

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

[*insert in the case of an index as Underlying or Basket Component:* "**Index Sponsor**" means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**" [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] [*insert Internet site: ●*] [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] [*insert other method for determining Relevant Exchange Rate: ●*]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Denomination**" means the denomination as specified in **Table 1** in the Annex (as expressed in the Settlement Currency).]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg]] [the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**" means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**" means, subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Worst Performance**" means the worst performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**Stop-Loss Observation Period**" means the stop-loss observation period as specified in **Table 1** in the Annex.]

["**Stop-Loss Event**" has occurred if [the Final Fixing Level is [equal to or] below the Stop-Loss Level] [the [Price][Reference Price] [[(bid)][(ask)] price of the Product] [*insert other relevant price for determination of Stop-Loss Event: ●*] [(as determined in the reasonable discretion of the Calculation

Agent)] [that is published [under] [on] [*insert relevant source: ●*]] is [equal to or] below the Stop-Loss Level at any time during the Stop-Loss Observation Period] [*insert in the case of a Basket as Underlying if appropriate: [the Final Basket Value equals or below the Stop-Loss Level as determined by the Calculation Agent] [the [Price][Reference Price] of the Basket is equal to or below the Stop-Loss Level during the Stop-Loss Observation Period, as determined by the Calculation Agent] [the [Price][Reference Price] of a Basket Component is [equal to or] below the Stop-Loss Level for this Basket Component as specified in **Table [1][2]** in the Annex at any time during the Stop-Loss Observation Period], as determined by the Calculation Agent.]]]*

["**Stop-Loss Level**"] means the stop-loss level as specified in **Table 1** in the Annex.]

["**Stop-Loss Redemption Amount**"] means [the [value][fair market price] of the Product (as determined in the reasonable discretion of the Calculation Agent) [at the time on which the Stop-Loss Event has occurred][*insert other relevant time: ●*]] [●] [that is published [under] [on] [*insert relevant source: ●*]] [,whereby the result is multiplied by the Current Exchange Rate Performance]. The Stop-Loss Redemption Amount is at least zero.]

["**TARGET2 System**"] means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Final Fixing Date**"] means [the final fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]].] [In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Management Factor**"] means [the conversion of the Management Fee, which depends on the term of the Product, and shall be calculated according to the following formula [Management Fee x $t/360$, whereby "t" means the number of calendar days since the Initial Fixing Date] [*insert formula: ●*]. The Management Factor will be commercially rounded to ● decimal places.]

["**Management Fee**"] means the [p.a.] management fee as specified in **Table 1** in the Annex.]

["**Scheduled Trading Day**"] has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Website**"] means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**"] means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Rate Performance**"] means the quotient of the Exchange Rate_(Final) and the Exchange Rate_(Initial). "**Exchange Rate_(Final)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Refer-

ence Currency][Settlement Currency][*insert other currency: ●*] which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

["**Exchange Rate Sponsor**" means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

§ 4

Redemption

[insert if either COSI or TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to an early redemption pursuant to § 7 of the Issue Specific Conditions in the case of the occurrence of a Stop-Loss Event or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions, the Product of (i) the [Denomination][Issue Price] and (ii) the sum of the Adjustment Factor and the Outperformance minus the Management Factor. [The result is multiplied by the Exchange Rate Performance.] The "**Outperformance**" equals the Performance of Basket Component 1 minus the Performance of Basket Component 2. The "**Performance**" of a Basket Component equals the Final Fixing Level of the respective Basket Component divided by its Initial Fixing Level minus 1.

The Redemption Amount will be *[insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (2), as the case may be, and]* commercially rounded to two (2) decimal places.

[insert if Currency Conversion is applicable:

(2) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent *[insert if Quanto is not applicable: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][insert if Quanto is applicable: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]*

[insert if neither COSI nor TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to an early redemption pursuant to § 7 of the Issue Specific Conditions in the case of the occurrence of a Stop-Loss Event, the Product of (i) the [Denomination][Issue Price] and (ii) the sum of the Adjustment Factor and the Outperformance minus the Management Factor. [The result is multiplied by the Exchange Rate Performance.] The "**Outperformance**" equals the Performance of Basket Component 1 minus the Performance of Basket Component 2. The "**Performance**" of a Basket Component equals the Final Fixing Level of the respective Basket Component divided by its Initial Fixing Level minus 1.

The Redemption Amount will be [*insert if Currency Conversion is applicable: converted into the Settlement Currency in accordance with paragraph (2), as the case may be, and*] commercially rounded to two (2) decimal places.

[*insert if Currency Conversion is applicable:*

(2) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.*][*insert if Quanto is applicable: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("Quanto").*]

§ 5**Interest, Coupon Payments**

The Products bear no interest.

§ 6

(intentionally left blank)

§ 7**Early redemption in the case of the occurrence of a Stop-Loss Event**

In the event that a Stop-Loss Event has occurred, the term of the Products shall end automatically on the day of the occurrence of the Stop-Loss Event without the need for a separate termination of the Products by the Issuer (the "**Early Redemption**"). In this case the Redemption Amount to be paid by

the Issuer equals the Stop-Loss Redemption Amount.

§ 8
Payments

(1) Payments

The Issuer shall cause the claimed Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Redemption Date.

If the Redemption Date falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated]

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) *Transfer of the Redemption Amount in case of termination*

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) *Taxes, fees or other duties*

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:

§ 10

Collateral Secured Instruments (COSI)

(1) *Collateralization of the Product*

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail termsheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is

obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing

conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, con-

vert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) *Liability*

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) No authorisation

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this § 10 "Collateral Secured Instru- ments (COSI)"	Corresponding definition in these Conditions
investor	Holder
issuer	Issuer
issuing condi- tions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10**Triparty Collateral Management (TCM)**

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of

the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured

Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the

risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("**FISA**") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

§ 10
(intentionally left blank)]

[in the case of Short Participation Certificates with Cash Settlement and with unconditional minimum redemption (Product No. 32), insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) Currency; Issue Size

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") [issues products without par value (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The number (the "**Number of Products**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.][issues products (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The total nominal amount (the "**Total Nominal Amount**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.]

(2) Form

[insert in the case of Swiss Uncertificated Securities:

(a) Uncertificated Securities, Holders

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities,

the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"**Custody Agent**" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right

in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Ver-*

wahrungsstellen), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form.

[insert in the case of German CBF Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons. The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will as of the Issue Date be represented by a Permanent Global Note:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the

Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers

delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"**Clearing System**" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer [*insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated*] [*insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions*].

§ 2

Status of the Products

[*insert in the case neither COSI nor TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[*insert in the case either COSI or TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3

Definitions

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

["**Current Exchange Rate Performance**" means the quotient of the Exchange Rate_(t) and the Ex-

change Rate_(Initial). "**Exchange Rate_(t)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on [the respective Coupon Observation Date allocated to the relevant Coupon Payment Date] [●] on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the Reference Currency [of the Basket Component with the [Worst][Best] Performance] [●] for 1 unit of the Settlement Currency which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

[insert in the case of a share as Underlying or Basket Component: "Share Issuer" means the company that has issued the [Underlying][Basket Component].]

"**Initial Fixing Level**" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the [Issue Price][Denomination] was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.]

"**Initial Fixing Period**" means the initial fixing period as specified in **Table 1** in the Annex.]

"**Initial Basket Value**" means the initial basket value as specified in **Table 1** in the Annex.]

"**Number of Basket Component_(i)**" [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Issue Price][Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): $\text{Number of Basket Component}_{(i)} = \frac{[\text{Issue Price}][\text{Denomination}][\text{Initial Basket Value}] * \text{Initial Weighting}_{(i)}}{\text{Initial Fixing Level}_{(i)}}$ [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex].]

["**Business Day**" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in [insert principal financial centre for such currency: ●].]

[insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.]

[insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [insert currency: ●]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]

["**Issue Price**" means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**" means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**" means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Strike Level**" means the strike level as specified in **Table 1** in the Annex.]

["**Barrier Observation Period**" means the barrier observation period as specified in **Table 1** in the Annex.]

["**Barrier Event**" has occurred if [the Final Fixing Level is [equal to or] below the Barrier Level] [the [Price][Reference Price] is [equal to or] below the Barrier Level at any time during the Barrier Observation Period] *[insert in the case of a Basket as Underlying if appropriate: [the Final Basket Value is equal to or below the Barrier Level as determined by the Calculation Agent] [the [Price][Reference Price] of the Basket is equal to or below the Barrier Level during the Barrier Observation Period, as determined by the Calculation Agent] [the [Price][Reference Price] [Final Fixing Level] of [a][at least one] Basket Component is [equal to or] below the Barrier Level for this Basket Component as specified in **Table 1**][2] in the Annex at any time during the Barrier Observation Period], as determined by the Calculation Agent.]]]*

["**Barrier Level**" means the barrier level as specified in **Table 1** in the Annex [with respect to the relevant Basket Component].]

["**Underlying**" means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"] ["**Share**"] ["**Participation Certificate (Genussschein)**"] ["**Security representing Shares**"] ["**Commodity**"] ["**Currency Exchange Rate**"] ["**Futures Contract**"] ["**Fixed Rate Instrument**"] ["**Derivative Instrument**"] ["**Fund Unit**"] ["**Interest Rate**"] ["**Reference Rate**"]) [*insert in the case of a share as Underlying or Basket Component*., as issued by the Share Issuer].]

["**Underlying Valuation Date**" means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Basket**" means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["**Basket Component**" means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["**Calculation Agent**" means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**" means the screen page as specified in **Table 2** in the Annex.]

[*insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component*: "**Exchange**" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]

["**Cap Level**" means the Cap Level as specified in **Table 1** in the Annex.]

["**Coupon Observation Date**" means each of the coupon observation dates as specified in **Table 1**[**3**] in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]]. In the event of the postponement of the Underlying Valuation Date corresponding to the relevant Coupon Observation Date [in respect of one or more Basket Components], the relevant Coupon Observation Date [in relation to [the relevant Basket Component][all Basket Components]] shall be postponed accordingly.]]

["**Coupon Rate**" equals the Average Performance on the Coupon Observation Date allocated to the respective Coupon Payment Date. The "**Average Performance**" on a Coupon Observation Date equals the sum of the Recorded Performances of all Basket Components. The "**Recorded Performance of a Basket Component**" equals – in the case that the Performance of the respective Basket Component is negative - the Performance of the Basket Component divided by the number of Basket Components in the Basket or – in the case that the Performance of the respective Basket Component

is zero or positive the Maximum Performance divided by the number of Basket Components in the Basket. The "**Maximum Performance**" equals [●]. The "**Performance of a Basket Component**" equals the Reference Price of the respective Basket Component on the respective Coupon Observation Date divided by its Initial Fixing Level minus 1. [The Coupon Rate is at least zero.]]

["**Coupon Payment Date**" means the coupon payment date as specified in **Table 1**[3] in the Annex or, if this date is not a Business Day, the next following Business Day. [In the event of the postponement of the relevant Coupon Observation Date, the relevant Coupon Payment Date shall be postponed accordingly.]]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.][means the Final Basket Value on the Final Fixing Date.] [the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.]]

["**Final Basket Value**" means the sum of the Final Levels of all Basket Components.]

["**Final Level of a Basket Component**" means the Final Fixing Level of the Basket Component multiplied by the [Number of Basket Component][Initial Weighting_(i)]. Accordingly, the Final Level of a Basket Component will be calculated as follows:

$$\text{Final Level of a Basket Component} = Ff_{(i)} * W_{(i)}$$

whereby

"Ff_(i)" means the Final Fixing Level of the Basket Component_(i) and

"W_(i)" means the [Number of Basket Component][Initial Weighting_(i)].]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. [*insert in the case of Products with subscription period:* In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.]]

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

[*insert in the case of an index as Underlying or Basket Component:* "**Index Sponsor**" means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as speci-

fied in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**" [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] [*insert Internet site: ●*] [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Rebate Coupon Rate**" means the rebate coupon rate as specified in **Table 1** in the Annex.]

["**Relevant Performance**" [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] [*insert other method for determining Relevant Exchange Rate: ●*]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Maximum Redemption Amount**" means the maximum redemption amount as specified in **Table 1** in the Annex.]

["**Minimum Redemption Factor**" means the minimum redemption factor as specified in **Table 1** in the Annex.]

["**Denomination**" means the denomination as specified in **Table 1** in the Annex (as expressed in the Settlement Currency).]

["**Participation Factor**" means the participation factor as specified in **Table 1** in the Annex.]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg][the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled

Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**" means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**" means, subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Worst Performance**" means the worst performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**TARGET2 System**" means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Final Fixing Date**" means [the final fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]].] [In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Scheduled Trading Day**" has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Website**" means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**" means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Rate Performance**" means the quotient of the Exchange Rate_(Final) and the Exchange Rate_(Initial). "**Exchange Rate_(Final)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. "**Exchange Rate_(Initial)**" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][*insert other currency: ●*] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][*insert other currency: ●*] which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

["**Exchange Rate Sponsor**" means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

§ 4
Redemption

[insert if either COSI or TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals[, subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions, (a) if a Barrier Event has not occurred and the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is at or below the [[Initial Fixing Level][Strike Level] [of the Basket Component with the [Worst][Best] Performance] [Initial Basket Value] the [Issue Price][Denomination] multiplied by the sum of (i) the Minimum Redemption Factor and (ii) the Participation Factor multiplied by the difference between [100 %][Strike Level (in%)] [and the Performance of the [Underlying] [Basket Component with the [Worst][Best] Performance] [Basket]] [whereby the result of this calculation is multiplied by the Exchange Rate Performance]; (b) if a Barrier Event has not occurred and [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is above the [[Initial Fixing Level][Strike Level] [of the Basket Component with the [Worst][Best] Performance] [Initial Basket Value] the [Issue Price][Denomination] multiplied by the Minimum Redemption Factor [whereby the result of this calculation is multiplied by the Exchange Rate Performance]; (c) if a Barrier Event has occurred the [Issue Price][Denomination] multiplied by the sum of the Minimum Redemption Factor and the Rebate Coupon Rate [whereby the result of this calculation is multiplied by the Exchange Rate Performance].]

[, subject to a Minimum Redemption pursuant to paragraph (2) or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions, [and in the case that the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is [at or] below the [[Initial Fixing Level][Strike Level] [of the Basket Component with the [Worst][Best] Performance] [Initial Basket Value] [multiplied by the Strike Level] [, but at or above the [[Initial Fixing Level][Strike Level] [of the [worst] [best] performing Basket Component] [Initial Basket Value] multiplied by the Cap Level [(in%)]], the [Denomination][Issue Price] multiplied by the sum of (i) the Minimum Redemption Factor and (ii) the Participation Factor multiplied by the difference between [100 %][Strike Level [(in%)]] [of the [Underlying] [Basket Component with the [Worst][Best] Performance] [Basket]] and [its Final Fixing Level] [Final Basket Value] [the Performance of the [Underlying][Basket Component with the [Worst][Best] Performance][Basket]] [whereby the difference is divided by the [Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Initial Basket Value]. [The result is multiplied by the Exchange Rate Performance.] [The Redemption Amount will not exceed the Maximum Redemption Amount that is paid in the case that the [Final Fixing Level [of the [worst] [best] performing Basket Component] [Final Basket Value] is below the [[Initial Fixing Level][Strike Level] [of the [worst] [best] performing Basket Component] [Initial Basket Value] multiplied by the Cap Level [(in%)]. The Maximum Redemption Amount equals the [Denomination][Issue Price] multiplied by the sum of (i) the Minimum Redemption Factor and (ii)

the Participation Factor multiplied by the difference between the Strike Level [(in%)] and the Cap Level [(in%)] [whereby the result is multiplied by the Exchange Rate Performance].]

[The "**Performance of the Underlying**" equals the Final Fixing Level divided by the Initial Fixing Level.][The "**Performance of the Basket Component**" equals the Final Fixing Level of the respective Basket Component divided by the Initial Fixing Level of the respective Basket Component.] [The "**Performance of the Basket**" equals the Final Basket Value divided by the Initial Basket Value.]

The Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph [(2)][(3)], as the case may be, and] commercially rounded to two (2) decimal places.

[(2) Minimum Redemption]

In the case that the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is [at or] above the [[Initial Fixing Level] [Strike Level] [of the Basket Component with the [Worst][Best] Performance]] [Initial Basket Value] [multiplied by the Strike Level], the Redemption Amount equals the [Denomination][Issue Price] multiplied by the Minimum Redemption Factor (the "**Minimum Redemption Amount**") [, whereby the result is multiplied by the Exchange Rate Performance].

The Minimum Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph [(2)][(3)], as the case may be, and] commercially rounded to two (2) decimal places.]

[*insert if Currency Conversion is applicable*:

[(2)][(3) Currency exchange]

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable*: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][*insert if Quanto is applicable*: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]

[*insert if neither COSI nor TCM is applicable*:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals [(a) if a Barrier Event has not occurred and the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is at or below the [[Initial Fixing Level][Strike Level] [of the Basket Component with the [Worst][Best] Performance] [Initial Basket Value] the [Issue Price][Denomination] multiplied by the sum of (i) the Minimum Redemption Factor and (ii) the Participation Factor multiplied by the difference between [100 %][Strike Level (in%)] [and the Performance of the [Underlying] [Basket Component with the [Worst][Best] Performance] [Basket]] [whereby the result of this calculation is multiplied by the Exchange Rate Performance]; (b) if a Barrier Event has not occurred and [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is above the [[Initial Fixing Level][Strike Level] [of the Basket Component with the [Worst][Best] Performance] [Initial Basket Value] the [Issue Price][Denomination] multiplied by the Minimum Redemption Factor [whereby the result of this calculation is multiplied by the Exchange Rate Performance]; (c) if a Barrier Event has occurred the [Issue Price][Denomination] multiplied by the sum of the Minimum Redemption Factor and the Rebate Coupon Rate [whereby the result of this calculation is multiplied by the Exchange Rate Performance].]

[, subject to a Minimum Redemption pursuant to paragraph (2), [and in the case that the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is [at or] below the [[Initial Fixing Level][Strike Level] [of the Basket Component with the [Worst][Best] Performance] [Initial Basket Value] [multiplied by the Strike Level] [, but at or above the [[Initial Fixing Level][Strike Level] [of the [worst] [best] performing Basket Component] [Initial Basket Value] multiplied by the Cap Level [(in%)], the [Denomination][Issue Price] multiplied by the sum of (i) the Minimum Redemption Factor and (ii) the Participation Factor multiplied by the difference between [100 %][Strike Level (in%)] [of the [Underlying] [Basket Component with the [Worst][Best] Performance] [Basket]] and [its Final Fixing Level] [Final Basket Value] [the Performance of the [Underlying][Basket Component with the [Worst][Best] Performance][Basket]] [whereby the difference is divided by the [Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Initial Basket Value]. [The result is multiplied by the Exchange Rate Performance.] [The Redemption Amount will not exceed the Maximum Redemption Amount that is paid in the case that the [Final Fixing Level [of the [worst] [best] performing Basket Component] [Final Basket Value] is below the [[Initial Fixing Level][Strike Level] [of the [worst] [best] performing Basket Component] [Initial Basket Value] multiplied by the Cap Level [(in%)]. The Maximum Redemption Amount equals the [Denomination][Issue Price] multiplied by the sum of (i) the Minimum Redemption Factor and (ii) the Participation Factor multiplied by the difference between the Strike Level [(in%)] and the Cap Level [(in%)] [whereby the result is multiplied by the Exchange Rate Performance].]]]

[The "**Performance of the Underlying**" equals the Final Fixing Level divided by the Initial Fixing Level.][The "**Performance of the Basket Component**" equals the Final Fixing Level of the respective Basket Component divided by the Initial Fixing Level of the respective Basket Component.] [The "**Performance of the Basket**" equals the Final Basket Value divided by the Initial Basket Value.]

The Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph [(2)][(3)], as the case may be, and] commercially rounded to two (2) decimal places.

[(2) Minimum Redemption]

In the case that the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is [at or] above the [[Initial Fixing Level] [Strike Level] [of the Basket Component with the [Worst][Best] Performance]] [Initial Basket Value] [multiplied by the Strike Level], the Redemption Amount equals the [Denomination][Issue Price] multiplied by the Minimum Redemption Factor (the "**Minimum Redemption Amount**")[, whereby the result is multiplied by the Exchange Rate Performance].

The Minimum Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph [(2)][(3)], as the case may be, and] commercially rounded to two (2) decimal places.]

[*insert if Currency Conversion is applicable*:

[(2)][(3)] Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable*: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][*insert if Quanto is applicable*: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]

§ 5

Interest, Coupon Payments

The Products bear no interest.

§ 6

(intentionally left blank)

§ 7

(intentionally left blank)

§ 8

Payments

(1) Payments

The Issuer shall cause the claimed Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Redemption Date. [The Issuer shall transfer the Coupon Amount in arrears by the Coupon Payment Date via the Paying Agent to the Clearing System for transmitting to the Holders.]

If a Redemption Date [and/or Coupon Payment Date] falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date

on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) Transfer of the Redemption Amount in case of termination

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) Taxes, fees or other duties

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:

§ 10

Collateral Secured Instruments (COSI)

(1) Collateralization of the Product

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the

two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail termsheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 let-

ter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a

COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) *Costs of liquidation and payout for the benefit of the investors*

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current

Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) *Liability*

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper

selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) No authorisation

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this	Corresponding definition in these Conditions
§ 10 "Collateral Secured Instruments (COSI)"	
investor	Holder
issuer	Issuer
issuing conditions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10

Triparty Collateral Management (TCM)

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product

and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recov-

ery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entire-

ly until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("**FISA**") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation

Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

(intentionally left blank)]**

[in the case of Knock-Out Warrants with (Product No. 33), insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) Currency; Issue Size

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") [issues products without par value (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The number (the "**Number of Products**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.][issues products (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The total nominal amount (the "**Total Nominal Amount**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.]

(2) Form

[insert in the case of Swiss Uncertificated Securities:

(a) Uncertificated Securities, Holders

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each partici-

pant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"**Custody Agent**" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot

as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form.

[insert in the case of German CBF Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons. The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be

transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will as of the Issue Date be represented by a Permanent Global Note:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Prod-

ucts delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Cus-

tody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"**Clearing System**" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer [*insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated*] [*insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions*].

§ 2

Status of the Products

[*insert in the case neither COSI nor TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any

subordinated obligations.]

[insert in the case either COSI or TCM is applicable:

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3

Definitions

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

[insert in the case of a share as Underlying or Basket Component: "Share Issuer" means the company that has issued the [Underlying][Basket Component].]

"Initial Fixing Level" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.]

"Initial Fixing Period" means the initial fixing period as specified in **Table 1** in the Annex.]

"Initial Basket Value" means the initial basket value as specified in **Table 1** in the Annex.]

"Number of Basket Component_(i)" [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i).

ment_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): $\text{Number of Basket Component}_{(i)} = \frac{[\text{Denomination}][\text{Initial Basket Value}] * \text{Initial Weighting}_{(i)}}{\text{Initial Fixing Level}_{(i)}}$ [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex.]

["**Business Day**" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in [insert principal financial centre for such currency: ●].]

[insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.]

[insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [insert currency: ●]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]

["**Issue Price**" means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**" means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**" means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Strike Level**" means the strike level as specified in **Table 1** in the Annex.]

["**Underlying**" means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"]["**Share**"]["**Participation Certificate (Genussschein)**"]["**Security representing Shares**"]["**Commodity**"]["**Currency Exchange Rate**"] ["**Futures Contract**"]["**Fixed Rate Instrument**"]["**Derivative Instrument**"]["**Fund Unit**"]["**Interest Rate**"]["**Reference Rate**"]) *[insert in the case of a share as Underlying or Basket Component:., as issued by the Share Issuer].]*

["**Underlying Valuation Date**" means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Basket**" means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["**Basket Component**" means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.] ["**Calculation Agent**" means the calculation agent as specified in **Table 1** in the Annex.]

["**Best Performance**" means the best performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**Participation Factor**" means the Participation Factor as specified in **Table 1** in the Annex.]

["**Screen Page**" means the screen page as specified in **Table 2** in the Annex.]

[insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component: "**Exchange**" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the [Reference] Price of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.][the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component).]

["**Final Basket Value**" means the sum of the Final Levels of all Basket Components.]

["**Final Level of a Basket Component**" means the Final Fixing Level of the Basket Component multiplied by the [Number of Basket Component][Initial Weighting_(i)]. Accordingly, the Final Level of a Basket Component will be calculated as follows:

$$\text{Final Level of a Basket Component} = Ff_{(i)} * W_{(i)}$$

whereby

"Ff_(i)" means the Final Fixing Level of the Basket Component_(i) and

"W_(i)" means the [Number of Basket Component][Initial Weighting_(i)].]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. [*insert in the case of Products with subscription period: In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.*]]

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

[*insert in the case of an index as Underlying or Basket Component: "Index Sponsor"* means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Knock-Out Event**" has occurred if on any Business Day [[the Final Fixing Level is [equal to or] below the Knock-Out Level] [the Reference Price is [equal to or] above the Knock-Out Level] at any time during the Knock-Out Period] [*insert in the case of a Basket as Underlying if appropriate: [the Final Basket Value is [equal to or] below the Knock-Out Level as determined by the Calculation] [the Reference Price of the Basket is [equal to or] above the Knock-Out Level during the Knock-Out Period, as determined by the Calculation Agent][the [Reference Price] [Final Fixing Level] of [a] [at least one] Basket Component is [equal to or] [below] [above] the Knock-Out Level for this Basket Component as specified in **Table 1**[2] in the Annex [at any time during the Knock-Out Period]], as determined by the Calculation Agent.*]]

["**Knock-Out Level**" means the Knock-Out Level as specified in **Table 1** in the Annex.]

["**Knock-Out Period**" means the Knock-Out Period as specified in **Table 1** in the Annex.]["**Price**" means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] [*insert Internet site: ●*] [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page

of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] [*insert other method for determining Relevant Exchange Rate: ●*]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Denomination**"] means the denomination as specified in **Table 1** in the Annex (as expressed in the Settlement Currency).]

["**Reference Price**"] means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg][the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**"] means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Rebate**"] means the Rebate as specified in **Table 1** in the Annex.]

["**Redemption Date**"] means, subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Worst Performance**"] means the worst performance of the relevant Basket Components as determined by the Calculation Agent, with the performance of each Basket Component being calculated by division of the corresponding Final Fixing Level by the corresponding Initial Fixing Level.]

["**TARGET2 System**"] means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Final Fixing Date**"] means [the final fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]].] [In the event of the postponement of the Underlying Valuation Date corresponding to

the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Scheduled Trading Day**" has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Website**" means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**" means the exchange rate page as specified in **Table 2** in the Annex.]

["**Exchange Rate Performance**" means the quotient of the Exchange Rate_(Final) and the Exchange Rate_(Initial). "**Exchange Rate**_(Final)" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][insert other currency: ●] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][insert other currency: ●] which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. "**Exchange Rate**_(Initial)" means the exchange rate as specified in **Table 2** in the Annex expressed in the [Reference Currency][Settlement Currency][insert other currency: ●] [of the Basket Component with the [Worst][Best] Performance] for 1 unit of the [Reference Currency][Settlement Currency][insert other currency: ●] which is published on the [Initial Fixing Date] [●] on the Exchange Rate Page or on any replacement page.]

["**Exchange Rate Sponsor**" means the exchange rate sponsor as specified in **Table 2** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

§ 4

Redemption

[insert if either COSI or TCM is applicable:

(1) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions

[insert in the case of Knock-Out Call Warrants:

(a) - in the case that a Knock-Out Event has not occurred - [and the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is above the [relevant] Strike Level - the [Denomination][Issue Price] multiplied by the product of (i) the Participation Factor and (ii) the difference between (A) the quotient of the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] and the [Initial Fixing Level [of the Basket Component with the [Worst] [Best] Performance]] [Initial Basket Value] and (B) the [relevant] Strike Level.]

[the [Denomination][Issue Price] multiplied by the difference between (A) the quotient of the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] and the [Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Initial Basket Value] and (B) the [relevant] Strike Level; the Redemption Amount is at least zero (0).]

[(b) - in the case that a Knock-Out Event has not occurred and the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is at or below the [relevant] Strike Level – zero (0), i.e. no payments will be made and the Product will expire worthless.]

[(b)] [(c)] – in the case that a Knock-Out Event has occurred – [zero (0), i.e. no payments will be made and the Product will expire worthless][the [Denomination][Issue Price] multiplied by the Re-bate].]

[insert in the case of Knock-Out Put Warrants:

(a) - in the case that a Knock-Out Event has not occurred – [and the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is at or below the [relevant] Strike Level - the [Denomination][Issue Price] multiplied by the product of (i) the Participation Factor and (ii) the difference between (A) the [relevant] Strike Level and (B) the quotient of the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] and the [Initial Fixing Level [of the Basket Component with the [Best][Worst] Performance]] [Initial Basket Value].]

[the [Denomination][Issue Price] multiplied by the difference between (A) the [relevant] Strike Level and the quotient of (B) the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] and the [Initial Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Initial Basket Value]; the Redemption Amount is at least zero (0).]

[(b) - in the case that a Knock-Out Event has not occurred and the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is above the [relevant] Strike Level – zero (0), i.e. no payments will be made and the Product will expire worthless.]

[(b)] [(c)] - in the case that a Knock-Out Event has occurred – [zero (0), i.e. no payments will be made and the Product will expire worthless] [the [Denomination][Issue Price] multiplied by the Re-bate].]

The Redemption Amount will be *[insert if Currency Conversion is applicable:* converted into the Settlement Currency in accordance with paragraph (2), as the case may be, and] commercially rounded to two (2) decimal places.

[insert if Currency Conversion is applicable:

(2) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent *[insert if Quanto is not applicable:* on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant

day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.]]*insert if Quanto is applicable: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("Quanto").]]*

insert if neither COSI nor TCM is applicable:

(3) Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals

insert in the case of Knock-Out Call Warrants:

(a) – in the case that a Knock-Out Event has not occurred – [and the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] is above the [relevant] Strike Level – the [Denomination][Issue Price] multiplied by the product of (i) the Participation Factor and (ii) the difference between (A) the quotient of the [Final Fixing Level [of the Basket Component with the [Worst][Best] Performance]] [Final Basket Value] and the [Initial Fixing Level [of the Basket Component with the [Best] [Worst] Performance]] [Initial Basket Value] and (B) the [relevant] Strike Level.]

The Redemption Amount will be [*insert if Currency Conversion is applicable*: converted into the Settlement Currency in accordance with paragraph (2), as the case may be, and] commercially rounded to two (2) decimal places.

[*insert if Currency Conversion is applicable*:

(4) Currency exchange

The Reference Currency shall be converted into the Settlement Currency by the Calculation Agent [*insert if Quanto is not applicable*: on the basis of the exchange rate expressed in the Reference Currency for 1 unit of the Settlement Currency which is published on the Final Fixing Date on the Exchange Rate Page or on any replacement page. If the conversion is performed at a time on the relevant day when an updated exchange rate is not yet published on the Exchange Rate Page, the Calculation Agent shall perform the conversion on the basis of the exchange rate last published on the Exchange Rate Page. If the Exchange Rate Page is not available on the designated date or if the exchange rate is not published, the exchange rate shall be the exchange rate which is published on the corresponding page of another business information service. If the exchange rate is no longer published in any way mentioned above, the Calculation Agent may determine the exchange rate on the basis of applicable market practice and considering the prevailing market conditions in its reasonable discretion.][*insert if Quanto is applicable*: at an exchange rate of 1 unit of the Reference Currency to 1 unit of the Settlement Currency ("**Quanto**").]

§ 5

Interest, Coupon Payments

The Products bear no interest.

§ 6

(intentionally left blank)

§ 7

(intentionally left blank)

§ 8

Payments

(1) Payments

The Issuer shall cause the claimed Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Redemption Date.

If the Redemption Date falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is

terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) Transfer of the Redemption Amount in case of termination

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) Taxes, fees or other duties

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:

§ 10

Collateral Secured Instruments (COSI)

(1) Collateralization of the Product

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as se-

curity for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail termsheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to

calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a

private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to

SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) *Liability*

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) *No authorisation*

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) *Congruence with the Conditions*

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this	Corresponding definition in these Conditions
-------------------	--

§ 10 "Collateral Secured Instruments (COSI)"

investor	Holder
issuer	Issuer
issuing conditions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10

Triparty Collateral Management (TCM)

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Finan-

cial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market

Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("**FISA**") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether

payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

[insert in the case neither COSI nor TCM is applicable:

**§ 10
(intentionally left blank)]**

[in the case of Dual Currency Notes (Product No. 34), insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) Currency; Issue Size

Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") [issues products without par value (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The number (the "**Number of Products**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.][issues products (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The total nominal amount (the "**Total Nominal Amount**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.]

(2) Form

[insert in the case of Swiss Uncertificated Securities:

(a) Uncertificated Securities, Holders

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent

(*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"Custody Agent" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[*insert in the case of Swiss Bearer Securities:*

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[*insert in the case of Swiss CBF Bearer Securities:*

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[*insert in the case of Swiss Euroclear Bearer Securities:*

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form.

[insert in the case of German CBF Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons. The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will as of the Issue Date be represented by a Permanent Global Note:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depositary on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded.

The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"**Clearing System**" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer [*insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated*] [*insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions*].

§ 2

Status of the Products

[*insert in the case neither COSI nor TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[*insert in the case either COSI or TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3

Definitions

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

[*insert in the case of a share as Underlying or Basket Component: "Share Issuer" means the company that has issued the [Underlying][Basket Component].*]

["**Alternative Currency**" means the alternative currency specified in **Table 2** in the Annex.]

["**Initial Fixing Level**" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [offi-

cial closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.]

["**Initial Fixing Period**" means the initial fixing period as specified in **Table 1** in the Annex.]

["**Initial Basket Value**" means the initial basket value as specified in **Table 1** in the Annex.]

["**Number of Basket Component_(i)**" [means the relevant Number of Basket Component_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex which is determined by the Issuer and/or the Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i) [and the [EUR][●]/Reference Currency_(i) exchange rate] and takes into account the Initial Weighting_(i) of the respective Basket Component_(i), corresponding to the weighted share of the respective Basket Component_(i) in the Initial Basket Value on the Initial Fixing Date.] [means the weighted share of the respective Basket Component_(i) in the Initial Basket Value as determined by the Issuer and/or Calculation Agent on the Initial Fixing Date based on the Initial Fixing Level_(i), and taking into account the Initial Weighting_(i) of the respective Basket Component_(i). The relevant Number of Basket Component_(i) corresponds to the [Denomination][Initial Basket Value] multiplied by the quotient of the Initial Weighting_(i) (dividend) and the Initial Fixing Level_(i) (converted into the Settlement Currency, if applicable) (divisor): Number of Basket Component_(i)= [Denomination][Initial Basket Value] * Initial Weighting_(i) / Initial Fixing Level_(i).] [Initial Weighting means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex.]

["**Business Day**" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in *[insert principal financial centre for such currency: ●].*]

[insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with

US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.]

[insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [insert currency: ●]] [in the Business Centre[s]] [if no currency is indicated, insert: in each of the Business Centres].]

["**Issue Price**" means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**" means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**" means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Underlying**" means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"]["**Share**"]["**Participation Certificate (Genussschein)**"]["**Security representing Shares**"]["**Commodity**"]["**Currency Exchange Rate**] ["**Futures Contract**"]["**Fixed Rate Instrument**"]["**Derivative Instrument**"]["**Fund Unit**"]["**Interest Rate**"]["**Reference Rate**"]) *[insert in the case of a share as Underlying or Basket Component, as issued by the Share Issuer].]*

["**Underlying Valuation Date**" means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Basket**" means the Basket comprising the basket components as specified in **Tables 1** and **2** in the Annex.]

["**Basket Component**" means, subject to an adjustment, each basket component as specified in **Table 2** in the Annex.]

["**Calculation Agent**" means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**" means the screen page as specified in **Table 2** in the Annex.]

*[insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component: "**Exchange**" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]*

["**Coupon Day Count Fraction**" means the actual number of days in the period from [●] (including) to [●] (excluding) divided by 365 (Actual/365F).]

["**Coupon Rate**" means the coupon rate as specified in **Table 1** in the Annex.]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.][means the Final Basket Value on the Final Fixing Date.] [the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.)]

["**Final Basket Value**" means the sum of the Final Levels of all Basket Components.]

["**Final Level of a Basket Component**" means the Final Fixing Level of the Basket Component multiplied by the [Number of Basket Component][Initial Weighting_(i)]. Accordingly, the Final Level of a Basket Component will be calculated as follows:

$$\text{Final Level of a Basket Component} = \text{Ff}_{(i)} * \text{W}_{(i)}$$

whereby

"Ff_(i)" means the Final Fixing Level of the Basket Component_(i) and

"W_(i)" means the [Number of Basket Component][Initial Weighting_(i)].]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. [*insert in the case of Products with subscription period: In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.*]]

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

[*insert in the case of an index as Underlying or Basket Component: "Index Sponsor"* means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]

["**Initial Weighting_(i)**" means the Initial Weighting_(i) of the respective Basket Component_(i) as specified in **Table 2** in the Annex[, as determined on the Initial Fixing Date by the Issuer and/or the Calculation Agent].]

["**Price**" [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] [*insert Internet site: ●*] [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Relevant Exchange Rate**" of the Reference Currency means [[with respect to [●]] the [●] [mid]rate [of the Reference Currency to the Settlement Currency], which is published [by the Exchange Rate sponsor on the designated Exchange Rate Page] [on the [Reuters page]] [●] or on any replacement page, or, if such rate is not published on any other [Reuters page] [●], the rate published on the page of another screen service] [as determined by the Calculation Agent on basis of the [designated Exchange Rate Page published by the Exchange Rate Sponsor] on the [Reuters page]] [●] or on any replacement page. If such rate is not published on another [Reuters page] [●], the Relevant Exchange Rate means the [●] [mid]rate [of the Reference Currency to Euro], as determined by the Calculation Agent on the basis of the page of another screen service] [*insert other method for determining Relevant Exchange Rate: ●*]. If the abovementioned Exchange Rate can no longer be determined in the way described above or any other way mentioned above, the Calculation Agent may determine the Relevant Exchange Rate on the basis of applicable market practice and considering the prevailing market conditions.]

["**Minimum Redemption Factor**" means the minimum redemption factor as specified in **Table 1** in the Annex.]

["**Denomination**" means the denomination as specified in **Table 1** in the Annex (as expressed in the Settlement Currency).]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency: ●*]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg][the Screen Page] [●] [*insert Internet site: ●*] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**" means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**" means, subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**Scheduled Trading Day**" has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Website**" means the Website as specified in **Table 1** in the Annex.]

["**Exchange Rate Page**" means the exchange rate page as specified in **Table 2** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

§ 4

Redemption

[insert if either COSI or TCM is applicable:

Redemption Amount

The "**Redemption Amount**" equals, subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions, the following amount:

(a) If the Final Fixing Level is at or below the Strike Level, the Redemption Amount equals the Denomination multiplied by the sum of one (1) and the Coupon Rate taking into account the Coupon Day Count Fraction, whereby the result is converted from the Settlement Currency into the Alternative Currency using the Strike Level. In this case, the investor will accordingly receive a Redemption Amount in the Alternative Currency.

(b) If the Final Fixing Level is above the Strike Level, the Redemption Amount in the Settlement Currency equals the Denomination multiplied by the sum of one (1) and the Coupon Rate taking into account the Coupon Day Count Fraction.

The Redemption Amount will be commercially rounded to two (2) decimal places.

[insert if neither COSI nor TCM is applicable:

Redemption Amount

The Redemption Amount equals the following amount:

(a) If the Final Fixing Level is at or below the Strike Level, the Redemption Amount equals the Denomination multiplied by the sum of one (1) and the Coupon Rate taking into account the Coupon Day Count Fraction, whereby the result is converted from the Settlement Currency into the Alternative Currency using the Strike Level. In this case, the investor will accordingly receive a Redemption Amount in the Alternative Currency.

(b) If the Final Fixing Level is above the Strike Level, the Redemption Amount in the Settlement Currency equals the Denomination multiplied by the sum of one (1) and the Coupon Rate taking into account the Coupon Day Count Fraction.

§ 5

(intentionally left blank)

§ 6

(intentionally left blank)

§ 7

(intentionally left blank)

§ 8

Payments

(1) Payments

The Issuer shall cause the claimed Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Redemption Date.

If a Redemption Date falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated]

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is

terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the scheduled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) Transfer of the Redemption Amount in case of termination

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) Taxes, fees or other duties

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:

§ 10

Collateral Secured Instruments (COSI)

(1) Collateralization of the Product

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange

a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail termsheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to

[Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in

due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 letter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically

only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) Costs of liquidation and payout for the benefit of the investors

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the

payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) Liability

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) No authorisation

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this	Corresponding definition in these Conditions
§ 10 "Collateral Secured Instruments (COSI)"	
investor	Holder
issuer	Issuer
issuing conditions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10

Triparty Collateral Management (TCM)

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdic-

tion of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recovery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provid-

er is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("FISA") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

[insert in the case neither COSI nor TCM is applicable:

§ 10
(intentionally left blank)]

[in the case of Stability Notes (Product No. 35), insert:

§ 1

Form and Issue Size; Definitions; Term of the Products

(1) Currency; Issue Size; Denomination

[Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") issues products (each a "**Note**" or a "**Product**" and together the "**Notes**" or the "**Products**"). The total nominal amount (the "**Total Nominal Amount**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.][Leonteq Securities AG[, acting through its Guernsey branch: Leonteq Securities AG, Guernsey Branch] [, acting through its Amsterdam branch: Leonteq Securities AG, Amsterdam Branch] (the "**Issuer**") issues products without par value (each a "**Certificate**" or a "**Product**" and together the "**Certificates**" or the "**Products**"). The number (the "**Number of Products**") and the settlement currency (the "**Settlement Currency**") of the Products are specified in **Table 1** in the Annex.]

(2) Form

[insert in the case of Swiss Uncertificated Securities:

(a) Uncertificated Securities, Holders

The Products are issued in uncertificated form in accordance with art. 973c of the Swiss Code of Obligations as uncertificated securities (*Wertrechte*) ("**Uncertificated Securities**").

Uncertificated Securities (*Wertrechte*) will be created by the Issuer by means of a registration in its register of uncertificated securities (*Wertrechtbuch*) (the "**Register of Uncertificated Securities**"). Such Uncertificated Securities will then be entered into the main register (*Hauptregister*) of the Custody Agent (the "**Main Register of the Custody Agent**"). Once the Uncertificated Securities are registered in the Main Register of the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Products constituting intermediated securities (*Bucheffekten*) may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e. by the entry of the transferred Products in a securities account of the transferee.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Uncertificated Securities into, or the delivery of, a permanent global note (*Dauerglobalurkunde*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant with the Custody Agent. In respect of the Products held in the form of Intermediated Securities,

the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Verwahrungsstellen*), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

No physical delivery of the Products shall be made unless and until definitive Security Papers (*Wertpapiere*) shall have been printed. Products may only be printed, in whole, but not in part, if the Paying Agent determines, in its sole discretion, that the printing of the Security Papers is necessary or useful.

Should the Paying Agent so determine, it shall provide for the printing of definitive Security Papers without cost to the Holders. Upon delivery of the Security Papers, the Uncertificated Securities will immediately be cancelled by the Issuer and the Security Papers shall be delivered to the Holders against cancellation of the Intermediated Securities in the Holder's securities accounts.

"**Holder**" means the person holding the Products in a securities account in its own name and for its own account.

(b) Custody Agent

"**Custody Agent**" is the custody agent as specified in **Table 1** in the Annex, a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).]

[insert in the case of Swiss Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form ("**Bearer Securities**").

(b) Permanent Global Note, Holder

[insert in the case of Swiss CBF Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right

in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss Euroclear Bearer Securities:

During their term the Products are represented by a permanent global note in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**"). The Permanent Global Note will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of Swiss SIX SIS Bearer Securities:

During their term the Products are represented by a permanent global note (*Dauerglobalurkunde*) in accordance with art. 973b of the Swiss Code of Obligations (the "**Permanent Global Note**") in bearer form which shall be deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex ("**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). Once the Permanent Global Note is deposited with the Custody Agent and entered into the securities accounts of one or more participants of the Custody Agent, the Products will constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*)

Each Holder shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of his claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Custody Agent the co-ownership interest shall be suspended and the Products may only be transferred by the entry of the transferred Products in a securities account of the transferee, as set out in the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*) regarding the transfer of Intermediated Securities.

Neither the Issuer nor the Holders shall at any time have the right to effect or demand the conversion of the Permanent Global Note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive security papers (*Wertpapiere*) (the "**Security Papers**").

The records of the Custody Agent will determine the number of Products held through each participant in that Custody Agent. In respect of the Products held in the form of Intermediated Securities, the holders of the Products will be the Holders, i.e. (i) the persons, other than custody agents (*Ver-*

wahrungsstellen), holding the Products in a securities account (*Effektenkonto*) with a custody agent (*Verwahrungsstelle*) and (ii) the custody agents (*Verwahrungsstellen*) holding the Products for their own account. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the securities delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"Holder" means the person holding the Products in a securities account in its own name and for its own account.]

[insert in the case of German Bearer Securities:

(a) Bearer Securities

The Products are issued in bearer form.

[insert in the case of German CBF Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons. The Permanent Global Note will be kept in custody by or on behalf of a Clearing System until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive securities are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"Holder" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will as of the Issue Date be represented by a Permanent Global Note:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which shall be signed manually by two authorised signatories of the Issuer. The Permanent Global Note will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Permanent Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German Euroclear Bearer Securities which will initially be represented by a Temporary Global Note:

(b) Temporary Global Note, Holder

(i) At issuance the Products are initially represented by a temporary global note (the "**Temporary Global Note**") without coupons which will be exchangeable for a permanent global note (the "**Permanent Global Note**" and, together with the Temporary Global Note, each a "**Global Note**") without coupons against certification of non-U.S. beneficial ownership.

(ii) The Temporary Global Note shall be exchanged for the Permanent Global Note on a date (the "**Exchange Date**") not earlier than 40 days after the Issue Date. Such exchange and any payment of interest on Products represented by a Temporary Global Note shall only be made upon delivery of certifications to the effect that the beneficial owner or owners of the Products represented by the Temporary Global Note is not a U.S. person as defined by the U.S. Securities Act of 1933. Any such certification received by *[insert relevant institution: ●]* on or after the 40th day after the Issue Date will be treated as a request to exchange such Temporary Global Note as described above. Any Products delivered in exchange for the Temporary Global Note shall be delivered only outside of the United States.

The Global Notes will be deposited with a common depository on behalf of the Clearing System in accordance with the applicable rules and regulations until all obligations of the Issuer arising from the Products have been satisfied. Claims for delivery of definitive Products are precluded. The Holders are entitled to co-ownership interests, economic ownership rights or similar rights in the Global Note which are transferable in accordance with the rules and regulations of the Clearing System and in accordance with all applicable legal provisions. Within the collective securities settlement procedure the Products may be transferred solely in units of the minimum trading lot as specified in **Table 1** in the

Annex (the "**Minimum Trading Lot**") or in a whole-number multiple thereof.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law.]

[insert in the case of German SIX SIS Bearer Securities:

(b) Permanent Global Note, Holder

During their term the Products are represented by a permanent global note (the "**Permanent Global Note**") without coupons which is deposited by the Paying Agent with the custody agent as specified in **Table 1** in the Annex (the "**Custody Agent**"), a custody agent pursuant to the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*). As soon as the Permanent Global Note has been deposited with the Custody Agent and credited to the securities accounts of one or more participants of the Custody Agent, the Products shall constitute intermediated securities ("**Intermediated Securities**") pursuant to the provisions of the Swiss Federal Intermediated Securities Act (*Bundesgesetz über Bucheffekten*).

Within the scope of his claim against the Issuer, each Holder of Products shall be entitled to a co-ownership share, existing under property law, in the Permanent Global Note. For as long as the Permanent Global Note is deposited with the Custody Agent, the co-ownership share shall be suspended and the Products may be disposed of only subject to the provisions of the Swiss Intermediated Securities Act (*Bundesgesetz über Bucheffekten*), i.e. by crediting the Products to be transferred in a securities account of the recipient.

Neither the Issuer nor the Holders have the right to demand or arrange for the conversion of the Permanent Global Note into uncertificated securities (the "**Uncertificated Securities**") (*Wertrechte*) or security papers (*Wertpapiere*) (the "**Security Papers**"), or to demand or arrange for the delivery of Uncertificated Securities or Securities Papers.

The records of the Custody Agent determine the number of Products held by each participant of the Custody Agent. For the Products which constitute Intermediated Securities, (i) those persons, with the exception of the Custody Agent itself, who hold the Products in a securities account kept with a Custody Agent and (ii) Custody Agents which hold the Products for their own account shall be deemed Holders of the Products. The Paying Agent may assume that a bank or financial intermediary submitting or transmitting to it a notice of the Holder pursuant to these Conditions has been duly authorised by the respective Holder for these purposes.

Products may be delivered physically only if they are represented by definitive Security Papers. The Paying Agent alone has the right to decide on the printing of definitive Security Papers for the Products, in whole, but not in part, if the Paying Agent judges this to be necessary or useful. If the Paying Agent decides to print and deliver Security Papers, this shall not result in any costs being incurred by the Holder. If Security Papers are printed, copies of the signatures of two authorised signatories of the Issuer shall be affixed to printed Security Papers. Without undue delay upon delivery of the Security Papers, the Permanent Global Note shall be invalidated by the Paying Agent and the Security Papers

delivered to the Holders in return for cancellation of the Intermediated Securities in their securities account.

"**Holder**" means any holder of a co-ownership interest or right, an economic ownership right or similar right in the Permanent Global Note, which is in each case transferable in accordance with the terms and regulations of the relevant Clearing System and applicable law. The Holder of Products created as Intermediated Securities (*Bucheffekten*) shall be determined in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).]

(c) Clearing System

"**Clearing System**" in each case is the clearing system as specified in Table 1 in the Annex.

(3) Term of the Products

The Products are issued with a limited term, i.e. they have a predetermined limited term which ends on the Redemption Date, subject to an extraordinary termination by the Issuer or an early redemption [*insert in the case that the applicable Final Terms provide for a termination in accordance with § 9 of the Issue Specific Conditions: or a termination by the Issuer in case that the TCM Security Agreement is terminated*] [*insert in the case either COSI or TCM is applicable: or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions*].

§ 2

Status of the Products

[*insert in the case neither COSI nor TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are not secured by any property of the Issuer. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other unsecured and unsubordinated obligations of the Issuer, but excluding any debts for the time being preferred by applicable law and any subordinated obligations.]

[*insert in the case either COSI or TCM is applicable:*

The Products constitute general contractual obligations of the Issuer and are collateralized in accordance with § 10 of the Issue Specific Conditions. The Products shall rank equally among themselves and, save for such exceptions as may be provided by applicable law, *pari passu* with all other collateralized and unsubordinated obligations of the Issuer.]

§ 3

Definitions

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

[*insert in the case of a share as Underlying or Basket Component: "Share Issuer"* means the compa-

ny that has issued the [Underlying][Basket Component].]

["Initial Fixing Level" means [the initial fixing level of the [Underlying] [Basket Component] as specified in **Table 1** in the Annex [which corresponds to the Price of the [Underlying] [Basket Component] on the Initial Fixing Date as determined by the Calculation Agent][which corresponds to the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date] [and] [on the basis of which the Issue Price was determined.]] [[an observed value] [the arithmetic mean of the [official closing prices] [Reference Prices]] of the [Underlying] [Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.] [the Reference Price of the [Underlying] [Basket Component] on the Initial Fixing Date, as determined by the Calculation Agent.] [a Price of the [Underlying] [Basket Component] as determined by the Calculation Agent on the Initial Fixing Date.] [the arithmetic mean of the Reference Prices of the Underlying during the Initial Fixing Period.] [the arithmetic mean of the Reference Prices of all Basket Components on the Initial Fixing Date.] [the lowest Reference Price of the [Underlying][respective Basket Component] during the Initial Fixing Observation Dates, as determined by the Calculation Agent] [is an observed value of the relevant Basket Component on the relevant Exchange on the Initial Fixing Date, defined by the Calculation Agent. The Initial Fixing Level of the relevant Basket Component is specified in **Table 2** in the Annex.] [the weighted average [Price][Reference Price] of the [Underlying][Basket Component] during the Initial Fixing Period as determined by the Calculation Agent.]

["Initial Fixing Observation Dates" means the initial fixing observation dates as specified in **Table 1** in the Annex.]

["Initial Fixing Period" means the initial fixing period as specified in **Table 1** in the Annex.]

["Business Day" means

[insert in the case of Products with Swiss Francs as Settlement Currency: [(in the case of Products with Swiss Francs as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with neither Swiss Francs nor Euro as Settlement Currency: [(in the case of Products with [●] as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in *[insert principal financial centre for such currency: ●].]*

[insert in the case of Products with Euro as Settlement Currency: [(in the case of Products with Euro as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) payments are settled via the TARGET2 System and (iii) commercial banks and foreign exchange markets settle payments in Zurich.]

[insert in the case of Products with US Dollar as Settlement Currency: [(in the case of Products with US Dollar as Settlement Currency)] a day (other than a Saturday or Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments in New York and Zurich.]

[insert in the case of a currency and/or one or more Business Centres: a day (other than a Saturday or

Sunday) on which (i) the Clearing System settles payments and (ii) commercial banks and foreign exchange markets settle payments [in [*insert currency: •*]] [in the Business Centre[s]] [*if no currency is indicated, insert: in each of the Business Centres.*]]

["**Issue Price**"] means the issue price as specified in **Table 1** in the Annex.]

["**Issue Surcharge**"] means the issue surcharge as specified in **Table 1** in the Annex.]

["**Issue Date**"] means the issue date as specified in **Table 1** in the Annex [or in the event of the subscription period ending prematurely [or being extended], the day as published by the Issuer pursuant to § 4 of the General Conditions].]

["**Strike Level**"] means the strike level as specified in **Table 1** in the Annex.]

["**Conversion Ratio**"] means [the conversion ratio as specified in **Table 1** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level].]][the conversion ratio in respect of the relevant Basket Component as specified in **Table 2** in the Annex. [The Conversion Ratio is calculated by dividing the Issue Price with the [Initial Fixing Level][Strike Level] of the respective Basket Component.]] [*insert for Quanto products: [the conversion ratio which is calculated on the Final Fixing Date by dividing the Issue Price with the Final Fixing Level [of the respective Basket Component].] [If the Issuer has received ordinary dividend payments between the Initial Fixing Date (exclusive) and the Final Fixing Date [(exclusive)] [(inclusive)] in respect of the Underlying, the applicable net dividend (i.e. the dividend amount minus taxes) is reinvested, whereby the Conversion Ratio is adjusted • Business Days after the receipt of the dividend payment by the Issuer.]*]

["**Gap**"] means the Reference Price of the Underlying on the date on which the Gap Event has occurred divided by the Reference Price of the Underlying on the Exchange Business Day prior to the date on which the Gap Event has occurred.]

["**Gap Observation Period**"] means the gap observation period as specified in **Table 1** in the Annex.]

["**Gap Event**"] has occurred if [the [Price][Reference Price] on any Exchange Business Day during the Gap Observation Period is [equal to or] below the Reference Price on the Exchange Business Day preceding the current Exchange Business Day multiplied by the Strike Level], as determined by the Calculation Agent.]]

["**Gap Level**"] means the gap level as specified in **Table 1** in the Annex.]

["**Underlying**"] means[, subject to a replacement in accordance with these Conditions,] the [Underlying] [Basket] as specified in **Table 1** and **2** in the Annex [(also referred to as the ["**Index**"] ["**Share**"] ["**Participation Certificate (Genussschein)**"] ["**Security representing Shares**"] ["**Commodity**"] ["**Currency Exchange Rate**"] ["**Futures Contract**"] ["**Fixed Rate Instrument**"] ["**Derivative Instrument**"] ["**Fund Unit**"] ["**Interest Rate**"] ["**Reference Rate**"]) [*insert in the case of a share as Underlying or Basket Component:., as issued by the Share Issuer.*]

["**Underlying Valuation Date**"] means [each of the dates] [the date] as specified in **Table 1** in the Annex.]

["**Calculation Agent**"] means the calculation agent as specified in **Table 1** in the Annex.]

["**Screen Page**" means the screen page as specified in **Table 2** in the Annex.]

[insert in the case of shares and participation certificates (Genussscheine) as Underlying or Basket Component: "Exchange" means[, in respect of the Share] the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the [Share][Underlying][Basket Component] has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the [Share][Underlying][Basket Component] on such temporary substitute exchange or quotation system as on the original Exchange).]

["**Coupon Amount**" means the coupon amount as specified in **Table 1**[3] in the Annex.]

["**Coupon Rate**" means the coupon rate as specified in **Table 1** in the Annex.]

["**Coupon Payment Date**" means the coupon payment date as specified in **Table 1**[3] in the Annex or, if this date is not a Business Day, the next following Business Day.]

["**Fiscal Agent**" means the fiscal agent as specified in **Table 1** in the Annex.]

["**Final Fixing Period**" means the period from (and including) the fifth (5th) Exchange Business Day immediately prior to the Final Fixing Date up to (and including) the Final Fixing Date.]

["**Final Fixing Level**" means [the Reference Price [of the [Underlying][respective Basket Component] on the Final Fixing Date.][the arithmetic mean of the Reference Prices of the Underlying during the Final Fixing Period.][the arithmetic mean of the Reference Prices of all Basket Components on the Final Fixing Date.][the sum of the Reference Prices of all Basket Components on the Final Fixing Date (taking into account the Initial Weighting_(i) of the respective Basket Component.)]

["**Initial Fixing Date**" means [the initial fixing date as specified in **Table 1** in the Annex [or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]] [or in the event of the subscription period ending prematurely [or being extended], the day on which the subscription period ends, as published by the Issuer pursuant to § 4 of the General Conditions]. *[insert in the case of Products with subscription period: In the event of the postponement of the Underlying Valuation Date corresponding to the Initial Fixing Date, the Initial Fixing Date shall be postponed accordingly.]*

["**Business Centre**" means the business centre as specified in **Table 1** in the Annex.]

[insert in the case of an index as Underlying or Basket Component: "Index Sponsor" means the index sponsor as specified in **Table 2** in the Annex [for the relevant Basket Component].]

["**Leverage**" means the leverage as specified in **Table 1** in the Annex.] ["**Price**" [means the [[offer] [mid] [bid] price] [●] of the Underlying] as continuously [determined [and published] on the relevant Exchange] [[calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [[relevant Reuters] [relevant Bloomberg] page] [Screen Page] [●] *[insert Internet site: ●]* [or as specified in **Table 2** in the Annex or any replacement page] on a Scheduled Trading Day, as determined by the Calculation

Agent.]]

["**Relevant Performance**" [of the relevant Basket Component] means the quotient of the Final Fixing Level (dividend) and the Initial Fixing Level (divisor).]

["**Relevant Reference Price**" [of a Basket Component means the [lowest] [highest] Reference Price of such Basket Component [on the Final Fixing Date] [on every Valuation Date (t)].]

["**Denomination**" means the denomination as specified in **Table 1** in the Annex (as expressed in the Settlement Currency).]

["**Reference Price**" means [the [closing level] [closing price] [Price] [[offer] [mid] [bid] price] [●] [of the Underlying] [of a Basket Component] [in [*insert currency*: ●]] [as determined [and published] on the relevant Exchange] [as [calculated and published by the Index Sponsor] [determined on the relevant Reference Market] [determined by the relevant Reference Agent] [and] [displayed on [Reuters] [Bloomberg][the Screen Page] [●] [*insert Internet site*: ●] [or any replacement page] on a Scheduled Trading Day, as determined by the Calculation Agent.]]

["**Reference Currency**" means the Reference Currency as specified in **Table 2** in the Annex [in respect of the relevant Basket Component].]

["**Redemption Date**" means, subject to an Early Redemption pursuant to § 7 of the Issue Specific Conditions or subject to an extraordinary termination [or subject to a termination according to § 9 of the Issue Specific Conditions] [or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions] [the redemption date as specified in **Table 1** in the Annex] [or, if that date is not a Business Day, the next following Business Day.]] [In the event of the postponement of the Final Fixing Date, the Redemption Date shall be postponed accordingly [irrespective of whether the Redemption Date is postponed for one or more Basket Components].] [the fifth (5th) Business Day following the Final Fixing Date.] [In the event of a termination pursuant to § 9 of the Issue Specific Conditions, the Redemption Date shall be [●] Business Day after the Termination Date.]]

["**TARGET2 System**" means the Trans-European Automated Real-time Gross Settlement Express Transfer (TARGET2) payment system which utilises a single shared platform and which was launched on 19 November 2007, or any successor thereto.]

["**Final Fixing Date**" means the final fixing date as specified in **Table 1** in the Annex or, if such day is not a Scheduled Trading Day [in respect of one or more Basket Components], the next following day which is a Scheduled Trading Day [in respect of [the relevant Basket Component][all Basket Components]]. [In the event of the postponement of the Underlying Valuation Date corresponding to the Final Fixing Date, the relevant Final Fixing Date shall be postponed accordingly.]]

["**Scheduled Trading Day**" has the meaning ascribed in § 11 (3) of the Issue Specific Conditions.]

["**Early Redemption Date**" means the [fifth (5th)] [●] Business Day following the date on which the Gap Event has occurred.]

["**Website**" means the Website as specified in **Table 1** in the Annex.]

["**Paying Agent**" means the paying agent as specified in **Table 1** in the Annex.]

["**Exchange Business Day**" [has the meaning ascribed in § 11 (3) of the Issue Specific Conditions] [•].]

§ 4

Redemption

[insert if either COSI or TCM is applicable:

Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to an Early Redemption pursuant to § 7 of the Issue Specific Conditions or subject to the occurrence of a Liquidation Event according to § 10 of the Issue Specific Conditions, the [Denomination][Issue Price].

[insert if neither COSI nor TCM is applicable:

Redemption Amount

The "**Redemption Amount**" in the Settlement Currency per Product equals, subject to an Early Redemption pursuant to § 7 of the Issue Specific Conditions, the [Denomination][Issue Price].

§ 5

Interest, Coupon Payments

Coupon Payments

Provided that no Gap Event has occurred the Holder will receive on the applicable Coupon Payment Date the Coupon Amount (the "**Coupon Amount**") that equals the Coupon Rate multiplied by the [Denomination][Issue Price]. The Coupon Amount will be commercially rounded to two (2) decimal places.

In the case that a Gap Event has occurred, the Holder will not receive any accrued Coupon Amount on the respective Early Redemption Date.

§ 6

(intentionally left blank)

§ 7

Early Redemption

(1) Conditions precedent for Early Redemption

In the event that on any Exchange Business Day a Gap Event has occurred, the term of the Products shall end automatically on the date on which the Gap Event has occurred without the need for a separate termination of the Products by the Issuer (the "**Early Redemption**"). In this case the Redemption Amount to be paid by the Issuer is determined as follows:

(a) If the Gap is equal to or below the Gap Level, the Redemption Amount is zero (0).

(b) If the Gap is above the Gap Level, the Redemption Amount equals the [Denomination][Issue Price] multiplied by the difference between (A) 100 % and (B) the difference between the Strike Level and the Gap that is multiplied by the Leverage. However, the Redemption Amount is at least zero (0).

§ 8

Payments

(1) Payments

The Issuer shall cause the claimed Redemption Amount, if any, to be transferred via the Paying Agent to the Clearing System for transmitting to the Holders by the Early Redemption Date (in the case of an Early Redemption pursuant to § 7 of the Issue Specific Conditions) and/or the Redemption Date (in the case that no Early Redemption has occurred). The Issuer shall transfer the respective Coupon Amount in arrears by the Coupon Payment Date via the Paying Agent to the Clearing System for transmitting to the Holders. If the Early Redemption Date, the Redemption Date or a Coupon Payment Date falls on a day which is not a Business Day and is deferred in accordance with § 3 of the Issue Specific Conditions, the Holder is neither entitled to request further interest or other payments due to the deferment, nor must they accept a reduction in interest due to the deferment.

(2) Declaration on Regulation S

A declaration that neither the Holder nor the beneficial owner of the Products is a US person is deemed to have been made automatically. The terms used in this paragraph have the meanings attached to them by Regulation S of the United States Securities Act of 1933 as amended from time to time.

(3) Taxes, Fees and Duties

All taxes, fees and other duties incurred in connection with the exercise of the Products rights shall be borne and paid by the Holder. The Issuer and/or or Paying Agent may withhold from the Redemption Amount or any other amounts payable to the Holder any taxes, fees or duties which are to be paid by the Holder according to the above sentence.

§ 9

[(not applicable)][insert in the case of TCM Secured Products (if applicable) : Termination right of the Issuer in the case that the TCM Security Agreement is terminated

(1) Termination Right of Issuer

In the case that the TCM Security Agreement (as defined in § 10 of the Issue Specific Conditions) is terminated and that due to the the termination of the TCM Security Agreement it is not possible to secure the Products in accordance with the provisions of the TCM Security Agreement until the sched-

uled maturity, the Issuer is entitled at any time to terminate all, but not individual, Products during their term via publication in accordance with § 4 of the General Conditions, stating the calendar date on which the termination will take effect (the "**Termination Date**") and observing a notice period of at least one month before the relevant Termination Date. In the event of such a termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product at the time when bid and ask prices for the Product are last quoted immediately prior to the end of the securitization pursuant to the TCM Security Agreement on the Termination Date.

(2) *Transfer of the Redemption Amount in case of termination*

The Issuer shall by the Redemption Date cause the Redemption Amount to be transferred to the Clearing System for crediting to the accounts of the Products depositors at the Clearing System. In the event of a termination according to paragraph (1), the notice referred to in § 8 (2) of the Issue Specific Conditions shall be deemed to have been made automatically.

(3) *Taxes, fees or other duties*

All taxes, fees and other duties incurred in connection with the payment of the Redemption Amount in case of termination shall be borne and paid by the Holder. The Issuer and/or Paying Agent may withhold from the relevant amount any taxes, fees or duties that have to be paid by the Holder in accordance with the above sentence.]

[insert in the case COSI is applicable:

§ 10

Collateral Secured Instruments (COSI)

(1) *Collateralization of the Product*

COSI-Product (hereinafter «COSI Product» or «Product») is collateralized in accordance with the terms of the SIX Swiss Exchange «Framework Agreement for Collateral Secured Instruments». The Issuer («Collateral Provider») undertakes to secure the value of the COSI Product at any given time as well as the further claims listed in the Framework Agreement.

Security must be provided to SIX Swiss Exchange in the form of a regular right of lien. The collateral is booked to a SIX Swiss Exchange account with SIX SIS. Investors do not themselves have a surety right to the collateral. The COSI Product and the collateral shall be valued on each banking day. The Collateral Provider shall be obliged to adjust the collateral to any changes in value. Permitted forms of collateral shall be selected by SIX Swiss Exchange on an ongoing basis from various categories of securities. The issuer shall, upon enquiry, inform investors about the collateral that is permitted as security for the COSI Product at any given time. The Collateral Provider shall pay SIX Swiss Exchange a fee for the service regarding the collateralization of the COSI Products. A change of Collateral Provider shall be notified in accordance with the provisions of these Conditions.

If FINMA orders the liquidation (bankruptcy) regarding SIX Swiss Exchange or SIX SIS, the collateralization shall continue during two Banking Days which follow such order. After expiration of the two Banking Days without occurrence of a Realization Event the collateralization shall stop and a Realization Event cannot occur anymore; the Collateral is transferred back from the account of SSX at SIX SIS to the account of the Guarantor at SIX SIS. If a Realization Event occurs during these two Banking Days, clause 11 shall be applicable. SSX and SIX SIS shall notify the public, by announcement on their websites, of the order of FINMA and the stop of collateralization.

(2) Documentation

The collateralization in favor of SIX Swiss Exchange is based on the «Framework Agreement for Collateral Secured Instruments» between SIX Swiss Exchange, SIX SIS, and the Issuer (also as the Collateral Provider) valid from 01 January 2019 (“Framework Agreement”). The investor is not party to the Framework Agreement. The issuer shall, upon request, provide the Framework Agreement to investors free of charge in the original German version or in an English translation. The Framework Agreement may be obtained from Leonteq Securities AG at Europaallee 39, 8004 Zurich, Switzerland via telephone +41 58 800 1000, fax +41 58 800 1010 or via e-mail termsheet@leonteq.com. The core elements of collateralization of the COSI Products are summarized in a SIX Swiss Exchange information sheet, which is available at “www.six-swiss-exchange.com”.

(3) Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the COSI at any given time (hereinafter «Current Value»). The Current Values shall be determined in the trading currency of the COSI Product and converted into Swiss francs for the purpose of calculating the required collateral. The method for calculating the Current Value shall be determined for each COSI Product upon application for (provisional) admission to trading and shall remain unchanged for the entire term of the COSI Product. If prices for the COSI Product calculated by third parties are available (so-called «Fair Values»), they are taken into account when determining the Current Value in accordance with the provisions of the rules and regulations of SIX Swiss Exchange. Otherwise, the determination of the Current Value will take into account the «bond floor pricing», as defined by the Swiss Federal Tax Administration, Berne (Switzerland). For as long as no bond floor is available for a COSI Product that is subject to bond floor pricing, the Current Value shall correspond at least to the capital protection laid down in the redemption terms for the COSI Product. If the final bid-side purchase price of the COSI Product on the previous trading day on SIX Structured Products Exchange AG is higher, the collateral requirement shall always be based on this latter price. If the aforementioned prices for COSI Products are unavailable at any given time, then other prices shall be used to calculate the required collateral, in accordance with the rules and regulations of SIX Swiss Exchange. The Current Values required for the collateralization of the COSI Product shall be determined exclusively in accordance with the provisions of the «Special Conditions for Collateral Secured Instruments» of SIX Swiss Exchange. The Current Value of Product shall be determined according to [Method A: Fair Value Method] [Method B: Bond Floor Method] (the "**Value Determination Method**") of these Special Conditions of SIX Swiss Exchange.

(4) Distribution and market making

The distribution of the COSI Product shall be the responsibility of the issuer. The issuer undertakes to ensure that market making for the COSI Product is in place.

If FINMA orders the liquidation (bankruptcy, regarding SIX Swiss Exchange or SIX SIS, trading in all COSIs under this Framework Agreement shall be suspended immediately and the COSIs shall be delisted. The obligation for market making shall expire with this suspension of trading. The Issuer is obliged to ensure an over-the-counter (OTC) market making for the certificates for their remaining duration and to repurchase the certificates from the Investors at their corresponding market value. This right of reselling of the Investors vis-à-vis the Issuer is based on a genuine contract in favor of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations). SIX Swiss Exchange and SIX SIS shall notify the public, by announcement on their websites, of the obligations of the Issuer regarding over-the-counter market making and repurchasing of the certificates.

(5) Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Liquidation Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the COSI Product rises or the value of the collateral decreases; (ii) in a Liquidation Event, the collateral cannot be liquidated immediately by SIX Swiss Exchange because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entirely until the liquidation can take place; (iv) the maturity of COSI Product in a foreign currency according to the Framework Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) is made in Swiss francs; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the Framework Agreement for the benefit of the investors in COSI Product.

(6) Liquidation of collateral

If the Collateral Provider fails to fulfil its obligations, the collateral will be liquidated by SIX Swiss Exchange or a liquidator under the terms of the applicable legal regulations. The collateral may be liquidated («Liquidation Events») if (i) the Collateral Provider fails to furnish the required collateral, fails to do so in due time, or if the collateral that is provided is not free from defects, unless any such defect is remedied within three (3) banking days; (ii) the issuer fails to fulfil a payment or delivery obligation under a COSI Product upon maturity according to the issuing conditions, fails to do so in due time, or if its fulfilment of such obligations is defective, unless any such defect is remedied within three (3) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under Article 26 paragraph 1 let-

ter (f) to (h) of the Federal Act on Banks and Savings Banks, or restructuring measures or the liquidation (winding-up proceedings) under Article 25 et seq. of the Federal Act on Banks and Savings Banks; (iv) a foreign financial market supervisory authority, another competent foreign authority or a competent foreign court orders an action that is comparable with that described in item (iii) above; (v) the market making obligation is breached for ten (10) consecutive banking days; (vi) the Collateral Provider's participation at SIX SIS ceases; (vii) the provisional admission of the COSI Product to trading lapses or is cancelled and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the lapse or cancellation of the provisional admission; or (viii) the COSI Product are delisted upon application by the issuer or for any other reason, and the issuer fails to satisfy investors' claims according to the issuing conditions of the COSI Product within thirty (30) banking days of the last trading day. The Framework Agreement provides for the exact time at which each Liquidation Event occurs. The remedy of a Liquidation Event is not possible.

(7) Determination of a Liquidation Event

SIX Swiss Exchange is not required to undertake investigations with regard to the occurrence of a Liquidation Event. In determining the occurrence of a Liquidation Event, it bases its decision on reliable sources of information only. SIX Swiss Exchange determines with binding effect for the investors that an incident qualifies as a Liquidation Event and at what point in time the Liquidation Event occurred.

(8) Procedure in case of a Liquidation Event

If a Liquidation Event occurs, SIX Swiss Exchange is at its own discretion entitled: (i) to make public the occurrence of a Liquidation Event immediately or at a later stage in suitable form, specifically in a newspaper with a national distribution and on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation). Once a Liquidation Event has occurred, trading in all COSI Products of the issuer may be suspended, and the COSI Products of the issuer may be delisted.

(9) Maturity of the COSI Products as well as investors' claims against SIX Swiss Exchange and the issuer

All of the issuer's COSI Products under the Framework Agreement shall fall due for redemption thirty (30) banking days after a Liquidation Event has occurred. SIX Swiss Exchange shall make public the due date in a newspaper with a national distribution, as well as on the SIX Swiss Exchange website (www.six-swiss-exchange.com under the section „News“); **Investors' claims against SIX Swiss Exchange for the payment of their pro-rata share of the net liquidation proceeds** arise automatically only once the COSI Products have fallen due for redemption. Investors' claims against SIX Swiss Exchange are based on a genuine contract in favour of third parties (Article 112 paragraph 2 of the Swiss Code of Obligations) which is irrevocable on the part of the Collateral Provider. The acquisition of a

COSI Product by an investor automatically entails the declaration vis-à-vis SIX Swiss Exchange, as described in Art. 112 paragraph 3 of the Swiss Code of Obligations, that he wishes to enforce his right under the Framework Agreement at maturity of the COSI Product. In dealings with SIX Swiss Exchange and SIX SIS, the investors are bound by the provisions of the Framework Agreement, specifically the **choice of Swiss law and the exclusive jurisdiction of the Commercial Court of Canton Zurich (Switzerland)**.

If a Liquidation Event has occurred, SIX Swiss Exchange will determine the Current Values of all COSI Products of the issuer in the respective trading currency with binding effect for the issuer, the Collateral Provider and the investors. **Investors' claims against the issuer** will be based on these Current Values when the COSI Products mature in accordance with the Framework Agreement. The Current Values of the COSI Products on the banking day immediately preceding the date on which the Liquidation Event occurred shall be applicable. SIX Swiss Exchange shall make public the applicable Current Values of the COSI Products.

(10) *Costs of liquidation and payout for the benefit of the investors*

The costs incurred in connection with the liquidation and payout (including taxes and duties, as well as consulting fees) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. For this purpose, SIX Swiss Exchange shall deduct a flatrate fee of 0.1 percent from the entire liquidation proceeds for its own expenses and for the expenses of third parties. In addition, SIX Swiss Exchange shall be entitled to satisfy, in advance out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider and the issuer under the terms of the Framework Agreement. The remaining net liquidation proceeds are available for payout to the investors in COSI Products of the issuer.

SIX Swiss Exchange will transfer the pro-rata share of net liquidation proceeds due to investors to SIX SIS participants. In doing so, it is released from all further obligations. The amounts transferred are determined by the holdings of COSI Products that are booked to participant accounts with SIX SIS. If the issuer which, according to the Framework Agreement, is affected by the maturity of its COSI Products, is a SIX SIS participant, then SIX Swiss Exchange and SIX SIS shall decide on a separate procedure for the payment of the pro-rata share of net liquidation proceeds to those investors who hold their COSI Product via the issuer. SIX Swiss Exchange may transfer the pro-rata share of net liquidation proceeds for these investors to one or more other SIX SIS participants or to one or more third parties, which will attend to the payment to investors in COSI Products either directly or indirectly. In doing so, SIX Swiss Exchange is released from all further obligations. SIX Swiss Exchange may decide at its own discretion to have the payment of the pro-rata share of net liquidation proceeds for other or all investors in COSI Products conducted by one or more other SIX SIS participants or by one or more third parties.

The payouts to investors are made exclusively in Swiss francs. The claim of the investors is non-interest-bearing. SIX Swiss Exchange is not liable to pay either default interest or damages should the payout be delayed for any reason.

The maximum claim of an investor to satisfaction from the net liquidation proceeds of collateral is determined by the sum of the Current Values of his COSI Products. Should the combined Current

Values of all investors in the issuer's COSI Products exceed the net liquidation proceeds, payment of pro-rata shares of net liquidation proceeds to individual investors will be made according to the ratio between the total Current Values held by individual investors and the total Current Values accruing to all investors in COSI Products of the issuer.

In the case of COSI Products in a different trading currency than the Swiss franc, SIX Swiss Exchange shall, with binding effect for the parties to the Framework Agreement and the investors, convert the Current Values into Swiss francs in order to determine the pro-rata share of net liquidation proceeds. The exchange rates according to the rules and regulations of SIX SIS on the banking day immediately preceding the date on which the Liquidation Event occurred, shall be applicable. The conversion of the Current Values of COSI Products of a different trading currency than the Swiss franc pertains only to the amount and the effect of the payout of pro-rata net liquidation proceeds by SIX Swiss Exchange to investors in such COSI Products and shall have no further effect on the relationship between the investor and the issuer. SIX Swiss Exchange shall make public these values of the COSI Products as well as the applicable exchange rates.

The investors' claims against the issuer arising from the COSI Products are reduced by the amount of the payment of the pro-rata net liquidation proceeds. In the case of COSI Products of a different trading currency than the Swiss franc the reduction amount of the claim of the investor against the issuer shall be determined in accordance with the conversion rate of the particular trading currency of the COSI Products to the Swiss franc applicable on the banking day immediately preceding the date on which the Liquidation Event occurred.

No further investor claims exist against SIX Swiss Exchange, SIX SIS or other persons which are involved in the collateralization service for COSI Products under the terms of the Framework Agreement.

(11) *Secondary Listing*

Apart from the primary listing of the COSI Products on SIX Swiss Exchange the issuer may apply for a secondary listing on further exchanges. All aspects and events related to a secondary listing of the COSI Products shall be disregarded under the Framework Agreement. In particular, prices of the COSI Products on secondary exchanges are not taken into consideration for the calculation of the Current Value and events which are related to a listing or admission to trading of the COSI Products on a secondary exchange, such as the suspension of the market making at a secondary exchange or the delisting of the COSI Products from a secondary exchange, shall not be deemed a liquidation event under the Framework Agreement. SIX Swiss Exchange is at its own discretion entitled to make public the occurrence of a liquidation event and the maturity of the COSI Products pursuant to the Framework Agreement in the countries where a secondary listing is maintained as well as to inform the secondary exchanges or any other bodies about such occurrences.

(12) *Liability*

The liability of parties to the Framework Agreement to pay damages exists only in cases of gross negligence or intentional misconduct. Further liability is excluded. SIX Swiss Exchange shall only be liable for third parties, which are mandated with the valuation of COSI Products, in case of improper

selection and instruction of such third parties. Where the payment of pro-rata shares of net liquidation proceeds of COSI Products is made via SIX SIS participants to the extent these participants hold the COSI Products in accounts at SIX SIS, SIX Swiss Exchange and SIX SIS are liable only for the careful instruction of these SIX SIS participants. If the payment is made via third parties or via SIX SIS participants in respect of COSI Products that are not booked to these participants' accounts at SIX SIS, then SIX Swiss Exchange and SIX SIS are liable only for the careful selection and instruction.

(13) No authorisation

COSI Products do not constitute collective investment schemes pursuant to the Swiss Federal Act on Collective Investment Schemes (CISA). They do not require authorisation or supervision by the Swiss Financial Market Supervisory Authority FINMA.

(14) Congruence with the Conditions

This section "Collateral Secured Instruments (COSI)" corresponds to the SIX Swiss Exchange standard text. The terms contained herein are incorporated as follows in the Conditions:

Term used in this	Corresponding definition in these Conditions
§ 10 "Collateral Secured Instruments (COSI)"	
investor	Holder
issuer	Issuer
issuing conditions	Terms and Conditions, Conditions
maturity	Redemption, Redemption Date, Final Fixing Date]

[insert in the case TCM is applicable:

§ 10

Triparty Collateral Management (TCM)

The TCM Secured Structured Product (the "**TCM Secured Product**") is secured in accordance with the terms of the TCM Security Agreement (as defined below). Leonteq Securities AG ("Collateral Provider") undertakes to secure the value of the TCM Secured Products at any given time.

The Investor in the TCM Secured Product ("**Collateral Taker**") represented by SIX Repo AG ("**Collateral Agent**") (defined in detail below in "**Documentation**"), has a surety right to the collateral. Security must be provided to the Collateral Taker in the form of a right of lien. The collateral is booked to an account of the Collateral Provider with SIX SIS AG (the "**collateral account**"). The TCM Secured Product

and the collateral shall be valued on each banking day. SIX SIS AG, acting as an independent third party, manages both the collateral account and the collateral assignment for the individual TCM Secured Product. The Collateral Provider has no right to dispose of the collateral in the collateral account or to close or transfer the collateral account. The TCM secured products and collateral are valued on each business day. The collateral required for the TCM Secured Products is valued by SIX SIS AG on the basis of the price information provided by the Issuer and published in the market information system of SIX Financial Information AG. The Collateral Provider shall be obliged to adjust the collateral to any changes in value of the TCM Secured Product (refer to the section below "**Collateralisation method**"). Permitted types of collateral shall be selected by SIX SIS AG on an ongoing basis. For example, as permitted types of collateral, the TCM Security Agreement provides cash deposits in specified currencies (e.g. in CHF, EUR, USD, GBP, or JPY) and certain types of securities (e.g. securities that directly or indirectly aggregate the TCM Secured Product), securities may only be used as collateral, if the price is not older than four business days. The Collateral Provider shall, upon request at any given time, inform investors about the collateral that is eligible. The costs for the collateralisation of the TCM Secured Products will be included in the issue price and will not be billed separately to investors.

Documentation

The collateralization in favour of the Collateral Taker with regard to the TCM Secured Product issued by the Issuer is based on the Security Agreement between the issuer (who is also the Collateral Provider), the Collateral Taker, represented by the Collateral Agent, and SIX SIS AG ("**TCM Security Agreement**"). The issuer shall, upon request, provide the TCM Security Agreement to investors free of charge. Additionally, the TCM Security Agreement may be obtained from Leonteq Securities AG, Europaallee 39, CH-8004 Zurich, via telephone (+41-(0)58-800 1000), fax (+41-(0)58-800 1010) or e-mail (termsheet@leonteq.com).

Under the terms of the TCM Security Agreement, the relevant Issuer is responsible for issuing and pricing the product. The Issuer is at the same time the Collateral Provider and, to that extent, is responsible for selecting the collateral actually available for a deposit from the eligible types of collateral. Furthermore, the Collateral Provider provides collateral to the custodian, i.e. SIX SIS AG, and grants a lien in favour of the Collateral Taker with regard to the collateral.

The Collateral Taker is the holder or investor in the TCM Secured Product under the TCM Security Agreement. The collateral taker is the beneficiary for any proceeds from the sale of the corresponding TCM Secured Product, if a liquidation event occurs. By purchasing the TCM Secured Product, the Collateral Taker agrees to exercise its rights under the TCM Security Agreement solely through the TCM Collateral Agent, i.e. the acquisition of a TCM Secured Product by an investor is automatically accompanied by a declaration to the TCM Collateral Agent as its representative may exercise the rights under the TCM Security Agreement in the event of the Realisation Events listed herein. Investors are bound by the provisions of the TCM Security Agreement and particularly the choice of Swiss law and the exclusive jurisdiction of the courts of the Canton of Zurich (Switzerland) vis-à-vis the TCM Collateral Agent and SIX SIS AG.

The Collateral Agent, i.e. SIX Repo AG, acts in accordance with the TCM Security Agreement as the direct representative of the Collateral Taker and acts on behalf of and in its name. In the case of a recov-

ery case, the Collateral Agent will use the collateral in favour of the Collateral Taker (see below under "**Liquidation of collateral**").

SIX SIS AG acts as custodian under the TCM Security Agreement, and is responsible for the administration of the collateral account on which the collateral is booked. SIX SIS AG acts, in this regard, as a neutral and independent service provider and is not subject to the directions of the Collateral Provider as the account holder. Furthermore, SIX SIS AG shall act as an administrator under the TCM Security Agreement, i.e. the company monitors and manages the collateral assigned to the individual TCM Secured Product. The administrator calculates the collateral requirements for a TCM Secured Product several times throughout the day, and automatically assigns additional collateral to each product, if necessary. If additional security is required, the administrator informs the guarantor. Furthermore, the administrator will inform the Collateral Agent, if Realisation Event has occurred.

Collateralization method

The collateral that must be furnished by the Collateral Provider is determined by the value of the TCM Secured Product at any given time (hereinafter "**Current Value**"). The Current Value of the TCM Secured Product is calculated exclusively by, and with full responsibility of, the Collateral Provider in accordance with acknowledged accounting principles. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG recalculates or otherwise reviews the calculation of the Current Value. The Current Value is communicated by the Collateral Provider to SIX Financial Information AG which publishes it. SIX SIS AG calculates whether the Coverage Requirements for the collateral on the basis of the Current Value as published by SIX Financial Information AG are met. Neither the Collateral Agent, nor SIX SIS AG nor SIX Financial Information AG shall be liable for any losses or damages suffered by any Collateral Taker as a consequence of an inaccurate calculation of the Current Value or of an inaccurate communication of such value to SIX Financial Information AG. The Collateral Provider can act as the Calculation Agent. The Calculation Agent shall provide upon demand the method used to calculate the Current Value. The calculation method shall be determined for each TCM Secured Product upon its issuance and shall remain unchanged for its entire term. The collateral provided for a Product will be earmarked for this product and will not secure any other TCM Secured Structured Product.

Distribution and market making

The distribution of the Product shall be the responsibility of the issuer. The bid price published by the Calculation Agent on the respective page of SIX Financial Information AG does neither constitute an offer nor an invitation for an offer to purchase the Product.

Risks

Collateralization eliminates the issuer default risk only to the extent that the proceeds from the liquidation of collateral upon occurrence of a Realization Event (less the costs of liquidation and payout) are able to meet the investors' claims. The investor bears the following risks, among others: (i) the Collateral Provider is unable to supply the additionally required collateral if the value of the TCM Secured Product rises or the value of the collateral decreases; (ii) in a Realization Event, the collateral cannot be liquidated immediately by the Collateral Agent because of factual hindrances or because the collateral must be handed over to the executory authorities for liquidation; (iii) the market risk associated with the collateral results in insufficient liquidation proceeds or, in extreme circumstances, the collateral might lose its value entire-

ly until the liquidation can take place; (iv) the maturity of the TCM Secured Product in a foreign currency according to the TCM Security Agreement may result in losses for the investor because the Current Value (determinant for the investor's claim against the issuer) is set in the foreign currency, while payment of the pro-rata share of net liquidation proceeds (determinant for the extent to which the investor's claim against the issuer is satisfied) may be made in a different currency; (v) the collateralization is challenged according to the laws governing debt enforcement and bankruptcy, so that the collateral cannot be liquidated according to the terms of the TCM Security Agreement. The collateralization does not eliminate the risk that there might not be a buyer for the TCM Secured Product during its lifetime and that the investor might have to hold the TCM Secured Product until maturity.

Liquidation of collateral

If the Collateral Provider fails to fulfill its obligations, the collateral will be liquidated by the Collateral Agent or a liquidator under the terms of the applicable legal regulations. Collateral may be liquidated in particular if (i) the Collateral Provider fails to furnish the required collateral or fails to do so in due time, unless this is remedied within five (5) banking days; (ii) the issuer fails to fulfill a payment or delivery obligation under the TCM Secured Product upon maturity according to the issuing conditions or fails to do so in due time, unless this is remedied within five (5) banking days; (iii) the Swiss Financial Market Supervisory Authority FINMA orders protective measures with regard to the issuer or the Collateral Provider under article 26 paragraph 1 letter (f) or (h) of the Federal Act on Banks and Savings Banks ("**Banking Act**"), or restructuring proceedings under article 28 et seq. of Banking Act or liquidation (winding-up proceedings) under article 33 et seq. of the Banking Act ("**Realization Events**"). The Security Agreement provides for the exact time at which each Realization Event occurs. The remedy of a Realization Event is not possible.

Determination of a Realization Event

The Collateral Agent is not required to undertake investigations with regard to the occurrence of a Realization Event. In determining the occurrence of a Realization Event, it bases its decision on reliable sources of information only. The Collateral Agent determines with binding effect for the investors whether an incident qualifies as a Realization Event and at what point in time the Realization Event occurred.

Procedure in case of a Realization Event

If a Realization Event occurs, the Collateral Agent is at its discretion entitled: (i) to make public the occurrence of a Realization Event immediately or at a later stage in suitable form; as well as (ii) to liquidate immediately or at a later stage – without regard to the amount of unsatisfied claims – all existing collateral on a private basis, provided the applicable legal regulations or regulatory orders do not prohibit such private liquidation (and, if a private liquidation is not possible, hand the collateral over to the competent person for liquidation).

Maturity of the TCM Secured Product as well as investor claims against the Issuer

The Collateral Taker shall have a security interest in accordance with article 25 paragraph 2(b) of the Swiss Federal Intermediated Securities Act ("**FISA**") over the securities and a lien according to article 899 et seq. of the Swiss Code of Obligations over the cash provided as collateral to secure the TCM Secured Product. The Realisation Event with regard to a TCM Secured Product only triggers the Realisation

Event for this particular TCM Secured Product (and not other TCM Secured Products of the Issuer). If a Realisation Event with regard to a TCM Secured Product has occurred, the Collateral Agent will determine as Liquidation Value of such product the last Current Value available prior to the occurrence of the Realisation Event. This value shall be binding on the Collateral Provider and the investors. Investors' claims against the Issuer will be based on these Current Values when the TCM Secured Products mature in accordance with the TCM Security Agreement.

Costs of liquidation and payout for the benefit of the investors

Any costs of the Collateral Agent and in connection with the liquidation of the collateral (including fees, taxes and duties that arise in conjunction with liquidation) shall, in advance, be covered out of the proceeds of the liquidation of the collateral. In addition, the Collateral Agent shall be entitled to satisfy, in advance and out of the proceeds of the liquidation of the collateral, any outstanding claims it holds against the Collateral Provider under the terms of the TCM Security Agreement. The remaining liquidation proceeds are available for payout to the investors in the TCM Secured Product.

The pro-rata share of the net liquidation proceeds due to investors will be paid to investors via the banks' securities processing system on a delivery versus payment basis. The Collateral Agent defines whether payment shall be made in the currency of the product or in Swiss francs. The Collateral Agent is thus released from all further obligations. The claim of the investors is non-interest-bearing. Payment to investors may be delayed for factual or legal reasons. If the payout is delayed for any reason, the Collateral Agent and SIX SIS AG are not liable to pay either default interest or damages. Each TCM Secured Product will only be secured by the collateral assigned on the collateral account to the respective TCM Secured Product. The investors' claims against the Issuer arising from the TCM Secured Product are reduced by the amount of the payment of the net liquidation proceeds. No further investors' claims exist against the Collateral Agent, SIX SIS AG or other persons which are involved in the collateralisation service for the TCM Secured Product under the terms of the TCM Security Agreement.

[insert in the case neither COSI nor TCM is applicable:

§ 10
(intentionally left blank)]

Part B. Underlying Specific Conditions

[insert in the case of Products linked to Shares as Underlying or as a Basket Component:

§ 11**Market Disruption*****(1) Consequences of Disrupted Days***

[insert if "Single Underlying and Postponement of the Underlying Valuation Date" is applicable:

If an Underlying Valuation Date is a Disrupted Day, then the Underlying Valuation Date shall be the next following Scheduled Trading Day that is not a Disrupted Day, unless each of the eight (8) Scheduled Trading Days immediately following the Underlying Valuation Date is a Disrupted Day. In that case:

- (I)** that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date, notwithstanding the fact that such day is a Disrupted Day; and
- (II)** the Issuer and/or Calculation Agent shall determine the relevant level of the Underlying on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of the Underlying in accordance with § 4 of the General Conditions.]

[insert if "Basket and Individual Postponement of the Underlying Valuation Date" is applicable:

If an Underlying Valuation Date is a Disrupted Day in respect of a Basket Component, then the Underlying Valuation Date in respect of the relevant Basket Component shall be the next following Scheduled Trading Day that is not a Disrupted Day in respect of the relevant Basket Component, unless each of the eight (8) Scheduled Trading Days in respect of the relevant Basket Component immediately following the Underlying Valuation Date is a Disrupted Day in respect of the relevant Basket Component. In that case:

- (I)** that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date for the relevant Basket Component, notwithstanding the fact that such day is a Disrupted Day; and
- (II)** the Issuer and/or Calculation Agent shall determine the relevant level of the relevant Basket Component on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of the relevant Basket Component in accordance with § 4 of the General Conditions.]

[insert if "Basket and Common Postponement of the Underlying Valuation Date" is applicable:

If an Underlying Valuation Date is a Disrupted Day in respect of a Basket Component, then the Underlying Valuation Date in respect of all Basket Components shall be the next following Scheduled

Trading Day that is not a Disrupted Day in respect of all Basket Components, unless each of the eight (8) Scheduled Trading Days in respect of all Basket Components immediately following the Underlying Valuation Date is a Disrupted Day in respect of all Basket Components. In that case:

- (I) that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date for all Basket Components, notwithstanding the fact that such day is a Disrupted Day; and
- (II) the Issuer and/or Calculation Agent shall determine the relevant level of all Basket Components on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of all Basket Components in accordance with § 4 of the General Conditions.]

(2) Existence of a Market Disruption Event

"**Market Disruption Event**" means

the occurrence or existence of (1) a Trading Disruption, (2) an Exchange Disruption, which in either case the Issuer and/or Calculation Agent regard as material, at any time during the one-hour period that ends at the relevant Valuation Time, or (3) an Early Closure.

(3) Definitions

"**Valuation Time**" means, in respect of the Share, the time at which the official closing price of the Share is calculated on and published by the Exchange. If the Exchange closes prior to its Scheduled Closing Time and the Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time.

"**Exchange Business Day**" means, in respect of the Share, any Scheduled Trading Day on which each Exchange and each Related Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Exchange or Related Exchange closing prior to its Scheduled Closing Time.

"**Exchange Disruption**" means, in respect of the Share, any event (other than an Early Closure) that disrupts or impairs (as determined by the Issuer and/or Calculation Agent) the ability of market participants in general (1) to effect transactions in, or obtain market values for, the Share on the Exchange, or (2) to effect transactions in, or obtain market values for, futures or options contracts relating to such Share on any relevant Related Exchange.

"**Trading Disruption**" means, in respect of the Share, any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise (1) relating to the Share on the Exchange or (2) in futures or options contracts relating to the Share on any relevant Related Exchange.

"**Disrupted Day**" means, in respect of the Share, any Scheduled Trading Day on which a relevant Exchange or any Related Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred.

"**Related Exchange(s)**" means, in respect of the Share, each exchange or quotation system, any suc-

cessor to such exchange or quotation system or any substitute exchange or quotation system where trading has a material effect (as determined by the Issuer and/or Calculation Agent in its reasonable discretion) on the overall market for futures or options contracts relating to such Share.

"Scheduled Closing Time" means, in respect of the Share, and in respect of an Exchange or Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside the regular trading session hours.

"Scheduled Trading Day" means, in respect of the Share, any day on which each Exchange and each Related Exchange are scheduled to be open for trading for their respective regular trading sessions.

"Early Closure" means, in respect of the Share, the closure on any Exchange Business Day of any relevant Exchange(s) relating to the Share or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or Related Exchange(s) at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Exchange(s) or Related Exchange(s) on such Exchange Business Day and (2) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

§ 12 Adjustments

(1) Conditions precedent for an adjustment

In the case of a Potential Adjustment Event or Extraordinary Event the Issuer and/or Calculation Agent are entitled to adjust the Conditions taking into account the following provisions. The Issuer and/or Calculation Agent is, however, not obliged to perform adjustments.

(2) Existence and consequences of a Potential Adjustment Event

(a) Existence of a Potential Adjustment Event

A **"Potential Adjustment Event"** is given in the case of any of the following events, as determined by the Issuer and/or Calculation Agent:

- (i) a subdivision, consolidation or reclassification of relevant Shares (unless resulting in a Merger Event) or a free distribution or dividend of any such Shares to existing holders by way of bonus, capitalisation or similar issue;
- (ii) a distribution, issue or dividend to existing holders of relevant Shares of (1) such Shares or (2) other share capital or securities granting the right to payment of dividends and/or a share in the proceeds of liquidation of the Share Issuer equally or proportionately with such payments to holders of such Shares or (3) share capital or other securities of another share issuer acquired or owned (directly or indirectly) by the Share Issuer as a result of a spin-off or other similar transaction, or (4) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other consideration) at less than the prevailing market price as determined by

the Issuer and/or Calculation Agent;

- (iii) an amount per Share which the Issuer and/or Calculation Agent determine should be characterised as an extraordinary dividend;
- (iv) a call by the Share Issuer in respect of relevant Shares that are not fully paid;
- (v) a repurchase by the Share Issuer or any of its affiliates of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;
- (vi) in respect of the Share Issuer, an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of the Share Issuer pursuant to a shareholder rights plan or similar arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value as determined by the Issuer and/or Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any exercise of such rights; or
- (vii) any other event that may have, in the opinion of the Issuer and/or Calculation Agent, a diluting or concentrative effect on the theoretical value of the relevant Shares.

(b) Consequences of a Potential Adjustment Event

Following the declaration of any Potential Adjustment Event in relation to the Share, the Issuer and/or Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (i) make the corresponding adjustment(s), if appropriate, to the Conditions as the Issuer and/or Calculation Agent determine appropriate to account for that diluting or concentrative effect; and
- (ii) determine the effective date(s) of the adjustment(s). In such case, such adjustments shall be deemed to be so made from such date(s). The Issuer and/or Calculation Agent may (but need not) perform the appropriate adjustment(s) by reference to the adjustment(s) in respect of such Potential Adjustment Event made by the Related Exchange(s).

(3) Existence and consequences of an Extraordinary Event

(a) Existence of an Extraordinary Event

An "**Extraordinary Event**" is given in the case of a Merger Event, a Tender Offer, a Nationalisation, an Insolvency or a Delisting.

(b) Consequences of an Extraordinary Event

- (i) In respect of a Merger Event or Tender Offer, the following will apply:

On or after the relevant Merger Date or Tender Offer Date (or such other date as the Issuer and/or Calculation Agent deem relevant), the Issuer and/or Calculation Agent shall (1) make such adjustment to the Conditions as the Issuer and/or Calculation Agent determine appropriate to account for the eco-

conomic effect of such Merger Event or Tender Offer, or other event (including adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Share), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event or Tender Offer by the Related Exchange(s) to options on the Share traded thereon and (2) determine the effective date of that adjustment.

(ii) In respect of a Nationalisation, Insolvency or Delisting, the following will apply:

On or after the date of the occurrence of the Nationalisation, Insolvency and/or Delisting, as determined by the Issuer and/or Calculation Agent, the Issuer and/or Calculation Agent shall (1) make such adjustment to the Conditions as the Issuer and/or Calculation Agent determine appropriate to account for the economic effect on the Products of the relevant event, (including adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Share), which may, but need not, be determined by reference to the adjustment(s) made in respect of a Nationalisation, Insolvency or Delisting by the Related Exchange(s) to options on the Share traded thereon and (2) determine the effective date of that adjustment.

(4) Notification of Adjustments

Upon making any adjustment pursuant to these Conditions, the Issuer and/or Calculation Agent shall give notice to the Holders in accordance with § 4 of the General Conditions, stating the relevant adjustment.

(5) Definitions

"Delisting" means, in respect of a Share, that the relevant Exchange announces that pursuant to the rules of such Exchange, the Share ceases (or will cease) to be listed, traded or publicly quoted on the Exchange for any reason (other than a Merger Event or Tender Offer) and is not immediately re-listed, re-traded or re-quoted on an exchange or quotation system located in the same country as the Exchange (or, where the Exchange is within the European Union, in any Member State of the European Union).

"Merger Event" means, in respect of a Share, any (1) reclassification or change of such Share that results in a transfer of or an irrevocable commitment to transfer all of such Shares outstanding to another entity or person, (2) consolidation, amalgamation, merger or binding share exchange of the Share Issuer with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Issuer is the continuing entity and which does not result in a reclassification or change of all such Shares outstanding), (3) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100% of the outstanding Shares of the Share Issuer that results in a transfer of or an irrevocable commitment to transfer all such Shares (other than such Shares owned or controlled by such other entity or person), or (4) consolidation, amalgamation, merger or binding share exchange of the Share Issuer or its affiliates with or into another entity in which the Share Issuer is the continuing entity and which does not result in a reclassification or change of all such Shares outstanding but results in the outstanding Shares (other than Shares owned or controlled by such other entity) immediately prior to such event collectively representing less than 50% of the outstanding Shares immediately following

such event (a "**Reverse Merger**") in each case if the Merger Date is on or before the Final Fixing Date or, if and to the extent the applicable Final Terms provide for physical settlement, the Redemption Date.

"**Insolvency**" means, in respect of a Share, that by reason of the voluntary or involuntary liquidation, winding-up, dissolution, bankruptcy or insolvency or any analogous proceeding affecting a Share Issuer (1) all the Shares of such Share Issuer are required to be transferred to a trustee, liquidator or other similar official or (2) holders of the Shares of such Share Issuer become legally prohibited from transferring them.

"**Merger Date**" means the closing date of a Merger Event (as determined by the Issuer and/or Calculation Agent) or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Issuer and/or Calculation Agent.

"**Tender Offer**" means, in respect of a Share, a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing or otherwise obtaining or having the right to obtain, by conversion or other means, more than 10% and less than 100% of the outstanding voting shares of the Share Issuer, as determined by the Issuer and/or Calculation Agent, based upon filings made to governmental or self-regulatory agencies or such other information as the Issuer and/or Calculation Agent deem relevant.

"**Tender Offer Date**" means, in respect of a Tender Offer, the date on which voting shares in the amount of the applicable percentage threshold (which shall be more than 10% and less than 100% of the outstanding voting shares of the Share Issuer) are actually purchased or otherwise obtained (as determined by the Issuer and/or Calculation Agent).

"**Nationalisation**" means, in respect of a Share, that all the Shares of a Share Issuer or all the assets or substantially all the assets of such Share Issuer are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof.

[insert in the case of a Basket as Underlying:

(6) Additional adjustments in the case of a Basket as Underlying

If in relation to a Basket Component an adjustment (as described in the Conditions) is necessary, the Issuer and/or Calculation Agent shall (in addition to the adjustments pursuant to the Conditions in relation to each Basket Component) be entitled, but not obliged to either

- (i) remove from the Basket the affected Basket Component without replacement (if applicable by implementing correction factors with respect to the remaining Basket Components) or
- (ii) replace the Basket Component in whole or in part by a new Basket Component (if applicable by implementing correction factors with respect to the Basket Components contained in the Basket) (the "**Successor Basket Component**").

In this case the Successor Basket Component will be deemed to be the Basket Component and any reference in these Conditions to the affected Basket Component, to the extent permitted by the context, shall be deemed to refer to the Successor Basket Component.]

§ 13

Extraordinary Termination

(1) Existence of an Additional Termination Event

If, in the opinion of the Issuer and/or Calculation Agent, an adjustment pursuant to § 12 is not possible or not commercially reasonable, or upon occurrence of an Additional Termination Event the Issuer may by giving not less than ten (10) nor more than thirty (30) Business Days' irrevocable notice in accordance with the procedure set out in § 4 of the General Conditions, redeem the Products early. The termination shall become valid on the day of the notice in accordance with § 4 of the General Conditions.

"**Additional Termination Event**" means [an Increased Cost of Hedging][,][a Change in Law][,][a Hedging Disruption][,][an Insolvency Filing][,] [and] [a Failure to Deliver][,] [and] [a Reduced Number of Shares][,] [and] [an Increased Cost of Collateralization].

(2) Redemption in the event of an Extraordinary Termination

In the event of an extraordinary termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product immediately prior to the event justifying the extraordinary termination. Payment will be made to the relevant Clearing System(s) pursuant to § 8.

(3) Definitions

["**Increased Cost of Hedging**"] means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Hedging Entity deems necessary to hedge the risk in respect of entering into and performing the Issuer's obligations under the relevant Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]

["**Increased Cost of Collateralization**"] means that the Borrowing Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to acquire, hold, substitute, maintain any transaction(s) or asset(s) the Borrowing Entity deems necessary to borrow in order to collateralize the Products. For the purpose of this provision "**Borrowing Entity**" means the Issuer or Collateral Provider or any affiliate(s) of the Issuer or Collateral Provider or any entity (or entities) acting on behalf of the Issuer or Collateral Provider engaged in any underlying or borrowing transactions in respect of the Issuer's obligations arising from the Products.]

["**Change in Law**"] means that on or after the Issue Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing au-

thority), the Issuer and/or Calculation Agent determine in good faith that (X) it has become illegal to hold, acquire or dispose of the Underlying(s) or, in the case of a Basket as Underlying, one or more Basket Components, or (Y) the Hedging Entity will incur a materially increased cost in performing its obligations arising from the Products (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).]

["**Hedging Entity**" means the Issuer or any affiliate(s) of the Issuer or any entity (or entities) acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer's obligations arising from the Products.]

["**Hedging Disruption**" means that the Hedging Entity is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Issuer deems necessary to hedge the risk of entering into and performing its obligations arising from the Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]

["**Insolvency Filing**" means, in respect of a Share, that the Share Issuer institutes or has instituted against it by a regulator, supervisor or similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its principal or registered office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such a petition, provided that proceedings instituted or petitions presented by creditors and not consented to by the Share Issuer shall not be deemed an Insolvency Filing.]

["**Failure to Deliver**" means, in respect of a Share, the failure of the Share Issuer to deliver, when due, the relevant Shares, where such failure to deliver is due to illiquidity in the market for such Shares.]

["**Reduced Number of Shares**" means that at any time following an Extraordinary Event there remain less than [●] Shares of Share Issuers (the "**Relevant Number of Shares**") for the purposes of determining the redemption of the Products in accordance with these Conditions.]]

[insert in the case of Products linked to Participation Certificates (Genussscheine) as Underlying or as a Basket Component:

§ 11
Market Disruption

(I) Consequences of Disrupted Days

[insert if "Single Underlying and Postponement of the Underlying Valuation Date" is applicable:

If an Underlying Valuation Date is a Disrupted Day, then the Underlying Valuation Date shall be the next following Scheduled Trading Day that is not a Disrupted Day, unless each of the eight (8) Scheduled Trading Days immediately following the Underlying Valuation Date is a Disrupted Day. In that case:

- (I)** that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date, notwithstanding the fact that such day is a Disrupted Day; and
- (II)** the Issuer and/or Calculation Agent shall determine the relevant level of the Underlying on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of the Underlying in accordance with § 4 of the General Conditions.]

[insert if "Basket and Individual Postponement of the Underlying Valuation Date" is applicable:

If an Underlying Valuation Date is a Disrupted Day in respect of a Basket Component, then the Underlying Valuation Date in respect of the relevant Basket Component shall be the next following Scheduled Trading Day that is not a Disrupted Day in respect of the relevant Basket Component, unless each of the eight (8) Scheduled Trading Days in respect of the relevant Basket Component immediately following the Underlying Valuation Date is a Disrupted Day in respect of the relevant Basket Component. In that case:

- (I)** that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date for the relevant Basket Component, notwithstanding the fact that such day is a Disrupted Day; and
- (II)** the Issuer and/or Calculation Agent shall determine the relevant level of the relevant Basket Component on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of the relevant Basket Component in accordance with § 4 of the General Conditions.]

[insert if "Basket and Common Postponement of the Underlying Valuation Date" is applicable:

If an Underlying Valuation Date is a Disrupted Day in respect of a Basket Component, then the Underlying Valuation Date in respect of all Basket Components shall be the next following Scheduled Trading Day that is not a Disrupted Day in respect of all Basket Components, unless each of the eight

(8) Scheduled Trading Days in respect of all Basket Components immediately following the Underlying Valuation Date is a Disrupted Day in respect of all Basket Components. In that case:

- (I) that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date for all Basket Components, notwithstanding the fact that such day is a Disrupted Day; and
- (II) the Issuer and/or Calculation Agent shall determine the relevant level of all Basket Components on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of all Basket Components in accordance with § 4 of the General Conditions.]

(2) Existence of a Market Disruption Event

"**Market Disruption Event**" means

the occurrence or existence of (1) a Trading Disruption, (2) an Exchange Disruption, which in either case the Issuer and/or Calculation Agent regard as material, at any time during the one-hour period that ends at the relevant Valuation Time, or (3) an Early Closure.

(3) Definitions

"**Valuation Time**" means, in respect of the Participation Certificate (*Genussschein*), the time at which the official closing price of the Participation Certificate (*Genussschein*) is calculated on and published by the Exchange. If the Exchange closes prior to its Scheduled Closing Time and the Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time.

"**Exchange Business Day**" means, in respect of the Participation Certificate (*Genussschein*), any Scheduled Trading Day on which each Exchange and each Related Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Exchange or Related Exchange closing prior to its Scheduled Closing Time.

"**Exchange Disruption**" means, in respect of the Participation Certificate (*Genussschein*) Participation Certificate (*Genussschein*), any event (other than an Early Closure) that disrupts or impairs (as determined by the Issuer and/or Calculation Agent) the ability of market participants in general (1) to effect transactions in, or obtain market values for, the Participation Certificate (*Genussschein*) on the Exchange, or (2) to effect transactions in, or obtain market values for, futures or options contracts relating to such Participation Certificate (*Genussschein*) on any relevant Related Exchange.

"**Trading Disruption**" means, in respect of the Participation Certificate (*Genussschein*), any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise (1) relating to the Participation Certificate (*Genussschein*) on the Exchange or (2) in futures or options contracts relating to the Participation Certificate (*Genussschein*) on any relevant Related Exchange.

"**Disrupted Day**" means, in respect of the Participation Certificate (*Genussschein*), any Scheduled Trading Day on which a relevant Exchange or any Related Exchange fails to open for trading during

its regular trading session or on which a Market Disruption Event has occurred.

"Related Exchange(s)" means, in respect of the Participation Certificate (*Genussschein*), each exchange or quotation system, any successor to such exchange or quotation system or any substitute exchange or quotation system where trading has a material effect (as determined by the Issuer and/or Calculation Agent in its reasonable discretion) on the overall market for futures or options contracts relating to such Participation Certificate (*Genussschein*).

"Scheduled Closing Time" means, in respect of the Participation Certificate (*Genussschein*), and in respect of an Exchange or Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside the regular trading session hours.

"Scheduled Trading Day" means, in respect of the Participation Certificate (*Genussschein*), any day on which each Exchange and each Related Exchange are scheduled to be open for trading for their respective regular trading sessions.

"Early Closure" means, in respect of the Participation Certificate (*Genussschein*), the closure on any Exchange Business Day of any relevant Exchange(s) relating to the Participation Certificate (*Genussschein*) or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or Related Exchange(s) at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Exchange(s) or Related Exchange(s) on such Exchange Business Day and (2) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

§ 12

Adjustments

(1) Conditions precedent for an adjustment

In the case of a Potential Adjustment Event or Extraordinary Event the Issuer and/or Calculation Agent are entitled to adjust the Conditions taking into account the following provisions. The Issuer and/or Calculation Agent is, however, not obliged to perform adjustments.

(2) Existence and consequences of a Potential Adjustment Event

(a) Existence of a Potential Adjustment Event

A **"Potential Adjustment Event"** is given in the case of any of the following events, as determined by the Issuer and/or Calculation Agent:

- (i) a subdivision, consolidation or reclassification of relevant Shares (unless resulting in a Merger Event) or a free distribution or dividend of any such Shares to existing holders by way of bonus, capitalisation or similar issue;
- (ii) a distribution, issue or dividend to existing holders of relevant Participation Certificate (*Genussschein*) and/or shares of the respective issuer of (1) such Participation Certificate (*Ge-*

nussschein) and/or shares or (2) other share capital or securities granting the right to payment of dividends and/or a share in the proceeds of liquidation of the issuer equally or proportionately or (3) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the issuer of the Participation Certificates (*Genussscheine*) as a result of a spin-off or other similar transaction, or (4) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other consideration) at less than the prevailing market price as determined by the Issuer and/or Calculation Agent;

- (iii) an amount per share which the Issuer and/or Calculation Agent determine should be characterised as an extraordinary dividend;
- (iv) a call by the issuer of the Participation Certificate (*Genussschein*) in respect of relevant shares that are not fully paid;
- (v) a repurchase by the respective issuer of the Participation Certificate (*Genussschein*) or any of its affiliates of relevant shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;
- (vi) in respect of the issuer of the Participation Certificate (*Genussschein*), an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of the Share Issuer pursuant to a shareholder rights plan or similar arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value as determined by the Issuer and/or Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any exercise of such rights;
- (vii) an amendment or adjustment of the conditions of the Participation Certificate (*Genussschein*); or
- (viii) any other event that may have, in the opinion of the Issuer and/or Calculation Agent, a diluting or concentrative effect on the theoretical value of the relevant Participation Certificates (*Genussscheine*).

(b) Consequences of a Potential Adjustment Event

Following the declaration of any Potential Adjustment Event in relation to the Participation Certificate (*Genussschein*), the Issuer and/or Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Participation Certificate (*Genussschein*) and, if so, will:

- (i) make the corresponding adjustment(s), if appropriate, to the Conditions as the Issuer and/or Calculation Agent determine appropriate to account for that diluting or concentrative effect; and
- (ii) determine the effective date(s) of the adjustment(s). In such case, such adjustments shall be deemed to be so made from such date(s). The Issuer and/or Calculation Agent may (but need not) perform the appropriate adjustment(s) by reference to the adjustment(s) in respect of such

Potential Adjustment Event made by the Related Exchange(s).

(3) *Existence and consequences of an Extraordinary Event*

(a) Existence of an Extraordinary Event

An "**Extraordinary Event**" is given in the case of a Merger Event, a Tender Offer, a Nationalisation, an Insolvency or a Delisting.

(b) Consequences of an Extraordinary Event

(i) In respect of a Merger Event or Tender Offer, the following will apply:

On or after the relevant Merger Date or Tender Offer Date (or such other date as the Issuer and/or Calculation Agent deem relevant), the Issuer and/or Calculation Agent shall (1) make such adjustment to the Conditions as the Issuer and/or Calculation Agent determine appropriate to account for the economic effect of such Merger Event or Tender Offer, or other event (including adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Participation Certificate (*Genussschein*)), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event or Tender Offer by the Related Exchange(s) to options on the Participation Certificate (*Genussschein*) traded thereon and (2) determine the effective date of that adjustment.

(ii) In respect of a Nationalisation, Insolvency or Delisting, the following will apply:

On or after the date of the occurrence of the Nationalisation, Insolvency and/or Delisting, as determined by the Issuer and/or Calculation Agent, the Issuer and/or Calculation Agent shall (1) make such adjustment to the Conditions as the Issuer and/or Calculation Agent determine appropriate to account for the economic effect on the Products of the relevant event, (including adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Participation Certificate (*Genussschein*)), which may, but need not, be determined by reference to the adjustment(s) made in respect of a Nationalisation, Insolvency or Delisting by the Related Exchange(s) and (2) determine the effective date of that adjustment.

(4) *Notification of Adjustments*

Upon making any adjustment pursuant to these Conditions, the Issuer and/or Calculation Agent shall give notice to the Holders in accordance with § 4 of the General Conditions, stating the relevant adjustment.

(5) *Definitions*

"**Delisting**" means, in respect of a Participation Certificate (*Genussschein*), that the relevant Exchange announces that pursuant to the rules of such Exchange, the Participation Certificate (*Genussschein*) ceases (or will cease) to be listed, traded or publicly quoted on the Exchange for any reason (other than a Merger Event or Tender Offer) and is not immediately re-listed, re-traded or re-quoted on an exchange or quotation system located in the same country as the Exchange (or, where the Exchange is

within the European Union, in any Member State of the European Union).

"Merger Event" means, in respect of a Participation Certificate (*Genussschein*), any (1) reclassification or change of such share of the respective issuer that results in a transfer of or an irrevocable commitment to transfer all of such shares of the respective issuer outstanding to another entity or person, (2) consolidation, amalgamation, merger or binding exchange of the shares of the issuer of the Participation Certificates (*Genussscheine*) with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which such issuer of the Participation Certificates (*Genussscheine*) is the continuing entity and which does not result in a reclassification or change of all such shares outstanding), (3) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100% of the outstanding shares of the issuer of the Participation Certificates (*Genussscheine*) that results in a transfer of or an irrevocable commitment to transfer all such shares (other than such shares owned or controlled by such other entity or person), or (4) consolidation, amalgamation, merger or binding share exchange of the issuer of the Participation Certificates (*Genussscheine*) or its affiliates with or into another entity in which the issuer of the Participation Certificates (*Genussscheine*) is the continuing entity and which does not result in a reclassification or change of all such shares outstanding but results in the outstanding shares (other than shares owned or controlled by such other entity) immediately prior to such event collectively representing less than 50% of the outstanding shares immediately following such event (a **"Reverse Merger"**) in each case if the Merger Date is on or before the Final Fixing Date or, if and to the extent the applicable Final Terms provide for physical settlement, the Redemption Date.

"Insolvency" means, in respect of a Participation Certificate (*Genussschein*), that by reason of the voluntary or involuntary liquidation, winding-up, dissolution, bankruptcy or insolvency or any analogous proceeding affecting the issuer of the respective Participation Certificate (*Genussschein*) (1) all the shares of such issuer are required to be transferred to a trustee, liquidator or other similar official or (2) holders of shares of such issuer become legally prohibited from transferring them.

"Merger Date" means the closing date of a Merger Event (as determined by the Issuer and/or Calculation Agent) or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Issuer and/or Calculation Agent.

"Tender Offer" means, in respect of a Participation Certificate (*Genussschein*), a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing or otherwise obtaining or having the right to obtain, by conversion or other means, more than 10% and less than 100% of the outstanding voting shares of the respective issuer, as determined by the Issuer and/or Calculation Agent, based upon filings made to governmental or self-regulatory agencies or such other information as the Issuer and/or Calculation Agent deem relevant.

"Tender Offer Date" means, in respect of a Tender Offer, the date on which voting shares in the amount of the applicable percentage threshold (which shall be more than 10% and less than 100% of the outstanding voting shares of the Share Issuer) are actually purchased or otherwise obtained (as determined by the Issuer and/or Calculation Agent).

"**Nationalisation**" means, in respect of a Participation Certificate (*Genussschein*), that all the shares of the respective issuer of the Participation Certificate (*Genussschein*) or all the assets or substantially all the assets of such issuer are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof.

[insert in the case of a Basket as Underlying:

(6) Additional adjustments in the case of a Basket as Underlying

If in relation to a Basket Component an adjustment (as described in the Conditions) is necessary, the Issuer and/or Calculation Agent shall (in addition to the adjustments pursuant to the Conditions in relation to each Basket Component) be entitled, but not obliged to either

- (i) remove from the Basket the affected Basket Component without replacement (if applicable by implementing correction factors with respect to the remaining Basket Components) or
- (ii) replace the Basket Component in whole or in part by a new Basket Component (if applicable by implementing correction factors with respect to the Basket Components contained in the Basket) (the "**Successor Basket Component**").

In this case the Successor Basket Component will be deemed to be the Basket Component and any reference in these Conditions to the affected Basket Component, to the extent permitted by the context, shall be deemed to refer to the Successor Basket Component.]

§ 13

Extraordinary Termination

(1) Existence of an Additional Termination Event

If, in the opinion of the Issuer and/or Calculation Agent, an adjustment pursuant to § 12 is not possible or not commercially reasonable, or upon occurrence of an Additional Termination Event the Issuer may by giving not less than ten (10) nor more than thirty (30) Business Days' irrevocable notice in accordance with the procedure set out in § 4 of the General Conditions, redeem the Products early. The termination shall become valid on the day of the notice in accordance with § 4 of the General Conditions.

"**Additional Termination Event**" means [an Increased Cost of Hedging][,][a Change in Law][,][a Hedging Disruption][,][an Insolvency Filing][,] [and] [an Increased Cost of Collateralization].

(2) Redemption in the event of an Extraordinary Termination

In the event of an extraordinary termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product immediately prior to the event justifying the extraordinary termination. Payment will be made to the relevant Clearing System(s) pursuant to § 8.

(3) Definitions

["**Increased Cost of Hedging**" means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Hedging Entity deems necessary to hedge the risk in respect of entering into and performing the Issuer's obligations under the relevant Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]

["**Increased Cost of Collateralization**" means that the Borrowing Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to acquire, hold, substitute, maintain any transaction(s) or asset(s) the Borrowing Entity deems necessary to borrow in order to collateralize the Products. For the purpose of this provision "**Borrowing Entity**" means the Issuer or Collateral Provider or any affiliate(s) of the Issuer or Collateral Provider or any entity (or entities) acting on behalf of the Issuer or Collateral Provider engaged in any underlying or borrowing transactions in respect of the Issuer's obligations arising from the Products.]

["**Change in Law**" means that on or after the Issue Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer and/or Calculation Agent determine in good faith that (X) it has become illegal to hold, acquire or dispose of the Underlying(s) or, in the case of a Basket as Underlying, one or more Basket Components, or (Y) the Hedging Entity will incur a materially increased cost in performing its obligations arising from the Products (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).]

["**Hedging Entity**" means the Issuer or any affiliate(s) of the Issuer or any entity (or entities) acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer's obligations arising from the Products.]

["**Hedging Disruption**" means that the Hedging Entity is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Issuer deems necessary to hedge the risk of entering into and performing its obligations arising from the Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]

["**Insolvency Filing**" means, in respect of a Participation Certificate (*Genussschein*), that the respective issuer of the Participation Certificates (*Genussscheine*) institutes or has instituted against it by a regulator, supervisor or similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its principal or registered office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such a petition, provided that proceedings instituted or petitions pre-

V. TERMS AND CONDITIONS

sented by creditors and not consented to by the issuer of the Participation Certificates (*Genussscheine*) shall not be deemed an Insolvency Filing.]

§ 11
Market Disruption

(1) Consequences of Disrupted Days

[insert if "Single Underlying and Postponement of the Underlying Valuation Date" is applicable:]

If an Underlying Valuation Date is a Disrupted Day, then the Underlying Valuation Date shall be the next following Scheduled Trading Day that is not a Disrupted Day, unless each of the eight (8) Scheduled Trading Days immediately following the Underlying Valuation Date is a Disrupted Day. In that case:

- (I)** that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date, notwithstanding the fact that such day is a Disrupted Day; and
- (II)** the Issuer and/or Calculation Agent shall determine the relevant level of the Underlying on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of the Underlying in accordance with § 4 of the General Conditions.]

[insert if "Basket and Individual Postponement of the Underlying Valuation Date" is applicable:]

If an Underlying Valuation Date is a Disrupted Day in respect of a Basket Component, then the Underlying Valuation Date in respect of the relevant Basket Component shall be the next following Scheduled Trading Day that is not a Disrupted Day in respect of the relevant Basket Component, unless each of the eight (8) Scheduled Trading Days in respect of the relevant Basket Component immediately following the Underlying Valuation Date is a Disrupted Day in respect of the relevant Basket Component. In that case:

- (I)** that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date for the relevant Basket Component, notwithstanding the fact that such day is a Disrupted Day; and
- (II)** the Issuer and/or Calculation Agent shall determine the relevant level of the relevant Basket Component on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of the relevant Basket Component in accordance with § 4 of the General Conditions.]

[insert if "Basket and Common Postponement of the Underlying Valuation Date" is applicable:]

If an Underlying Valuation Date is a Disrupted Day in respect of a Basket Component, then the Underlying Valuation Date in respect of all Basket Components shall be the next following Scheduled Trading Day that is not a Disrupted Day in respect of all Basket Components, unless each of the eight (8) Scheduled Trading Days in respect of all Basket Components immediately following the Underlying Valuation Date is a Disrupted Day in respect of all Basket Components. In that case:

- (I) that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date for all Basket Components, notwithstanding the fact that such day is a Disrupted Day; and
- (II) the Issuer and/or Calculation Agent shall determine the relevant level of all Basket Components on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of all Basket Components in accordance with § 4 of the General Conditions.]

(2) Existence of a Market Disruption Event

"**Market Disruption Event**" means

the occurrence or existence of (1) a Trading Disruption or (2) an Exchange Disruption, which in either case the Issuer and/or Calculation Agent regard as material, at any time during the one-hour period that ends at the relevant Valuation Time, or (3) an Early Closure. For the purpose of determining whether a Market Disruption Event in respect of an Index exists at any time, if a Market Disruption Event occurs in respect of a security included in the Index at any time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security and (y) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event.

(3) Definitions

"**Valuation Time**" means, in respect of the Index, the time at which the official closing level of the Index is calculated and published by the Index Sponsor.

"**Exchange**" means, in respect of the Index, any exchange or quotation system, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the components contained in such Index has relocated or temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the components underlying such Index on such temporary substitute exchange or quotation system as on the original Exchange).

"**Exchange Business Day**" means, in respect of the Index, any Scheduled Trading Day on which each Exchange and each Related Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Exchange or Related Exchange closing prior to its Scheduled Closing Time.

"**Exchange Disruption**" means, in respect of the Index, any event (other than an Early Closure) that disrupts or impairs (as determined by the Issuer and/or Calculation Agent) the ability of market participants in general (1) to effect transactions in, or obtain market values on, any relevant Exchange for securities that comprise 20 per cent or more of the level of such Index, or (2) to effect transactions in, or obtain market values for, futures or options contracts relating to such Index on any relevant Related Exchange.

"**Trading Disruption**" means, in respect of the Index, any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise

(1) relating to securities that comprise 20 per cent or more of the level of such Index on any relevant Exchange or (2) in futures or options contracts relating to the Index on any relevant Related Exchange.

"Disrupted Day" means, in respect of the Index, any Scheduled Trading Day on which (1) the Index Sponsor fails to publish the level of the Index, (2) a relevant Exchange or any Related Exchange fails to open for trading during its regular trading session or (3) on which a Market Disruption Event has occurred.

"Related Exchange(s)" means, in respect of the Index, each exchange or quotation system, any successor to such exchange or quotation system or any substitute exchange or quotation system where trading has a material effect (as determined by the Issuer and/or Calculation Agent in its reasonable discretion) on the overall market for futures or options contracts relating to such Index.

"Scheduled Closing Time" means, in respect of the Index, and in respect of an Exchange or Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside the regular trading session hours.

"Scheduled Trading Day" means, in respect of the Index, any day on which the Index Sponsor is scheduled to calculate and publish the level of the Index.

"Early Closure" means, in respect of the Index, the closure on any Exchange Business Day of any relevant Exchange(s) relating to securities that comprise 20 per cent or more of the level of the relevant Index or any Related Exchange(s) prior to its Scheduled Closing Time, unless such earlier closing time is announced by such Exchange(s) or Related Exchange(s) at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Exchange(s) or Related Exchange(s) on such Exchange Business Day and (2) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

§ 12

Adjustments

(1) Successor Index Sponsor calculates and announces the Index

If the Index is (x) not calculated and announced by the Index Sponsor but is calculated and announced by a successor to the Index Sponsor (the **"Successor Index Sponsor"**) acceptable to the Issuer and/or Calculation Agent or (y) replaced by a successor index using, in the determination of the Issuer and/or Calculation Agent, the same or a substantially similar formula for, and method of, calculation as used in the calculation, of such Index, then in each case that index (the **"Successor Index"**) will be deemed to be the Index.

(2) Index Modification, Index Cancellation and Index Disruption

If, in the determination of the Issuer and/or Calculation Agent, in respect of the Index (x) on or before any Underlying Valuation Date the Index Sponsor or (if applicable) Successor Index Sponsor an-

nounces that it will make a material change in the formula for or method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent securities and capitalisation and other routine events) (an "**Index Modification**") or permanently cancels the Index or the Index may no longer be used as a consequence of new regulatory provisions and no Successor Index exists (an "**Index Cancellation**"); or (y) on any Underlying Valuation Date the Index Sponsor or (if applicable) Successor Index Sponsor fails to calculate and announce the level of the Index (an "**Index Disruption**"), then the Issuer and/or Calculation Agent shall determine if such event has a material effect on the Products and, if so, shall calculate the relevant amount using, in lieu of a published level for the Index, the level for the Index as at the relevant date as determined by the Issuer and/or Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to that change, failure or cancellation, but using only those securities that comprised the Index immediately prior to that event and shall notify the Holders thereof (in accordance with § 4 of the General Conditions). None of the Issuer and/or Calculation Agent or the Paying Agents shall have any responsibility in respect of any error or omission or subsequent correction made in the calculation or publication of an index, whether caused by negligence or otherwise.

(3) Notification of Adjustments

Upon making any adjustment pursuant to these Conditions, the Issuer and/or Calculation Agent shall give notice to the Holders in accordance with § 4 of the General Conditions, stating the relevant adjustment.

[insert in the case of a Basket as Underlying:

(4) Additional adjustments in the case of a Basket as Underlying

If in relation to a Basket Component an adjustment (as described in the Conditions) is necessary, the Issuer and/or Calculation Agent shall (in addition to the adjustments pursuant to the Conditions in relation to each Basket Component) be entitled, but not obliged to either

- (i) remove from the Basket the affected Basket Component without replacement (if applicable by implementing correction factors with respect to the remaining Basket Components) or
- (ii) replace the Basket Component in whole or in part by a new Basket Component (if applicable by implementing correction factors with respect to the Basket Components contained in the Basket) (the "**Successor Basket Component**").

In this case the Successor Basket Component will be deemed to be the Basket Component and any reference in these Conditions to the affected Basket Component, to the extent permitted by the context, shall be deemed to refer to the Successor Basket Component.]

§ 13

Extraordinary Termination

(1) Existence of an Additional Termination Event

If, in the opinion of the Issuer and/or Calculation Agent, an adjustment pursuant to § 12 of the Issue Specific Conditions is not possible or not commercially reasonable, or upon occurrence of an Additional Termination Event the Issuer may by giving not less than ten (10) nor more than thirty (30) Business Days' irrevocable notice in accordance with the procedure set out in § 4 of the General Conditions, redeem the Products early. The termination shall become valid on the day of the notice in accordance with § 4 of the General Conditions.

"**Additional Termination Event**" means [an Increased Cost of Hedging][,] [and] [a Change in Law][,] [and] [a Hedging Disruption][,] [and] [an Increased Cost of Collateralization].

(2) Redemption in the event of an Extraordinary Termination

In the event of an extraordinary termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product immediately prior to the event justifying the extraordinary termination. Payment will be made to the relevant Clearing System(s) pursuant to § 8 of the Issue Specific Conditions.

(3) Definitions

["**Increased Cost of Hedging**" means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Hedging Entity deems necessary to hedge the risk in respect of entering into and performing the Issuer's obligations under the relevant Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]

["**Increased Cost of Collateralization**" means that the Borrowing Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to acquire, hold, substitute, maintain any transaction(s) or asset(s) the Borrowing Entity deems necessary to borrow in order to collateralize the Products. For the purpose of this provision "**Borrowing Entity**" means the Issuer or Collateral Provider or any affiliate(s) of the Issuer or Collateral Provider or any entity (or entities) acting on behalf of the Issuer or Collateral Provider engaged in any underlying or borrowing transactions in respect of the Issuer's obligations arising from the Products.]

["**Change in Law**" means that on or after the Issue Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer and/or Calculation Agent determine in good faith that (X) it has become illegal to

hold, acquire or dispose of the components contained in the Underlying(s) and/or one or more Basket Components, or (Y) the use of the Underlying or one of the components contained in the Underlying the Products are linked to has become illegal, or (Z) the Hedging Entity will incur a materially increased cost in performing its obligations arising from the Products (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).]

"Hedging Entity" means the Issuer or any affiliate(s) of the Issuer or any entity (or entities) acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer's obligations arising from the Products.

["Hedging Disruption" means that the Hedging Entity is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Issuer deems necessary to hedge the risk of entering into and performing its obligations arising from the Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]]

[insert in the case of Products linked to a Security representing shares as Underlying or as a Basket Component:

§ 11

Market Disruption

(I) Consequences of Disrupted Days

[insert if "Single Underlying and Postponement of the Underlying Valuation Date" is applicable:

If an Underlying Valuation Date is a Disrupted Day, then the Underlying Valuation Date shall be the next following Scheduled Trading Day that is not a Disrupted Day, unless each of the eight (8) Scheduled Trading Days immediately following the Underlying Valuation Date is a Disrupted Day. In that case:

- (I) that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date, notwithstanding the fact that such day is a Disrupted Day; and
- (II) the Issuer and/or Calculation Agent shall determine the relevant level of the Underlying on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of the Underlying in accordance with § 4 of the General Conditions.]

[insert if "Basket and Individual Postponement of the Underlying Valuation Date" is applicable:

If an Underlying Valuation Date is a Disrupted Day in respect of a Basket Component, then the Underlying Valuation Date in respect of the relevant Basket Component shall be the next following Scheduled Trading Day that is not a Disrupted Day in respect of the relevant Basket Component, unless each of the eight (8) Scheduled Trading Days in respect of the relevant Basket Component immediately following the Underlying Valuation Date is a Disrupted Day in respect of the relevant Basket Component. In that case:

- (I) that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date for the relevant Basket Component, notwithstanding the fact that such day is a Disrupted Day; and
- (II) the Issuer and/or Calculation Agent shall determine the relevant level of the relevant Basket Component on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of the relevant Basket Component in accordance with § 4 of the General Conditions.]

[insert if "Basket and Common Postponement of the Underlying Valuation Date" is applicable:

If an Underlying Valuation Date is a Disrupted Day in respect of a Basket Component, then the Underlying Valuation Date in respect of all Basket Components shall be the next following Scheduled Trading Day that is not a Disrupted Day in respect of all Basket Components, unless each of the eight (8) Scheduled Trading Days in respect of all Basket Components immediately following the Underlying Valuation Date is a Disrupted Day in respect of all Basket Components. In that case:

- (I) that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date for all Basket Components, notwithstanding the fact that such day is a Disrupted Day; and
- (II) the Issuer and/or Calculation Agent shall determine the relevant level of all Basket Components on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of all Basket Components in accordance with § 4 of the General Conditions.]

(2) Existence of a Market Disruption Event

"**Market Disruption Event**" means

- (a) in respect of the Security representing Shares, (x) the occurrence or existence of (1) a Trading Disruption, (2) an Exchange Disruption, which in either case the Issuer and/or Calculation Agent regard as material, at any time during the one-hour period that ends at the relevant Valuation Time, or (3) an Early Closure, in each case in relation to the Security representing Shares, or (y) the existence of a Market Disruption Event in relation to the relevant Underlying Share and
- (b) in respect of an Underlying Share, the occurrence or existence of (1) a Trading Disruption, (2) an Exchange Disruption, which in either case the Issuer and/or Calculation Agent regard as material, at any time during the one-hour period that ends at the relevant Valuation Time, or (3) an Early Closure, in each case in respect of such Underlying Share.

(3) Definitions

"**Share**" means (i) for the determination whether a Potential Adjustment Event, a Merger Event, a Tender Offer, a Nationalisation or an Insolvency has occurred, the Underlying Share and (ii) for all other purposes, the Underlying Share and the Security representing Shares.

"**Share Issuer**" means the company that has issued the Underlying Share.

"**Valuation Time**" means, in respect of a Share, the time at which the official closing price of the Share is calculated on and published by the Exchange. If the Exchange closes prior to its Scheduled Closing Time and the Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time.

"**Underlying Share**" means the relevant share represented by the Security representing Shares, as issued by the relevant Share Issuer.

"**Exchange**" means

- (i) in respect of the Security representing Shares, the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the Security representing Shares has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the Security representing Shares on such temporary substitute exchange or quotation system as on the original Exchange); and
- (ii) in respect of the Underlying Share, the exchange on which the Underlying Share is principally

traded, as determined by the Issuer and/or Calculation Agent.

"Exchange Business Day" means, in respect of a Share, any Scheduled Trading Day on which each Exchange and each Related Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Exchange or Related Exchange closing prior to its Scheduled Closing Time.

"Exchange Disruption" means, in respect of a Share, any event (other than an Early Closure) that disrupts or impairs (as determined by the Issuer and/or Calculation Agent) the ability of market participants in general (1) to effect transactions in, or obtain market values for, the Shares on the Exchange, or (2) to effect transactions in, or obtain market values for, futures or options contracts relating to such Shares on any relevant Related Exchange.

"Trading Disruption" means, in respect of a Share, any suspension of or limitation imposed on trading by the Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise (1) relating to the Share on the Exchange or (2) in futures or options contracts relating to the Shares on a relevant Related Exchange.

"Disrupted Day" means, in respect of the Security representing Shares, any Scheduled Trading Day on which a relevant Exchange or any Related Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred.

"Related Exchange(s)" means, in respect of a Share, each exchange or quotation system, any successor to such exchange or quotation system or any substitute exchange or quotation system where trading has a material effect (as determined by the Issuer and/or Calculation Agent in its reasonable discretion) on the overall market for futures or options contracts relating to such Share.

"Scheduled Closing Time" means, in respect of a Share and in respect of an Exchange or Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside the regular trading session hours.

"Scheduled Trading Day" means, in respect of a Share, any day on which each Exchange and each Related Exchange are scheduled to be open for trading for their respective regular trading sessions.

"Early Closure" means, in respect of a Share, the closure on any Exchange Business Day of any relevant Exchange(s) relating to the Share or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or Related Exchange(s) at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Exchange(s) or Related Exchange(s) on such Exchange Business Day and (2) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

§ 12
Adjustments

(1) Conditions precedent for an adjustment

In the case of any amendments or supplements to terms of the Deposit Agreement for the Security representing Shares, any Potential Adjustment Event or any Extraordinary Event the Issuer is entitled to adjust the Conditions taking into account the following provisions. The Issuer is, however, not obliged to perform adjustments.

(2) Existence and consequences of a Potential Adjustment Event

(a) Existence of a Potential Adjustment Event

A "**Potential Adjustment Event**" is given in the case of any of the following events, as determined by the Issuer and/or Calculation Agent:

- (i) a subdivision, consolidation or reclassification of relevant Shares (unless resulting in a Merger Event) or a free distribution or dividend of any such Shares to existing holders by way of bonus, capitalisation or similar issue;
- (ii) a distribution, issue or dividend to existing holders of relevant Shares of (1) such Shares or (2) other share capital or securities granting the right to payment of dividends and/or a share in the proceeds of liquidation of the Share Issuer equally or proportionately with such payments to holders of such Shares or (3) share capital or other securities of another share issuer acquired or owned (directly or indirectly) by the Share Issuer as a result of a spin-off or other similar transaction, or (4) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other consideration) at less than the prevailing market price as determined by the Issuer and/or Calculation Agent;
- (iii) an amount per Share which the Issuer and/or Calculation Agent determine should be characterised as an extraordinary dividend;
- (iv) a call by the Share Issuer in respect of relevant Shares that are not fully paid;
- (v) a repurchase by the Share Issuer or any of its affiliates of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;
- (vi) in respect of the Share Issuer, an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of the Share Issuer pursuant to a shareholder rights plan or similar arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value as determined by the Issuer and/or Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any exercise of such rights; or
- (vii) any other event that may have, in the opinion of the Issuer and/or Calculation Agent, a diluting or concentrative effect on the theoretical value of the relevant Shares.

(b) Consequences of a Potential Adjustment Event

If the terms of the Deposit Agreement for the Security representing Shares are amended or supplemented or following the declaration of any Potential Adjustment Event in relation to the Security representing Shares, the Issuer and/or Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Security representing Shares and, if so, will:

- (i) make the corresponding adjustment(s), if appropriate, to the Conditions as the Issuer and/or Calculation Agent determine appropriate to account for that diluting or concentrative effect; and
- (ii) determine the effective date(s) of the adjustment(s). In such case, such adjustments shall be deemed to be so made from such date(s). The Issuer and/or Calculation Agent may (but need not) perform the appropriate adjustment(s) by reference to the adjustment(s) in respect of such Potential Adjustment Event made by the Related Exchange(s).

(3) Existence and consequences of an Extraordinary Event**(a) Existence of an Extraordinary Event**

An "**Extraordinary Event**" is given in the case of a Merger Event, a Tender Offer, a Nationalisation, an Insolvency or a Delisting.

(b) Consequences of an Extraordinary Event

- (i) In respect of a Merger Event or Tender Offer, the following will apply:

On or after the relevant Merger Date or Tender Offer Date (or such other date as the Issuer and/or Calculation Agent deem relevant), the Issuer and/or Calculation Agent shall (1) make such adjustment to the Conditions as the Issuer and/or Calculation Agent determines appropriate to account for the economic effect of such Merger Event or Tender Offer, or other event (including adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Underlying Share or to the Security representing Shares) on the Products, which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event or Tender Offer by the Related Exchange(s) to options on the relevant Underlying Share or on the Security representing Shares traded thereon and (2) determine the effective date of that adjustment.

- (ii) In respect of a Nationalisation, Insolvency or Delisting, the following will apply:

On or after the date of the occurrence of the Nationalisation, Insolvency and/or Delisting, as determined by the Issuer and/or Calculation Agent, the Issuer and/or Calculation Agent shall (1) make such adjustment to the Conditions as the Issuer and/or Calculation Agent determine appropriate to account for the economic effect of the relevant event (including adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Underlying Share or the Security representing Shares) on the Products, which may, but need not, be determined by reference to the adjustment(s) made in respect of a Nationalisation, Insolvency or Delisting by the Related Exchange(s)

to options on the Underlying Share or on the Security representing Shares traded thereon and (2) determine the effective date of that adjustment.

(4) Replacement of the Security representing Shares

If the Deposit Agreement is terminated, then on or after the date of such termination, references to the Security representing Shares shall be replaced by references to the Underlying Shares and the Issuer and/or Calculation Agent will adjust any relevant terms and will determine the effective date of such replacement and adjustments.

(5) Notification of Adjustments

Upon making any adjustment pursuant to these Conditions, the Issuer and/or Calculation Agent shall give notice to the Holders in accordance with § 4 of the General Conditions, stating the relevant adjustment.

(6) Definitions

"Delisting" means, in respect of a Share, that the relevant Exchange announces that pursuant to the rules of such Exchange, the Share ceases (or will cease) to be listed, traded or publicly quoted on the Exchange for any reason (other than a Merger Event or Tender Offer) and is not immediately re-listed, re-traded or re-quoted on an exchange or quotation system located in the same country as the Exchange (or, where the Exchange is within the European Union, in any Member State of the European Union).

"Merger Event" means, in respect of a Share, any (1) reclassification or change of such Share that results in a transfer of or an irrevocable commitment to transfer all of such Shares outstanding to another entity or person, (2) consolidation, amalgamation, merger or binding share exchange of the Share Issuer with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which such Share Issuer is the continuing entity and which does not result in a reclassification or change of all such Shares outstanding), (3) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100% of the outstanding Shares of the Share Issuer that results in a transfer of or an irrevocable commitment to transfer all such Shares (other than such Shares owned or controlled by such other entity or person), or (4) consolidation, amalgamation, merger or binding share exchange of the Share Issuer or its affiliates with or into another entity in which the Share Issuer is the continuing entity and which does not result in a reclassification or change of all such Shares outstanding but results in the outstanding Shares (other than Shares owned or controlled by such other entity) immediately prior to such event collectively representing less than 50% of the outstanding Shares immediately following such event (a "**Reverse Merger**") in each case if the Merger Date is on or before the Final Fixing Date or, if and to the extent the applicable Final Terms provide for physical settlement, the Redemption Date.

"Deposit Agreement" means the agreement or other instrument constituting the Securities representing Shares, as amended from time to time.

"**Insolvency**" means, in respect of a Share, that by reason of the voluntary or involuntary liquidation, winding-up, dissolution, bankruptcy or insolvency or any analogous proceeding affecting a Share Issuer (1) all the Shares of such Share Issuer are required to be transferred to a trustee, liquidator or other similar official or (2) holders of the Shares of such Share Issuer become legally prohibited from transferring them.

"**Merger Date**" means the closing date of a Merger Event (as determined by the Issuer and/or Calculation Agent) or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Issuer and/or Calculation Agent.

"**Tender Offer**" means, in respect of a Share, a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing or otherwise obtaining or having the right to obtain, by conversion or other means, more than 10% and less than 100% of the outstanding voting shares of the Share Issuer, as determined by the Issuer and/or Calculation Agent, based upon filings made to governmental or self-regulatory agencies or such other information as the Issuer and/or Calculation Agent deem relevant.

"**Tender Offer Date**" means, in respect of a Tender Offer, the date on which voting shares in the amount of the applicable percentage threshold (which shall be more than 10% and less than 100% of the outstanding voting shares of the Share Issuer) are actually purchased or otherwise obtained (as determined by the Issuer and/or Calculation Agent).

"**Nationalisation**" means, in respect of a Share, that all the Shares of a Share Issuer or all the assets or substantially all the assets of such Share Issuer are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof.

[insert in the case of a Basket as Underlying:

(7) Additional adjustments in the case of a Basket as Underlying

If in relation to a Basket Component an adjustment (as described in the Conditions) is necessary, the Issuer and/or Calculation Agent shall (in addition to the adjustments pursuant to the Conditions in relation to each Basket Component) be entitled, but not obliged to either

(i) remove from the Basket the affected Basket Component without replacement (if applicable by implementing correction factors with respect to the remaining Basket Components) or

(ii) replace the Basket Component in whole or in part by a new Basket Component (if applicable by implementing correction factors with respect to the Basket Components contained in the Basket) (the "**Successor Basket Component**").

In this case the Successor Basket Component will be deemed to be the Basket Component and any reference in these Conditions to the affected Basket Component, to the extent permitted by the context, shall be deemed to refer to the Successor Basket Component.]

§ 13

Extraordinary Termination

(1) Existence of an Additional Termination Event

If, in the opinion of the Issuer and/or Calculation Agent, an adjustment pursuant to § 12 of the Issue Specific Conditions is not possible or not commercially reasonable, or upon occurrence of an Additional Termination Event the Issuer may by giving not less than ten (10) nor more than thirty (30) Business Days' irrevocable notice in accordance with the procedure set out in § 4 of the General Conditions, redeem the Products early. The termination shall become valid on the day of the notice in accordance with § 4 of the General Conditions.

"**Additional Termination Event**" means [an Increased Cost of Hedging][,] [and] [a Change in Law][,] [and] [a Hedging Disruption][,] [and] [an Insolvency Filing][,] [and] [a Failure to Deliver][,] [and] [a Reduced Number of Shares][,] [and] [an Increased Cost of Collateralization].

(2) Redemption in the event of an Extraordinary Termination

In the event of an extraordinary termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product immediately prior to the event justifying the extraordinary termination. Payment will be made to the relevant Clearing System(s) pursuant to § 8 of the Issue Specific Conditions.

(3) Definitions

["**Increased Cost of Hedging**"] means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Hedging Entity deems necessary to hedge the risk in respect of entering into and performing the Issuer's obligations under the relevant Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]

["**Increased Cost of Collateralization**"] means that the Borrowing Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to acquire, hold, substitute, maintain any transaction(s) or asset(s) the Borrowing Entity deems necessary to borrow in order to collateralize the Products. For the purpose of this provision "**Borrowing Entity**" means the Issuer or Collateral Provider or any affiliate(s) of the Issuer or Collateral Provider or any entity (or entities) acting on behalf of the Issuer or Collateral Provider engaged in any underlying or borrowing transactions in respect of the Issuer's obligations arising from the Products.]

["**Change in Law**"] means that on or after the Issue Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing au-

thority), the Issuer and/or Calculation Agent determine in good faith that (X) it has become illegal to hold, acquire or dispose of the Underlying(s) and/or one or more Basket Components, or (Y) the Hedging Entity will incur a materially increased cost in performing its obligations arising from the Products (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).]

["**Hedging Entity**" means the Issuer or any affiliate(s) of the Issuer or any entity (or entities) acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer's obligations arising from the Products.]

["**Hedging Disruption**" means that the Hedging Entity is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Issuer deems necessary to hedge the risk of entering into and performing its obligations arising from the Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]

["**Insolvency Filing**" means, in respect of a Share, that the Share Issuer institutes or has instituted against it by a regulator, supervisor or similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its principal or registered office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such a petition, provided that proceedings instituted or petitions presented by creditors and not consented to by the Share Issuer shall not be deemed an Insolvency Filing.]

["**Failure to Deliver**" means, in respect of a Share, the failure of the Share Issuer to deliver, when due, the relevant Shares, where such failure to deliver is due to illiquidity in the market for such Shares.]

["**Reduced Number of Shares**" means that at any time following an Extraordinary Event there remain less than [●] Shares of Share Issuers (the "**Relevant Number of Shares**") for the purposes of determining the redemption of the Products in accordance with these Conditions.]]

[insert in the case of Products linked to a Commodity as Underlying or as a Basket Component:]

§ 11
Market Disruption

(1) Consequences of Disrupted Days

[insert if "Single Underlying and Postponement of the Underlying Valuation Date" is applicable:]

If an Underlying Valuation Date is a Disrupted Day, then the Underlying Valuation Date shall be the next following Scheduled Trading Day that is not a Disrupted Day, unless each of the eight (8) Scheduled Trading Days immediately following the Underlying Valuation Date is a Disrupted Day. In that case:

- (I)** that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date, notwithstanding the fact that such day is a Disrupted Day; and
- (II)** the Issuer and/or Calculation Agent shall determine the relevant level of the Underlying on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of the Underlying in accordance with § 4 of the General Conditions.]

[insert if "Basket and Individual Postponement of the Underlying Valuation Date" is applicable:]

If an Underlying Valuation Date is a Disrupted Day in respect of a Basket Component, then the Underlying Valuation Date in respect of the relevant Basket Component shall be the next following Scheduled Trading Day that is not a Disrupted Day in respect of the relevant Basket Component, unless each of the eight (8) Scheduled Trading Days in respect of the relevant Basket Component immediately following the Underlying Valuation Date is a Disrupted Day in respect of the relevant Basket Component. In that case:

- (I)** that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date for the relevant Basket Component, notwithstanding the fact that such day is a Disrupted Day; and
- (II)** the Issuer and/or Calculation Agent shall determine the relevant level of the relevant Basket Component on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of the relevant Basket Component in accordance with § 4 of the General Conditions.]

[insert if "Basket and Common Postponement of the Underlying Valuation Date" is applicable:]

If an Underlying Valuation Date is a Disrupted Day in respect of a Basket Component, then the Underlying Valuation Date in respect of all Basket Components shall be the next following Scheduled Trading Day that is not a Disrupted Day in respect of all Basket Components, unless each of the eight (8) Scheduled Trading Days in respect of all Basket Components immediately following the Underlying Valuation Date is a Disrupted Day in respect of all Basket Components. In that case:

- (I) that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date for all Basket Components, notwithstanding the fact that such day is a Disrupted Day; and
- (II) the Issuer and/or Calculation Agent shall determine the relevant level of all Basket Components on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of all Basket Components in accordance with § 4 of the General Conditions.]

(2) Existence of a Market Disruption Event

"**Market Disruption Event**" means

- (a) (i) the failure of a Reference Market or Price Source to announce or publish a price relevant for the Products; or (ii) the temporary or permanent discontinuance or unavailability of such Price Source; or (iii) the disappearance or permanent discontinuance or unavailability of a price relevant for the Products (notwithstanding the availability of the related Price Source or the status of trading in the relevant Commodity);
- (b) the material suspension or limitation of trading in the Commodity on the relevant Reference Market or in futures or options contracts relating to the Commodity on a futures exchange where such contracts are usually traded;
- (c) the failure of trading to commence, or the permanent discontinuation of trading, (i) in the Commodity on the Reference Market or (ii) in futures or options contracts relating to the Commodity on a futures exchange where such contracts are usually traded;
- (d) the occurrence since the Initial Fixing Date of a material change (i) in the formula for or method of calculating the price relevant for the Products; or (ii) in the content, composition or constitution of the Commodity or of futures or options contracts relating to the Commodity, or
- (e) the imposition of, change in, or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Commodity or futures or options contracts relating to the Commodity (other than a tax on, or measured by reference to, overall gross or net income) by any government or tax authority, if the direct effect of such imposition, change or removal is to raise or lower a relevant price on a Underlying Valuation Date from what it would have been without such imposition, change or removal.

(3) Definitions

"**Price Source**" means, in respect of the Commodity, the price source as specified in **Table 2** in the Annex providing the relevant price of the Commodity for the Products.

"**Reference Market**" means, in respect of the Commodity, the reference market or the quotation system as specified in **Table 2** in the Annex, any successor to such reference market or quotation system or any substitute reference market or quotation system to which trading in the Commodity has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the Commodity on such temporary substitute reference market or quotation system as on the original reference market).

"Disrupted Day" means, in respect of the Commodity, any Scheduled Trading Day on which a relevant Reference Market fails to open for trading during its regular trading session or on which a Market Disruption Event - except for a Permanent Market Disruption Event (to the extent applicable)- has occurred.

"Scheduled Trading Day" means, in respect of the Commodity, any day on which the Reference Market is scheduled to calculate and publish the Price of the Commodity or, as the case may be, the Price Source is scheduled to publish the Price of the Commodity.

§ 12 Adjustments

(1) Substitution of Reference Market and/or Price Source

If the quotation of or trading in the Commodity on the Reference Market or the publication of the relevant price of the Commodity by the Price Source is permanently discontinued while concurrently the quotation or trading is maintained or is commenced on another reference market or if the relevant price of the Commodity is published by another price source, the Issuer shall be entitled to stipulate such other reference market as the new Reference Market and/or such other price source as the Price Source (the "**Substitute Reference Market**" or the "**Substitute Price Source**") through publication in accordance with § 4 of the General Conditions, provided that the Issuer has not terminated the Products in accordance with § 13 of the Issue Specific Conditions. In the case of such a substitution, any reference in the Conditions to the Reference Market and/or Price Source thereafter shall be deemed to refer to the Substitute Reference Market and/or Substitute Price Source.

(2) Changes in the Commodity

If at any time the Commodity is terminated and/or replaced by another value or if the Commodity is traded in a different quality, in a different consistency (e.g. with a different degree of purity or a different point of origin) or in a different standard measuring unit, the Issuer and/or the Calculation Agent are entitled, provided that the Issuer has not terminated the Products in accordance with § 13 of the Issue Specific Conditions, to make an adjustment to the Conditions, which in the assessment of the Issuer and/or the Calculation Agent is appropriate to reflect the amendments and/or to replace the Commodity with a successor commodity (the "**Successor Commodity**") which is economically equivalent to the original relevant concept of the Commodity. As the case may be, the Issuer and/or the Calculation Agent will multiply the relevant price of the Commodity by an adjustment factor in order to ensure the continuity of the development of the reference value(s) underlying the Products.

The Successor Commodity and the date of its initial application shall be published in accordance with § 4 of the General Conditions. Any reference in the Conditions to the Commodity shall, to the extent appropriate, be deemed to refer to the Successor Commodity.

§ 13**Extraordinary Termination*****(1) Existence of an Additional Termination Event***

If, in the opinion of the Issuer and/or Calculation Agent, an adjustment pursuant to § 12 of the Issue Specific Conditions is not possible or not commercially reasonable, or upon occurrence of an Additional Termination Event the Issuer may by giving not less than ten (10) nor more than thirty (30) Business Days' irrevocable notice in accordance with the procedure set out in § 4 of the General Conditions, redeem the Products early. The termination shall become valid on the day of the notice in accordance with § 4 of the General Conditions.

"**Additional Termination Event**" means [a Permanent Market Disruption Event][,] [and] [an Increased Cost of Hedging][,] [and] [a Change in Law][,] [and] [a Hedging Disruption][,] [and] [an Increased Cost of Collateralization].

(2) Redemption in the event of an Extraordinary Termination

In the event of an extraordinary termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product immediately prior to the event justifying the extraordinary termination. Payment will be made to the relevant Clearing System(s) pursuant to § 8 of the Issue Specific Conditions.

(3) Definitions

["**Permanent Market Disruption Event**" means, in respect of the Commodity, any one or more of the events set out in (a), (b), (c), (d) and (e) in the definition as set out in § 11 (2) of the Issue Specific Conditions of "Market Disruption Event", if such event is in the determination of the Issuer and/or Calculation Agent permanent.]

["**Increased Cost of Hedging**" means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Hedging Entity deems necessary to hedge the risk in respect of entering into and performing the Issuer's obligations under the relevant Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]

["**Increased Cost of Collateralization**" means that the Borrowing Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to acquire, hold, substitute, maintain any transaction(s) or asset(s) the Borrowing Entity deems necessary to borrow in order to collateralize the Products. For the purpose of this provision "**Borrowing Entity**" means the Issuer or Collateral Provider or any affiliate(s) of the Issuer or Collateral Provider or any entity (or entities) acting on behalf of the Issuer or Collateral Provider engaged in any underlying or borrowing transactions in respect of the Issuer's obligations arising from the Products.]

["**Change in Law**" means that on or after the Issue Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer and/or Calculation Agent determine in good faith that (X) it has become illegal to hold, acquire or dispose of the Underlying(s) and/or one or more Basket Components, or (Y) the Hedging Entity will incur a materially increased cost in performing its obligations arising from the Products (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).]

["**Hedging Entity**" means the Issuer or any affiliate(s) of the Issuer or any entity (or entities) acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer's obligations arising from the Products.]

["**Hedging Disruption**" means that the Hedging Entity is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Issuer deems necessary to hedge the risk of entering into and performing its obligations arising from the Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]]

In that case:

- (I) that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date for all Basket Components, notwithstanding the fact that such day is a Disrupted Day; and
- (II) the Issuer and/or Calculation Agent shall determine the relevant level of all Basket Components on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of all Basket Components in accordance with § 4 of the General Conditions.]

(2) Existence of a Market Disruption Event

"**Market Disruption Event**" means

- (a) the suspension or absence of the announcement of a price of the Currency Exchange Rate relevant for the Products on the Reference Market or by the relevant Price Source;
- (b) the suspension or limitation of banking activities in the Relevant Country the latter of which the Issuer and/or Calculation Agent determine material;
- (c) the suspension or limitation of trading the latter of which the Issuer and/or Calculation Agent determine material;
 - (i) in a currency used in connection with the Currency Exchange Rate on the Reference Market, or
 - (ii) in futures or options contracts relating to a currency used in connection with the Currency Exchange Rate on a futures exchange where such contracts are usually traded, or
 - (iii) due to a directive of an authority or the Reference Market or due to a moratorium on banking activities in the country where the Reference Market is located, or due to any other reasons;
- (d) the Early Closure of the Reference Market;
- (e) a Relevant Country (aa) imposes any controls or announces its intention to impose any controls or (bb) (i) implements or announces its intention to implement or (ii) changes or announces its intention to change the interpretation or administration of any laws or regulations, in each case which the Issuer and/or Calculation Agent determine is likely to affect the ability of the Issuer and/or of any of its affiliates to acquire, hold, transfer or realise a currency used in connection with the Currency Exchange Rate or otherwise to effect transactions in relation to such currency;
- (f) the occurrence of an event which the Issuer and/or Calculation Agent determine would make it impossible for the Issuer and/or any of its affiliates to perform the following activities or impair or delay their performance;
 - (i) converting a currency used in connection with the Currency Exchange Rate into the Settlement Currency or any other currency through customary legal channels or transferring within or from any Relevant Country a currency used in connection with the Currency Exchange Rate due to the imposition by such Relevant Country of any controls restricting or prohibiting such conversion or transfer, as the case may be;
 - (ii) converting a currency used in connection with the Currency Exchange Rate into the other cur-

- rency used in connection with the Currency Exchange Rate or into the Settlement Currency or any other currency at a rate at least as favourable as the rate for domestic financial institutions located in the Relevant Country;
- (iii) transferring a currency used in connection with the Currency Exchange Rate from accounts inside the Relevant Country to accounts outside such Relevant Country, or
 - (iv) transferring a currency used in connection with the Currency Exchange Rate between accounts inside the Relevant Country or to a party that is a non-resident of such Relevant Country;
- (g) the occurrence at any time of an event that disrupts or impairs (as determined by the Issuer and/or the Calculation Agent) the ability of market participants in general;
- (i) to obtain market values for a currency used in connection with the Currency Exchange Rate, or
 - (ii) to effect transactions in, or obtain market values for, futures or options contracts relating to a currency used in connection with the Currency Exchange Rate on a futures exchange where such contracts are usually traded.

(3) Definitions

"Business Day" means, in respect of the Currency Exchange Rate, any Scheduled Trading Day on which the Reference Market is open for trading during its regular trading sessions, notwithstanding the Reference Market closing prior to its Scheduled Closing Time.

"Relevant Country" means, in respect of the Currency Exchange Rate, each of (i) any country (or any political or regulatory authority thereof) in which a currency used in connection with the Currency Exchange Rate is the legal tender or official currency; and (ii) any country (or any political or regulatory authority thereof) with which a currency used in connection with the Currency Exchange Rate in the opinion of the Issuer and/or Calculation Agent has a material connection.

"Price Source" means, in respect of the Currency Exchange Rate, the price source as specified in **Table 2** in the Annex providing the relevant price of the Currency Exchange Rate for the Products.

"Reference Market" means the reference market as specified in **Table 2** in the Annex.

"Disrupted Day" means, in respect of the Currency Exchange Rate, any Scheduled Trading Day on which the Reference Market fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred.

"Scheduled Closing Time" means, in respect of the Currency Exchange Rate, and in respect of the Reference Market and a Scheduled Trading Day, the scheduled weekday closing time of such Reference Market on such Scheduled Trading Day, without regard to any trading outside the regular trading session hours.

"Scheduled Trading Day" means, in respect of the Currency Exchange Rate, any day on which the Reference Market is scheduled to be open for trading for its regular trading sessions.

"Early Closure of the Reference Market" means, in respect of the Currency Exchange Rate, the

closure on any Business Day of the Reference Market prior to its Scheduled Closing Time unless such earlier closing time is announced by such Reference Market at least one hour prior to the actual closing time for the regular trading session on the Reference Market on such Business Day.

§ 12 Adjustments

(1) Changes in the market conditions on the Reference Market

If, in the determination of the Issuer and/or Calculation Agent, a material change in the market conditions has occurred on the Reference Market, the Issuer and/or Calculation Agent shall be entitled to effect adjustments to these Conditions to account for these changed market conditions.

(2) Changes in the calculation of the Currency Exchange Rate

Any changes in the calculation (including corrections) of the Currency Exchange Rate or in the composition or weighting of the price or other reference parameters based on which the Currency Exchange Rate is calculated shall not lead to an adjustment unless the Issuer and/or Calculation Agent determine that as a result of the changes (including corrections) the underlying concept and calculation of the Currency Exchange Rate are no longer comparable to the underlying concept or calculation of the Currency Exchange Rate applicable prior to such change. Adjustments may also be made as a result of the removal of the Currency Exchange Rate and/or its substitution by another underlying.

For the purpose of making any adjustments, the Issuer and/or Calculation Agent shall determine an adjusted value per unit of the Currency Exchange Rate which shall be used for the determination of the relevant price of the Currency Exchange Rate for the Products and which in its economic result shall correspond to the provisions prior to this change, and shall determine the day on which the adjusted value per unit of the Currency Exchange Rate shall apply for the first time taking into account the time the change occurred. The adjusted value per unit of the Currency Exchange Rate and the date of its first application shall be published pursuant to § 4 of the General Conditions.

(3) Change in the currency used in connection with the Currency Exchange Rate

In the event that a currency used in connection with the Currency Exchange Rate in its function as legal tender in the country or jurisdiction, or countries or jurisdictions, maintaining the authority, institution or other body which issues such currency is replaced by another currency or merged with another currency to become a common currency, the affected currency shall be replaced for the purposes of these Conditions by such replacing or merged currency, if applicable after appropriate adjustments according to the paragraph above have been made, (the "**Successor Currency**"). The Successor Currency and the date of its first application shall be published in accordance with § 4 of the General Conditions.

In this case any reference in these Conditions to the affected currency shall, to the extent appropriate, be deemed to refer to the Successor Currency.

(4) Replacement of the Reference Market

If the quotation of or trading in a currency used in connection with the Currency Exchange Rate on the Reference Market is permanently discontinued while concurrently a quotation or trading is started up or maintained on another market, the Issuer shall be entitled to stipulate such other market as relevant Reference Market (the "**Substitute Reference Market**") via publication in accordance with § 4 of the General Conditions, provided that the Issuer has not terminated the Products in accordance with § 13 of the Issue Specific Conditions.

In the case of such a substitution, any reference in these Conditions to the Reference Market thereafter shall be deemed to refer to the Substitute Reference Market.

The adjustment described above shall be published in accordance with § 4 of the General Conditions within the three (3) months-period following the permanent discontinuation of the quotation of or trading in the currency used in connection with the Currency Exchange Rate on the Reference Market, at the latest.

[insert in the case of a Basket as Underlying:

(5) Additional adjustments in the case of a Basket as Underlying

If in relation to a Basket Component an adjustment (as described in the Conditions) is necessary, the Issuer and/or Calculation Agent shall (in addition to the adjustments pursuant to the Conditions in relation to each Basket Component) be entitled, but not obliged to either

- (i) remove from the Basket the affected Basket Component without replacement (if applicable by implementing correction factors with respect to the remaining Basket Components) or
- (ii) replace the Basket Component in whole or in part by a new Basket Component (if applicable by implementing correction factors with respect to the Basket Components contained in the Basket) (the "**Successor Basket Component**").

In this case the Successor Basket Component will be deemed to be the Basket Component and any reference in these Conditions to the affected Basket Component, to the extent permitted by the context, shall be deemed to refer to the Successor Basket Component.]

§ 13

Extraordinary Termination

(1) Existence of an Additional Termination Event

If, in the opinion of the Issuer and/or Calculation Agent, an adjustment pursuant to § 12 of the Issue Specific Conditions is not possible or not commercially reasonable, or upon occurrence of an Additional Termination Event the Issuer may by giving not less than ten (10) nor more than thirty (30) Business Days' irrevocable notice in accordance with the procedure set out in § 4 of the General Conditions, redeem the Products early. The termination shall become valid on the day of the notice in accordance with § 4 of the General Conditions.

"**Additional Termination Event**" means [an Increased Cost of Hedging][,] [and] [a Change in Law][,] [and] [a Hedging Disruption][,] [and] [an Increased Cost of Collateralization].

(2) Redemption in the event of an Extraordinary Termination

In the event of an extraordinary termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product immediately prior to the event justifying the extraordinary termination. Payment will be made to the relevant Clearing System(s) pursuant to § 8 of the Issue Specific Conditions.

(3) Definitions

["**Increased Cost of Hedging**" means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Hedging Entity deems necessary to hedge the risk in respect of entering into and performing the Issuer's obligations under the relevant Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]

["**Increased Cost of Collateralization**" means that the Borrowing Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to acquire, hold, substitute, maintain any transaction(s) or asset(s) the Borrowing Entity deems necessary to borrow in order to collateralize the Products. For the purpose of this provision "**Borrowing Entity**" means the Issuer or Collateral Provider or any affiliate(s) of the Issuer or Collateral Provider or any entity (or entities) acting on behalf of the Issuer or Collateral Provider engaged in any underlying or borrowing transactions in respect of the Issuer's obligations arising from the Products.]

["**Change in Law**" means that on or after the Issue Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer and/or Calculation Agent determine in good faith that (X) [it has become illegal to hold, acquire or dispose of the Underlying(s) and/or one or more Basket Components, or (Y) the Hedging Entity will incur a materially increased cost in performing its obligations arising from the Products (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).]

["**Hedging Entity**" means the Issuer or any affiliate(s) of the Issuer or any entity (or entities) acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer's obligations arising from the Products.]

["**Hedging Disruption**" means that the Hedging Entity is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Issuer deems necessary to hedge the risk of entering into and performing its ob-

Market Disruption

(1) Consequences of Disrupted Days

[insert if "Single Underlying and Postponement of the Underlying Valuation Date" is applicable:

If an Underlying Valuation Date is a Disrupted Day, then the Underlying Valuation Date shall be the next following Scheduled Trading Day that is not a Disrupted Day, unless each of the eight (8) Scheduled Trading Days immediately following the Underlying Valuation Date is a Disrupted Day. In that case:

- (I)** that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date, notwithstanding the fact that such day is a Disrupted Day; and
- (II)** the Issuer and/or Calculation Agent shall determine the relevant level of the Underlying on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of the Underlying in accordance with § 4 of the General Conditions.]

[insert if "Basket and Individual Postponement of the Underlying Valuation Date" is applicable:

If an Underlying Valuation Date is a Disrupted Day in respect of a Basket Component, then the Underlying Valuation Date in respect of the relevant Basket Component shall be the next following Scheduled Trading Day that is not a Disrupted Day in respect of the relevant Basket Component, unless each of the eight (8) Scheduled Trading Days in respect of the relevant Basket Component immediately following the Underlying Valuation Date is a Disrupted Day in respect of the relevant Basket Component. In that case:

- (I)** that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date for the relevant Basket Component, notwithstanding the fact that such day is a Disrupted Day; and
- (II)** the Issuer and/or Calculation Agent shall determine the relevant level of the relevant Basket Component on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of the relevant Basket Component in accordance with § 4 of the General Conditions.]

[insert if "Basket and Common Postponement of the Underlying Valuation Date" is applicable:

If an Underlying Valuation Date is a Disrupted Day in respect of a Basket Component, then the Underlying Valuation Date in respect of all Basket Components shall be the next following Scheduled Trading Day that is not a Disrupted Day in respect of all Basket Components, unless each of the eight (8) Scheduled Trading Days in respect of all Basket Components immediately following the Underlying Valuation Date is a Disrupted Day in respect of all Basket Components. In that case:

- (I) that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date for all Basket Components, notwithstanding the fact that such day is a Disrupted Day; and
- (II) the Issuer and/or Calculation Agent shall determine the relevant level of all Basket Components on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of all Basket Components in accordance with § 4 of the General Conditions.]

(2) Existence of a Market Disruption Event

"**Market Disruption Event**" means

- (a) (i) the failure of a Price Source to announce or publish a price relevant for the Products; or (ii) the temporary or permanent discontinuance or unavailability of such Price Source; or (iii) the disappearance or permanent discontinuance or unavailability of a price relevant for the Products (notwithstanding the availability of the related Price Source or the status of trading in the relevant Futures Contract);
- (b) the material suspension or limitation of trading (i) in the Futures Contract on the relevant Exchange or (ii) on the Exchange in general;
- (c) the failure of trading to commence, or the permanent discontinuation of trading, (i) in the Futures Contract on the Exchange or (ii) on the Exchange in general;
- (d) the occurrence since the Initial Fixing Date of a material change (i) in the formula for or method of calculating the price relevant for the Products; or (ii) in the content, composition or constitution of the Futures Contract or of the underlying on which the Futures Contract is based, or
- (e) the imposition of, change in, or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Futures Contract or the underlying on which the Futures Contract is based (other than a tax on, or measured by reference to, overall gross or net income) by any government or tax authority, if the direct effect of such imposition, change or removal is to raise or lower a relevant price on a Underlying Valuation Date from what it would have been without such imposition, change or removal.

(3) Definitions

"**Exchange**" means, in respect of the Futures Contract, the exchange or the quotation system as specified in **Table 2** in the Annex, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the Futures Contract has temporarily relocated (provided that the Issuer and/or Calculation Agent have determined in its reasonable discretion that there is comparable liquidity relative to the Futures Contract on such temporary substitute exchange or quotation system as on the original Exchange).

"**Exchange Business Day**" means, in respect of the Futures Contract, any Scheduled Trading Day on which the Exchange is open for trading during its regular trading sessions, notwithstanding any such Exchange closing prior to its Scheduled Closing Time.

"**Price Source**" means, in respect of the Futures Contract, the price source as specified in **Table 2** in

the Annex providing the relevant price of the Futures Contract for the Products.

"Disrupted Day" means, in respect of the Futures Contract, any Scheduled Trading Day on which a relevant Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event - except for a Permanent Market Disruption Event (to the extent applicable) - has occurred.

"Scheduled Closing Time" means, in respect of the Futures Contract and in respect of an Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside the regular trading session hours.

"Scheduled Trading Day" means, in respect of the Futures Contract, any day on which the Exchange is scheduled to calculate and publish the Price of the Futures Contract or, as the case may be, the Price Source is scheduled to publish the Price of the Futures Contract.

§ 12 Adjustments

(1) Substitution of Reference Market and/or Price Source

If the quotation of or trading in the Futures Contract on the Reference Market or the publication of the relevant price of the Futures Contract by the Price Source is permanently discontinued while concurrently the quotation or trading is maintained or is commenced on another reference market or if the relevant price of the Futures Contract is published by another price source, the Issuer shall be entitled to stipulate such other reference market as the new Reference Market and/or such other price source as the Price Source (the "**Substitute Reference Market**" or the "**Substitute Price Source**") through publication in accordance with § 4 of the General Conditions, provided that the Issuer has not terminated the Products in accordance with § 13 of the Issue Specific Conditions. In the case of such a substitution, any reference in the Conditions to the Reference Market and/or Price Source thereafter shall be deemed to refer to the Substitute Reference Market and/or Substitute Price Source.

(2) Changes in the Futures Contract

If at any time the Futures Contract is terminated and/or replaced by another value or if the relevant contract characteristics and/or conditions of the Futures Contract or the value underlying the Futures Contract are changed, the Issuer and/or the Calculation Agent are entitled, provided that the Issuer has not terminated the Products in accordance with § 13 of the Issue Specific Conditions, to make an adjustment to the Conditions, which in the assessment of the Issuer and/or the Calculation Agent is appropriate to reflect the amendments and/or to replace the Futures Contract with a successor futures contract (the "**Successor Futures Contract**") which is economically equivalent to the original relevant concept of the Futures Contract. As the case may be, the Issuer and/or the Calculation Agent will multiply the relevant price of the Futures Contract by an adjustment factor in order to ensure the continuity of the development of the reference value(s) underlying the Products.

The Successor Futures Contract and the date of its initial application shall be published in accordance

with § 4 of the General Conditions. Any reference in the Conditions to the Futures Contract shall, to the extent appropriate, be deemed to refer to the Successor Futures Contract.

§ 13

Extraordinary Termination

(1) Existence of an Additional Termination Event

If, in the opinion of the Issuer and/or Calculation Agent, an adjustment pursuant to § 12 of the Issue Specific Conditions is not possible or not commercially reasonable, or upon occurrence of an Additional Termination Event the Issuer may by giving not less than ten (10) nor more than thirty (30) Business Days' irrevocable notice in accordance with the procedure set out in § 4 of the General Conditions, redeem the Products early. The termination shall become valid on the day of the notice in accordance with § 4 of the General Conditions.

"**Additional Termination Event**" means [a Permanent Market Disruption Event][,] [and] [an Increased Cost of Hedging][,] [and] [a Change in Law][,] [and] [a Hedging Disruption][,] [and] [an Increased Cost of Collateralization].

(2) Redemption in the event of an Extraordinary Termination

In the event of an extraordinary termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product immediately prior to the event justifying the extraordinary termination. Payment will be made to the relevant Clearing System(s) pursuant to § 8 of the Issue Specific Conditions.

(3) Definitions

["**Permanent Market Disruption Event**" means, in respect of the Futures Contract, any one or more of the events set out in (a), (b), (c), (d) and (e) in the definition as set out in § 11 (2) of the Issue Specific Conditions of "Market Disruption Event", if such event is in the determination of the Issuer and/or Calculation Agent permanent.]

["**Increased Cost of Hedging**" means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Hedging Entity deems necessary to hedge the risk in respect of entering into and performing the Issuer's obligations under the relevant Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]

["**Increased Cost of Collateralization**" means that the Borrowing Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to acquire, hold, substitute, maintain any transaction(s) or asset(s) the Borrowing Entity deems necessary to borrow in order to collateralize the Products. For the purpose of this provision "**Borrowing Entity**" means the Issuer or Collateral Provider or any affiliate(s) of the Issuer or Collateral Provider or any entity (or entities) acting on behalf of the Is-

suer or Collateral Provider engaged in any underlying or borrowing transactions in respect of the Issuer's obligations arising from the Products.]

["**Change in Law**" means that on or after the Issue Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer and/or Calculation Agent determine in good faith that (X) it has become illegal to hold, acquire or dispose of the Underlying(s) and/or one or more Basket Components, or (Y) the Hedging Entity will incur a materially increased cost in performing its obligations arising from the Products (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).]

["**Hedging Entity**" means the Issuer or any affiliate(s) of the Issuer or any entity (or entities) acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer's obligations arising from the Products.]

["**Hedging Disruption**" means that the Hedging Entity is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Issuer deems necessary to hedge the risk of entering into and performing its obligations arising from the Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]]

If an Underlying Valuation Date is a Disrupted Day in respect of a Basket Component, then the Underlying Valuation Date in respect of all Basket Components shall be the next following Scheduled Trading Day that is not a Disrupted Day in respect of all Basket Components, unless each of the eight (8) Scheduled Trading Days in respect of all Basket Components immediately following the Underlying Valuation Date is a Disrupted Day in respect of all Basket Components. In that case:

- (I) that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date for all Basket Components, notwithstanding the fact that such day is a Disrupted Day; and
- (II) the Issuer and/or Calculation Agent shall determine the relevant level of all Basket Components on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of all Basket Components in accordance with § 4 of the General Conditions.]

(2) Existence of a Market Disruption Event

"**Market Disruption Event**" means

- (a) the suspension or absence of the announcement of a price of the Fixed Rate Instrument or, as the case may be, the Derivative Instrument relevant for the Products on the Reference Market;
- (b) the suspension or limitation of trading the latter of which the Issuer and/or Calculation Agent determine material;
 - (i) in the Fixed Rate Instrument or, as the case may be, the Derivative Instrument on the Reference Market, or
 - (ii) due to a directive of an authority or the Reference Market or due to a moratorium on banking activities in the country where the Reference Market is located, or due to any other reasons, or
 - (iii) in futures or options contracts relating to the Fixed Rate Instrument or, as the case may be, the Derivative Instrument on a futures exchange where such contracts are usually traded;
- (c) the Early Closure of the Reference Market;
- (d) the occurrence at any time of an event that disrupts or impairs (as determined by the Issuer and/or the Calculation Agent) the ability of market participants in general;
 - (i) to obtain market values for the Fixed Rate Instrument or, as the case may be, the Derivative Instrument, or
 - (ii) to sell or transfer the Fixed Rate Instrument or, as the case may be, the Derivative Instrument or to exercise the rights conveyed by the Fixed Rate Instrument or, as the case may be, the Derivative Instrument, or
 - (iii) to effect transactions in, or obtain market values for, futures or options contracts relating to the Fixed Rate Instrument or, as the case may be, the Derivative Instrument on a futures exchange where such contracts are usually traded;
- (e) any event other than such listed above which in its consequences is commercially comparable to those events;
- (f) the suspension or limitation of banking activities in the in the country where the Reference Market is located of which the Issuer and/or Calculation Agent determine material.

(3) Definitions

"**Business Day**" means, in respect of the Fixed Rate Instrument or, as the case may be, the Derivative Instrument, any Scheduled Trading Day on which the Reference Market is open for trading during its regular trading sessions, notwithstanding any such Reference Market closing prior to its Scheduled Closing Time.

"**Reference Market**" means the reference market as specified in **Table 2** in the Annex.

"**Disrupted Day**" means, in respect of the Fixed Rate Instrument or, as the case may be, the Derivative Instrument, any Scheduled Trading Day on which a relevant Reference Market fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred.

"**Scheduled Closing Time**" means, in respect of the Fixed Rate Instrument or, as the case may be, the Derivative Instrument and in respect of a Reference Market and a Scheduled Trading Day, the scheduled weekday closing time of such Reference Market on such Scheduled Trading Day, without regard to after hours or any other trading outside the regular trading session hours.

"**Scheduled Trading Day**" means, in respect of the Fixed Rate Instrument or, as the case may be, the Derivative Instrument, any day on which the Reference Market is scheduled to open for trading during its regular trading sessions.

"**Early Closure of the Reference Market**" means, in respect of the Fixed Rate Instrument or, as the case may be, the Derivative Instrument, the closure on any Business Day of the Reference Market prior to its Scheduled Closing Time unless such earlier closing time is announced by such Reference Market at least one hour prior to the actual closing time for the regular trading session on the Reference Market on such Business Day.

§ 12**Adjustments****(1) Changes in the market conditions on the Reference Market**

If, in the determination of the Issuer and/or Calculation Agent, a material change in the market conditions has occurred on the Reference Market, the Issuer and/or Calculation Agent shall be entitled to effect adjustments to these Conditions to account for these changed market conditions.

(2) Changes in the calculation of the Fixed Rate Instrument or, as the case may be, the Derivative Instrument

Any changes in the calculation (including corrections) of the Fixed Rate Instrument or, as the case may be, the Derivative Instrument shall not lead to an adjustment unless the Issuer and/or Calculation Agent determine that as a result of the changes (including corrections) the underlying concept and calculation of the Fixed Rate Instrument or, as the case may be, the Derivative Instrument are no longer comparable to the underlying concept or calculation of the Fixed Rate Instrument or, as the case may be, the Derivative Instrument applicable prior to such change. Adjustments may also be made as a result of the removal of the Fixed Rate Instrument or, as the case may be, the Derivative In-

strument and/or its substitution by another underlying or the Delisting of the Fixed Rate Instrument or, as the case may be, the Derivative Instrument. For the purpose of this provision "**Delisting**" means that the relevant Reference Market announces that pursuant to the rules of such Reference Market, the Fixed Rate Instrument or, as the case may be, the Derivative Instrument ceases (or will cease) to be listed, traded or publicly quoted on the Reference Market for any reason and is not immediately re-listed, re-traded or re-quoted on a market or quotation system located in the same country as the Reference Market (or, where the Reference Market is within the European Union, in any Member State of the European Union).

For the purpose of making any adjustments, the Issuer and/or Calculation Agent shall determine an adjusted value of the Fixed Rate Instrument or, as the case may be, the Derivative Instrument which shall be used for the determination of the relevant price of the Fixed Rate Instrument or, as the case may be, the Derivative Instrument for the Products and which in its economic result shall correspond to the provisions prior to this change, and shall determine the day on which the adjusted value of the Fixed Rate Instrument or, as the case may be, the Derivative Instrument shall apply for the first time taking into account the time the change occurred. The adjusted value of the Fixed Rate Instrument or, as the case may be, the Derivative Instrument and the date of its first application shall be published pursuant to § 4 of the General Conditions.

(3) Termination, early redemption, replacement or adjustment to the terms and conditions of the Fixed Rate Instrument or, as the case may be, the Derivative Instrument

In the event that the Fixed Rate Instrument or, as the case may be, the Derivative Instrument is terminated and/or redeemed early or replaced by another Fixed Rate Instrument or, as the case may be, the Derivative Instrument, provided that such circumstance does not occur in connection with any insolvency or general settlement proceedings or other similar proceedings of the issuer of the Fixed Rate Instrument or, as the case may be, the Derivative Instrument, or in the event of changes to the terms and conditions of the Fixed Rate Instrument or, as the case may be, the Derivative Instrument, the Fixed Rate Instrument or, as the case may be, the Derivative Instrument may be replaced for the purposes of these Conditions by another financial instrument, if necessary after making the appropriate adjustments to the above paragraph (the "**Successor Instrument**"). The Successor Instrument and the date of its first application shall be published in accordance with § 4 of the General Conditions.

In this case any reference in these Conditions to the Fixed Rate Instrument or, as the case may be, the Derivative Instrument shall, to the extent permitted by the context, be deemed to refer to the Successor Instrument.

(4) Replacement of the Reference Market

If the quotation of or trading in the Fixed Rate Instrument or, as the case may be, the Derivative Instrument on the Reference Market is permanently discontinued while concurrently a quotation or trading is started up or maintained on another market, the Issuer and/or Calculation Agent shall be entitled to stipulate such other market as relevant Reference Market (the "**Substitute Reference Market**") via publication in accordance with § 4 of the General Conditions, provided that the Issuer has not terminated the Products in accordance with § 13 of the Issue Specific Conditions.

In the case of such a substitution, any reference in these Conditions to the Reference Market thereafter shall be deemed to refer to the Substitute Reference Market.

The adjustment described above shall be published in accordance with § 4 of the General Conditions within the three (3) months-period following the permanent discontinuation of the quotation of or trading in the Fixed Rate Instrument or, as the case may be, the Derivative Instrument on the Reference Market, at the latest.

(5) Correction of a relevant price

In the event that a price for the Fixed Rate Instrument or, as the case may be, the Derivative Instrument determined and published by the Reference Market which is relevant for the Products is subsequently corrected and the correction (the "**Corrected Price**") is published by the Reference Market after the original publication, but by the Final Fixing Date (exclusive), the Issuer and/or Calculation Agent shall be entitled to effect adjustments to these Conditions taking into account the Corrected Price, to account for the correction. The adjustment and the date of its first application shall be published in accordance with § 4 of the General Conditions.

[insert in the case of a Basket as Underlying:

(6) Additional adjustments in the case of a Basket as Underlying

If in relation to a Basket Component an adjustment (as described in the Conditions) is necessary, the Issuer and/or Calculation Agent shall (in addition to the adjustments pursuant to the Conditions in relation to each Basket Component) be entitled, but not obliged to either

- (i) remove from the Basket the affected Basket Component without replacement (if applicable by implementing correction factors with respect to the remaining Basket Components) or
- (ii) replace the Basket Component in whole or in part by a new Basket Component (if applicable by implementing correction factors with respect to the Basket Components contained in the Basket) (the "**Successor Basket Component**").

In this case the Successor Basket Component will be deemed to be the Basket Component and any reference in these Conditions to the affected Basket Component, to the extent permitted by the context, shall be deemed to refer to the Successor Basket Component.]

§ 13

Extraordinary Termination

(1) Existence of an Additional Termination Event

If, in the opinion of the Issuer and/or Calculation Agent, an adjustment pursuant to § 12 of the Issue Specific Conditions is not possible or not commercially reasonable, or upon occurrence of an Additional Termination Event the Issuer may by giving not less than ten (10) nor more than thirty (30) Business Days' irrevocable notice in accordance with the procedure set out in § 4 of the General Conditions, redeem the Products early. The termination shall become valid on the day of the notice in ac-

cordance with § 4 of the General Conditions.

"**Additional Termination Event**" means [an Increased Cost of Hedging][,] [and] [a Change in Law][,] [and] [a Hedging Disruption][,] [and] [an Increased Cost of Collateralization].

(2) Redemption in the event of an Extraordinary Termination

In the event of an extraordinary termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product immediately prior to the event justifying the extraordinary termination. Payment will be made to the relevant Clearing System(s) pursuant to § 8 of the Issue Specific Conditions.

(3) Definitions

["**Increased Cost of Hedging**" means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Hedging Entity deems necessary to hedge the risk in respect of entering into and performing the Issuer's obligations under the relevant Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]

["**Increased Cost of Collateralization**" means that the Borrowing Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to acquire, hold, substitute, maintain any transaction(s) or asset(s) the Borrowing Entity deems necessary to borrow in order to collateralize the Products. For the purpose of this provision "**Borrowing Entity**" means the Issuer or Collateral Provider or any affiliate(s) of the Issuer or Collateral Provider or any entity (or entities) acting on behalf of the Issuer or Collateral Provider engaged in any underlying or borrowing transactions in respect of the Issuer's obligations arising from the Products.]

["**Change in Law**" means that on or after the Issue Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer and/or Calculation Agent determine in good faith that (X) it has become illegal to hold, acquire or dispose of the Underlying(s) and/or one or more Basket Components, or (Y) the Hedging Entity will incur a materially increased cost in performing its obligations arising from the Products (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).]

["**Hedging Entity**" means the Issuer or any affiliate(s) of the Issuer or any entity (or entities) acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer's obligations arising from the Products.]

["**Hedging Disruption**" means that the Hedging Entity is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transac-

§ 11

Market Disruption

(I) Consequences of Disrupted Days

[insert if "Single Underlying and Postponement of the Underlying Valuation Date" is applicable:

If an Underlying Valuation Date is a Disrupted Day, then the Underlying Valuation Date shall be the next following Scheduled Trading Day that is not a Disrupted Day, unless each of the eight (8) Scheduled Trading Days immediately following the Underlying Valuation Date is a Disrupted Day. In that case:

- (I) that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date, notwithstanding the fact that such day is a Disrupted Day; and
- (II) the Issuer and/or Calculation Agent shall determine the relevant level of the Underlying on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of the Underlying in accordance with § 4 of the General Conditions.]

[insert if "Basket and Individual Postponement of the Underlying Valuation Date" is applicable:

If an Underlying Valuation Date is a Disrupted Day in respect of a Basket Component, then the Underlying Valuation Date in respect of the relevant Basket Component shall be the next following Scheduled Trading Day that is not a Disrupted Day in respect of the relevant Basket Component, unless each of the eight (8) Scheduled Trading Days in respect of the relevant Basket Component immediately following the Underlying Valuation Date is a Disrupted Day in respect of the relevant Basket Component. In that case:

- (I) that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date for the relevant Basket Component, notwithstanding the fact that such day is a Disrupted Day; and
- (II) the Issuer and/or Calculation Agent shall determine the relevant level of the relevant Basket Component on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of the relevant Basket Component in accordance with § 4 of the General Conditions.]

[insert if "Basket and Common Postponement of the Underlying Valuation Date" is applicable:

If an Underlying Valuation Date is a Disrupted Day in respect of a Basket Component, then the Underlying Valuation Date in respect of all Basket Components shall be the next following Scheduled Trading Day that is not a Disrupted Day in respect of all Basket Components, unless each of the eight (8) Scheduled Trading Days in respect of all Basket Components immediately following the Underlying Valuation Date is a Disrupted Day in respect of all Basket Components. In that case:

- (I) that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date for all Basket Components, notwithstanding the fact that such day is a Disrupted Day; and
- (II) the Issuer and/or Calculation Agent shall determine the relevant level of all Basket Components on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of all Basket Components in accordance with § 4 of the General Conditions.]

(2) Existence of a Market Disruption Event

"**Market Disruption Event**" means

the occurrence or existence of (1) a Trading Disruption, (2) an Exchange Disruption, which in either case the Issuer and/or Calculation Agent regards as material, at any time during the one-hour period immediately before the relevant Valuation Time, or (3) an Early Exchange Closure. If a Market Disruption Event occurs only two hours prior to the time of the actual closing time for the regular trading session on the relevant Exchange(s) or Related Exchange(s) on the relevant Exchange Trading Day, the Issuer may determine whether a Market Disruption for this basket component is considered material. If the Issuer determines that a Market Disruption for this basket component is not considered material, then the Calculation Agent shall use the previous day's rate for this date.

(3) Definitions

"**Valuation Time**" means, in respect of the Fund Unit, the time at which the Exchange calculates and publishes the official closing price of the Fund Unit. If the Exchange closes prior to its Scheduled Closing Time and the Valuation Time falls after the actual closing time for the regular trading session, the Valuation Time means the time of the actual close of trading.

"**Exchange Trading Day**" means, in respect of the basket component, a Scheduled Trading Day on which each Exchange and each Related Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Exchange or Related Exchange closing prior to its Scheduled Closing Time.

"**Exchange Disruption**" means, in respect of the Fund Unit, an Event (other than an Early Exchange Closure) that disrupts or impairs (as determined by the Issuer and/or Calculation Agent) the ability of market participants in general (1) to effect transactions in the Fund Units or obtain market values on the Exchange for the Fund Units or (2) to effect transactions in, or obtain market values for, futures or options contracts on such Fund Unit on a relevant Related Exchange.

"**Trading Disruption**" means, in respect of the Fund Unit, a suspension of or limitation imposed on trading by the Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise (1) relating to Fund Units on the Exchange or (2) in futures or options contracts on the Fund Units on a relevant Related Exchange or (3) in Fund Units, Fund Certificates, Units or other securities of an Exchange Traded Fund in respect of the Funds Reference Index on the Exchange or a Related Exchange, if in any of these cases the Calculation Agent determines in its absolute sole discretion that such suspension or limitation is material.

"Disrupted Day" means, in respect of the Fund Unit, a Scheduled Trading Day on which a relevant Exchange or Related Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred.

"Related Exchange(s)" means, in respect of the Fund Unit, those options or futures exchanges on which options or futures contracts are regularly traded on the units of the Fund, as determined by the Calculation Agent, and (in each case) any successor to such exchange or quotation system or any substitute exchange or quotation system where trading is temporarily carried out in futures or options contracts on the Fund Units (to the extent as determined by the Calculation Agent on the temporary substitute exchange or quotation system the liquidity for the futures and options contracts on Fund Units is comparable with the liquidity of the original Related Exchange.)

"Scheduled Closing Time" means, in respect of the Fund Unit, and in respect of an Exchange or Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on the Scheduled Trading Day, without regard to after hours or any other trading outside the regular trading session hours.

"Scheduled Trading Day" means, in respect of the Fund Unit, a day on which each Exchange and each Related Exchange are open for trading during their respective regular trading sessions.

"Early Closure" means, in respect of the Fund Unit, the closure on any Exchange Trading Day of one or more Relevant Exchanges or one or more Related Exchange(s) prior to the Scheduled Closing Time, unless such earlier closing time is announced by such Exchange(s) or Related Exchange(s) at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Exchange(s) or Related Exchange(s) on such Exchange Trading Day and (2) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Trading Day.

§ 12

Adjustments

(1) Conditions precedent for an adjustment

In the case of a Potential Adjustment Event or an Extraordinary Event, the Issuer or the Calculation Agent shall be entitled to adjust the Conditions considering the following rules. The Issuer or the Calculation Agent is not, however, obliged to effect adjustments.

(2) Existence and consequences of a Potential Adjustment Event

(a) A "Potential Adjustment Event" occurs in the case of any of the following events, as determined by the Issuer and/or Calculation Agent:

- (i)** a subdivision, consolidation or reclassification of Fund Units (unless resulting in a Merger Event) or a free distribution or dividend of the Fund Units to existing holders by way of bonus, capitalisation or similar issue;
- (ii)** a distribution, issue or dividend to existing holders of Fund Units of (1) such Fund Units or (2)

other participation rights or securities granting the right to payment of dividends and/or a share in the proceeds of liquidation of the Fund equally or proportionately with such payments to holders of such Fund Units or (3) participation rights or securities of another unit issuer acquired or owned (directly or indirectly) by the Fund as a result of a spin-off or other similar transaction, or (4) any other type of securities, rights or options or other assets, in any case for payment (cash or other consideration) at less than the prevailing market price as determined by the Calculation Agent;

- (iii) a distribution per Fund Unit which the Calculation Agent determines to be characterised as an extraordinary dividend;
- (iv) a call by the Fund in respect of Fund Units that are not fully paid;
- (v) a repurchase by the Fund or any of its affiliates of Fund Units whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;
- (vi) an event occurs that results in any shareholder rights being distributed or becoming separated from shares of common stock other units of the Fund pursuant to a shareholder rights plan or similar arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any exercise of such rights; or
- (vii) any other circumstances that may have, in the opinion of the Issuer and/or Calculation Agent, a diluting or concentrative effect on the theoretical value of the Fund Units.

(b) Consequences of a Potential Adjustment Event

In the case of the declaration of any Potential Adjustment Event by or on behalf of the Fund or in the case of an adjustment to the calculation terms of exchange contracts in respect of Fund Units that are traded on a Related Exchange, the Issuer and/or Calculation Agent will determine in their absolute sole discretion whether the Potential Adjustment Event or such other event has a diluting or concentrative effect on the theoretical value of the Fund Unit and, if so, will:

- (i) make the corresponding adjustment(s), if appropriate, to the Conditions as the Issuer and/or Calculation Agent determine appropriate to account for that diluting or concentrative effect; and
- (ii) determine the effective date(s) of the adjustment(s). In such case, such adjustments shall be deemed to be so made from such date(s). The Issuer and/or Calculation Agent may (but need not) perform the appropriate adjustment(s) by reference to the adjustment(s) in respect of the Potential Adjustment Event or such other event made by a Related Exchange in respect of exchange contracts on the Fund Units that are traded on such Related Exchange.

Following such an adjustment the Issuer or the Calculation Agent shall inform the holders as soon as possible and include in the notice details of what adjustments have been made to an amount to be paid on the products and/or to other relevant terms and briefly describe the Potential Adjustment Event or

such other event. However, failure to provide such notice shall not render invalid the Potential Adjustment Event or another such event or an action undertaken.

(3) Existence and consequences of an Extraordinary Event

(a) Existence of an Extraordinary Event

An "**Extraordinary Event**" occurs in the case of an insolvency in respect of the Fund, its Management Company or a depository or another of the Fund's service providers, a Merger Event, a delisting or a Termination of the Trust in respect of the Fund (in each case an "**Extraordinary Event**").

(b) Consequences of an Extraordinary Event

(i) If the Issuer or the Calculation Agent determines that an insolvency in respect of the Fund, its Management Company or depository or another servicer of the Fund, a Merger Event, a delisting or a Termination of the Trust has occurred (in each of these cases the "**Related Basket Component**"), then the Issuer or the Calculation Agent shall in its discretion either:

(x) (I) undertake those adjustments to variables that it considers to be appropriate, as the case may be, regarding the calculation methods, the settlement or payment or other terms in respect of the Products to account for the effects of insolvency, the Merger Event, delisting or Termination of the Trust in respect of the Products and (II) determine the effective date of these adjustments; or

(y) if the Issuer or the Calculation Agent determines that no adjustment that it could make pursuant to (x) leads to a commercially reasonable result, then the Calculation Agent selects

(1) another Fund that is in the same currency and has the same investment objective as the Relevant Fund (this Fund that replaces the Relevant Fund is termed the "**Substitute Fund**") and

(2) the applicable day (the "**Fund Replacement Date**") for the replacement of the Relevant Fund with the Substitute Fund (for the avoidance of doubt, the Issuer or the Calculation Agent may set the Fund Replacement Date as any date, also before the event that led to the replacement, or before the Issue Date) or

(z) if the Issuer and/or the Calculation Agent is not able for any reason to determine a Substitute Fund or the Fund Replacement Date for a Relevant Fund or a Substitute Fund or the Fund Replacement Date for a Relevant Fund, then the Issuer and/or the Calculation Agent has the right, in the case of a basket as underlying, to remove the Relevant Fund from the basket.

(ii) On an election pursuant to paragraph (i)(y)

(x) the Substitute Fund replaces the Relevant Fund on the Fund Replacement Date,

(y) references herein to the Fund are considered to take effect from the Fund Replacement Date as references to the Substitute Fund and

(z) the Issuer and/or the Calculation Agent in its absolute sole discretion undertakes the appropriate adjustments to variables that it considers to be appropriate, as the case may be, regarding the calculation methods, the valuation, settlement or payment terms in respect of the products to account for the substitution.

(4) Notification of Adjustment

Upon making any adjustment pursuant to these Conditions, the Issuer and/or Calculation Agent shall give notice to the Holders in accordance with § 4 of the General Conditions.

(5) Definitions

"Termination of the Trust" means in respect of the Fund, that the Trust which constitutes the Fund or the company or another vehicle under which the Fund Units are issued by the Fund (in respect of the Fund in each case the **"Trust"**) pursuant to the documents constituting the trust (in respect of the Fund the **"Constitutional Document"**) has been terminated or amended in another way. For the avoidance of doubt and notwithstanding the generality of the foregoing sentence, the following events represent a termination of the trust:

- (a) the rescission of the Constitutional Document by the Management Company or the Trustee (as defined below) or the termination of the calculation and publication of the Fund Reference Index by the Fund Reference Index Sponsor,
- (b) a decision of a competent authority on the rescission or cancellation of the Constitutional Document or the Trust; and/or
- (c) a decision of a competent authority on the (I) rescission or suspension of the applicable licence of the Management Company that is necessary for the administration of the Fund, or (II) unwinding of the Management Company. Throughout the life of the Fund the replacement of the Management Company or the substitution of the Trustee for the beneficial owners of the Fund (the **"Trustees"**) by a Substitute Trustee shall not lead to the Termination of the Trust and any such replacement investment Management Company and any such Substitute Trustee shall be regarded as the Management Company or Trustee as from the date on which the substitution takes effect.

"Delisting" means, in respect of the Fund Unit, that the Fund Units cease or have ceased to be admitted to trade on the Exchange and that the Fund Units have not been admitted to trade on another Exchange that the Issuer or the Calculation Agent considers to be a suitable substitute Exchange.

"Merger Event" means, in respect of a Fund Unit, any (1) reclassification or other change to the Fund that results in a transfer of or an irrevocable commitment to transfer all such Fund Units outstanding to another entity or person, (2) a consolidation, amalgamation or binding unit exchange of the Fund with or into another entity or person (other than a consolidation, amalgamation or binding unit exchange in which such Fund is the continuing entity and which does not result in a reclassification or change of all such Fund Units outstanding), (3) takeover offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100% of the outstanding Fund Units that results in a transfer of or an irrevocable commitment to transfer all such Fund Units (other than such Fund Units owned or controlled by such other entity or person), or (4) consoli-

dation, amalgamation or binding unit exchange of the Fund or its affiliates with or into another entity in which the Fund is the continuing entity and which does not result in a reclassification or change of all such Fund Units outstanding but results in the outstanding Fund Units (other than Fund Units owned or controlled by such other entity) immediately prior to such event collectively representing less than 50% of the outstanding Fund Units immediately following such event in each case if the Merger Date is on or before the Final Fixing Date.

"**Merger Date**" means in respect of a Merger Event the earlier of the following dates:

- (a) a date selected by the Issuer or the Calculation Agent in its absolute sole discretion, which is the day (or follows the day) on which the Merger Date occurs pursuant to the determination of the Issuer or the Calculation Agent, or
- (b) the date on which, on determination by the Issuer or the Calculation Agent, all holders of the relevant Fund Units have agreed or committed to transfer their Fund Units.

"**Insolvency**" means, in respect of a relevant person, that such person (1) is wound up (other than pursuant to a consolidation, amalgamation or takeover); (2) becomes insolvent or is unable or fails to pay its debts or admits in writing its inability generally to pay its debts as they become due; (3) makes a general assignment, arrangement or composition with or for the benefit of its creditors; (4)(I) institutes or has instituted against it a petition by a regulator, regulatory body or other body with primary responsibility for insolvency, restructuring or supervision in the country in which its head office is registered or established, whereby a judgment is sought for insolvency or bankruptcy or any other relief affecting creditors' rights or a petition is presented for its winding-up or liquidation by itself or such regulator, regulatory body or such similar body or (II) has brought a petition against itself seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or applicable relief affecting creditors' rights, or a petition is presented for its winding-up or liquidation, and the petition or other application is instituted or made by a person or agent that is not named under (I) and either (x) results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation or (y) is not dismissed, discharged, stayed or restrained in each case within fifteen calendar days of the institution or presentation thereof; (5) has passed a resolution passed for its winding-up, official management or liquidation (other than pursuant to a consolidation, amalgamation or merger); (6) seeks or becomes subject to the appointment of an administrator, provisional liquidator, conservator, receiver, Trustee, custodian or other similar official for it or for all or substantially all its assets; (7) has a secured party take possession of all or substantially all its assets or has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on or against all or substantially all its assets and such secured party maintains possession, or any such process is not dismissed, discharged, stayed or restrained, in each case within fifteen calendar days thereafter; or (8) causes or is subject to any event with respect to it which, under the applicable laws of any jurisdiction, has an analogous effect to any of the events specified in clauses (1) to (7) (inclusive) or (9) takes actions that promote any of the foregoing processes or agrees to, consents to or permits the same.

"**Merger Date**" means the closing date of a Merger Event (as determined by the Issuer and/or Calculation Agent) or, where a closing date cannot be determined under the local law applicable to such

Merger Event, such other date as determined by the Issuer and/or Calculation Agent.

"**Management Company**" means the management company specified for the Fund in **Table 2** in the Annex.

[insert in the case of a Basket as Underlying:

(6) Additional adjustments in the case of a Basket as Underlying

If in relation to a Basket Component an adjustment (as described in the Conditions) is necessary, the Issuer and/or Calculation Agent shall (in addition to the adjustments pursuant to the Conditions in relation to each Basket Component) be entitled, but not obliged to either

- (i) remove from the Basket the affected Basket Component without replacement (if applicable by implementing correction factors with respect to the remaining Basket Components) or
- (ii) replace the Basket Component in whole or in part by a new Basket Component (if applicable by implementing correction factors with respect to the Basket Components contained in the Basket) (the "**Successor Basket Component**").

In this case the Successor Basket Component will be deemed to be the Basket Component and any reference in these Conditions to the affected Basket Component, to the extent permitted by the context, shall be deemed to refer to the Successor Basket Component.]

§ 13

Extraordinary Termination

(1) Existence of an Additional Termination Event

If, in the opinion of the Issuer and/or Calculation Agent, an adjustment pursuant to § 12 of the Issue Specific Conditions is not possible or not commercially reasonable, or upon occurrence of an Additional Termination Event the Issuer may by giving not less than ten (10) nor more than thirty (30) Business Days' irrevocable notice in accordance with the procedure set out in § 4 of the General Conditions, redeem the Products early. The termination shall become valid on the day of the notice in accordance with § 4 of the General Conditions.

"**Additional Termination Event**" means [an Increased Cost of Hedging][,] [and] [a Change in Law][,] [and] [a Hedging Disruption][,] [and] [an Increased Cost of Collateralization].

(2) Redemption in the event of an Extraordinary Termination

In the event of an extraordinary termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product immediately prior to the event justifying the extraordinary termination. Payment will be made to the relevant Clearing System(s) pursuant to § 8 of the Issue Specific Conditions.

(3) Definitions

["**Increased Cost of Hedging**" means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Hedging Entity deems necessary to hedge the risk in respect of entering into and performing the Issuer's obligations under the relevant Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]

["**Increased Cost of Collateralization**" means that the Borrowing Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to acquire, hold, substitute, maintain any transaction(s) or asset(s) the Borrowing Entity deems necessary to borrow in order to collateralize the Products. For the purpose of this provision "**Borrowing Entity**" means the Issuer or Collateral Provider or any affiliate(s) of the Issuer or Collateral Provider or any entity (or entities) acting on behalf of the Issuer or Collateral Provider engaged in any underlying or borrowing transactions in respect of the Issuer's obligations arising from the Products.]

["**Change in Law**" means that on or after the Issue Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer and/or Calculation Agent determine in good faith that (X) [it has become illegal to hold, acquire or dispose of the Underlying(s) and/or one or more Basket Components, or (Y) the Hedging Entity will incur a materially increased cost in performing its obligations arising from the Products (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).]

["**Hedging Entity**" means the Issuer or any affiliate(s) of the Issuer or any entity (or entities) acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer's obligations arising from the Products.]

["**Hedging Disruption**" means that the Hedging Entity is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Issuer deems necessary to hedge the risk of entering into and performing its obligations arising from the Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]

[insert in the case of Products linked to an unlisted Fund Unit as Underlying or as a Basket Component:

§ 11

Market Disruption

(I) Consequences of Disrupted Days

[insert if "Single Underlying and Postponement of the Underlying Valuation Date" is applicable:

If an Underlying Valuation Date is a Disrupted Day, then the Underlying Valuation Date shall be the next following Scheduled Trading Day that is not a Disrupted Day, unless each of the eight (8) Scheduled Trading Days immediately following the Underlying Valuation Date is a Disrupted Day. In that case:

- (I) that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date, notwithstanding the fact that such day is a Disrupted Day; and
- (II) the Issuer and/or Calculation Agent shall determine the relevant level of the Underlying on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of the Underlying in accordance with § 4 of the General Conditions.]

[insert if "Basket and Individual Postponement of the Underlying Valuation Date" is applicable:

If an Underlying Valuation Date is a Disrupted Day in respect of a Basket Component, then the Underlying Valuation Date in respect of the relevant Basket Component shall be the next following Scheduled Trading Day that is not a Disrupted Day in respect of the relevant Basket Component, unless each of the eight (8) Scheduled Trading Days in respect of the relevant Basket Component immediately following the Underlying Valuation Date is a Disrupted Day in respect of the relevant Basket Component. In that case:

- (I) that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date for the relevant Basket Component, notwithstanding the fact that such day is a Disrupted Day; and
- (II) the Issuer and/or Calculation Agent shall determine the relevant level of the relevant Basket Component on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of the relevant Basket Component in accordance with § 4 of the General Conditions.]

[insert if "Basket and Common Postponement of the Underlying Valuation Date" is applicable:

If an Underlying Valuation Date is a Disrupted Day in respect of a Basket Component, then the Underlying Valuation Date in respect of all Basket Components shall be the next following Scheduled Trading Day that is not a Disrupted Day in respect of all Basket Components, unless each of the eight (8) Scheduled Trading Days in respect of all Basket Components immediately following the Underlying Valuation Date is a Disrupted Day in respect of all Basket Components. In that case:

- (I) that eighth Scheduled Trading Day shall be deemed to be the relevant Underlying Valuation Date for all Basket Components, notwithstanding the fact that such day is a Disrupted Day; and
- (II) the Issuer and/or Calculation Agent shall determine the relevant level of all Basket Components on that eighth Scheduled Trading Day in its reasonable discretion, taking into account the market circumstances prevailing on such day. The Issuer shall publish the determined level of all Basket Components in accordance with § 4 of the General Conditions.]

(2) Existence of a Market Disruption Event

"**Market Disruption Event**" means

- (a) a suspension or a failure of the announcement of the price of the Fund Unit or NAV or
- (b) The occurrence of any other event that, in the opinion of the Issuer and/or Calculation Agent at its reasonable discretion, disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for the Fund Unit.

(3) Definitions

"**Fund**" means the fund specified in Table 2 of the Annex.

"**NAV**" means, in respect of the Fund Unit, the net asset value calculated in accordance with the terms of the prospectus or other documents prepared in connection with the marketing of the Fund.

"**Disrupted Day**" means, in respect of the Fund Unit, a Scheduled Trading Day on which a Market Disruption Event has occurred.

"**Scheduled Trading Day**" means, in respect of the Fund Unit, any day on which the NAV is scheduled to be calculated and announced in accordance with the terms of the prospectus or other documents prepared in connection with the marketing of the Fund.

§ 12
Adjustments

(1) Conditions precedent for an adjustment

In the case of a Potential Adjustment Event, the Issuer or the Calculation Agent shall be entitled to adjust the Conditions considering the following rules. The Issuer or the Calculation Agent is not, however, obliged to effect adjustments.

(2) Existence and consequences of a Potential Adjustment Event

"**Potential Adjustment Event**" means any of the following:

- (a) A violation or change of any material terms of the offer documents or other documents prepared in connection with the marketing of the Fund or each of its constitutional documents, which, in the opinion of the Issuer and/or Calculation Agent at its reasonable discretion, is material.
- (b) The main investment objective of the Fund changes.

V. TERMS AND CONDITIONS

- (c) The currency denomination in which the NAV of the Fund or of the Fund Unit is published (the "**Currency Denomination**") is changed and now differs from the Currency Denomination at the Initial Fixing Date.
- (d) The NAV, as calculated by or on behalf of the Fund, not being calculated or announced for any Scheduled Trading Day within the time period when the Issuer and/or the Calculation Agent would ordinarily expect such NAV to be available.
- (e) Any restriction or limitation or suspension or deferral of trading of, or redemptions of or subscription for Fund Units in the Fund affecting the Hedging Entity's ability to conduct its activities it deems necessary to hedge the risk in respect of entering into and performing the Issuer's obligations under the relevant Products (including, but not limited to, the introduction or increase of any associated fee, cost or expense, the introduction or use of gates or side pockets, or any restructure, reorganisation or action that has a similar impact to a gate or side pocket), or any mandatory redemption of Fund Units of the Fund.
- (f) The regulatory or tax treatment applicable with respect to the Issuer, the Fund, its manager, investment manager or to any of its investment advisors (each a "**Manager**") is changed.
- (g) Any review or investigation of the activities of the Fund or its Managers, by a relevant regulator, in connection with suspected or alleged wrongdoing or breach of any rule or regulation, or other similar reason, or any disciplinary action taken by such regulator in consequence thereof.
- (h) Any winding-up, liquidation of, or any termination or any loss of regulatory approval, license or registration of, a Manager, or any merger, de-merger, winding-up or liquidation of or affecting the Fund.
- (i) Any arrangement between the Issuer and/or the Calculation Agent and the Fund and/or a Manager, including arrangements relating to subscriptions in and redemptions of Fund Units, being changed or terminated.
- (j) The occurrence of any event that, in the opinion of the Issuer and/or the Calculation Agent at their reasonable discretion, prevents, hinders or materially impairs the Hedging Entity's ability to conduct its activities it deems necessary to hedge the risk in respect of entering into and performing the Issuer's obligations under the relevant Products.
- (k) The notice period for subscriptions/ redemption in the Fund Unit is modified in a significant manner and/or the subscriptions and/or redemptions in Fund Units are suspended, postponed or reduced (either in whole or in part), and/or the payments of redemption proceeds to be paid in respect of a redemption order are suspended, postponed, reduced (either in whole or in part) or paid by installments, and/or the dividend and/or redemption payments are made (either in whole or in part) in kind rather than in cash (side-pockets) and/or the non-execution or partial execution by the Fund for any reason of a subscription or redemption order on the Fund Units.
- (l) Any other circumstances that may have, in the opinion of the Issuer and/or Calculation Agent, a diluting or concentrative effect on the theoretical value of the Fund Units or on the NAV.

(3) Consequences of a Potential Adjustment Event

If a Potential Adjustment Event (paragraph (2)) occurs or is likely to occur, the Issuer and/or the Calculation Agent may, if they determine at their reasonable discretion, that such event is material and adversely affects the Fund Unit or the calculation of the NAV of the Fund Unit,

- (a) make any adjustments to any calculation methods, values or terms in respect of the Products that they determine at their reasonable discretion to be necessary to account for such Potential Adjustment Event, and/or
- (b) select, by using reasonable efforts for a period of no longer than five (5) Business Days, one or more suitable alternative funds with reasonably similar investment mandates – subject to the following suitability criteria – (each a "**Replacement Fund**") and replace the Fund by such fund(s).

The replacement of the Fund by one or more alternative funds is only possible provided that all of the following suitability criteria are met:

- (i) The relevant fund management company/ies and fund manager(s) are willing to allow the fund to be referenced in the Products.
- (ii) the Issuer can trade at net asset value or at bid price in the fund with no direct or indirect fee, levy or other charge whatsoever, including subscription or redemption penalties applicable, or potentially applicable, to any such trading or any interest so acquired.
- (iii) The fund (or a relevant manager) publishes the fund's net asset value or bid price on a daily basis.
- (iv) The Hedging-Entity is able to fully hedge its position with respect to the Replacement Fund as at the date on which Issuer and/or the Calculation Agent selects the Replacement Fund(s).

Any reference in the Conditions to the Fund shall, to the extent appropriate, be deemed to refer to the Replacement Fund.

(4) Correction of a relevant price

In the event that a price of the Fund Unit as determined and published on behalf the Fund which is relevant for the Products is subsequently corrected and the correction (the "**Corrected Price**") is published on behalf the Fund after the original publication, but by the Final Fixing Date (exclusive), the Issuer and/or the Calculation Agent shall be entitled to effect adjustments to these Conditions taking into account the Corrected Price, to account for the correction. The adjustment and the date of its first application shall be published in accordance with § 4 of the General Conditions.

(5) Notification of Adjustment

Upon making any adjustment pursuant to these Conditions, the Issuer and/or Calculation Agent shall give notice to the Holders in accordance with § 4 of the General Conditions, stating the relevant adjustment.

[insert in the case of a Basket as Underlying:

(6) Additional adjustments in the case of a Basket as Underlying

If in relation to a Basket Component an adjustment (as described in the Conditions) is necessary, the Issuer and/or Calculation Agent shall (in addition to the adjustments pursuant to the Conditions in relation to each Basket Component) be entitled, but not obliged to either

- (i) remove from the Basket the affected Basket Component without replacement (if applicable by implementing correction factors with respect to the remaining Basket Components) or
- (ii) replace the Basket Component in whole or in part by a new Basket Component (if applicable by implementing correction factors with respect to the Basket Components contained in the Basket) (the "**Successor Basket Component**").

In this case the Successor Basket Component will be deemed to be the Basket Component and any reference in these Conditions to the affected Basket Component, to the extent permitted by the context, shall be deemed to refer to the Successor Basket Component.]

§ 13

Extraordinary Termination

(1) Existence of an Additional Termination Event

If, in the opinion of the Issuer and/or Calculation Agent, an adjustment pursuant to § 12 of the Issue Specific Conditions is not possible or not commercially reasonable, or upon occurrence of an Additional Termination Event the Issuer may by giving not less than ten (10) nor more than thirty (30) Business Days' irrevocable notice in accordance with the procedure set out in § 4 of the General Conditions, redeem the Products early. The termination shall become valid on the day of the notice in accordance with § 4 of the General Conditions.

"**Additional Termination Event**" means [an Increased Cost of Hedging][,] [and] [a Change in Law][,] [and] [a Hedging Disruption][,] [and] [an Increased Cost of Collateralization].

(2) Redemption in the event of an Extraordinary Termination

In the event of an extraordinary termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product immediately prior to the event justifying the extraordinary termination. Payment will be made to the relevant Clearing System(s) pursuant to § 8 of the Issue Specific Conditions.

(3) Definitions

["**Increased Cost of Hedging**" means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Hedging Entity deems necessary to hedge the risk in respect of entering into and performing the Issuer's obligations under the relevant Products, or

(B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]

["**Increased Cost of Collateralization**" means that the Borrowing Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to acquire, hold, substitute, maintain any transaction(s) or asset(s) the Borrowing Entity deems necessary to borrow in order to collateralize the Products. For the purpose of this provision "**Borrowing Entity**" means the Issuer or Collateral Provider or any affiliate(s) of the Issuer or Collateral Provider or any entity (or entities) acting on behalf of the Issuer or Collateral Provider engaged in any underlying or borrowing transactions in respect of the Issuer's obligations arising from the Products.]

["**Change in Law**" means that on or after the Issue Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer and/or Calculation Agent determine in good faith that (X) [it has become illegal to hold, acquire or dispose of the Underlying(s) and/or one or more Basket Components, or (Y) the Hedging Entity will incur a materially increased cost in performing its obligations arising from the Products (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).]

["**Hedging Entity**" means the Issuer or any affiliate(s) of the Issuer or any entity (or entities) acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer's obligations arising from the Products.]

["**Hedging Disruption**" means that the Hedging Entity is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Issuer deems necessary to hedge the risk of entering into and performing its obligations arising from the Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]]

[insert in the case of Products linked to an interest rate or reference rate as Underlying or as a Basket Component:

§ 11

Market Disruption

(not applicable)

§ 12

Adjustments

(1) Determination of the Underlying and/or Basket Components

The relevant rate of the Underlying and/or one or more Basket Components applicable to the Products in respect of any Underlying Valuation Date will be determined by the Calculation Agent in its reasonable discretion on the following basis:

- (a) the Calculation Agent will, in its reasonable discretion, determine the respective rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Underlying Valuation Date;
- (b) if on a Underlying Valuation Date the relevant rate of the Underlying and/or one or more Basket Components does not appear on the relevant Screen Page or the relevant Screen Page is unavailable, the Calculation Agent will:
 - (i) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Underlying and/or the relevant Basket Component at approximately the Relevant Time on the Underlying Valuation Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (ii) determine the arithmetic mean of such quotations (rounded upward or downwards, if necessary, to the Quotation Rounding),

provided that if fewer than two such quotations are provided as requested under (a) above, then the relevant rate of the Underlying and/or the relevant Basket Component shall be determined by the Calculation Agent in its reasonable discretion.

- (c) if the Calculation Agent has determined, in its reasonable discretion, that a Underlying Event has occurred, it is notwithstanding the provisions above in paragraphs (a) and (b) entitled,
 - (i) if a successor reference rate has been determined for the respective Underlying and/or Basket Component by a public announcement issued by the administrator of the respective Underlying and/or Basket Component, the competent central bank or a regulatory and/or supervisory authority or a successor administrator, to set such rate as the successor reference rate (the "**Successor Reference Rate**") and to use it instead of the respective Underlying and/or Basket Component on the relevant Underlying Valuation Date and on any subsequent Underlying Valuation Date for the Products;

- (ii) if a Successor Reference Rate has not been determined by such announcement, to set as the successor reference rate a rate which is comparable to the respective Underlying and/or Basket Component at its reasonable discretion and taking into account market practices (the "**Successor Reference Rate**") and to use such Successor Reference Rate on the relevant Underlying Valuation Date and any subsequent Underlying Valuation Date for the Products, where, if the Calculation Agent determines that an appropriate rate exists which is generally accepted in the financial sector as the Successor Reference Rate for the respective Underlying and/or Basket Component, it will set such rate as the Successor Reference Rate for the Products and will use that Successor Reference Rate for the Products on the relevant Underlying Valuation Date and any subsequent Underlying Valuation Date,

provided that, in the event that a Successor Reference Rate is determined by the Calculation Agent pursuant to subparagraphs (i) or (ii) above, the Calculation Agent shall be entitled to determine in its reasonable discretion the method for periodically determining the amount of the Successor Reference Rate and, if necessary, to make adjustments to the provisions of the Conditions on which the Products are based with respect to the calculation of the Successor Reference Rate and the Coupon and the redemption of the Products in general (including an adjustment of the Coupon periods, the Coupon calculation and the time at which the relevant rate of the Underlying and/or the Basket Component is determined), provided that only such adjustments are made that do not result in an economic disadvantage to the Holder compared to the provisions prior to the occurrence of the Underlying Event. The determination of a Successor Reference Rate and any adjustments to the Conditions on which the Products are based pursuant to the preceding paragraphs as well as the respective effective dates thereof shall be announced by the Calculation Agent in accordance with Section 4 (Notices) of the General Conditions.

If the Calculation Agent determines, in its reasonable discretion, that in the case of a Underlying Event, it is not possible to determine a Successor Reference Rate it may direct the Issuer to redeem the Products under Section 3 of the Issue Specific Conditions below.

(2) *Definitions*

"**Underlying Event**" means (a) any permanent and final termination of the determination, provision or publication of the relevant Underlying and/or Basket Component by any administrator in circumstances where no successor administrator exists, or any other permanent and final discontinuation of the existence of the respective Underlying and/or Basket Component or (b) a material change in the methodology of determining or calculating the relevant rate of the respective Underlying and/or Basket Component as compared to the methodology used at the Issue Date if such change results in the respective rate, calculated in accordance with the new methodology, no longer representing, or being apt to represent adequately, the (original) rate or in terms of economic substance no longer being comparable to the (original) rate determined or calculated in accordance with the methodology used at the Issue Date or (c) the applicability of any law or any other legal provision, or of any administrative or judicial order, decree or other binding measure, pursuant to which the relevant rate may no longer be used to determine the payment obligations under the Products, or pursuant to which any such use is subject to not only immaterial restrictions or adverse consequences.

"**Relevant Screen Page**" means the relevant screen page specified in **Table 2** in the Annex.

"**Relevant Financial Centre**" means the city specified in **Table 2** in the Annex.

"**Relevant Time**" means the relevant time specified in **Table 2** in the Annex.

"**Quotation Rounding**" means the rounding specified in **Table 2** in the Annex.

"**Reference Banks**" means such number of major banks as specified in **Table 2** in the Annex and selected by the Calculation Agent, in its reasonable discretion, in the Relevant Financial Centre.

§ 13

Extraordinary Termination

(1) Existence of an Additional Termination Event

If, in the opinion of the Issuer and/or Calculation Agent, an adjustment pursuant to § 12 of the Issue Specific Conditions is not possible or not commercially reasonable, or upon occurrence of an Additional Termination Event the Issuer may by giving not less than ten (10) nor more than thirty (30) Business Days' irrevocable notice in accordance with the procedure set out in § 4 of the General Conditions, redeem the Products early. The termination shall become valid on the day of the notice in accordance with § 4 of the General Conditions.

"**Additional Termination Event**" means [an Increased Cost of Hedging][,] [and] [a Change in Law][,] [and] [a Hedging Disruption][,] [and] [an Increased Cost of Collateralization].

(2) Redemption in the event of an Extraordinary Termination

In the event of an extraordinary termination of the Products, the Issuer will cause to be paid to each Holder in respect of each such Product held by it an amount determined by the Issuer and/or the Calculation Agent in its/their reasonable discretion as the reasonable market price of a Product immediately prior to the event justifying the extraordinary termination. Payment will be made to the relevant Clearing System(s) pursuant to § 8 of the Issue Specific Conditions.

(3) Definitions

["**Increased Cost of Hedging**" means that the Hedging Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Hedging Entity deems necessary to hedge the risk in respect of entering into and performing the Issuer's obligations under the relevant Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]

["**Increased Cost of Collateralization**" means that the Borrowing Entity would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense, fee or other cost (other than brokerage commissions) to acquire, hold, substitute, maintain any transaction(s) or asset(s) the Borrowing Entity deems necessary to borrow in order to collateralize the Products. For the purpose of this provision "**Borrowing Entity**" means the Issuer or Collateral Provider or

any affiliate(s) of the Issuer or Collateral Provider or any entity (or entities) acting on behalf of the Issuer or Collateral Provider engaged in any underlying or borrowing transactions in respect of the Issuer's obligations arising from the Products.]

["**Change in Law**" means that on or after the Issue Date (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer and/or Calculation Agent determine in good faith that (X) [it has become illegal to hold, acquire or dispose of the Underlying(s) and/or one or more Basket Components, or (Y) the Hedging Entity will incur a materially increased cost in performing its obligations arising from the Products (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position).]

["**Hedging Entity**" means the Issuer or any affiliate(s) of the Issuer or any entity (or entities) acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer's obligations arising from the Products.]

["**Hedging Disruption**" means that the Hedging Entity is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Issuer deems necessary to hedge the risk of entering into and performing its obligations arising from the Products, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).]

2. General Conditions

a) General Conditions for Products governed by German law

§ 1

Presentation Period, Prescription

The period for presentation of the Products (pursuant to § 801 (1) sentence 1 of the German Civil Code) shall be reduced to ten years from the date on which the relevant obligation of the Issuer arising from the Products first becomes due, and the period of limitation for claims arising from the Products presented during the period for presentation shall be two years calculated from the expiration of the presentation period.

§ 2

Substitution of the Issuer

(1) Conditions precedent for substitution of the Issuer

The Issuer may at any time, without the consent of the Holders, substitute for the Issuer another company as Issuer (the "**New Issuer**") in respect of all obligations arising from or in connection with the Products, provided that

- (a) the New Issuer assumes all obligations of the Issuer arising from or in connection with the Products;
- (b) the New Issuer has agreed to indemnify and hold harmless each Holder against any tax, duty, assessment or governmental charge imposed on such Holder resulting from the substitution of the Issuer by the New Issuer;
- (c) the Issuer unconditionally and irrevocably guarantees all obligations of the New Issuer arising from the Products to the benefit of the Holders and the text of this guarantee has been published in accordance with § 4 of the General Conditions; and
- (d) all actions, conditions and steps which have to be initiated, fulfilled and performed (including obtaining any necessary consent) to ensure that the Products represent lawful, effective and binding obligations of the New Issuer have been initiated, fulfilled and performed and are, without limitation, legally valid and effective,

(2) Consequences of substitution

In the event of such substitution of the Issuer, any reference to the Issuer in the Conditions shall then be deemed to be a reference to the New Issuer.

(3) Notification of substitution

The substitution of the Issuer according to paragraph (1) shall be announced in accordance with § 4 of

the General Conditions. Upon fulfilment of the above conditions, the New Issuer shall in all respects substitute the Issuer and the Issuer shall be released from all obligations associated with the function of Issuer towards the Holders arising from or in connection with the Products.

§ 3

Further Issues; Repurchase

(1) Further Issues

The Issuer may from time to time without the consent of the Holders issue further products having the same terms and conditions as the Products (with the exception of the issue price of the further products) (so that, for the avoidance of doubt, references in the conditions of such products to "**Issue Date**" shall be to the first issue date of the Products) and the same shall be consolidated and form a single series with such Products, and references in these Conditions to "Products" shall be construed accordingly.

(2) Repurchase

The Issuer and any of its subsidiaries or affiliates may at any time purchase Products in the open market or otherwise at any price. All Products purchased by or on behalf of the Issuer or any of its subsidiaries or affiliates may either be held or resold or cancelled. The obligations of the Issuer in respect of any Products so cancelled shall be discharged.

§ 4

Notices

(1) Notices

Notices concerning the Products shall be published on the "**Website**" set out in § 3 of the applicable Issue Specific Conditions (or on another website which shall be announced by the Issuer at least six weeks in advance in accordance with these provisions). To the extent that required by law, or exchange regulations or if the Issuer otherwise considers it practical and helpful to Holders, notices will be made in addition in a newspaper of general circulation in the Offer States. Each of such notifications shall be deemed to be validly effected on the date of the first publication, provided that the notice does not specify a later date of effectiveness.

(2) Notifications to the Clearing System

In addition to such publication pursuant to paragraph (1) the Issuer is entitled to transmit a notification to the Clearing System to be forwarded to the Holders. Even if a notification to the Clearing System takes place, the first publication pursuant to paragraph (1) shall remain relevant for the time when the notification becomes effective.

(3) Notices in accordance with the rules and regulations of the SIX Swiss Exchange AG

If the Products are listed on the SIX Swiss Exchange AG, the Issuer shall, in addition to the publica-

tion pursuant to paragraph (1) and the notification pursuant to paragraph (2), publish notices in accordance with the applicable Swiss laws and rules and regulations of the SIX Swiss Exchange AG.

§ 5

Agents

(1) Fiscal Agent; Paying Agent(s); Calculation Agent(s)

The Fiscal Agent, the Paying Agent(s) and the Calculation Agent(s) will be specified in § 3 of the Issue Specific Conditions.

(2) Status

The Fiscal Agent, the Paying Agent(s) and the Calculation Agent(s) act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Holder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, Paying Agent(s) or the Calculation Agent(s) and to appoint additional or other Paying Agents. The Fiscal Agent, the Paying Agent(s) and the Calculation Agent(s) shall be exempt from the restrictions of Section 181 of the German Civil Code (*Bürgerliches Gesetzbuch*).

References in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions.

(3) Replacement of the Calculation Agent; Notification

If the Calculation Agent is unable or unwilling to act as such or if a Calculation Agent fails duly to calculate any Redemption Amount or other amounts or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent to act as such in its place. A Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

Notice of any change of agents or any change of any specified office shall be given to the Holder in accordance with § 4 of the General Conditions.

§ 6

Correction of the Conditions; Termination in case of errors

(1) Correction of manifest typing or calculation errors

The Issuer may without the consent of the Holders correct any evident typing or calculation errors in these Issue Specific Conditions relating to the determination of the Redemption Amount or the Coupon Amount, as the case may be. The Issuer may assess evidence and comprehension of an experienced investor being relevant for the correction through consulting an official expert. Corrections of these Terms and Conditions shall be published in accordance with § 4 of the General Conditions.

(2) Amendment of contradictory provisions, supplement of incomplete provisions

The Issuer may amend any contradictory provisions contained in these Terms and Conditions without the consent of the Holders. The amendment may only serve to eliminate the contradiction and may not result in any other changes to the Terms and Conditions. The Issuer may furthermore supplement any incomplete provisions in these Terms and Conditions without the consent of the Holders. The supplement may only serve to complete the omission and may not result in any other changes to the Terms and Conditions. Any amendments or supplements to these Terms and Conditions shall be published in accordance with § 4 of the General Conditions.

(3) Termination option of the Holder in case of correction or amendment and/or supplement

In the event of a correction according to paragraph (1) or an amendment or supplement according to paragraph (2), the Holder may terminate the Products within six weeks of publication of the correction, amendment or supplement with immediate effect by written notice of termination to the Paying Agent (via the credit institution with which the Holder maintains the relevant securities account) if the correction, amendment or supplement changes the contents or scope of the Issuer's duties to perform in a manner which is not foreseeable for and disadvantageous to the Holder. The Issuer shall point out the possible right of termination to the Holders, including the termination modalities and the Holder's option regarding the termination amount, in the publication in accordance with paragraph (1) or paragraph (2), as applicable. The date of termination within the meaning of this paragraph (3) (the "**Correction Termination Date**") is the date on which the notice of termination is received by the Paying Agent. Effectively exercising a termination by the Holder requires the receipt of a notice of termination signed in legally valid form. Such notice shall contain as follows: (i) name of the Holder, (ii) name and number of the Products being terminated, and (iii) a specified appropriate bank account to which the termination amount shall be transferred.

(4) Termination right in the event of no correction or amendment and/or supplement

In the event that a correction according to paragraph (1) or an amendment or supplement according to paragraph (2) does not come in to consideration, the Issuer as well as each Holder of the Products may terminate the Products provided that the requirements of challenge pursuant to §§ 119 of the German Civil Code are met in relation to the relevant Holders of the Products or, as the case may be, the Issuer. The Issuer may terminate the Products in whole but not in part by publication in accordance with § 4 of the General Conditions; the termination must point out the Holder's option with regard to the termination amount. The Holder may terminate the Products by giving notice of termination to the Paying Agent (via the credit institution with which the Holder maintains the relevant securities account); as regards the content of such notice, paragraph (3) sentence 4 shall apply accordingly. The termination by a Holder does not affect any other Holder. The date of termination within the meaning of this paragraph (4) (the "**Mistake Termination Date**") is, in case of termination by the Issuer, the date on which the publication was made. In case of termination by a Holder, the Mistake Termination Date is the date on which the Paying Agent receives the notice of termination. The termination shall be effected without delay once the party being authorised to terminate has gained knowledge of the reason for termination.

(5) Termination amount

In the event of an effective termination according to paragraph (3) or paragraph (4), the Issuer shall pay a termination amount to the Holders. The termination amount shall be equivalent to either (i) the Market Price of a Product as defined below last determined by the Calculation Agent or (ii) upon request by the Holder the purchase price paid by the Holder at the time of purchase of the Product, provided it submits evidence of this purchase price to the Paying Agent. The market price (the "**Market Price**") of the Products corresponds to a sum determined by the Calculation Agent – as the case may be after consulting an independent official expert determined by the Issuer – in its reasonable discretion taking into account the market conditions prevailing on the Business Day immediately preceding the Termination Date. The Issuer shall cause the payment of termination amount within five (5) Business Days of the Termination Date. If the Holder requires the purchase price paid to be redeemed after the Termination Date, the difference by which the purchase price exceeds the Market Price will be subsequently transferred. Upon payment of the termination amount all rights in the terminated Products will expire. This is without prejudice to the Holder's rights to compensation for possible damages suffered due to reliance on the validity of a declaration in accordance with § 122 (1) of the German Civil Code, insofar as such claims are not excluded due to knowledge of the reasons for termination on the part of the Holder or its lack of knowledge as a result of negligence in accordance with § 122 (2) of the German Civil Code.

§ 7

Governing Law, Place of Performance, Jurisdiction

(1) Governing law

The Products are governed by, and shall be construed in accordance with, **German law**.

(2) Place of Performance

Place of performance is Frankfurt am Main.

(3) Jurisdiction

The Regional Court (*Landgericht*) of Frankfurt am Main is to have jurisdiction to settle any disputes that may arise from or in connection with any Products and accordingly any legal action or proceedings arising from or in connection with any Products ("**Proceedings**") may be brought in such court. The Issuer irrevocably submits to the jurisdiction of the Regional Court (*Landgericht*) of Frankfurt am Main and waives any objection to Proceedings in such court on the grounds of venue or on the grounds that the Proceedings have been brought in an inconvenient forum. These submissions are made for the benefit of each of the Holders and shall not affect the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

b) General Conditions for Products governed by Swiss law

§ 1

Prescription

In accordance with Swiss law, claims of any kind against the Issuer arising under the Products will be prescribed ten years after the date on which the respective payment or delivery has become due, except for claims for interests payments which will be prescribed five years after such payments have become due.

§ 2

Substitution of the Issuer

(1) Conditions precedent for substitution of the Issuer

The Issuer may at any time, without the consent of the Holders, substitute for the Issuer another company as Issuer (the "**New Issuer**") in respect of all obligations arising from or in connection with the Products, provided that

- (a) the New Issuer assumes all obligations of the Issuer arising from or in connection with the Products;
- (b) the New Issuer has agreed to indemnify and hold harmless each Holder against any tax, duty, assessment or governmental charge imposed on such Holder resulting from the substitution of the Issuer by the New Issuer;
- (c) the Issuer unconditionally and irrevocably guarantees all obligations of the New Issuer arising from the Products to the benefit of the Holders and the text of this guarantee has been published in accordance with § 4 of the General Conditions; and
- (d) all actions, conditions and steps which have to be initiated, fulfilled and performed (including obtaining any necessary consent) to ensure that the Products represent lawful, effective and binding obligations of the New Issuer have been initiated, fulfilled and performed and are, without limitation, legally valid and effective.

(2) Consequences of substitution

In the event of such substitution of the Issuer, any reference to the Issuer in the Conditions shall then be deemed to be a reference to the New Issuer.

(3) Notification of substitution

The substitution of the Issuer according to paragraph (1) shall be announced in accordance with § 4 of the General Conditions. Upon fulfilment of the above conditions, the New Issuer shall in all respects substitute the Issuer and the Issuer shall be released from all obligations associated with the function of Issuer towards the Holders arising from or in connection with the Products.

§ 3

Further Issues; Repurchase

(1) Further Issues

The Issuer may from time to time without the consent of the Holders issue further products having the same terms and conditions as the Products (with the exception of the issue price of the further products) (so that, for the avoidance of doubt, references in the conditions of such products to "**Issue Date**" shall be to the first issue date of the Products) and the same shall be consolidated and form a single series with such Products, and references in these Conditions to "Products" shall be construed accordingly.

(2) Repurchase

The Issuer and any of its subsidiaries or affiliates may at any time purchase Products in the open market or otherwise at any price. All Products purchased by or on behalf of the Issuer or any of its subsidiaries or affiliates may either be held or resold or cancelled. The obligations of the Issuer in respect of any Products so cancelled shall be discharged.

§ 4

Notices

(1) Notices

Notices concerning the Products shall be published on the "**Website**" set out in § 3 of the applicable Issue Specific Conditions (or on another website which shall be announced by the Issuer at least six weeks in advance in accordance with these provisions). To the extent that required by law, or exchange regulations or if the Issuer otherwise considers it practical and helpful to Holders, notices will be made in addition in a newspaper of general circulation in the Offer States. Each of such notifications shall be deemed to be validly effected on the date of the first publication, provided that the notice does not specify a later date of effectiveness.

(2) Notifications to the Clearing System

In addition to such publication pursuant to paragraph (1) the Issuer is entitled to transmit a notification to the Clearing System to be forwarded to the Holders. Even if a notification to the Clearing System takes place, the first publication pursuant to paragraph (1) shall remain relevant for the time when the notification becomes effective.

(3) Notices in accordance with the rules and regulations of the SIX Swiss Exchange AG

If the Products are listed on the SIX Swiss Exchange AG, the Issuer shall, in addition to the publication pursuant to paragraph (1) and the notification pursuant to paragraph (2), publish notices in accordance with the applicable Swiss laws and rules and regulations of the SIX Swiss Exchange AG.

§ 5
Agents

(1) Fiscal Agent; Paying Agent(s); Calculation Agent(s)

The Fiscal Agent, the Paying Agent(s) and the Calculation Agent(s) will be specified in § 3 of the Issue Specific Conditions.

(2) Status

The Fiscal Agent, the Paying Agent(s) and the Calculation Agent(s) act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Holder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, Paying Agent(s) or the Calculation Agent(s) and to appoint additional or other Paying Agents. The Fiscal Agent, the Paying Agent(s) and the Calculation Agent(s) shall be exempt from the restrictions of self-dealing.

References in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions.

(3) Replacement of the Calculation Agent; Notification

If a Calculation Agent is unable or unwilling to act as such or if a Calculation Agent fails duly to calculate any Redemption Amount or other amounts or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent to act as such in its place. A Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

Notice of any change of agents or any change of any specified office shall be given to the Holder in accordance with § 4 of the General Conditions.

§ 6
Correction of the Conditions

The Issuer shall be entitled to amend without the consent of the Holders any term or condition for the purpose of a) correcting a manifest error or b) clarifying any uncertainty, or correcting or supplementing the terms and conditions in such manner as the Issuer deems necessary or desirable, provided that the Holder does not incur significant financial loss as a consequence thereof.

However, the Issuer shall at all times be entitled to amend any Conditions where, and to the extent, the amendment is necessitated as a consequence of legislation, decisions by courts of law, or decisions taken by governmental authorities.

Amendments to the Conditions will be notified in accordance with § 4 of the General Conditions.

§ 7

**Governing Law, Jurisdiction,
Invalid Conditions**

(1) *Applicable law*

Products are governed by and to be interpreted in accordance with **Swiss law**.

(2) *Jurisdiction*

In relation to any proceedings in respect of the Products, the Issuer irrevocably submits to the jurisdiction of the Commercial Court of the Canton of Zurich (*Handelsgericht des Kantons Zürich*), place of jurisdiction being Zurich with the right of appeal to the Swiss Federal Supreme Court in Lausanne where the law permits, and waive any objection to proceedings in such courts whether on the ground of venue or on the ground that the proceedings have been brought in an inconvenient forum (*Forum non conveniens*). This submission is made for the benefit of each of the Holders and shall not limit the right of any of them to take proceedings in any court of competent jurisdiction nor shall the taking of proceedings in one or more jurisdictions preclude the taking of proceedings in any other jurisdiction (whether concurrently or not).

(3) *Invalid Conditions*

Should any provision of these Conditions be or become invalid in whole or in part, the other provisions shall remain in force. The invalid provision shall be replaced by a valid provision that achieves the economic purpose of the invalid provision to the extent permitted by law.

VI. TAXATION

1. General

The following is a general discussion of certain tax consequences of the acquisition and ownership of Products. This description does not purport to be a comprehensive description of all tax considerations which may be relevant to a decision to purchase Products and does not take into account the individual position of the investor. The information contained in the following section shall not be considered as legal or tax advice nor shall it be regarded as such.

Purchasers of Products may be required to pay stamp taxes and other taxes and/or charges in connection with the Products. Prospective purchasers of Products should be aware that transactions involving the Products, any purchase or disposal of or other dealings in a Product, the abandonment of a Product, and any transaction involved in the exercise and settlement or, as the case may be, redemption of a Product, may have tax consequences in any jurisdiction (including, but not limited to, possible liabilities to stamp duties, transfer and registration taxes). Such tax consequences may depend, amongst other things, upon the status of the potential purchaser of a Product. Purchasers of Products should consult their own tax advisors about the tax implications of purchasing and holding a Product, any transaction involving a Product, and any transaction involved in the exercise and settlement or, as the case may be, redemption of a Product.

This section contains general information on regulations of tax law that were in force at the date of the Base Prospectus.

The Issuer assumes no responsibility for the withholding of tax at source, except for Products subject to Swiss withholding tax where the Issuer will arrange for withholding of taxes at the source.

2. International Exchange of Information

Based on the so-called „OECD Common Reporting Standard“, the states which have committed themselves to implement this standard (**Participating States**) will exchange potentially taxation-relevant information about financial accounts which an individual holds in a Participating State other than his country of residence. This procedure will commence in 2017 with information for the year 2016. The same applies for the member states of the European Union. Due to an extension of the Directive 2011/16/EU on administrative cooperation in the field of taxation (**Mutual Assistance Directive**), the member states will from 2017 onwards (starting with the information for the year 2016) exchange financial information on notifiable financial accounts of individuals which are resident in another member state of the European Union.

So far, the exchange of information on savings interest income was mainly regulated by the EU Council Directive 2003/48/EC on taxation of savings income (**EU Savings Directive**). The EU Savings Directive provided for an exchange of information between authorities of the member states regarding interest payments and equivalent payments by paying offices of a member state to a private individual with domi-

cile for tax purposes in another member state. In order to prevent an overlap between the EU Savings Directive and the amended Mutual Assistance Directive, with effect as of 1 January 2017 (Austria) or 1 January 2016 (all other member states), respectively, the EU Savings Directive was repealed (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on payments made before those dates).

The Mutual Assistance Directive was extended by the Directive 2018/822/EU on the obligation to report cross-border tax arrangements (DAC-6 Directive), which was also integrated into the exchange of information. The Directive entered into force on 25 June 2018 and must be implemented into national law by 31 December 2019. In addition, it is to be expected that the German legislator will implement a duty of disclosure for domestic tax arrangements (approval of the Conference of Finance Ministers on 21 June 2018).

A number of non-EU countries and certain dependent or associated territories of certain member states have adopted measures which are similar to the EU Savings Directive (either provision of information or transitional withholding). These measures apply until further amendments to the OECD common reporting standard and the amended Mutual Assistance Directive, respectively.

Prospective Products Holders are advised to consult their own tax advisors in relation to the further developments.

3. German Taxation

The following explanations take into account only the taxation of German tax residents whose domicile, habitual abode, statutory seat or effective place of management is located in Germany (**German tax residents**).

In case of German tax residents being individuals who hold the Products as private assets interest payments and capital returns from the sale or repayment or exercise of the Products for cash settlement are subject to a German withholding tax, if the Products are kept or managed in an investment portfolio in a domestic credit or financial services institution (including a domestic branch office of a foreign credit or financial services institution) or in a domestic trading company or domestic trading bank, or if the sale is carried out through these institutions and the payment of interest or capital returns is paid out or credited by the respective institution (**paying office**).

In principle, the basis for calculation is the interest amount or the difference between the income from the sale or repayment after deduction of expenses that are directly related to the sale transaction or the repayment, and the acquisition costs. In the case of transactions that are not conducted in euros, the income must be converted into euros at the time of sale and the cost of purchase into euros at the time of purchase.

Certain Products provide for a physical delivery of securities instead of a cash settlement according to the relevant Conditions of such Products. In this case, the acquisition costs of the initial Products would be deemed to be the acquisition costs of the delivered securities if certain requirements are met so that under certain circumstances the conversion would be treated as tax neutral. However, capital gains realized upon an on-sale of the received securities would be taxable.

The withholding tax rate is 26.375% (including the solidarity surcharge, plus church tax if applicable).

In the course of determining the annual investment income an annual exemption of EUR 801 for individual tax payers or EUR 1,602 for tax payers who are assessed jointly, is deducted as a lump sum (*Sparer-Pauschbetrag*). Subject to specific requirements the investment income is not subject to German withholding tax. This is the case if a withholding tax exemption certificate (*Freistellungsauftrag*) is issued or if a certificate of non-assessment (*Nichtveranlagungsbescheinigung*) is submitted. A withholding tax exemption certificate needs to be submitted to the paying office and leads to an exemption equaling the lump sum deduction amount at the maximum. A certificate of non-assessment is issued by the local tax office being competent for the Product Holder and needs to be submitted to the paying office.

In principle, the income tax is covered with respect to these revenues with the deduction of the withholding tax (so called final withholding tax). The actual expenses in connection with the capital gains are not deductible for tax purposes. For individuals subject to church tax an electronic information system for church withholding tax purposes applies in relation to investment income, with the effect that church tax will be collected automatically by the paying office by way of withholding unless the Product Holder has filed a blocking notice (*Sperrvermerk*) with the German Federal Central Tax Office (*Bundeszentralamt für Steuern*) in which case the Product Holder will be assessed to church tax.

If the capital returns are not paid out by a paying office and if, therefore, no withholding tax is due, the income is subject to a tax rate of 26.375% (including the solidarity surcharge, plus church tax if applicable).

A general assessment at the individual personal tax rate is possible if the personal marginal tax rate of the taxpayer does not exceed 25%. (*Günstigerprüfung*). However, also within this assessment procedure, no deduction of income-related expenses is possible.

In case the Products of German tax residents are held as business assets, the aforementioned considerations generally apply *mutatis mutandis*. However, German withholding tax levied, if any, is not final but will be credited as prepayments against the German personal income or corporate income tax (plus solidarity surcharge). Amounts over withheld will generally entitle the Product Holder to a refund. The lump sum deduction procedures (*Sparer-Pauschbetrag*) are not applicable. Instead actual expenses incurred can generally be deducted. The investment income is additionally subject to German trade tax, as the case may be. Subject to specific requirements capital gains from the sale or repayment or exercise of the Products for cash settlement are not subject to German withholding tax.

It should be noted that the coalition agreement of the 19th legislative period stipulates the partial abolition of the final withholding tax, in particular, on private investment income such as interest income. Such income will then be subject to the personal tax rate. Furthermore, the solidarity surcharge shall be abolished for a certain number of taxpayers.

The gratuitous transfer of a Product by a Product Holder as a gift or by reason of the death of the Product Holder is subject to German gift or inheritance tax if the Product Holder or the recipient is resident or deemed to be resident in Germany under German law at the time of the transfer. If neither the Product Holder nor the recipient is resident, or deemed to be resident, in Germany at the time of the transfer no German gift or inheritance tax is levied unless the Products form part of the business property for which a permanent establishment or fixed base is maintained in Germany by the Product Holder.

Implementation of the OECD Common Reporting Standard and the amended Mutual Assistance Directive in Germany

In Germany, the amended EU Mutual Assistance Directive and the OECD Common Reporting Standard were implemented by the Act on the Exchange of Financial Accounts Information (*Finanzkonten-Informationsaustauschgesetz – FKAustG*) which became effective as of 31 December 2015. The main content of the act is a common reporting standard for automatic information exchange on financial accounts. In principle, the FKAustG imposes an obligation on financial institutes to transmit the necessary information to the German Federal Central Tax Office (*Bundeszentralamt für Steuern*) starting on 31 July 2017 for the tax year 2016 and for the following tax years on 31 July of the respective subsequent year. For instance, necessary information are the name, the address, the member state/s of residence and the tax identification number(s).

4. United Kingdom Taxation

The following comments are of a general nature, relating only to the position of persons who are absolute beneficial owners of the Products and is based on United Kingdom law and what is understood to be the current practice of Her Majesty's Revenue & Customs ("HMRC"), in each case at the date of this Base Prospectus, which may change at any time, possibly with retrospective effect. The following is a general overview only of the United Kingdom withholding taxation treatment at the date hereof in relation to income payments in respect of the Products. The overview also contains some very general statements about stamp duty and stamp duty reserve tax ("SDRT"). The comments are not exhaustive, and do not deal with other United Kingdom tax aspects of acquiring, holding, disposing of, abandoning, exercising or dealing in the Products.

Interest payments

Interest will only be subject to a deduction on account of United Kingdom income tax if it has a United Kingdom source in which case it may fall to be paid under deduction of United Kingdom income tax at the basic rate (currently 20 per cent.) subject to such relief as may be available under the provisions of any applicable double taxation treaty or to any other exemption which may apply.

Whether or not interest has a United Kingdom source will depend on the facts. The most important factor will be the residence of debtor and the location of its assets. Interest on securities issued by a United Kingdom resident issuer or an issuer acting out of the United Kingdom are likely to have a United Kingdom source.

Where interest has a United Kingdom source, any payment of interest may nonetheless be made without withholding or deduction for or on account of United Kingdom income tax where any of the following conditions are satisfied:

(i) if the Products are and continue to be "quoted Eurobonds" as defined in section 987 of the Income Tax Act 2007. The Products will constitute "quoted Eurobonds" if they carry a right to interest and are and continue to be listed on a recognised stock exchange within the meaning of section 1005 of the Income Tax Act 2007. Products admitted to trading on a recognised stock exchange outside the United Kingdom will be treated as "listed" on a recognised stock exchange if (and only if) they are admitted to trading on that exchange and they are officially listed in accordance with provisions corresponding to those generally applicable in European Economic Area states in a country outside the United Kingdom in which there is a recognised stock exchange;

(ii) so long as the respective Issuer is authorised for the purposes of the Financial Services and Markets Act 2000 and its business consists wholly or mainly of dealing in financial instruments (as defined by section 984 of the Income Tax Act 2007) as principal, provided the payment is made in the ordinary course of that business; or

(iii) if the relevant interest is paid on Products with a maturity date of less than one year from the date of issue and which are not issued under arrangements the effect of which is to render such Products part of a borrowing with a total term of a year or more.

The references to "interest" above mean "interest" as understood in United Kingdom tax law and in particular any premium element of the redemption amount of any Products redeemable at a premium may constitute a payment of interest subject to the withholding tax provisions discussed above. The statements above do not take any account of any different definitions of "interest" or "principal" which may prevail under any other law or which may be created by the terms and conditions of the Products or any related documentation.

Information Exchange

HMRC has powers, in certain circumstances, to obtain information. The persons from whom HMRC can obtain information include: a person who receives (or is entitled to receive) a payment derived from Products; a person who makes such a payment (received from, or paid on behalf of another person); a person by or through whom interest is paid or credited; a person who effects or is a party to transactions in respect of Products (which includes an issue of Products) on behalf of others; registrars or administrators in respect of transactions in respect of Products; and each registered or inscribed Holders. The information HMRC can obtain includes: details of the beneficial owner of the Products; details of the person for whom the Products are held, or the person to whom the payment is to be made (and, if more than one, their respective interests); information and documents relating to transactions in the Products; and, in relation to interest paid or credited on money received or retained in the United Kingdom, the identity of the security under which interest is paid.

In certain circumstances the information which HMRC has obtained using these powers may be exchanged with tax authorities in other jurisdictions.

European Union savings directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**Savings Directive**") each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income payments ("**Savings Income**") made by a person within its jurisdiction to or collected by such a person for an individual or to certain non-corporate entities, resident in that other Member State (interest payments on the Notes will for these purposes be Savings Income). However, for a transitional period, Austria is instead applying a withholding system in relation to such payments, deducting tax at rates rising over time to 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

A number of non-EU countries, including Switzerland, and certain dependent or associated territories of certain Member States have adopted and implemented similar measures (either provision of information or transitional withholding - a withholding system in the case of Switzerland) in relation to payments of Savings Income made by a person within its jurisdiction to an individual, or to certain non-corporate entities, resident in a Member State.

In addition, Member States have entered into reciprocal arrangements with certain of those non-EU countries and dependent or associated territories of certain Member States in relation to payments of Savings Income made by a person in a Member State to an individual, or to certain non-corporate entities, resident in certain dependent or associated territories or non-EU countries.

Where an individual Holder receives a payment of Savings Income from any Member State or dependent or associated territory employing the withholding arrangement, the individual Holder may be able to elect not to have tax withheld. The formal requirements may vary slightly from jurisdiction to jurisdiction. They generally require the individual Holder to produce certain information (such as his tax number) and consent to details of payments and other information being transmitted to the tax authorities in his home state. Provided that the other Tax Authority receives all of the necessary information the payment will not suffer a withholding under EC Council Directive 2003/48/EC or the relevant law conforming with the directive in a dependent or associated territory.

Prospective Security Holders should note that an amended version of the Savings Directive was adopted by the European Council on 24 March 2014 (the "**Amending Directive**"), which is intended to close loopholes identified in the current Savings Directive. The amendments, which must be transposed by Member States prior to 1 January 2016 and which will apply from 1 January 2017, will extend the scope of the Savings Directive to (i) payments made through certain intermediate structures (whether or not established in a Member State) for the ultimate benefit of an EU resident individual, and (ii) a wider range of income similar to interest.

The Organisation for Economic Co-operation and Development ("**OECD**") has been tasked by the G20 with undertaking the technical work needed to take forward the single global standard for automatic ex-

change of financial account information endorsed by the G20 in 2013. The OECD has released a full version of the Standard for Automatic Exchange of Financial Account Information in Tax Matters (the "**Common Reporting Standard**"), which calls on governments to obtain detailed account information from their financial institutions and exchange that information automatically with other jurisdictions on an annual basis. On 9 December 2014, the Economic and Financial Affairs Council of the European Union officially adopted the revised Directive on Administrative Cooperation 2011/16/EU (the "**ACD**") (regarding mandatory automatic exchange of information in the field of taxation), which effectively incorporates the Common Reporting Standard. EU Member States are required to adopt and publish the laws, regulations and administrative provisions necessary to comply with the ACD by 31 December 2015. They are required to apply these provisions from 1 January 2016 and to start the automatic exchange of information no later than end of September 2017.

Therefore, the European Commission has proposed the repeal of the EU Savings Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States (subject to ongoing requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates). This is to prevent overlap between the Savings Directive and the ACD (as amended by Council Directive 2014/107/EU). The proposal also provides that, if it proceeds, Member States will not be required to apply the new requirements of the Amending Directive.

United Kingdom Stamp Duty and Stamp Duty Reserve Tax

Issue

No UK stamp duty or stamp duty reserve tax ("**SDRT**") should generally be payable on the issue of Securities save that SDRT at 1.5% is likely to be payable on an issue of Securities where all three of the conditions in (a), (b) and (c) below are met:

- (a) the Securities do not constitute exempt loan capital (see below);
- (b) the Securities are not covered by article 5(2) of the capital duties directive (Council Directive 2008/7/EC); and
- (c) the Securities are issued to an issuer of depositary receipts or a clearance service (or their nominees).

For the purposes of this UK tax section, the clearing systems run by Euroclear Bank and Clearstream Luxembourg constitute a "clearance service" however the CREST system run by Euroclear UK & Ireland does not.

Securities will constitute "exempt loan capital" if the Securities constitute "loan capital" (as defined in section 78 Finance Act 1986) and do not carry (and in the case of (ii)-(iv) below have never carried) any one of the following four rights:

a right for the holder of the securities to opt for conversion into shares or other securities or to acquire shares or other securities, including loan capital of the same description;

a right to interest the amount of which exceeds a reasonable commercial return on the nominal amount of the capital;

a right to interest the amount of which falls or has fallen to be determined to any extent by reference to the results of, or of any part of, a business or to the value of any property; or

a right on repayment to an amount which exceeds the nominal amount of the capital and is not reasonably comparable with what is generally repayable (in respect of a similar nominal amount of capital) under the terms of issue of loan capital listed in the Official List of the London Stock Exchange.

Transfer of Securities

Transfers of interests in Securities held through a clearance service do not attract UK stamp duty or SDRT provided that no section 97A election has been made.

Where Securities do not comprise exempt loan capital and are not held through a clearance service, then, where the issuer of the Securities is a body corporate incorporated in the United Kingdom or where the Securities are registered in a register kept in the United Kingdom by or on behalf of the issuer or are the shares are "paired" with shares in a United Kingdom incorporated company within the meaning of section 99(6B) of the Finance Act 1986, agreements to transfer such Securities may attract SDRT at 0.5 per cent. of the chargeable consideration.

SDRT at 0.5 per cent. may also be payable in relation to any agreement to transfer Securities such as Warrants which give the holder the right on exercise to acquire stock, shares or loan capital in certain companies with a United Kingdom connection unless such stock, shares or loan capital would itself qualify as "exempt loan capital". A company will have a United Kingdom connection for these purposes if:

- (a) the company is incorporated in the United Kingdom;
- (b) a register of the relevant stock, shares or loan capital is kept in the United Kingdom by or on behalf of the company; or
- (c) the shares are "paired" with shares in a United Kingdom incorporated company within the meaning of section 99(6B) of the Finance Act 1986.

In addition, stamp duty at 0.5 per cent. may arise in respect of any document transferring any Security that does not comprise exempt loan capital. However, where a liability to stamp duty is paid within six years of a liability to SDRT arising the liability to SDRT will be cancelled or repaid as appropriate.

Redemption or Settlement of Securities

Stamp duty or SDRT at 0.5 per cent. may arise on Physical Settlement in certain cases.

Higher Rate Charges

Where stamp duty is payable as outlined above, it may be charged at the higher rate of 1.5 per cent. (rather than at the 0.5 per cent. rate) in respect of any document transferring or agreement to transfer Securities to a depositary receipts system or clearance service.

5. **Italian Taxation**

The following is a summary of current Italian law and practice relating to the taxation of the Products (which includes Notes and Certificates). The statements herein regarding taxation are based on the laws in force in Italy as at the date of this Base Prospectus and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Products and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules.

Prospective purchasers of the Products are advised to consult their own tax advisers concerning the overall tax consequences of their ownership of the Products.

(1) Italian taxation of Notes (qualifying as bonds or securities similar to bonds)

(1.1.) Interest and other proceeds

Legislative Decree No. 239 of 1 April 1996, as amended (the "**Decree 239**"), regulates the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price, hereinafter collectively referred to as "**Interest**") from notes issued, *inter alia*, by non-Italian resident entities, falling within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*).

Italian Resident Noteholders

Where an Italian resident Noteholder who is the beneficial owner of the Notes is (i) an individual not engaged in a business activity to which the Notes are effectively connected, (ii) a non-commercial partnership (with the exception of general partnership, limited partnership and similar

entities), (iii) a non commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, Interest payments relating to the Notes are subject to a tax, referred to as *imposta sostitutiva*, levied at the rate of 26 per cent. The *imposta sostitutiva* may not be recovered by the Noteholder as a deduction from the income tax due.

In case the Notes are held by a Noteholder engaged in a business activity and are effectively connected with same business activity, the Interest will be subject to the *imposta sostitutiva* and will be included in the relevant income tax return. As a consequence, the Interest will be subject to the ordinary income tax and the *imposta sostitutiva* may be recovered as a deduction from the income tax due.

Pursuant to Decree 239, *imposta sostitutiva* is applied by banks, *società di intermediazione mobiliare* ("**SIM**"), fiduciary companies, *società di gestione del risparmio* ("**SGR**") stock exchange brokers and other entities identified by the relevant Decrees of the Ministry of Finance (the "**Intermediaries**").

An Intermediary must (a) be resident in Italy, or be a permanent establishment in Italy of a non-Italian resident financial intermediary, and (b) participate, in any way, in the collection of Interest or in the transfer of the Notes.

For the purpose of the application of the *imposta sostitutiva*, a transfer of Notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Notes or in a change of the Intermediary with which the Notes are deposited.

Where the Notes are deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any entity paying Interest to a Noteholder. If the Interest is not collected through an Intermediary or any entity paying Interest and as such no *imposta sostitutiva* is levied, the Italian resident Noteholder listed above will be required to include Interest in their yearly income tax return and subject them to a final substitutive tax at the rate of 26 per cent.

The *imposta sostitutiva* does not apply, *inter alia*, to the following subjects, to the extent that the Notes and the relevant Coupons are deposited in a timely manner, directly or indirectly, with an Intermediary:

- (i) corporation or a similar commercial entity (including a permanent establishment in Italy of a foreign entity to which the Notes are effectively connected). Interest accrued on the Notes must be included in the relevant Noteholder's income tax return and are therefore subject to the general Italian corporate taxation ("**IRES**") and in certain circumstances, depending on the "status" of the Noteholder, also to the regional tax on productive activities ("**IRAP**");
- (ii) investment funds, i.e. open-ended or closed-ended investment fund or a SICAV (an investment company with variable capital) established in Italy ("**Funds**"), if either (i) the fund or

SICAV or (ii) their manager is subject to the supervision of a regulatory authority and the relevant Notes are held by an authorised intermediary. The Fund will not be subject to taxation on such results but a substitute tax of 26 per cent. may apply, in certain circumstances, to distributions made in favour of unitholders or shareholders.

- (iii) pension funds (subject to the tax regime set forth by article 17 of the Legislative Decree No. 252 of 5 December 2005, the "**Pension Funds**"). Interest on the Notes is included in the calculation of the annual net accrued results, which are subject to a 20 per cent.; and
- (iv) Italian resident real estate investment funds and Italian real estate SICAFs established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998 or pursuant to Article 14-bis of Law No. 86 of 25 January 1994 ("**Real Estate Funds**"). Under the current regime provided by Law Decree No. 351 of 25 September 2001, converted into law with amendments by Law No. 410 of 23 November 2001 ("**Decree 351**"), and Legislative Decree No. 44 of 4 March 2014 (the "**Decree No. 44**"), payments of Interest in respect of the Notes are subject neither to *imposta sostitutiva* nor to any other income tax in the hands of the same Real Estate Funds, but subsequent distributions made in favour of unitholders or shareholders will be subject, in certain circumstances, to a withholding tax of 26 per cent.

Non-Italian Resident Noteholders.

Interest payments relating to Notes received by non-resident beneficial owners (not having a permanent establishment in Italy to which the Notes are effectively connected) are generally exempted from the *imposta sostitutiva* provided that the no-Italian resident beneficial owner is either (a) resident, for tax purposes, in a country that allows a sufficient exchange of information with Italy pursuant to the list set out by Ministerial Decree of 4 September 1996 or the list that may be introduced in the future by any other law or regulation ("**White List**"); or (b) an international entity set up in accordance with international agreements in force in Italy, or (c) a Central Bank or entity that manages the official reserve of a foreign country; or (d) an institutional investor resident in a White List or New White List country, even if does not have the status of taxpayer in its country of residence.

The *imposta sostitutiva* will be applicable at the rate of 26 per cent. (or at the reduced rate provided for by the applicable double taxation, if any) to interest, premium and other income paid to Noteholders who are resident, for tax purposes, in countries that do not allow satisfactory exchange of information with Italy.

(1.2.) Capital Gains*Italian Resident Noteholders*

Pursuant to Legislative Decree No. 461 of 21 November 1997, as amended, a 26 per cent. capital gains tax (the "CGT") is applicable to capital gains realised on the sale or transfer of the Notes for consideration or on redemption thereof by Italian resident individuals (not engaged in a business activity to which the Notes are effectively connected), regardless of whether the Notes are held outside of Italy.

For the purposes of determining the taxable capital gain, any Interest on the Notes accrued and unpaid up to the time of the purchase and the sale of the Notes must be deducted from the purchase price and the sale price, respectively.

If the Notes qualify as atypical securities, based on a very restrictive interpretation, the aforesaid capital gains would be subject to the 26 per cent. final withholding tax mentioned under paragraph "Notes qualifying as atypical securities", above.

Taxpayers can opt for certain alternative regimes in order to pay the CGT.

The aforementioned regime does not apply to the following subjects:

- (i) Corporate investors (including banks and insurance companies): capital gains on the Notes held by Italian resident corporate entities (including a permanent establishment in Italy of a foreign entity to which the Notes are effectively connected) form part of their aggregate income subject to IRES. In certain cases, capital gains may also be included in the taxable net value of production of such entities for IRAP purposes. The capital gains are calculated as the difference between the sale price and the relevant tax basis of the Notes. Upon fulfilment of certain conditions, the gains may be taxed in equal instalments over up to five fiscal years for IRES purposes.
- (ii) Funds – Capital gains realised by the Funds on the Notes contribute to determining the annual net accrued result of the same Funds (see under paragraph "Italian resident Noteholders", above).
- (iii) Pension Funds – Capital gains realised by Pension Funds on the Notes contribute to determining the annual net accrued result of the same Pension Funds, which is subject to an 11 per cent. substitutive tax (see under paragraph "Italian resident Noteholders", above).
- (iv) Real Estate Investment Funds – Capital gains realised by Italian Real Estate Investment Funds on the Notes are generally not taxable at the level of the same Real Estate Investment Funds (see under paragraph "Italian resident Noteholders", above).

Non-Italian Resident Noteholders

Capital gains realised by non-resident Noteholders (not having permanent establishment in Italy to which the Notes are effectively connected) on the Notes are not subject to tax in Italy, provided that the Notes (i) are traded on regulated markets, or (ii) if not traded on regulated markets, are held outside Italy.

The provisions of the applicable tax treaties against double taxation entered into by Italy apply if more favourable and all the relevant conditions are met.

(2) Italian Taxation of Certificates*Italian Resident Certificateholders*

Pursuant to Article 67 of Presidential Decree No. 917 of 22 December 1986 ("**TUIR**") and Legislative Decree No. 461 of 21 November 1997 ("**Decree No. 461**"), as subsequently amended, where the Italian resident holder of Certificates is (i) an individual not engaged in an entrepreneurial activity to which the Certificates are connected, (ii) a non-commercial partnership, pursuant to article 5 of TUIR (with the exception of general partnership, limited partnership and similar entities) (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, capital gains accrued under the sale or the exercise of the Certificates are subject to a substitute tax (*imposta sostitutiva*).

The mentioned *imposta sostitutiva* is currently levied at a rate of 26%.

The recipient may opt for three different taxation criteria.

- (a) Under the tax declaration regime (*regime della dichiarazione*), which is the default regime for taxation of capital gains realised by Italian resident individuals not engaged in an entrepreneurial activity to which the Certificates are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a yearly cumulative basis, on all capital gains, net of any offsettable capital loss, realised by the Italian resident individual holding the Certificates not in connection with an entrepreneurial activity pursuant to all sales or redemptions of the Certificates carried out during any given tax year. Italian resident individuals holding the Certificates not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years. Pursuant to Law Decree No. 66 of 24 April 2014 ("**Decree 66**"), as converted into law by Law No. 89 of 23 June 2014, capital losses may be carried forward to be offset against capital gains of the same nature realised after 30 June 2014 for an overall amount of: (i) 48.08 per cent. of the relevant capital losses realised

before 1 January 2012; (ii) 76.92 per cent. of the capital losses realised from 1 January 2012 to 30 June 2014.

- (b) As an alternative to the tax declaration regime, Italian resident individuals holding the Certificates not in connection with an entrepreneurial activity may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the Certificates (the "*risparmio amministrato*" regime provided for by Article 6 of Decree No. 461). Such separate taxation of capital gains is allowed subject to (i) the Certificates being deposited with Italian banks, SIMs or certain authorised financial intermediaries and (ii) an express valid election for the *risparmio amministrato* regime being punctually made in writing by the relevant Certificateholder. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of the Certificates (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Certificateholder or using funds provided by the Certificateholder for this purpose. Under the *risparmio amministrato* regime, where a sale or redemption of the Certificates results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Pursuant to Decree 66, capital losses may be carried forward to be offset against capital gains of the same nature realised after 30 June 2014 for an overall amount of: (i) 48.08 per cent. of the relevant capital losses realised before 1 January 2012; (ii) 76.92 per cent. of the capital losses realised from 1 January 2012 to 30 June 2014. Under the *risparmio amministrato* regime, the Certificateholder is not required to declare the capital gains in the annual tax return.
- (c) Any capital gains realised or accrued by Italian resident individuals holding the Certificates not in connection with an entrepreneurial activity who have entrusted the management of their financial assets, including the Certificates, to an authorised intermediary and have validly opted for the so-called "*risparmio gestito*" regime (regime provided for by Article 7 of Decree No. 461) will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 26 per cent. substitute tax, to be paid by the managing authorised intermediary. Under this *risparmio gestito* regime, any decrease in value of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Pursuant to Decree 66, decreases in value of the management assets may be carried forward to be offset against any subsequent increase in value accrued as of 1 July 2014 for an overall amount of: (i) 48.08 per cent. of the relevant decreases in value registered before 1 January 2012; (ii) 76.92 per cent. of the decreases in value registered from 1 January 2012 to 30 June 2014. Under the *risparmio gestito* regime, the Certificateholder is not required to declare the capital gains realised in the annual tax return.

Where an Italian resident Certificateholder is a company or similar commercial entity, or the Italian permanent establishment of a foreign commercial entity to which the Certificates are effectively connected, capital gains arising from the Certificates will not be subject to *imposta sostitutiva*, but must be included in the relevant Certificateholder's income tax return and are therefore subject to Italian corporate tax (and, in certain circumstances, depending on the "status" of the Certificateholder, also as a part of the net value of production for IRAP purposes).

Any capital gains realised by a Certificateholder which is an open-ended or closed-ended investment fund (subject to the tax regime provide by Law No. 77 of 23 March 1983) (the "**Fund**") or an open-ended investment company (*società di investimento a capitale variabile* – SICAV) or an close-ended investment company, other than a real estate investment company (*società di investimento a capital fisso* – SICAF) will not be subject to the *imposta sostitutiva*. The proceeds distributed by the Fund or the SICAV/SICAF or received by certain categories of unitholders upon redemption or disposal of the units will be taxed on the investors who subscribe the quotas of the Funds or the shares of the SICAV/SICAF on a distribution basis.

Any capital gains realised by a Certificateholder which is an Italian pension fund (subject to the regime provided by article 17 of the Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the 20% ad hoc substitute tax.

As of 1 January 2015, Italian pension fund benefits from a tax credit equal to 9% of the result of the relevant portfolio accrued at the end of the tax period, provided that the pension fund invests in certain medium long term financial assets to be identified with a Ministerial Decree.

Non-Italian Resident Certificateholder

Capital gains realised by non-Italian resident Certificateholders are not subject to Italian taxation provided that the Certificates (i) are transferred on regulated markets, or (ii) if not transferred on regulated markets, are held outside Italy. Moreover, even if the Certificates are held in Italy, no *imposta sostitutiva* applies if the non-Italian resident Certificateholder is resident for tax purposes in a country which recognises the Italian tax authorities' right to an adequate exchange of information or in a country which entered into a double taxation treaty with Italy allowing for the taxation of such capital gains only in the residence country of the recipient Certificateholder, provided that the relevant procedures and conditions are met.

(3) Common Provisions

(3.1.) Atypical securities

In accordance with a different interpretation of current Italian tax law, it is possible that the Products would be considered as "atypical" securities pursuant to Article 8 of Law Decree No. 512 of

30 September 1983 as implemented by Law No. 649 of 25 November 1983. In this event, payments relating to Products may be subject to an Italian withholding tax, levied at the rate of 26%.

If the Products are placed in Italy, the withholding is levied by the Italian intermediary appointed by the Issuer, intervening in the collection of the relevant income or in the negotiation or repurchasing of the Products.

If the Products are not placed in Italy or in any case where payments on the Products are not received through any abovementioned Italian resident entity and no withholding tax is levied, the Italian resident individual investor will be required to declare the payments in their income tax return and subject them to a final withholding tax at a rate of 26 per cent. The Italian individual investor may elect instead to pay ordinary personal income tax at the progressive rates applicable to them in respect of the payments; if so, the investor should generally benefit from a tax credit for withholding taxes applied outside Italy, if any.

The withholding tax mentioned above does not apply to payments made to a non-Italian resident holder of the Product and to an Italian resident holder of the Product which is (i) a company or similar commercial entity (including the Italian permanent establishment of foreign entities), (ii) a commercial partnership, or (iii) a commercial private or public institution. In such cases the relevant income arising from the Products shall be reported in the investor's income tax return.

Where the investor is (i) an Italian resident individual engaged in an entrepreneurial activity to which the Products are connected, (ii) an Italian resident company or a similar Italian resident commercial entity, (iii) a permanent establishment in Italy of a foreign entity to which the Products are effectively connected, (iv) an Italian resident commercial partnership or (v) an Italian resident commercial private or public institution, the above-mentioned 26 per cent. withholding tax is a provisional withholding tax. In all other cases, the withholding tax is a final withholding tax.

(3.2) Stamp Duty

Pursuant to Article 13(2-ter) of the Tariff attached to Presidential Decree No. 642 of 26 October 1972 – as amended from time to time and, in particular, by Article 19 of Law Decree No. 201 of 6 December 2011 (“**Decree No. 201**”) – a proportional stamp duty applies on an annual basis to the periodic reporting communications sent by financial intermediaries to their clients for the securities deposited therewith. The stamp duty applies at a rate of 0.20% starting from fiscal year 2014, with a cap of Euro 14,000 for corporate investors only. In case of reporting periods of less than 12 months, the stamp duty is pro-rated. This stamp duty is determined on the basis of the market value or – if no market value figure is available – the nominal value or redemption amount of the securities held.

According to the current interpretation of the law, the stamp duty applies both to Italian resident and non-Italian resident investors, to the extent that the Products are held with an Italian based financial intermediary.

(3.3.) *Wealth tax on securities deposited abroad*

Pursuant to Article 19(18) of Decree No. 201, Italian resident individuals holding the Products outside the Italian territory are required to pay an additional tax at a rate of 0.20% starting from fiscal year 2014.

This tax is calculated on the market value of the Products at the end of the relevant year or – if no market value figure is available – the nominal value or the redemption value of such financial assets held outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the State where the financial assets are held (up to an amount equal to the Italian wealth tax due).

(3.4.) *Tax monitoring*

Pursuant to Law Decree No. 167 of 28 June 1990, converted by Law No. 227 of 4 August, 1990, as amended, individuals resident in Italy who hold investments abroad or have financial activities abroad must, in certain circumstances, disclose the aforesaid and related transactions to the Italian tax authorities in their income tax return (or, in case the income tax return is not due, in a proper form that must be filed within the same time as prescribed for the income tax return).

(3.5.) *Transfer taxes*

Following the repeal of the Italian transfer tax, as from 31 December 2007 contracts relating to the transfer of securities are subject to the registration tax as follows: (i) public deeds and notarised deeds are subject to fixed registration tax at rate of EUR 200; (ii) private deeds are subject to registration tax only if a case of use occurs or in case of voluntary registration.

(3.6.) *Financial Transaction Tax*

Pursuant to Article 1, para. 491 and followings of Law No. 228 of 24 December 2012, the Italian Parliament introduced a financial transaction tax ("**FTT**") which applies to (a) the transfer of ownership of shares and other participating securities issued by Italian resident companies or of financial instruments representing the just mentioned shares and/or participating securities (irrespective of whether issued by Italian resident issuers or not) (the "**Relevant Securities**"), (b) transactions on financial derivatives (i) the main underlying assets of which are the Relevant Securities, or (ii) whose value depends mainly on one or more Relevant Securities, as well as to (c) any transactions on the securities (as set forth by article 1, paragraph 1-bis, letters c) and d), of the Legislative Decree No. 58 of 24 February 1998) (iii) which allow to mainly purchase or sell one or more Relevant

Securities or (iv) implying a cash payment determined with main reference to one or more Relevant Securities.

Products are expressly included in the scope of application of the FTT if they meet the requirements set out above.

With specific reference to the transactions on securitised derivatives on the Relevant Securities (such as the Products) the FTT is due, as of 1 July 2013, regardless of the tax residence of the parties and/or where the transaction is executed.

The FTT is levied at a fixed amount that varies depending on the nature of the relevant instrument and the notional value of the transaction, and ranges between EUR 0.01875 and EUR 200 per transaction. The amount of FTT payable is reduced to 1/5 of the standard rate in case the transaction is performed on regulated markets or multilateral trading facilities of certain EU and EEA member States.

In the case of physical settlement, the FTT is also due upon transfer of ownership rights of the underlying Relevant Securities.

The FTT on derivatives is due by each of the parties to the transactions. The FTT is not applied where one of the parties to the transaction is the European Union, the BCE, central banks of the EU Member States, foreign Central Banks or entities which manage the official reserves of a foreign State, or international bodies or entities set up in accordance with international agreements which have entered into force in Italy. Further specific exemptions exist, inter alia, for (i) subjects who carry on market making activities; (ii) mandatory social security entities and pension funds set up according to Legislative Decree No. 252 of 5 December 2005; and (iii) intragroup transfers of the Relevant Securities.

The FTT shall be levied, and subsequently paid, to the Italian Revenue by the subject (generally a financial intermediary) that is involved, in any way, in the performance of the transaction. If more than one subject is involved in the execution of the transaction, the FTT is payable by the subject who receives the order of execution by the ultimate purchaser or counterparty. Intermediaries which are not resident in Italy but are liable to collect the FTT from the taxpayers and to pay it to the Italian Revenue can appoint an Italian tax representative for the purposes of the FTT. If no intermediary is involved in the performance of the transaction, the FTT must be paid directly by the taxpayers.

(3.7.) Inheritance and gift taxes

Pursuant to Law Decree No. 262 of 3 October 2006, (Decree No. 262), converted into Law No. 286 of 24 November 2006, the transfers of any valuable asset (including shares, bonds or other securities, such as the Products) as a result of death or donation are taxed as follows:

- (i) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4.00% on the value of the inheritance or the gift exceeding EUR 1,000,000;
- (ii) transfers in favour of relatives to the fourth degree and relatives-in-law to the third degree, are subject to an inheritance and gift tax applied at a rate of 6.00% on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6.00% inheritance and gift tax on the value of the inheritance or the gift exceeding EUR 100,000; and
- (iii) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8.00% on the entire value of the inheritance or the gift.

If the transfer is made in favour of persons with severe disabilities, the tax applies on the value of the entire inheritance or gift exceeding Euro 1,500,000.00 for each beneficiary.

Moreover, an anti-avoidance rule is provided in case of gift of assets, such as the Products, whose sale for consideration would give rise to capital gains to be subject to the *imposta sostitutiva* provided for by Decree No. 461, as subsequently amended. In particular, if the donee sells the Products for consideration within five years from their receipt as a gift, the latter is required to pay the relevant *imposta sostitutiva* as if the gift had never taken place.

(3.8.) Implementation in Italy of the EU Savings Directive

Italy has implemented the EU Savings Directive through Legislative Decree No. 84 of 18 April 2005 ("**Decree No. 84**"). Under Decree No. 84, subject to a number of important conditions being met, in the case of interest paid to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State, Italian qualified paying agents shall not apply the withholding tax and shall report to the Italian Tax Authorities details of the relevant payments and personal information on the individual beneficial owner. Such information is transmitted by the Italian Tax Authorities to the competent foreign tax authorities of the State of residence of the beneficial owner.

On 10 November 2015, the Council of the European Union adopted a Council Directive (EU) 2015/2060 repealing the Savings Directive ("**Repealing Directive**") in order to prevent overlap between the Savings Directive and a new automatic exchange of information regime to be implemented under the Mutual Assistance Directive. The new regime under the Mutual Assistance Directive (as amended by Council Directive 2014/107/EU) is in accordance with the Global Standard released by the Organisation for Economic Cooperation and Development in July 2014 and is generally broader in scope than the Saving Directive, although it does not impose withholding taxes.

With Law No. 114 of 9 July 2015, the Italian Parliament delegated the Government to implement Council Directive 2014/107/EU into domestic legislation (Council Directive 2011/16/EU has already been implemented in Italy through Legislative Decree No. 29 of 9 March 2014). The Minister of Economy and Finance issued the Decree of 28 December 2015 (published in the Official Gazette No. 303 of 31 December 2015) to implement Directive 2014/107/EU. However, the obligations of Member States, economic operators and paying agents under the EU Savings Directive shall continue to apply until 5 October 2016 (31 December 2016, with respect to the obligations under Article 13(2) of the EU Savings Directive) or until those obligations have been fulfilled.

6. **French Taxation**

The following is a general description of the French withholding tax treatment of income from the Products. It does not purport to be a complete analysis of all tax considerations relating to the Products, whether in France or elsewhere. In particular, it does not describe the French tax treatment applicable to holders of Products who are tax residents of France, except in relation to French withholding tax on interest and does not discuss any other French tax such as French registration duties or French tax on financial transactions. Prospective purchasers of the Products should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of the Products and receiving payments of interest, principal and/or other amounts under the Products and the consequences of such actions under the tax laws of France. This overview is based upon the law as in effect on the date of this Base Prospectus, which may change at any time, possibly with retrospective effect.

Payments of interest (and principal) by the Issuer under the Products may in principle be made without any compulsory withholding or deduction for or on account of French income taxes to the extent that the relevant Issuer is not incorporated in France or otherwise acting through a French establishment.

However, if such payments are made to French resident individuals and regarded as interest or assimilated income (e.g. reimbursement premium) for French tax purposes, the paying agent could be subject to withholding obligations. In that case, social contributions (CSG, CRDS and other related contributions) of currently 17.2 per cent. (in aggregate) and the 12.8 per cent. income tax prepayment, applicable in principle to interest and assimilated income received by French resident individuals, would generally need to be withheld and reported by the paying agent, if the paying agent is established in France (exceptions may however apply depending on level of income of the taxpayer). If the paying agent is established outside France, it is in principle not involved in this withholding obligation, unless it is established in an EU or EEA member state and has been expressly appointed by the French taxpayer to do so.

7. **Czech Republic Taxation**

There is no Czech withholding tax arising in connection with the Products. It is assumed that the Issuer of the Products is not a resident of the Czech Republic for Czech tax purposes, has not a permanent establishment in the territory of the Czech Republic and has not employed its employees here for more than 183 days, except for cases of providing services.

This summary does not define the exact tax implications for prospective purchasers with tax residency in the Czech Republic. Income derived from holding (interest payments) or disposal (transfer) of Products may have tax implications for prospective purchasers. Prospective purchasers of any Products should consult their own tax advisers in the Czech Republic about the tax implications of holding any Product and of any transaction involving any Product.

8. Swiss Taxation

The following is a general and non-binding summary of certain tax consequences according to the tax laws and the tax authorities' practice as of the date of this document. This outline is a summary and not exhaustive and does not take into consideration possible special circumstances of some investors and should not be considered as tax advice. The tax treatment of each investor depends on the particular situation. Tax laws and the tax authorities' practice may undergo changes (or their interpretation or application may change) and their validity might also be retroactive.

Investors and Prospective Investors are advised to consult with their tax advisers with respect to the tax consequences of the purchase, ownership, disposition, lapse or exercise or redemption of a Product in light of their particular circumstances.

(1) Stamp Taxes

Neither the issue of Products nor the trade of Products which classify as pure derivatives for Swiss tax purposes are normally subject to Swiss Issuance Stamp Tax and Swiss Transfer Stamp Tax even if an Issuer resident in Switzerland issues the Products. Exemptions to these rules apply to Products which, due to specific features, are considered debt financing instruments (bonds, or money market securities), share-like or fund-like products, as well as Low Exercise Price Options (LEPO) on shares (with a maturity exceeding one year) for purposes of Swiss tax law. These specific types of Products are in general subject to Swiss Issue Stamp Tax and/or Swiss Securities Transfer Tax. If upon the exercise or redemption of a Product an underlying security is delivered to the Investors, the transfer of the underlying security may be subject to Swiss Securities Transfer Tax (i) of 0.15% in the case of an underlying security which has been issued by a Swiss resident issuer or (ii) of 0.3% in the case of an underlying security which has been issued by an issuer resident abroad, provided in both cases that a Swiss securities dealer (*Effekthändler*), as defined in art. 13 para. 3 of the Federal Stamp Tax Act (*Bundesgesetz über die Stempelabgaben*), is a party to the Products transaction or acts as an intermediary thereto. Certain exemptions may, *inter alia*, apply with regard to certain institutional investors such as mutual funds, life insurance companies and social security institutions.

(2) Swiss Withholding Tax

Products issued by an issuer resident outside Switzerland are not subject to Swiss withholding tax.

According to a confirmation obtained from the Swiss federal tax administration, subject to certain conditions being met, the payments made from Products issued by Leonteq Securities AG, Guernsey branch, will not be subject to the Swiss withholding tax.

For Products subject to Swiss withholding tax the Issuer will arrange for withholding of taxes at the source.

The Investor who is resident in Switzerland may be entitled to a full refund of or a full tax credit for the Swiss federal withholding tax, subject to conditions being met.

A non Swiss resident Investor may be able to claim a full or partial refund of the Swiss federal withholding tax if such a Investor is entitled to claim the benefits with regard to such a payment of a double taxation treaty between Switzerland and his or her country of residence.

(3) Income Taxation of Products Held by Individuals as Part of Private Property

Payments or credits received by a holder of a Product, which are considered, from a Swiss taxation perspective, as investment income (dividends or interests or other income), are subject to income tax. Gains or losses realized upon a sale or other disposition by Swiss resident individuals holding a Product as part of their private property and which qualify as private capital gains or losses for Swiss tax purposes are as a rule not subject to income taxation or are not deductible from taxable income respectively. Capital gains may, however, be subject to income taxation, if a Product or a distinguishable part thereof qualifies as a bond where the predominant part of the annual yield is paid in a one time payment (“*überwiegende Einmalverzinsung*”) or the Product is considered as not transparent for Swiss tax purposes. Losses arising from predominant one time interest paying bonds may be deducted from gains from similar instruments in the same tax period. Furthermore, for LEPO with a maturity exceeding one year the interest component is subject to income tax.

Profits and option premiums from Products, which are considered as pure derivatives for Swiss tax purposes (financial futures, options) are not subject to the income tax as such profits are in general considered as private capital gains provided the investor is holding the Products as private assets. Possible losses are not tax-deductible.

Income derived from a Product which is neither a private capital gain nor a repayment of paid in capital (or face value in case of shares) is generally subject to income tax on Cantonal as well as on Federal level. This applies, inter alia, to any issuance discount, repayment premium, other guaranteed payments (besides repayment of capital) or any combination thereof. Payments or credits received by an Investor because of dividends, interest etc. of the Underlying may be subject to income tax for such Investor. This may apply likewise to payments or credits derived from underlying funds.

(4) Income Taxation of Warrants and Structured Products Held by Swiss Resident Entities or Individuals as Part of Business Property

Income of any kind realized from Products as part of the business property of individuals (including deemed securities dealers due to frequent dealing, debt financing and similar criteria [*Wertschriftenhändler*]) or entities resident in Switzerland are subject to personal income tax or corporate income tax on Cantonal and on Federal level respectively. In general respective losses are deductible regarding personal or corporate income tax.

(5) Wealth Taxation of Products Held by Swiss Resident Individuals

The market value of Products may be subject to Cantonal wealth tax levied on overall net wealth of Swiss resident individuals, regardless of whether the instruments are held as part of the private or business property.

(6) Automatic Exchange of Information (AEOI)

Cross-border tax evasion should be prevented with the help of the global standard for the automatic exchange of financial account information (AEOI). To date, more than 100 countries have committed themselves to introducing this global standard in the area of tax transparency. On 9 December 2014, the Economic and Financial Affairs Council of the European Union officially adopted the revised Directive on Administrative Cooperation 2011/16/EU (the "ACD") (regarding mandatory automatic exchange of information in the field of taxation), which effectively incorporates the Common Reporting Standard. EU Member States have been required to adopt and publish the laws, regulations and administrative provisions necessary to comply with the ACD by 31 December 2015. They have been required to apply these provisions from 1 January 2016 and to automatically exchange the information since end of September 2017.

The Federal Assembly has approved the Multilateral Convention on Administrative Assistance and the Multilateral Competent Authority Agreement on the Automatic Exchange of Financial Account Information (MCAA) simultaneously with the Federal Act on the International Automatic Exchange of Information in Tax Matters (AIAG) on 18 December 2015 in order to introduce the AEOI standard in Switzerland. The regulation on the international automatic exchange of information in tax matters, which contains the implementing provisions, was adopted by the Federal Council on 23 November 2016. Therefore, Switzerland has enacted the required legislation to implement the AEOI as of 1 January 2017. The AEOI was activated with 38 states and territories on this date. Since then, Swiss financial institutions subject to the reporting duty have been collecting account information concerning persons resident in these partner states for tax purposes. Such personal, account and financial information about the account holder or controlling person has been and will be exchanged since autumn 2018 on annual basis. Parliament adopted the federal decrees concerning the introduction of the AEOI with further partner states from 2018/2019 in December 2017. This means that Swiss financial institutions have been collecting account information in

connection with further 38 partner states since 1 January 2018 and this will be exchanged for the first time in autumn 2019.

9. Dutch Taxation

General

The following summary outlines the principal Netherlands tax consequences of the acquisition, holding, settlement, redemption and disposal of the Products, but does not purport to be a comprehensive description of all Netherlands tax considerations in relation thereto. For purposes of Netherlands tax law, a holder of Products may include an individual or entity who does not have the legal title of these Products, but to whom nevertheless the Products or the income thereof is attributed based on specific statutory provisions or on the basis of such individual or entity having an interest in the Products or the income thereof. This summary is intended as general information only and each prospective investor should consult a professional tax adviser with respect to the tax consequences of an investment in the Products.

This summary is based on tax legislation, published case law, treaties, regulations and published policy, in each case as in force as of the date of this Base Prospectus, and does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect.

This summary does not address the Netherlands tax consequences for:

- (A) holders of Products holding a substantial interest (*aanmerkelijk belang*) or deemed substantial interest (*fictief aanmerkelijk belang*) in the Issuer and holders of Products of whom a certain related person holds a substantial interest in the Issuer. Generally speaking, a substantial interest in the Issuer arises if a person, alone or, where such person is an individual, together with his or her partner (statutory defined term), directly or indirectly, holds or is deemed to hold (i) an interest of 5% or more of the total issued capital of the Issuer or of 5% or more of the issued capital of a certain class of shares of the Issuer, (ii) rights to acquire, directly or indirectly, such interest or (iii) certain profit sharing rights in the Issuer;
- (B) investment institutions (*fiscale beleggingsinstellingen*);
- (C) pension funds, exempt investment institutions (*vrijgestelde beleggingsinstellingen*) or other entities that are exempt from Netherlands corporate income tax;
- (D) persons to whom the Products and the income from the Products are attributed based on the separated private assets (*afgezonderd particulier vermogen*) provisions of the Netherlands income tax Act 2001 (*Wet inkomstenbelasting 2001*) and the Netherlands gift and inheritance tax Act (*Successiewet 1956*);
- (E) entities which are a resident of Aruba, Curacao or Sint Maarten that have an enterprise which is carried on through a permanent establishment or a permanent representative on Bonaire, Sint Eustatius or Saba, to which permanent establishment or permanent representative the Products are attributable; and

- (F) individuals to whom Products or the income therefrom are attributable to employment activities which are taxed as employment income in the Netherlands.

Where this summary refers to the Netherlands, such reference is restricted to the part of the Kingdom of the Netherlands that is situated in Europe and the legislation applicable in that part of the Kingdom.

(1) *Withholding Tax*

All payments made by the Issuer under the Products may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

(2) *Corporate and Individual Income Tax*

Residents of the Netherlands

If a holder is a resident or deemed to be a resident of the Netherlands for Netherlands tax purposes and is fully subject to Netherlands corporate income tax or is only subject to Netherlands corporate income tax in respect of an enterprise to which the Products are attributable, income derived from the Products and gains realised upon the redemption, settlement or disposal of the Products are generally taxable in the Netherlands (at up to a maximum rate of 25%).

If an individual is a resident or deemed to be a resident of the Netherlands for Netherlands tax purposes, income derived from the Products and gains realised upon the redemption, settlement or disposal of the Products are taxable at the progressive rates (at up to a maximum rate of 51.75%) under the Netherlands income tax act 2001, if:

- (A) the individual is an entrepreneur (*ondernemer*) and has an enterprise to which the Products are attributable or the individual has, other than as a shareholder, a co-entitlement to the net worth of an enterprise (*medegerechtigde*), to which enterprise the Products are attributable; or
- (B) such income or gains qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*), which include the performance of activities with respect to the Products that exceed regular, active portfolio management (*normaal, actief vermogensbeheer*).

If neither condition (A) nor condition (B) applies, an individual that holds the Products, must determine taxable income with regard to the Products on the basis of a deemed return on income from savings and investments (*sparen en beleggen*), rather than on the basis of income actually received or gains actually realised. This deemed return on income from savings and investments is fixed at a return between 1.935% and 5.60% of the individual's yield basis (*rendementsgrondslag*) at the beginning of the calendar year (1 January), insofar as the individual's yield basis exceeds a certain threshold. The individual's yield basis is determined as the fair market value of certain qualifying assets held by the holder of the Products less the fair market value of certain qualifying liabilities on 1 January. The fair market value of the Products will be included as an asset in the individual's yield basis. The deemed return on income from savings and investments is taxed at a rate of 30%.

Non-residents of the Netherlands

If a person is not a resident nor is deemed to be a resident of the Netherlands for Netherlands tax purposes, such holder is not liable to Netherlands income tax in respect of income derived from the Products and gains realised upon the settlement, redemption or disposal of the Products, unless:

- (A) the person is not an individual and such person (1) has an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Products are attributable, or (2) is (other than by way of Products) entitled to a share in the profits of an enterprise or a co-entitlement to the net worth of an enterprise, which is effectively managed in the Netherlands and to which enterprise the Products are attributable.

This income is subject to Netherlands corporate income tax at up to a maximum rate of 25%.

- (B) the person is an individual and such individual (1) has an enterprise or an interest in an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Products are attributable, or (2) realises income or gains with respect to the Products that qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*) in the Netherlands, which activities include the performance of activities in the Netherlands with respect to the Products which exceed regular, active portfolio management (*normaal, actief vermogensbeheer*), or (3) is (other than by way of Products) entitled to a share in the profits of an enterprise which is effectively managed in the Netherlands and to which enterprise the Products are attributable.

Income derived from the Products as specified under (1) and (2) is subject to individual income tax at up to a maximum rate of 51.75%. Income derived from a share in the profits as specified under (3) that is not already included under (1) or (2) will be taxed on the basis of a deemed return on income from savings and investments (as described above under “Residents of the Netherlands”). The fair market value of the share in the profits of the enterprise (which includes the Products) will be part of the individual's Netherlands yield basis.

(3) *Gift and Inheritance Tax*

Netherlands gift or inheritance taxes will not be levied on the occasion of the transfer of a Product by way of gift by, or on the death of, a holder of a Product, unless:

- (A) the holder of a Product is, or is deemed to be, resident in the Netherlands for the purpose of the relevant provisions; or
- (B) the transfer is construed as an inheritance or gift made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in The Netherlands for the purpose of the relevant provisions.

For the purpose of Dutch gift and inheritance tax, an individual who has the Dutch nationality will be deemed to be a resident of the Netherlands at the date of the gift or the date of his death, if he has been a resident of the Netherlands at any time during the ten years preceding the date of the gift or the date of his death.

For the purposes of Dutch gift tax, an individual who does not have the Dutch nationality will be deemed to be a resident of the Netherlands at the date of the gift, if he has been a resident of the Netherlands at any time during the twelve months preceding the date of the gift.

(4) *Value Added Tax*

In general, no value added tax will arise in respect of payments in consideration for the issue of the Products or in respect of a cash payment made under the Products, or in respect of a transfer of Products.

(5) *Other Taxes and Duties*

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty will be payable in the Netherlands by a holder in respect of or in connection with the subscription, issue, placement, allotment, delivery or transfer of the Products.

10. United States Taxation

Foreign Account Tax Compliance Withholding

On 18 March 2010, the Foreign Account Tax Compliance Act (commonly known as "FATCA") was signed into law. Under certain circumstances, FATCA could impose a withholding tax of 30% on payments made with respect to the Products. The withholding tax may be imposed at any point in a series of payments unless the payee complies with certain information reporting and related requirements. In the case of a foreign financial institution, no withholding generally will be imposed if it enters into an agreement with the U.S. government to collect and provide to the U.S. tax authorities substantial information regarding certain U.S. account holders of such institution (which would include certain account holders that are foreign entities with U.S. owners). Other payees, including individuals, may be required to provide proof that they are not U.S. persons or, in the case of non-financial foreign entities, certain certification or information relating to U.S. ownership of the entity. In some cases, the ultimate recipient of payments might be eligible for refunds or credits of any withheld taxes. However, even if such recipient is entitled to have any such withholding refunded, the required procedures could be cumbersome and significantly delay the receipt of any withheld amounts. Investors should also consult their bank or broker through which they would hold the Products about the likelihood that payments to it (for credit to the investor) may become subject to withholding in the payment chain.

In general and subject to the Section 871(m) of the Internal Revenue Code discussion below, FATCA will only apply to payments on the Products if (i) they are treated as giving rise to "foreign passthru payments" and (ii) in the case of Products that lack a stated expiration or term, the Products are issued (or deemed issued) after the date that is six months after the U.S. Treasury Department issues final regulations defining "foreign passthru payments". Furthermore, under proposed Treasury Regulations, FATCA withholding will not apply to payments on the Products that are made prior to the date that is two years after the date on which final regulations defining the term "foreign passthru payments" are enacted. Prospective purchasers of Products should consult their own tax advisers regarding FATCA.

A number of countries have entered into, and other countries are expected to enter into, agreements with the U.S. to facilitate the type of information reporting required under FATCA. While the existence of such agreements will not eliminate the risk that Products will be subject to the withholding described above, these agreements are expected to reduce the risk of the withholding for investors in (or investors that indirectly hold Products through financial institutions in) those countries. The U.S. has entered into such agreements with the United Kingdom and Germany. Under these agreements, a financial institution that is resident in the United Kingdom or Germany and meets the requirements of the applicable agreement will not be subject to FATCA withholding on payments it receives and generally will not be required to withhold from non-U.S. source income payments that it makes, including payments on the Products.

The Issuer will not pay any additional amounts in respect of this withholding tax (or any other tax), so if this withholding applies, the investor will receive less than the amount that it would have otherwise received.

Dividend Equivalent Payments

Section 871(m) of the Internal Revenue Code provides for a 30 per cent. withholding tax (subject to reduction under an applicable treaty) on "dividend equivalent" payments that are paid to foreign investors with respect to certain financial instruments that reference the performance of a United States equity. Under these rules, if a Product that is issued after 1 January 2017 provides for "delta-one" exposure to the performance of shares of a United States corporation, the Issuer is obligated to impose United States withholding tax in respect of the actual dividends that are paid on the shares of the corporation (or corporations) that are referenced by the Products even if the Issuer does not actually transmit such amounts to the holder. This tax will also apply if Securities provides for delta-one exposure to an index or basket that includes shares of a United States corporation, unless as discussed below, the index or basket constitutes a "qualified index". If the index or basket is not a "qualified index", the tax will only apply to the dividends on shares of the United States corporations that are included in the index. A Product will generally be treated as providing for a "delta-one" position if it provides for 100 per cent. participation in all of the appreciation and depreciation in the performance of the shares that are referenced by the Product during the term of the Product. The Issuer will state in the Final Terms for a Product that references the performance of a United States equity if the Issuer has determined that the Security is a "delta-one" Product that is subject to Section 871(m) withholding tax.

If a Product is subject to the Section 871(m) withholding tax described above, each dividend that is paid on a U.S. equity that is referenced by the Product will be subject to a withholding tax at the time that the dividend is paid (or, in certain cases, at the close of the quarter upon which the dividend is paid) even though the Issuer will not make any distributions on the Product until the redemption or maturity of the Product. The Issuer will remit the withholding tax to the Internal Revenue Service. The Issuer will not reduce the amount that is due under the Product by the amount of the Section 871(m) withholding tax. Rather, the Issuer will be deemed to have paid the amount of the Section

871(m) tax to the holder and then paid such amount on your behalf to the Internal Revenue Service. The Issuer expects, however, that as a general matter, any Product that is subject to the Section 871(m) tax will reference a net dividend index or basket in which the dividend amount that is included in the index or basket will be reduced by the amount of withholding tax that would be imposed on a direct foreign holder of the United States stocks that are referenced by the Security (which is the same rate as the Section 871(m) tax). In addition, the withholding tax rate that will be used to determine the Section 871(m) withholding tax as well as the net dividend that is included in the index or basket that is referenced by the Product will not take into account any reduced rate to which a holder may be entitled under an applicable tax treaty. In such a case, the asset, index or basket that is referenced by the Product will only be increased by the "net" dividends that are paid with respect to the equities that are referenced by the Product (i.e., the increase will be net of the withholding tax described in this paragraph). The tax will be imposed at the full withholding tax rate even if the holders are otherwise eligible for a reduction in the rate under an applicable treaty. In addition, the holder may not receive the necessary information reporting to enable the holder to claim a refund for the excess of the withholding tax over the tax that would be imposed under an applicable treaty. Furthermore, the holder may not be able to claim a credit for the payment of the Section 871(m) withholding tax in the holder's resident tax jurisdiction, and therefore a holder should consult a tax advisor in such jurisdiction as to whether the holder will be able to claim such a credit. The withholding tax that the Issuer collects will completely satisfy a holder's Section 871(m) tax liability and therefore no other withholding agent (including any financial intermediaries in the chain of ownership for the Products) will be obligated to impose any additional Section 871(m) tax with respect to the Products.

Section 871(m) withholding tax will generally not apply to a Product that references a qualified index even if it is otherwise a "delta-one" Product. A "qualified index" is an index that is passive, diverse, widely used by numerous market participants, and that satisfies a number of technical requirements that are set forth in Treasury Regulations. Even if an index otherwise constitutes a "qualified index", a Product may not be treated as referencing a "qualified index" with respect to a particular holder if the holder holds a related short position in one or more of the component securities in the index (other than a short position in the entire index, or a "de minimis" short position with a value of less than 5 per cent. of the value of the long positions in the index). Because of this possibility, custodians and other withholding agents may require a holder of a Product that references a "qualified index" to make representations or certifications regarding the nature of any short positions that it holds with respect to the components of the index and it is possible that a custodian or other withholding agent will impose the Section 871(m) withholding tax if it does not receive a satisfactory representation or certification or if it otherwise concludes that the holder may hold a related short position described above.

In addition, a holder may be subject to Section 871(m) even if it holds a Product that is not a "delta-one" Product under the rules described above if (a) the holder's position under the Product would be "delta-one" when combined with other related positions that are held by the holder or (b) if a

principal purpose for the holder's investment in the Product is to avoid the application of Section 871(m), in which case a special Section 871(m) anti-abuse rule could apply to the holder's investment in the Products. In such a case, a United States alien holder may be liable for Section 871(m) tax in respect of its Securities even when no withholding is required in respect of the Products.

Furthermore, Products that are issued on or after 1 January 2021 may be subject to Section 871(m) even if they are not a "delta-one" Product under the rules described above. It is possible that the Internal Revenue Service could assert that a Product that is issued before such date could be deemed to be reissued for tax purposes after 1 January 2019 upon (i) a rebalancing or adjustment of the asset, position, index or basket that is referenced by the Security or (ii) the substitution of a New Issuer in place of the Issuer of a Product. In such a case, a Product that is originally issued before 1 January 2021 and is not "delta-one" (and is thus originally not subject to Section 871(m)) could be subject to Section 871(m) after the deemed reissuance.

In addition, while Products that are issued before 1 January 2019 should generally be grandfathered from FATCA (as described above under "*Foreign Account Tax Compliance Withholding*"), any payments on the Products that are subject to the Section 871(m) withholding tax may also be subject to FATCA withholding if an investor or intermediary does not comply with the applicable FATCA certification and identification requirements.

The application of Section 871(m) to the Products is complex, and there may be uncertainties regarding the application of Section 871(m) to the Products. If the holder is a United States alien holder, he should consult his tax advisor about the application of Section 871(m) to the Products.

It has to be noted that according to a circular IV B 5 – S 1301-USA/07/10005 dated 23 December 2016 of the German Federal Ministry of Finance with respect to dividend equivalent payments pursuant to Section 871(m) of the Internal Revenue Code, US-withholding tax on dividend equivalent payments is not creditable against German income tax of an investor. In the absence of a crediting, a double taxation of the investor might arise.

Further information (if any) may be specified under "Information in relation to Section 871(m) of the Internal Revenue Code" under "Additional Information" in the applicable Final Terms.

11. Ireland Taxation

This has been prepared to contain the minimal level of detail required to be disclosed under the Prospectus Regulation. It does not describe generally how Irish investors in any of the Products would be taxed.

The following comments are of a general nature, relating only to the position persons who are absolute beneficial owners of the Products and is based on Irish law and what is understood to be the current practice of the Irish Revenue Commissioners, in each case at the date of this Base Prospectus,

which may change at any time, possibly with retrospective effect. The following is a general overview only of the Irish withholding taxation treatment at the date hereof in relation to income payments in respect of the Products and certain provisions allowing the Revenue Commissioners to obtain and exchange information. The comments are not exhaustive, and do not deal with other Irish tax aspects of acquiring, holding, disposing of or abandoning the Products.

Interest payments

Interest will only be subject to a deduction on account of Irish income tax if it has an Irish source in which case it may fall to be paid under deduction of Irish income tax at the basic rate (currently 20 per cent.) subject to such relief as may be available under the provisions of any applicable double taxation treaty or to any other exemption which may apply.

The location of the source of a payment is a complex matter. It is necessary to have regard to case law and the practice of the Irish Revenue Commissioners. The most important factors in determining the source of a payment are where the Issuer does business and where its assets are located, since these influence where a creditor would sue for payment. Depending on the circumstances, other relevant factors may include the place of performance of the contract, the method of payment, the proper law of contract, the competent jurisdiction for any legal action and the location of any security for the debt although, other factors may also be relevant.

Where interest has an Irish source, any payment of interest may nonetheless be made without withholding or deduction for or on account of Irish income tax where any of the following conditions are satisfied:

- (i) if the Products are and continue to be "quoted Eurobonds" as defined in section 64 of the Taxes Consolidation Act, 1997. The Products will constitute "quoted Eurobonds" if they carry a right to interest and are and continue to be listed on a recognised stock exchange and are held in a recognised clearing system within the meaning of section 64; or
- (ii) if the relevant interest is paid on Products with a maturity date of less than one year from the date of issue and which are not issued under arrangements the effect of which is to render such Products part of a borrowing with a total term of a year or more.

The references to "interest" above mean "interest" as understood in Irish tax law and in particular any premium element of the redemption amount of any Products redeemable at a premium may constitute a payment of interest subject to the withholding tax provisions discussed above and reporting requirements as outlined below. The statements above do not take any account of any different definitions of "interest" or "principal" which may prevail under any other law or which may be created by the terms and conditions of the Products or any related documentation.

Other payments

Payments under the Products which do not amount to interest or annual payments for the purposes of Irish tax will normally not be subject to Irish withholding tax.

Information Exchange

The Irish Revenue Commissioners have powers, in certain circumstances, to obtain information. The persons from whom the Revenue Commissioners can obtain information include: a person who receives (or is entitled to receive) a payment derived from Products; a person who makes such a payment (received from, or paid on behalf of another person); a person by or through whom interest is paid or credited; a person who effects or is a party to transactions in respect of Products (which includes an issue of Products) on behalf of others; registrars or administrators in respect of transactions in respect of Products; and each registered or inscribed Holders. The information the Revenue Commissioners can obtain includes: details of the beneficial owner of the Products; details of the person for whom the Products are held, or the person to whom the payment is to be made (and, if more than one, their respective interests) and information and documents relating to transactions in the Products.

In certain circumstances the information which the Revenue Commissioners have obtained using these powers may be exchanged with tax authorities in other jurisdictions.

VII. SELLING RESTRICTIONS**European Economic Area**

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), each offeror has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Products which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State, except that the Products may, with effect from and including the Relevant Implementation Date, be offered to the public in that Relevant Member State:

- (a) if the Final Terms in relation to the Products specify that an offer of those Products may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a "**Non-exempt Offer**"), following the date of publication of a prospectus in relation to such Products which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the Final Terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or Final Terms, as applicable, and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the Lead Manager; or
- (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive.

provided that no such offer of Products referred to in (b) to (d) above shall require the Issuer or the Lead Manager to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of Products to the public" in relation to any Products in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Products to be offered so as to enable an investor to decide to purchase or subscribe the Products, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "**Prospectus Directive**" means Directive 2003/71/EC (and amendments thereto, including the Directive 2010/73/EU) and includes any relevant implementing measure in each Relevant Member State.

United States

The Products have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "Securities Act") and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S or pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meaning given to them by Regulation S under the Securities Act. Neither the United States Securities and Exchange Commission nor any other securities regulator within the United States has approved this base prospectus or has confirmed its correctness. This base prospectus and any final terms are not intended to be used within the United States and may not be delivered within the United States. The Products may not at any time be offered, sold, traded or delivered within the United States, directly or indirectly or to U.S. persons. Until 40 days after the later of the date of issue of the relevant Products and the completion of the distribution of such Products an offer or sale of such Products within the United States may violate the registration requirements of the Securities Act.

United Kingdom

Each offeror of the Products has represented and agreed that:

- (a) in relation to any Products which have a maturity of less than one year, (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any Products other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Products would otherwise constitute a contravention of section 19 of the Financial Services and Markets Act 2000 (the "FSMA") by the Issuer;
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Products in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Products in, from or otherwise involving the United Kingdom.

Guernsey

Neither this document nor any Products offered pursuant to this document may be offered to members of the public in Guernsey ("public" as defined in the Prospectus Rules, 2008 issued by the Guernsey Financial Services Commission). Circulation of this document, any final terms and any termsheet relating to any Product within Guernsey is restricted to persons or entities that are themselves licensed by the Guern-

sey Financial Services Commission under the Protection of Investors (Bailiwick of Guernsey) Law, 1987, the Banking Supervision (Bailiwick of Guernsey) Law, 1994, the Insurance Business (Bailiwick of Guernsey) Law, 2002 or the Regulation of Fiduciaries, Administration Businesses and Company Directors, etc. (Bailiwick of Guernsey) Law, 2000.

Neither this document nor any Products offered pursuant to this document have been reviewed by the Guernsey Financial Services Commission and neither the Guernsey Financial Services Commission nor the States of Guernsey Policy Council take any responsibility for the financial soundness of the Issuer or for the correctness of any of the statements made or opinions expressed with regard to it.

Italy

The offering of the Products has not been registered pursuant to Italian securities legislation and, accordingly, each offeror represents and agrees, and each further financial intermediary appointed under the Base Prospectus and each other dealer will be required to represent and agree, that it has not offered or sold, promoted, advertised or delivered and will not offer or sell, promote, advertise or deliver any Products to the public in the Republic of Italy, and that such activities concerning the Products shall be effected towards the public in the Republic of Italy in accordance with all Italian securities, tax and exchange control and other applicable laws and regulations.

The Products will not be offered, sold or delivered nor copies of the Base Prospectus or any other document relating to the Products be distributed or made available in the Republic of Italy except:

- (a) if it is specified within the relevant Final Terms that a non-exempt offer may be made in the Republic of Italy pursuant to this Base Prospectus, provided that such prospectus has been (i) approved in another Relevant Member State and notified to CONSOB, and (ii) completed by final terms (if applicable) expressly contemplating such non-exempt offer, in the twelve months period of validity of the Base Prospectus commencing on the date of its approval, in accordance with the Prospectus Directive, as implemented in the Republic of Italy under the Italian Legislative Decree No. 58 of 24th February, 1998 as amended from time to time ("**Italian Financial Services Act**") and CONSOB Regulation No. 11971 of 14th May, 1999, as amended from time to time ("**CONSOB Regulation No. 11971/1999**");
- (b) to "**Qualified Investors**" (*investitori qualificati*), as defined under Article 100 of the Italian Financial Services Act, as implemented by Article 34-ter, paragraph 1, letter b), of CONSOB Regulation 11971/1999 and by Article 26, paragraph 1(d) of CONSOB Regulation No. 16190 of 29 October 2007, as amended ("**Regulation No. 16190/2007**"); or
- (c) in other circumstances which are expressly exempted from the rules on public offering pursuant to the Italian Financial Services Act and its implementing CONSOB Regulations, including Regulation 11971/1999.

VII. SELLING RESTRICTIONS

Any such offer, sale or delivery of the Products or distribution of copies of this Base Prospectus or any other document relating to the Products in the Republic of Italy under (a) or (b) above must be:

- (i) made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with the Financial Services Act, CONSOB Regulation No. 16190/2007, as amended, and Legislative Decree No. 385 of 1 September 1993, as amended; and
- (ii) in compliance with any other applicable laws and regulations.

Provisions relating to the secondary market in Republic of Italy

Investors should also note that, in accordance with Article 100-bis of the Italian Financial Services Act:

- (i) if any of the Products have been initially placed pursuant to an exemption to publish a prospectus, the subsequent distribution of such Products on the secondary market in Italy which is not carried out under an exemption pursuant to (b) or (c) above must be made in compliance with the rules on offer of securities to the public provided under the Italian Financial Services Act and CONSOB Regulation No. 11971;
- (ii) if any of the Products which have been initially placed with Qualified Investors in Italy or abroad which are then systematically resold to non-Qualified Investors in the 12 months following the placement, such resale would qualify as an offer of securities to the public if no exemption under (c) above applies. Where this occurs, if a prospectus compliant with the Prospectus Directive has not been published, the purchasers of such Products (who are acting outside of the course of their business or profession) may be entitled to obtain that the resale is declared null and void and the authorised entities ("*soggetti abilitati*" as defined in the Italian Financial Services Act) transferring the Products may be held liable for any damages suffered by the purchasers; and
- (iii) any intermediary subsequently reselling the Products is entitled to rely upon the prospectus published by the issuer or the person responsible for drawing up a prospectus as long as this is valid, duly supplemented in accordance with the Italian Financial Services Act and CONSOB Regulation No. 11971 and provided that the issuer or the person responsible for drawing up a prospectus gives its written consent to its use.

The Netherlands

Each offeror of the Products has represented and agreed that it will not make an offer of Products which are the subject of the offering contemplated by this Base Prospectus, as completed by the Final Terms relating thereto, to the public in the Netherlands in reliance on Article 3(2) of the Prospectus Directive (as defined above under "European Economic Area" above) unless (i) such offer is made with an approved prospectus duly passported in the Netherlands in accordance with the Dutch Financial Supervision Act (*Wet op het financieel toezicht*, the "FSA"), (ii) such offer is made exclusively to persons or entities which are qualified investors (*gekwalificeerde beleggers*) as defined in the FSA or (iii) a key information

VII. SELLING RESTRICTIONS

document is prepared under Regulation (EU) No 1286/2014 (if applicable) and standard exemption wording and a logo are disclosed as required by Article 5:20(5) of the Dutch Financial Supervision Act, provided that no such offer of Products shall require the Issuer or the Lead Manager to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

Products in definitive bearer form that constitute a claim for a fixed sum against the Issuer and on which interest does not become due during their tenor or on which no interest is due whatsoever (savings certificates or *spaarbewijzen* as defined in the Dutch Savings Certificates Act or *Wet inzake spaarbewijzen*, the "SCA") may only be transferred and accepted, directly or indirectly, within, from or into the Netherlands through the mediation of either the Issuer or a member of Euronext Amsterdam N.V. with due observance of the provisions of the SCA and its implementing regulations (which include registration requirements). No such mediation is required, however, in respect of (i) the initial issue of such Products to the first holders thereof, (ii) the transfer and acceptance by individuals who do not act in the conduct of a profession or business, and (iii) the issue and trading of such Products if they are physically issued outside the Netherlands and are not distributed in the Netherlands in the course of primary trading or immediately thereafter.

Czech Republic

For selling restrictions in respect of the Czech Republic, please see under "European Economic Area" above, with the following exceptions:

"Qualified investors" for the purpose of Czech offering are (a) persons specified in Article 2a paragraph 1 and 2 of Act No. 256/2004 Coll., on Capital Markets Undertakings, as amended (the "**Czech Capital Markets Act**") and/or (b) persons which are considered as professional customers under Article 2b of the Czech Capital Markets Act, to the extent of trading or investment instruments relating to the offered securities.

The monetary amount relevant for the exemption from the obligation to publish a securities prospectus under Article 3 (2) (c), (d), and (e) of the Prospectus Directive is determined by the applicable governmental regulations, as amended and/or replaced from time to time.

Hong Kong

This document has not been reviewed by the Securities and Futures Commission of Hong Kong, nor has a copy of it been registered by the Registrar of Companies in Hong Kong.

Each offeror of the Products has represented and agreed that

- a) it has not offered or sold and will not offer and sell such Products in Hong Kong (excluding products defined as "structured products" in the *Securities and Futures Ordinance (Cap. 571)* of Hong Kong), by means of any document, to any person other than to "professional investors" within the meaning of the *Securities and Futures Ordinance* and any rules made under that Ordinance, or in other circum-

VII. SELLING RESTRICTIONS

stances which do not result in the document being a "prospectus" within the meaning of the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong or which do not constitute an offer to the public within the meaning of that Ordinance; and

- b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Products issued under this Base Prospectus which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to the Products issued under this Base Prospectus which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" within the meaning of the Securities and Futures Ordinance and any rules made thereunder.

Singapore

This document has not been registered and will not be registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this document and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of Products issued under this Base Prospectus may not be circulated or distributed, nor may Products issued under this Base Prospectus be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor (as defined under Section 4A of the Securities and Futures Act (Cap. 289) of Singapore ("SFA")) under Section 274 of the SFA, (ii) to a relevant person (as defined under section 275(2) of the SFA) pursuant to Section 275(1) (which term includes an accredited investor (as defined in Section 4A of the SFA)("accredited investor")), or any person pursuant to an offer that is made on terms that such shares are acquired at a consideration of not less than S\$200,000 (or its equivalent in a foreign currency) for each transaction, whether such amount is to be paid for in cash or by exchange of securities or assets, pursuant to Section 275(1A) of the SFA, and in accordance with the conditions, specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where Products issued under this Base Prospectus are subscribed or purchased under Section 275 of the SFA by a relevant person which is:

- (a) a corporation (which is not an accredited investor) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or
- (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary is an individual who is an accredited investor,

securities (as defined in Section 239(1) of the SFA) of that corporation or the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferred within six months after that corpora-

VII. SELLING RESTRICTIONS

tion or that trust has acquired the Products issued under this Base Prospectus under Section 275 of the SFA except:

- (1) to an institutional investor or to a relevant person (as defined in Section 275(2) of the SFA), or to any person where the transfer arises from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the SFA; or
- (2) where no consideration is or will be given for the transfer; or
- (3) where the transfer is by operation of law; or
- (4) as specified in Section 276(7) of the SFA; or
- (5) as specified in Regulation 32 of the Securities and Futures (Offers of Investments)(Shares and Debentures) Regulations 2005 of Singapore.

Ireland

Each offeror of the Products has represented and agreed that it has not offered, sold, placed or underwritten and will not offer, sell, place or underwrite or do anything in Ireland in respect of the Products other than in conformity with the provisions of:

- (a) the Irish European Union (Markets in Financial Instruments) Regulations 2017 (as amended) (MiFID II Regulations), including, without limitation, Regulation 5 (Requirement for authorisation (and certain provisions concerning MTFs and OTFs)) thereof, or any rules or codes of conduct made under the MiFID II Regulations and the provisions of the Investor Compensation Act 1998 (as amended);
- (b) the Irish Central Bank Acts 1942 – 2017 (as amended) and any codes of practice made under Section 117(1) of the Central Bank Act 1989 (as amended);
- (c) the Irish Prospectus (Directive 2003/71/EC) Regulations 2005 (as amended) and any rules and guidance issued under Section 1363 of Companies Act 2014 of Ireland (as amended) (the Companies Act 2014), by the Central Bank of Ireland (the CBI);
- (d) the Market Abuse Regulation (EU 596/2014) (as amended), the European Union (Market Abuse) Regulations 2016 (as amended) and any rules and guidance issued under Section 1370 of the Companies Act 2014 by the CBI;
- (e) the Companies Act 2014; and
- (f) in relation to any Products with a maturity of less than one year, the terms of the CBI's implementation notice for credit institutions BSD C 01/02 of 12 November 2002 (as may be amended, replaced or up-dated from time to time) issued pursuant to Section 8(2) of the Irish Central Bank Act 1971 (as amended).

VII. SELLING RESTRICTIONS

VIII. FORM OF FINAL TERMS

[insert in the case of an increase of issue: [Specification of the Products: ●] (the "[First][●] Increase") in relation to the Base Prospectus dated 18 June 2019, that shall be consolidated with the outstanding [specification of the Products: ●] ([insert identification number(s): ●]) issued on [Date of the Original Issue: ●][if applicable further issue: ●] under the Base Prospectus of Leonteq Securities AG dated [29 June 2016][29 June 2017][27 June 2018][18 June 2019] [●] (the "First Base Prospectus") are consolidated and shall form a single issue therewith.]

[In the case of Products for which a continued public offer is intended following the expiry of the validity of the Base Prospectus dated 18 June 2019 insert: The validity of the Base Prospectus dated 18 June 2019 (the "Initial Base Prospectus") under which the public offer for the Products described in these Final Terms is continued, expires on [insert date on which the validity of the Base Prospectus dated 18 June 2019 expires: ●] (the "Initial Base Prospectus Expiry Date"). In respect of Products whose Maturity Date is later than the Initial Base Prospectus Expiry Date, the public offer of such Products will be continued on the basis of one or more succeeding base prospectuses after the Initial Base Prospectus Expiry Date (each a "Succeeding Base Prospectus"), to the extent the Succeeding Base Prospectus envisages a continuation of the public offer of the Products. In this context, these Final Terms are, in each case, to be read in conjunction with the most recent Succeeding Base Prospectus. The respective Succeeding Base Prospectus will be approved and published prior to the expiry of the validity of the respective preceding base prospectus. The respective Succeeding Base Prospectus will be published electronically on the website www.leonteq.com (under "Our Services" – "Investment Solutions" – "Structured Products" – "Service" -- "Prospectuses" – Leonteq Program EU).]

[For the current Products COSI is applicable.] [For the current Products TCM is applicable.] [For the current Products neither COSI nor TCM is applicable.]

Presentation of the Final Terms

The Final Terms were prepared for the purpose of Article 5 (4) of Directive 2003/71/EC of the European Parliament and of the Council of 4 November 2003 (as amended, including Directive 2010/73/EU of the European Parliament and of the Council of 24 November 2010) (the "Prospectus Directive") and must be read in conjunction with the Base Prospectus dated 18 June 2019 ([as supplemented by the supplement[s] dated [●]] and] as further supplemented from time to time) (the "Base Prospectus") including the documents incorporated by reference. During the entire term of

the Product, the Final Terms and the Base Prospectus and any supplements thereto will be made available free of charge at Leonteq Securities AG, Europaallee 39, 8004 Zurich, Switzerland (Phone: +41 (0)58 800 1000, Facsimile: +41 (0)58 800 1010). Furthermore, the documents will be published in electronic form on the website www.leonteq.com (under "Our Services" – "Investment Solutions" – "Structured Products" – on the relevant product site – retrievable by the relevant securities identification number for the Product in the search field) and the Base Prospectus and any supplements in electronic form on the website www.leonteq.com (under "Our Services" – "Investment Solutions" – "Structured Products" – "Service" – "Prospectuses" – Leonteq Program EU) [*insert additional form of publication: •*]. Full information on the Issuer and the offer of the Products is only available on the basis of a combination of these Final Terms and the Base Prospectus, including the documents incorporated by reference.

The Final Terms to the Base Prospectus are represented in the form of a separate document within the meaning of Article 26 (5) of Commission Regulation (EC) No. 809/2004 of 29 April 2004 as amended (the "**Prospectus Regulation**").

An issue specific summary that has been completed for the Products is attached to these Final Terms.

PART I**INFORMATION ABOUT THE TERMS AND CONDITIONS – ISSUE SPECIFIC CONDITIONS**

[insert in the case of "Consolidated Conditions": In respect of the Series of Products (i) the Issue Specific Conditions as replicated in these Final Terms and (ii) the General Conditions for Products governed by [German][Swiss] law as laid out in the Base Prospectus together shall constitute the Terms and Conditions applicable to the Series of Products (the "Conditions"). The Issue Specific Conditions as replicated in these Final Terms are to be read in conjunction with the General Conditions.

[insert applicable Product Specific Conditions (Part A.) and Underlying Specific Conditions (Part B.)]

[in case of an increase of Products issued under the Base Prospectus of Leonteq Securities AG dated 29 June 2016 or the Base Prospectus of Leonteq Securities AG dated 29 June 2017 or the Base Prospectus of Leonteq Securities AG dated 27 June 2018 insert: The following Issue Specific Conditions, consisting of Part A. Product Specific Conditions and Part B. Underlying Specific Conditions are taken from the First Base Prospectus and are identical to the Issue Specific Conditions contained in the first Final Terms of the Issue Date.]

[insert in the case of "Reference Conditions":

This Part I. of the Final Terms is to be read in conjunction with the Product Specific Conditions applicable to [Bonus Certificates with Cash Settlement (Product No. 1)] [Bonus Certificates with potential Physical Settlement (Product No. 2)] [Capped Bonus Certificates with Cash Settlement and with par value (Product No. 3)] [Capped Bonus Certificates with Cash Settlement and without par value (Product No. 4)] [Capped Bonus Certificates with potential Physical Settlement (Product No. 5)] [Notes (Reverse Convertibles) with Cash Settlement (Product No. 6)] [Notes (Reverse Convertibles) with potential Physical Settlement (Product No. 7)] [Notes (Barrier Reverse Convertibles) with Cash Settlement (Product No. 8)] [Notes (Barrier Reverse Convertibles) with potential Physical Settlement (Product No. 9)] [Discount Certificates with Cash Settlement (Product No. 10)] [Discount Certificates with potential Physical Settlement (Product No. 11)] [Express Certificates with Cash Settlement and without par value (Product No. 12)] [Express Certificates with Cash Settlement and with par value (Product No. 13)] [Express Notes with Cash Settlement and with par value (Product No. 13)] [Tracker Certificates with Cash Settlement (Product No. 14)] [Open End Tracker Certificates with Cash Settlement (Product No. 15)] [Express Certificates with potential Physical Settlement and with par value (Product No. 16)] [Express Certificates with potential Physical Settlement and without par value (Product No. 17)] [Inverse Discount Certificates with Cash Settlement (Product No. 18)] [Master Discount Certificates with Cash Settlement (Product No. 19)] [Express Certificates with Cash Settlement and with par value and/or issue price and unconditional minimum redemption (Product No. 20)] [Express Certificates with Cash Settlement and with par value and with Downside Participation Factor (Product No. 21)] [Certificates with Cash Settlement and with par value and with unconditional minimum redemption and Partial Redemption Amounts (Product No. 22)] [Certificates with Cash Settlement and with par value and with unconditional minimum redemption (Product

No. 23)] [Capped Certificates with Cash Settlement and with unconditional minimum redemption (Product No. 24)] [Inverse Bonus Certificates with Cash Settlement (Product No. 25)] [Capped Inverse Bonus Certificates with Cash Settlement (Product No. 26)] [Mini Future Certificates with Cash Settlement (Product No. 27)] [Inverse Express Certificates with Cash Settlement (Product No. 28)] [Warrants with Cash Settlement (Product No. 29)] [Participation Certificates (Product No. 30)] [Spread Certificates with Cash Settlement (Product No. 31)] [Short Participation Certificates with Cash Settlement and with unconditional minimum redemption (Product No. 32)] [Knock-Out Warrants with Cash Settlement (Product No. 33)] [Dual Currency Notes (Product No. 34)] [Stability Notes (Product No. 35)] and the set of Part B. Underlying Specific Conditions applicable to [Shares][Participation Certificates (*Genussscheine*)] [Indices][Securities representing shares][Currency Exchange Rates][Commodities][Futures Contracts] [Shares in a[n exchange traded] Fund] [Fixed Rate Instruments and/or Derivative Instruments] [Interest Rates] [Reference Rates] set forth in the Base Prospectus.

All references in this part of the Final Terms to numbered paragraphs and subparagraphs are to paragraphs and subparagraphs of the Issue Specific Conditions.

All provisions in the Issue Specific Conditions corresponding to items in these Final Terms which are either not specified or completed or which are marked with "Not applicable" shall be deemed to be deleted from the terms and conditions applicable to the Products.

Furthermore, the General Conditions for Products governed by [German][Swiss] law as laid out in the Base Prospectus will apply.

ANNEX - ISSUE SPECIFIC SUMMARY

[the issue specific summary is to be annexed to the Final Terms by the Issuer]

IX. GENERAL INFORMATION

1. **Responsibility statement**

Leonteq Securities AG, Zurich, which may also be acting either through its Guernsey branch (Leonteq Securities AG, Guernsey Branch) or its Amsterdam branch (Leonteq Securities AG, Amsterdam Branch) as Issuer and Leonteq Securities AG in its role as Lead Manager accept responsibility for the information provided in the Base Prospectus and accordingly declare that the information contained in the Base Prospectus is, to the best of its knowledge, in accordance with the facts and that no material circumstances have been omitted.

2. **Availability of the Base Prospectus**

This Base Prospectus, any supplements thereto and the documents incorporated by reference are published by making them available free of charge at Leonteq Securities AG, Europaallee 39, 8004 Zurich, Switzerland, and in another form as may be required by law. Furthermore, the documents will be published on the website www.leonteq.com (under "Our Services" – "Investment Solutions" – "Structured Products" – "Service" – "Prospectuses" – Leonteq Program EU). The Base Prospectus has been approved in this form by BaFin. BaFin has checked the Base Prospectus for formal completeness as well as the coherence and clarity of the information presented therein. BaFin has not examined the accuracy of the contents. The Final Terms of the Products shall only be fixed shortly before the public offering and shall be published in electronic form at the latest on the first day of the public offering. The Final Terms shall be published by making these be available free of charge at Leonteq Securities AG, Europaallee 39, 8004 Zurich, Switzerland and in another form as may be required by law. Furthermore, the Final Terms will be published on the website www.leonteq.com (under "Our Services" – "Investment Solutions" – "Structured Products" – on the relevant product site – retrievable by the relevant securities identification number for the Product in the search field) and/or on any other website set out in the applicable Final Terms.

3. **Information from third parties**

No information or statements by third parties have been included in the Prospectus. If it is shown that information in the Final Terms has been sourced from a third party, the Issuer confirms that this information has been accurately reproduced and that as far as the Issuer is aware and is able to derive from information published by the relevant third party, no facts have been omitted which would render the reproduced information inaccurate or misleading. The Issuer makes no representation as to the correctness or completeness in respect of such information.

4. **Rating**

The rating agency Fitch Ratings Limited ("Fitch ") has published solicited credit ratings reflecting its assessment of the creditworthiness of Leonteq Securities AG, i.e. its ability to fulfil in a timely manner payment obligations, such as principal or interest payments on long-term loans, also known as debt servicing.

IX. GENERAL INFORMATION

The Issuer has been assigned a long-term issuer default rating (IDR) of BBB - (outlook: positive) and a short-term IDR of F3 ("Fair Short-Term Credit Quality"). The rating scale for long-term debt ranges from AAA (highest credit quality, lowest risk) to D (default, payment difficulties, delay). The classification "BBB-" is the fourth highest category within Fitch's credit scale. Within rating categories, Fitch may use modifiers. The rating may be attributed a plus or minus sign. The modifiers "+" or "-" may be appended to a rating to denote relative status within major rating categories. The modifier "-" indicates that the Issuer's debt ranks in the lower end of that category. The classification F3 is the third highest category within Fitch's short-term credit scale. F3 indicates that the intrinsic capacity for timely payment of financial commitments is adequate.

The following table gives an overview of the rating classes as used by Fitch and the respective meaning.

Long-Term Issuer Default Rating		Short-Term Issuer Default Rating	
AAA: Highest credit quality	'AAA' ratings denote the lowest expectation of credit risk. They are assigned only in cases of exceptionally strong capacity for payment of financial commitments. This capacity is highly unlikely to be adversely affected by foreseeable events.	F1: Highest Short-Term Credit Quality	Indicates the strongest intrinsic capacity for timely payment of financial commitments; may have an added "+" to denote any exceptionally strong credit feature.
AA: Very high credit quality	'AA' ratings denote expectations of very low credit risk. They indicate very strong capacity for payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events.	F2: Good Short-Term Credit Quality	Good intrinsic capacity for timely payment of financial commitments.
A: High credit quality	'A' ratings denote expectations of low credit risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings.	F3: Fair Short-Term Credit Quality	The intrinsic capacity for timely payment of financial commitments is adequate.

IX. GENERAL INFORMATION

BBB: Good credit quality	'BBB' ratings indicate that expectations of credit risk are currently low. The capacity for payment of financial commitments is considered adequate, but adverse business or economic conditions are more likely to impair this capacity.	B: Speculative Short-Term Credit Quality	Minimal capacity for timely payment of financial commitments, plus heightened vulnerability to near term adverse changes in financial and economic conditions.
BB: Speculative	'BB' ratings indicate an elevated vulnerability to credit risk, particularly in the event of adverse changes in business or economic conditions over time; however, business or financial alternatives may be available to allow financial commitments to be met.	C: High Short-Term Default risk	Default is a real possibility.
B: Highly speculative	'B' ratings indicate that material credit risk is present.	RD: Restricted Default	Indicates an entity that has defaulted on one or more of its financial commitments, although it continues to meet other financial obligations. Typically applicable to entity ratings only.
CCC: Substantial credit risk.	'CCC' ratings indicate that substantial credit risk is present.	D: Default	Indicates a broad-based default event for an entity, or the default of a short-term obligation.
CC: Very high levels of credit risk.	'CC' ratings indicate very high levels of credit risk.		
C: Exceptionally high levels of	'C' indicates exceptionally high		

credit risk.	levels of credit risk.
---------------------	------------------------

Fitch is registered as credit rating agency under Regulation (EC) No 1060/2009 as amended by Regulation (EU) No 513/2011.

A specific rating of the Products has not been arranged, unless otherwise explicitly indicated in the Final Terms.

Investors should keep in mind that a rating does not constitute a recommendation to purchase, sell or hold the debt securities issued by the Issuer. Moreover, the ratings awarded by the rating agencies may at any time be changed or withdrawn.

The rating agency Japan Credit Rating Agency, Ltd. ("**JCR**") has announced solicited credit rating of Leonteq Securities AG (including its branches) reflecting its credit strength as a going concern, i.e. its relatively stable earnings capacity based on fee income, financial soundness such as an ample liquidity and solid capital base, and solid risk management system.

Issuer has been assigned a Foreign Currency Long-term Issuer Rating of BBB+ (outlook: stable). The rating scale for long-term issuer rating ranges from AAA (highest level of certainty) to D (all obligations are in default). The classification BBB+ is the fourth highest category within JCR's scale. A plus (+) or minus (-) sign may be affixed to the rating symbols from AA to B to indicate relative standing within each of those rating scales. A Rating Outlook is JCR's opinion regarding the likely direction of an issuer rating or an ability to pay insurance claims rating in one or two years after determination of the rating. A Rating Outlook falls into the following five categories: Positive, Stable, Negative, Developing, or Multiple. "Positive" means that a rating may be raised, while "Negative" means it may be lowered. "Stable" means that a rating is not likely to change in the foreseeable future.

The following table gives an overview of the Long-term Issuer Rating Scale as used by JCR and the respective meaning.

AAA	The highest level of certainty of an obligor to honor its financial obligations
AA	A very high level of certainty to honor the financial obligations
A	A high level of certainty to honor the financial obligations
BBB	An adequate level of certainty to honor the financial obligations. However, this certainty is more likely to diminish in the future than with the higher rating categories.
BB	Although the level of certainty to honor the financial obligations is not currently considered problematic, this certainty may not persist in the future.
B	A low level of certainty to honor the financial obligations, giving cause for concern
CCC	There are factors of uncertainty that the financial obligations will be honored, and there is a possibility of default.
CC	A high default risk
C	A very high default risk
LD	JCR judges that while an obligor does not honor part of the agreed to financial obligations, but it honors all its other agreed to financial obligations.
D	JCR judges that all the financial obligations are, in effect, in default.

A plus (+) or minus (-) sign may be affixed to the rating symbols from AA to B to indicate relative standing within each of those rating scales.

- (a) A Long-term Issuer Rating Scale enables comparison of the overall capacity of an obligor (issuer) to honor its entire financial obligations with such overall capacity of others.
- (b) The same Definitions of Rating Symbols and Scales shall be applied to the Ability to Pay Insurance Claims Rating.

JCR is a certified credit rating agency under Regulation (EC) No 1060/2009 as amended by Regulation (EU) No 513/2011.

A specific rating of the Products has not been arranged, unless otherwise explicitly indicated in the Final Terms.

Investors should keep in mind that a rating does not constitute a recommendation to purchase, sell or hold the debt securities issued by the Issuer. Moreover, the ratings awarded by the rating agencies may at any time be changed or withdrawn.

5. **Consent to use the Prospectus**

The Issuer consents, to the extent and under the conditions, if any, as specified in the relevant Final Terms, to the use of this Base Prospectus and accept responsibility for the content of the Base Prospectus also with respect to subsequent resale or final placement of Products by any financial intermediary which was given consent to use the Base Prospectus. Such consent is given for the duration of the Offer Period specified in the applicable Final Terms. Such consent may, as specified in the relevant Final Terms, be given for the duration of the Offer Period specified in the relevant Final Terms to:

- (1) all financial intermediaries (general consent) and for all Offer States; or
- (2) one or more specified financial intermediaries (individual consent) and either
 - (a) for all Offer States; or
 - (b) for selected Offer States only.

In the case of a general consent the Issuer consents to the use of the Base Prospectus and the Final Terms by all financial intermediaries. General consent for the subsequent resale or final placement of Products by the financial intermediaries is given in relation to the Offer State(s) during the Offer Period during which subsequent resale or final placement of the Products can be made, provided however, that the Base Prospectus (and/or Succeeding Base Prospectus) is still valid according to Section 9 of the German Securities Prospectus Act. In the case of an Offer Period which exceeds the duration of the validity of the Base Prospectus, the subsequent resale and final placement of the Products by financial intermediaries can be made during the period in which a Succeeding Base Prospectus (as defined in the relevant Final Terms) exists. In this case, the consent to the use of the Base Prospectus also applies to the use of the Succeeding Base Prospectus.

In the case of an individual consent the Issuer consents to the use of the Base Prospectus and the Final Terms by the financial intermediary/intermediaries set out in the applicable Final Terms. The applicable

IX. GENERAL INFORMATION

Final Terms will also specify the address of the relevant financial intermediary/intermediaries Individual consent for the subsequent resale or final placement of Products by the specified financial intermediaries is given in relation to all relevant Offer State(s) or to one or more Selected Offer States during the Offer Period during which subsequent resale or final placement of the Products can be made, provided however, that the Base Prospectus (and/or Succeeding Base Prospectus) is still valid according to Section 9 of the German Securities Prospectus Act. In the case of an Offer Period which exceeds the duration of the validity of the Base Prospectus, the subsequent resale and final placement of the Products by financial intermediaries can be made during the period in which a Succeeding Base Prospectus (as defined in the relevant Final Terms) exists. In this case, the consent to the use of the Base Prospectus also applies to the use of the Succeeding Base Prospectus. Any new information with respect to financial intermediaries unknown at the time of the approval of the Base Prospectus or the filing of the Final Terms will be published in electronic form on the website www.leonteq.com (under "Our Services" – "Investment Solutions" – "Structured Products" – "Service" – "Prospectuses" – under the heading "Notices") or any other website specified in the applicable Final Terms.

"Offer States" means one or more of the following Member States, as specified in the relevant Final Terms: Germany, France, Czech Republic, the United Kingdom, Italy, the Netherlands and Ireland.

The above consent is subject to compliance with the selling restrictions applicable to the Products and with any applicable law. Each financial intermediary is obliged to only provide the Base Prospectus together with any supplement thereto (if any) to any potential investor.

In the event that a financial intermediary makes an offer, that financial intermediary will inform investors at the time the offer is made of the terms and conditions of the offer.

If the relevant Final Terms state that the consent to use the Base Prospectus is given to all financial intermediaries in the respective Offer States (general consent), any financial intermediary using the Base Prospectus has to state on its website that it uses the Base Prospectus with the consent of the Issuer and in accordance with the conditions attached thereto.

If the relevant Final Terms state that the consent to use the Base Prospectus is given to one or more specified financial intermediaries in the respective Offer States (individual consent), any new information with respect to financial intermediaries unknown at the time of the approval of the Base Prospectus or the filing of the relevant Final Terms will be published in electronic form on the website www.leonteq.com ("Our Services" – "Investment Solutions" – "Structured Products" – on the relevant product site – retrievable by the relevant securities identification number for the Product in the search field)) or any other website, as further specified in the relevant Final Terms.

X. DOCUMENTS INCORPORATED BY REFERENCE

In the Base Prospectus reference is made to the following document pursuant to Section 11 WpPG:

- In Section "III. Information about the Issuer" (page 241 of the Base Prospectus) the information contained in the Registration Document of Leonteq Securites AG dated 8 April 2019 with respect to the Issuer are incorporated by reference into this Base Prospectus pursuant to Section 11 WpPG and are therefore deemed to be an integral part of this Base Prospectus.
- In Section "IV. Information about the Products" under " (n) Continuation of the public offer and increases of Products" on page 252 et seq. of the Base Prospectus the information contained in the section "V. Terms and Conditions" (pages 205 to 818) and in the section "VIII. Form of Final Terms" (pages 847 to 918) of the Base Prospectus of Leonteq Securities AG dated 29 June 2016 are incorporated by reference into this Base Prospectus pursuant to Section 11 WpPG and are therefore deemed to be an integral part of this Base Prospectus. All further sections of the Base Prospectus of Leonteq Securities AG dated 29 June 2016, which are not incorporated by reference into this Base Prospectus are not relevant for the investor.
- In Section "IV. Information about the Products" under " (n) Continuation of the public offer and increases of Products" on page 252 et seq. of the Base Prospectus the information contained in the section "V. Terms and Conditions" (pages 221 to 864) and in the section "VIII. Form of Final Terms" (pages 893to 970) of the Base Prospectus of Leonteq Securities AG dated 29 June 2017 are incorporated by reference into this Base Prospectus pursuant to Section 11 WpPG and are therefore deemed to be an integral part of this Base Prospectus. All further sections of the Base Prospectus of Leonteq Securities AG dated 29 June 2017, which are not incorporated by reference into this Base Prospectus are not relevant for the investor.
- In Section "IV. Information about the Products" under " (n) Continuation of the public offer and increases of Products" on page 252 et seq. of the Base Prospectus the information contained in the section "V. Terms and Conditions" (pages 277 to 1139) and in the section "VIII. Form of Final Terms" (pages 1172 to 1259) of the Base Prospectus of Leonteq Securities AG dated 27 June 2018 are incorporated by reference into this Base Prospectus pursuant to Section 11 WpPG and are therefore deemed to be an integral part of this Base Prospectus. All further sections of the Base Prospectus of Leonteq Securities AG dated 27 June 2018, which are not incorporated by reference into this Base Prospectus are not relevant for the investor.

The document incorporated by reference has been filed with BaFin and can be ordered free of charge from or will be available, during the usual business hours for inspection at Leonteq Securities AG, Europaallee 39, 8004 Zurich, Switzerland. In addition thereto, the document is published in electronic form on the website www.leonteq.com (under "Our Services" – "Investment Solutions" – "Structured Products" – "Service" – "Prospectuses" – Leonteq Program EU).
